INDEPENDENT AUDITOR'S REPORT

Board of Trustees and Management
Bankers Finance Capital Corp.
Employee 401(k) Plan
4600 East-West Highway, Suite 400
Bethesda, Maryland 20814

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Bankers Finance Capital Corp. Employee 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the December 31, 2023 year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Bankers Finance Capital Corp. Employee 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section -

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Bankers Finance Capital Corp. Employee 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Bankers Finance Capital Corp. Employee 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Bankers Finance Capital Corp. Employee 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Bankers Finance Capital Corp. Employee 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets held for investment purposes at end of year (attachment for Schedule H Line 4i) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Other Matter - Supplemental Schedule Required by ERISA (Continued)

In our opinion -

- the form and content of the supplemental schedule, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

EMPLOYEE 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022**

Note 1: Description of Plan

The following brief description of the Bankers Finance Capital Corp. Employee 401(k) Plan ("the Plan") provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan was established on January 1, 1983. The Plan is a defined contribution plan intended to qualify under Section 401(k) of the Internal Revenue Code ("IRC"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Employers included in the Plan are Bankers Finance Capital Corp.; Presidential Bank, FSB; Realty Home Mortgage Co., LLC; Homebuilders Mortgage Co., LLC; Presidential Service Corporation; GIT Investments Services, Inc.; Presidential Holdings, Inc.; Cleveland Corporation; Clarendon Services, Inc.; Chesapeake Transport, Inc.; and Lucky Hill Farm, Inc. (all related employers, collectively the "Plan Sponsor"). The Plan covers essentially all employees of the above employers. New employees are eligible to become participants upon their date of hire with no age or service requirement.

The Plan's assets are held in the custody of Fidelity Management Trust Company ("Fidelity"), which also serves as the trustee of the Plan and record keeper.

Administrative Expenses

Certain plan administrative expenses are paid directly by the Plan Sponsor, as provided in the Plan agreement. The Plan is administered by the Plan Sponsor. Certain administrative functions are performed by officers or employees of the Plan Sponsor. No such officer or employee receives compensation from the Plan.

Contributions

Participant Contributions - Participants may make salary deferral contributions from their compensation each pay period, subject to the limitations of the IRC, up to 60% of compensation not to exceed the maximum contribution set by the Internal Revenue Service ("IRS") of \$22,500 for 2023. In addition, participants 50 years of age or older may elect to make "catch-up" deferral contributions, not to exceed \$7,500 in 2023. Qualified distributions from other qualified retirement plans can also be contributed to the Plan and retained as a rollover contribution. Participants are immediately fully vested in their salary deferral and rollover contributions.

Plan Sponsor Contributions - The Plan Sponsor makes matching contributions in an amount equal to 100% of a participant's contributions up to 4% of their eligible compensation, not to exceed \$4,000. The Plan Sponsor also makes matching contributions to employees who terminate during the Plan year. Plan Sponsor contributions vest fully at the earlier of retirement age (65), disability, or after two years of service.

Participant Accounts

Individual accounts are maintained for each participant and include the participant's salary deferral contribution, the appropriate Plan Sponsor matching contribution, and Plan earnings (losses) including realized and unrealized gains and losses on investments and

Note 1: Description of Plan (Continued)

Participant Accounts (Continued)

an allocation of Plan expenses not paid by the Plan Sponsor. Earnings are allocated by fund based on the ratio of a participant's account invested in a particular fund to all participants' investments in that fund. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Forfeited Accounts

Terminating participants forfeit non-vested Plan Sponsor contributions. Forfeitures of non-vested Plan Sponsor contributions may be used to reduce future Plan Sponsor contributions. At December 31, 2023 and 2022, forfeited non-vested accounts totaled \$35,258 and \$23,010, respectively, which can be used by the Plan Sponsor to reduce future contributions. The Plan Sponsor used \$22,565 in forfeitures to reduce contributions in 2023.

Benefits Paid to Participants

The Plan allows for distributions upon termination of service, death, disability, or certain hardship situations. On termination of service, a participant (or designated beneficiary) may elect to receive an amount equal to the value of the participant's vested interest in their account. A participant may elect to receive a lump sum payment or may roll over the value of their account into another qualified plan. Vested participants who separate from employment with the Plan Sponsor, and whose account is more than de minimis, may elect to leave their funds in the Plan. As of December 31, 2023 and 2022, the de minimis amount was \$5,000.

Hardship Withdrawals

The Plan allows, in certain hardship situations as defined in the Plan, participants to withdraw part or all of their deferral contributions while actively employed. These hardship withdrawals are subject to IRC restrictions and penalties.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balances. Participants can have up to three loans outstanding at any given time and the loans are secured by the participants' vested accounts. Interest rates remain fixed for the life of the loan and shall bear a reasonable rate of interest as determined by the Plan Administrator based on a rate that is commensurate with interest charged for loans that would be made under similar circumstances. At December 31, 2023 interest rates on outstanding loans ranged from 4.25% to 9.50%. Loan terms may not exceed five years unless it is for the purchase of a principal residence in which case the loan repayment period may not extend beyond ten years. Principal and interest are paid in equal installments by payroll deductions or in accordance with procedures provided by the Plan Administrator.

Investment Options

Under the Plan, a participant directs Fidelity as to the investment of the Plan Sponsor and the Participant's contributions. Participants may change their investment elections at any time. Transfers of account balances between elected investment options may also be made at any time.

Note 1: Description of Plan (Continued)

Secure Act and Secure Act 2.0

The Plan is currently working with their third party administrator to ensure compliance and any required plan changes are made to comply with the Secure Act and the Secure Act 2.0.

Note 2: Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition

The investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Net appreciation/depreciation includes the Plan's realized and unrealized gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent loans are treated as distributions based upon the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2023 or 2022.

Payment of Benefits

Benefits are recorded when paid.

Estimates

The presentation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Administrative Expenses

Certain expenses to maintain the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in value of investments.

Subsequent Events

Management has evaluated subsequent events through July 24, 2024, the date the financial statements were available to be issued. Adjustment or additional disclosures, if any, have been included in these financial statements.

Note 3: Fair Value Measurements

The Plan follows the guidance for fair value measurements and disclosures in accordance with Accounting Standards Codification Topic 820, *Fair Value Measurements and Disclosures* ("ASC 820"). Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability (i.e., the "exit price") in an orderly transaction between market participants at the measurement date.

In determining fair value, management uses various valuation approaches, as appropriate in the circumstances. ASC 820 establishes a fair value hierarchy for inputs used in measuring fair value that maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring that the most observable inputs be used when available. Observable inputs are market data from independent sources. Unobservable inputs are Management's assumptions, based on the best information available, of how the market would price the asset or liability. The fair value hierarchy is categorized into three levels based on the inputs as follows:

Level 1

Valuations based on unadjusted quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access. Since valuations are based on quoted prices that are readily and regularly available in an active market, valuation of these securities does not entail a significant degree of judgment.

Level 2

Valuations based on quoted prices in markets that are not active or for which all significant inputs are observable, either directly or indirectly.

Level 3

Valuations based on inputs that are unobservable and significant to the overall fair value measurement. The inputs into the determination of fair value require significant judgment and estimation.

The Plan does not maintain Level 2 or 3 assets.

The Plan's policy is to recognize transfer of investments into or out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the years ended December 31, 2023 and 2022, there were no transfers of investments into or out of Level 3.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Note 3: Fair Value Measurements (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies or level designation used at December 31, 2023 and 2022.

Money Market Fund

The objective of these investments is to earn interest for shareholders while maintaining a net asset value of \$1. These funds consist of short-term securities representing high-quality, liquid debt and monetary instruments.

Mutual Funds

Valued at the daily closing prices as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table provides fair value measurement information for the Plan's major categories of financial assets measured on a recurring basis.

Note 4: Tax Status

The Company has adopted a Standardized Prototype Deferred Profit Sharing Plan as prepared by Fidelity Management Trust Company ("trustee"). The Plan has received favorable determination letters from the Internal Revenue Service, the most recent of which is dated June 30, 2020 stating that the Plan and related trust agreement are

Note 4: Tax Status (Continued)

designed in accordance with applicable sections of the Internal Revenue Code. The Plan has been amended since receiving this determination letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with all appropriate requirements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2020.

Note 5: Information Prepared and Certified by the Trustee (Unaudited)

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for 2023 and 2022. Accordingly, Fidelity Management Trust Company, the trustee of the Plan, has certified to the completeness and accuracy of all investments and notes receivable from participants reported in the accompanying statements of net assets available for benefits as of December 31, 2023 and 2022 and the supplemental Schedule of Assets Held for Investment Purposes at End of Year (attachment for Schedule H, Line 4i) as of December 31, 2023, and the related investment activity and interest on notes receivable from participants reported in the statement of changes in net assets available for benefits for the year ended December 31, 2023.

Note 6: Administration of Plan Assets

Plan assets are held by Fidelity Management Trust Company, the trustee of the Plan.

The Plan is administered by the Benefits Administrator of the Company whereby certain administrative functions are performed by employees of the Company. No employees receive compensation from the Plan. Contributions are held and managed by the trustee, which invests the cash received, as well as interest and dividend income as designated by the participants and makes distributions to participants. The trustee also administers the payments of interest and principal on participant loans.

Note 7: Related Party Transactions

Certain Plan investments are proprietary funds and managed by the trustee, and therefore, these transactions qualify as party-in-interest transactions.

Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

Note 7: Related Party Transactions (Continued)

Participant fees paid by the Plan amounted to \$19,571 for the year ended December 31, 2023.

Note 8: Plan Termination

The Plan is intended to be a permanent program of the Company. However, the Company can at any time declare the Plan terminated subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 9: Concentrations of Credit Risk

The Plan provides for investment options in various mutual funds with Fidelity Management Trust Company. Investment securities are exposed to various risks, such as interest rate risk, market risk, and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near-term would materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits and the statement of changes in net assets available for benefits. The Plan's exposure to a concentration of credit risk is limited by the diversification of investments across different mutual fund elections. Additionally, the investments within each participant-directed mutual fund election are further diversified into varied financial instruments.
