Independent Auditor's Report

Retirement Plan Committee
Plan Sponsor and Participants
Adolfson & Peterson, Inc. Salary Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Adolfson & Peterson, Inc. Salary Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C)

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters—Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, line 4i—schedule of assets (held at end of year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Adolfson & Peterson, Inc. Salary Savings Plan

Notes to Financial Statements

Note 1. Description of the Plan

The following description of Adolfson & Peterson, Inc. Salary Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan sponsored by Adolfson & Peterson, Inc. (the Employer). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan's Retirement Plan Committee is responsible for the oversight of the Plan, determining the appropriateness of the Plan's investment offerings and monitoring investment performance.

Participation: All employees, except interns, temporary employees, seasonal employees and employees covered by a collective bargaining agreement, are eligible to participate in the Plan immediately following attainment of age 18. Temporary and seasonal employees are eligible to participate in the Plan upon completing 1,000 hours of service during the plan year. The Plan includes an automatic enrollment provision whereby all eligible employees are automatically enrolled in the Plan after 30 service days unless they affirmatively elect to not participate in the Plan or elect to participate in the Plan sooner than 30 service days. The effective date of participation is the first date on which the eligibility requirements are satisfied.

Contributions: Participants can make voluntary pretax and Roth contributions up to 100% of their eligible compensation, as defined by the Plan, up to the maximum permitted by law. In the absence of a deferral election, participants are automatically enrolled in the Plan at a deferral percentage of 6% of pay for the initial enrollment, increasing 1% annually, up to a maximum of 10%. Participants may also make rollover contributions from qualifying benefit plans of previous employers. In addition to participants' contributions, the Employer may elect to make a discretionary matching contribution. The Employer authorized a 3% matching contribution (equal to 50% of the participant's salary deferral up to 6% of the participant's compensation) for the year ended December 31, 2023. The Employer may also make a discretionary profit sharing contribution. To qualify for the discretionary profit sharing contribution, the participant must have 1,000 hours of service during the plan year as well as be employed on the last day of the plan year. The Employer did not make a discretionary profit sharing contribution for the year ended December 31, 2023.

Participant accounts: Each participant's account is credited with the participant's contributions, the Employer matching contributions, if any, and an allocation of: (a) the Employer's discretionary profit sharing contribution, if any, and (b) investment results. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on earnings, account balances or specified transactions, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their contributions and earnings thereon. Employer matching and profit sharing contributions and earnings thereon, are also vested immediately.

Benefit payments: Upon a participant's death, permanent disability, retirement or other termination of employment, a participant, or the participant's beneficiary, whose vested account balance exceeds \$5,000 may elect to receive a distribution equal to the value of his or her vested account balance in the form of a lump-sum distribution or in installments over varying periods. Participants with hardships and those reaching the age of 59½ may also receive benefit payments. If, at the time a participant is terminated, their account balance is less than \$1,000, it will be automatically distributed to the participant in a lump sum. If a terminated participant has a balance between \$1,000 and \$5,000, and the participant has not elected otherwise, it will be transferred into a qualified individual retirement account for the participant.

Notes to Financial Statements

Note 1. Description of the Plan (Continued)

Forfeitures: As of December 31, 2023 and 2022, the Plan had forfeited nonvested accounts of approximately \$12,000 and \$16,000, respectively. Forfeited nonvested accounts are retained in the Plan and used to pay Plan expenses or fund future Employer contributions. For the year ended December 31, 2023, approximately \$24,000 of forfeited nonvested accounts were used to fund Employer matching contributions.

Investment options: Participants are allowed to invest in a variety of investment options, as more fully described in the Plan's literature. The funds vary in type of investments, rates of return, and investment risk. Participants may elect to have all or part of their balances and future contributions transferred from one investment option to another or in any combination. Participants may change their investment options daily.

Note 2. Significant Accounting and Plan Policies

Basis of accounting: The financial statements of the Plan are prepared under the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the plan.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements. The Retirement Plan Committee determines the Plan's valuation policies utilizing information provided by the Plan's investment advisors and custodians.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments purchased and sold, as well as held, during the year.

Contributions: Contributions from Plan participants and the matching contributions from the Employer are recorded in the year in which the employee contributions are withheld from compensation.

Benefit payments: Benefit payments to participants are recorded when paid.

Administrative expenses: The Employer pays certain, but not all, administrative costs of the Plan. The expenses paid directly by the Employer are excluded from these financial statements. Investment-related expenses are included in net appreciation in fair value of investments.

Notes to Financial Statements

Note 2. Significant Accounting and Plan Policies (Continued)

Risks and uncertainties: The Plan provides for investments in a variety of investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the 2023 statement of net assets available for benefits.

Subsequent events: Plan management, in preparing the financial statements and notes thereto, has evaluated subsequent events through July 30, 2024, the date the financial statements were available to be issued.

Note 3. Information Certified or Provided by the Plan Custodians

The following is a summary of the Plan's investment information as of December 31, 2023 and 2022, and for the year ended December 31, 2023, included throughout the Plan's financial statements and supplemental schedule, Schedule H, line 4i—schedule of assets (held at end of year), that was prepared by or derived from information provided by Empower Annuity Insurance Company of America and Empower Trust Company, LLC, the custodians of the Plan, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the custodians that information provided to the Plan Administrator by the custodians related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information that appears throughout the financial statements and supplemental schedule related to the following assets:

	December 31	
	2023	2022
Investments, at fair value:		
Registered investment companies	\$ 71,027,394	\$ 60,568,440
Investment, at contract value:		
Group annuity contract	\$ 4,608,509	\$ 4,243,495

The custodians also certified to the completeness and accuracy of \$9,044,893 of net appreciation in fair value of investments and \$1,966,171 of interest and dividends related to the aforementioned investments for the year ended December 31, 2023.

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy, that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under accounting standards are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Adolfson & Peterson, Inc. Salary Savings Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes to the methodologies used at December 31, 2023 and 2022.

Registered investment companies: Shares of registered investment companies (mutual funds) are valued at the quoted market price of shares held by the Plan at year-end.

The method described above may produce fair values that may not be indicative of net realizable values or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2023 and 2022:

Investments at Fair Value as of December 31, 2023				
	Level 1	Level 2	Level 3	Total
Investments measured at fair value:				
Registered investment companies	\$ 71,027,394	\$ -	\$ -	\$ 71,027,394
Investments at Fair Value as of December 31, 2022				
	Level 1	Level 2	Level 3	Total
Investments measured at fair value:

Adolfson & Peterson, Inc. Salary Savings Plan

Notes to Financial Statements

Note 5. Fully Benefit-Responsive Investment Contract

The Plan has a traditional group annuity contract with Empower Annuity Insurance Company that invests contributions in the Key Guaranteed Portfolio Fund. The Key Guaranteed Portfolio Fund is a fixed-annuity general account product and meets the fully benefit-responsive investment contract criteria and, therefore, is reported at contract value. Contract value is the relevant measure for a fully benefit-responsive investment contract because this is the amount received by the participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value without penalty. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

The Plan held \$4,608,509 and \$4,243,495 of traditional investment contracts, at contract value, as of December 31, 2023 and 2022, respectively.

The Plan's ability to receive amounts due in accordance with the fully benefit-responsive contract is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including a complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Employer or other Employer events that cause a significant withdrawal from the Plan or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. No events are probable that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with participants.

The group annuity contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right, under the Plan, to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Note 7. Tax Status

The Plan adopted a nonstandardized form of a prototype plan sponsored by Empower Trust Company, LLC. The prototype plan provider has received an opinion letter dated November 14, 2022, from the Internal Revenue Service as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by the Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require the Plan's management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8. Related Party and Party-in-Interest Transactions

Empower Annuity Insurance Company of America and Empower Trust Company, LLC, the custodians, hold the Plan's assets and execute transactions, and the Plan holds a group annuity contract that is a general account product of Empower Annuity Insurance Company of America. Therefore, these transactions qualify as party-in-interest transactions.
