Report of Independent Auditors

The Trustees
Lone Pine Capital LLC 401(k) Profit Sharing Plan

Opinion

We have audited the financial statements of Lone Pine Capital LLC 401(k) Profit Sharing Plan (the “Plan”), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (“ERISA”), which comprise the statements of net assets available for plan benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for plan benefits for the year ended December 31, 2022, and the related notes (collectively referred to as the “financial statements”).

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for plan benefits of the Plan at December 31, 2022 and 2021, and the changes in its net assets available for plan benefits for the year ended December 31, 2022, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the Auditor’s Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan’s transactions that are presented and disclosed in the financial statements are in conformity with the Plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor’s Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override

of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion of the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2022 (referred to as the "supplemental schedule"), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the supplemental schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Lone Pine Capital LLC 401(k) Profit Sharing Plan

Notes to Financial Statements

December 31, 2022

1. Description of Plan

The following description of the Lone Pine Capital LLC 401(k) Profit Sharing Plan (the “Plan”), which was formed on January 1, 1998, provides only general information. Participants should refer to the Plan Document and Summary Plan Description for a more comprehensive description of the Plan’s provisions. A Plan year commences on January 1 and ends on December 31 (a “Plan Year”).

General

The Plan is a defined contribution plan sponsored by Lone Pine Capital LLC (the “Employer” or “Plan Sponsor”) and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”). The Plan provides for eligible employees of the Employer who are 21 years of age or older to participate on the first day of the month coincident with or following employment.

Plan Administration

The Plan is administered by the Plan Sponsor. Certain managing members of the Employer serve as trustees of the Plan (the “Trustees”). The Trustees are responsible for all investment related matters, including the establishment of an investment policy and monitoring of the performance of the Plan’s investments. The Trustees are not compensated for these services.

Investment Options

Prior to July 1, 2021, participants in the Plan had the choice of investing their contributions into an alternative investment option comprised of limited partnerships, for which the Employer serves as the Investment Manager (the “Employer Managed Funds”), and a money market fund (collectively, “AIO-1”), and/or a pool of mutual funds and money market funds (the “Mutual Funds”). Effective July 1, 2021, the Employer Managed Funds began offering new classes of investments that allow for up to 15% of a partner’s capital to be invested in private placement investments, calculated at cost (the “Designated Investments”). To make these investments available to participants, the Plan created an additional alternative investment option comprised of the classes in the Employer Managed Funds that invest in Designated Investments, and a money market fund (collectively, “AIO-2”). The Trustees have decided to limit the Plan’s investment in AIO-2 to 75% of assets allocated to the Employer Managed Funds. Therefore, the maximum exposure to Designated Investments for AIO-2 participants will be 11.25%. AIO-1 will not participate in any class of investments in the Employer Managed Funds that invest in Designated Investments. AIO-1 and AIO-2 are collectively referred to as the “Alternative

Lone Pine Capital LLC 401(k) Profit Sharing Plan

Notes to Financial Statements (continued)

1. Description of Plan (continued)

Investment Options (continued)

Investment Options.” As of October 1, 2021, participants were offered the option to move their balances from AIO-1 to AIO-2. A participant may elect to invest in either AIO-1 or AIO-2, but not both. The AIO-1 and AIO-2 investments in the Employer Managed Funds are fee-exempt.

The Employer Managed Funds primarily invest directly or indirectly in securities and securities sold, not yet purchased. Contributions are made to the investment options, which allocate participant contributions within the Alternative Investment Options based on percentages determined exclusively by the Trustees. The Employer Managed Funds are subject to the terms and conditions of their respective limited partnership agreements. In order to make benefit payments to the Plan participants, the Plan is eligible to (i) make monthly withdrawals from AIO-1 and (ii) make quarterly withdrawals from AIO-2 subject to a 5-year tail (see “Benefit Payments” below). The terms of the Employer Managed Funds do not allow for withdrawals to be made from any portion of an investor’s account that has been allocated to Designated Investments until a realization or deemed realization event occurs. In certain circumstances, payments to Plan participants may be subject to other restrictions imposed upon withdrawals by the Employer Managed Funds in which the Plan’s assets have been invested. In such circumstances, the Plan will make benefit payments to the plan participant at the earliest practicable date.

No assurance can be given that the Trustees will continue to offer the same limited partnerships or invest the same percentage across the limited partnerships and money market funds (the “Money Market Funds”) that comprise the Alternative Investment Options as of December 31, 2022, or offer the same mutual funds or money market funds that comprise the Mutual Funds as of December 31, 2022.

Contributions

During each Plan Year, a participant may contribute up to 100% of their annual compensation, as defined by the Plan, subject to regulatory limitations. Employee contributions were limited to a maximum of \$20,500 and \$19,500 for the years ended December 31, 2022 and 2021, respectively, as permitted under Internal Revenue Service (“IRS”) regulations. Participants who are at least 50 years of age or older at any point during a Plan Year were eligible to contribute an additional \$6,500 for the years ended December 31, 2022 and 2021, in catch-up contributions. Participants may also rollover into the Plan amounts representing distributions from other qualifying plans.

Participants may elect to make pre-tax (“Traditional”) or post-tax (“Roth”) contributions through payroll deductions to both the Alternative Investment Options and Mutual Funds. During the year ended December 31, 2022, participants made \$1,369,236 and \$716,936 in Traditional and

Lone Pine Capital LLC 401(k) Profit Sharing Plan

Notes to Financial Statements (continued)

1. Description of Plan (continued)

Contributions (continued)

Roth contributions, respectively. Traditional and Roth participant contributions, made through payroll deductions, are reflected in participant contributions on the statement of changes in net assets available for plan benefits. Participants also made \$219,683 in rollover contributions during the year ended December 31, 2022, which are reflected in rollover contributions on the statement of changes in net assets available for plan benefits.

At the end of each Plan Year, the Employer, in its sole discretion, may elect to separately make matching and profit sharing contributions (the “Employer Contributions”) on behalf of the participants. Participants who have completed at least 1,000 hours of service with the Employer during the Plan Year and are employed as of the last day of the Plan Year are eligible to receive the Employer Contributions.

For the year ended December 31, 2022, the Employer matched 100% of eligible participants’ contributions, which is included in employer contributions on the statement of changes in net assets available for plan benefits.

For the year ended December 31, 2022, the Employer also recorded profit sharing contributions equal to 11.0% of an eligible participant’s annual compensation, subject to Internal Revenue Code (the “IRC”) Section 401(a)(17), plus 5.7% of the eligible participant’s excess compensation; the sum is limited to \$20,000 for the 2022 Plan Year and subject to the limitations under IRC 415(c). The profit sharing contributions are included in employer contributions on the statement of changes in net assets available for plan benefits.

The Employer Contributions are paid subsequent to the end of a Plan Year. As such, Employer Contributions are reflected in employer contributions receivable on the statements of net assets available for plan benefits. Employer Contributions are allocated to each participant’s account at their then-current investment elections.

Participant Accounts

Each participant’s account is increased or decreased by (i) the participant’s contributions, including rollovers, and distributions, (ii) the Employer Contributions, (iii) allocations of Plan income or loss and (iv) loan activity. Plan income or loss relating to the Alternative Investment Options is allocated to the individual participant’s account on a monthly basis based upon each participant’s proportionate share of the Plan’s investment as of the beginning of the month. Plan income or loss relating to the Mutual Funds will be reflected in the individual participant’s account on a daily basis based upon the change in the quoted market price of each respective investment in the Mutual Funds.

Notes to Financial Statements (continued)

1. Description of Plan (continued)

Participant Accounts (continued)

Assets under the Plan are participant-directed. Participants may (i) elect the amount they contribute, (ii) direct their contributions into either of the Alternative Investment Options and/or the Mutual Funds, (iii) change their deferral elections for future contributions on a monthly basis for Traditional and Roth contributions, (iv) change their investment election for future contributions on a monthly basis between AIO-1 and the Mutual Funds, (v) change their investment election from AIO-2 to either of the other investment options annually, subject to the 5-year tail, and (vi) annually change their investment election from AIO-1 or the Mutual Funds to AIO-2. The table below summarizes the general liquidity provisions of each investment option. The effective dates for all transactions occur on the first of a month, quarter or year.

	Contributions/ Rollovers	Investment Transfers In	Investment Transfers Out	Distributions
Mutual Funds	Bi-Monthly	Daily	Daily	Daily
AIO-1	Monthly	Monthly	Monthly	Monthly
AIO-2	Monthly	Annually	Annually with 5-year tail	Quarterly with 5-year tail

Changes in the investment allocations between the Employer Managed Funds and the Money Market Funds comprising the Alternative Investment Options can only be made by the Trustees. The Plan allows participants to convert certain non-Roth amounts under the Plan to their designated Roth account under the Plan on an annual basis.

Vesting

Participants are immediately vested in their contributions, Employer Contributions, and earnings thereon. Participants are entitled to their account balances upon termination of employment.

Participant Loans

Any participant currently employed by the Employer may borrow from their account a minimum of \$1,000 and a maximum generally equal to the lesser of \$50,000 or 50% of his or her account balance. The term of a participant loan is five years unless the loan is for the purchase of the participant's primary residence, in which case the term of the loan is a period of time deemed reasonable by the Employer in its capacity as Plan administrator, with a maximum term of 20 years. Participants may not have more than two loans outstanding at any point in time.

The loans are secured by the participant's account balance and bear interest at a fixed rate equivalent to the United States prime rate plus 1%, as determined on the first day of the month during which the loan was granted. Principal and interest are paid in accordance with the

Lone Pine Capital LLC 401(k) Profit Sharing Plan

Notes to Financial Statements (continued)

1. Description of Plan (continued)

Participant Loans (continued)

participant's respective loan agreement through payroll deductions and are reinvested into the participant's account at their then-current investment elections.

During the year ended December 31, 2022, the Plan recorded \$14,399 in interest income on notes receivable from participants, which is included on the statement of changes in net assets available for plan benefits. If a participant terminates employment with the Employer prior to repaying the loan fully, the participant must repay the loan by the end of the quarter immediately following the quarter of termination. If a loan is not repaid, it will automatically be treated as a distribution to the participant at the end of such quarter.

Benefit Payments

Upon termination of employment for reasons other than death, a participant shall receive a distribution notice from the Plan administrator with options to remain in the Plan, initiate a rollover to an Individual Retirement Account ("IRA") or another qualified plan or receive a lump-sum distribution of their account balance. Distributions from AIO-2 will be bifurcated to provide 85% of the participant's AIO-2 balance as a lump sum and 15% of the participant's AIO-2 balance in annual installments over the next five years (the 5-year tail), subject to any liquidity restrictions of the investment. Participants with an account balance of less than \$1,000 must take a lump-sum distribution. Upon termination of employment due to death, a Participant's account balance is required to be distributed in full by December 31 of the calendar year containing the fifth anniversary of the Participant's death if distributions to the Participant have not yet commenced. If the Participant dies after distributions of the Participant's account have begun, the remaining portion of such account will continue to be distributed in accordance with the Plan Document.

In the event of financial hardship, a participant may be granted a hardship withdrawal if the Plan administrator finds that there is an immediate and heavy financial need and a lack of other available resources. Hardship withdrawals may be used for, but are not limited to, expenses incurred for medical care, the purchase of a principal residence, tuition and education fees for the next 12 months of post-secondary education, burial or funeral expenses, damage to a principal residence, or expenses incurred due to a federally declared disaster. Hardship withdrawals are strictly regulated by the IRS and a participant must exhaust all available distributions prior to requesting a hardship withdrawal.

A participant who has attained the age of 59 ½ is entitled to receive in-service distributions from accounts that are fully vested.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared in compliance with the Department of Labor's rules and regulations for reporting and disclosure under ERISA and in conformity with United States generally accepted accounting principles ("U.S. GAAP").

Use of Estimates

The preparation of these financial statements requires the Trustees to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. The Trustees believe that the estimates utilized in preparing the financial statements and accompanying notes are reasonable and prudent; however, actual results could differ from these estimates.

Investment Valuation and Income Recognition

U.S. GAAP provides that a reporting entity is permitted, as a practical expedient, to estimate the fair value of its investments in investment partnerships using the net asset value ("NAV"), or its equivalent, of the investment partnership. Accordingly, the Plan values the investments in Employer Managed Funds at fair value using the NAV, which is an amount equal to the sum of the Plan's proportionate interests in the capital accounts of the Employer Managed Funds, as determined from audited financial statements and other financial information provided by the Investment Manager. These fair values represent the amount the Plan would expect to receive at December 31, 2022, if it were to liquidate its investments in the Employer Managed Funds. If a readily ascertainable market price or a formal securities exchange was available, these fair values could be materially different. The Employer Managed Funds' audited financial statements have been prepared in accordance with U.S. GAAP.

The Mutual Funds and the Money Market Funds are valued at the quoted market prices of their respective mutual funds and money market funds which represent the price per share of the shares held by the Plan at the close of each business day.

The Plan records contributions and withdrawals related to its investments on the transaction dates. The results of operations of these investments, to the extent that they result in changes in the Plan's investments, are reflected on the statement of changes in net assets available for plan benefits.

Interest and dividend income earned by the Mutual Funds and the Money Market Funds are recorded on the accrual basis and ex-dividend date, respectively.

Lone Pine Capital LLC 401(k) Profit Sharing Plan

Notes to Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

Cash

Cash consists of cash held at Citibank, N.A. Cash deposited with a financial institution is subject to credit risk. In the event of the financial institution's insolvency, recovery of the Plan's cash may be limited to account insurance or other protection afforded by the financial institution with which the deposit is held.

Notes Receivable from Participants

Notes receivable from participants represent participant loans that are measured and recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest on loans is charged at a rate fixed by the Plan Administrator, based on rates charged on similar commercial loans by persons in the business of lending money (see Note 1). Interest income on notes receivable from participants is recorded when earned.

Payment of Benefits

Benefits are recorded when paid.

3. Fair Value Measurements

In accordance with U.S. GAAP, the Plan discloses the fair value of its investments in a hierarchy that prioritizes the inputs to valuation techniques used to measure the fair value. The hierarchy gives the highest priority to quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to significant unobservable inputs (Level 3). This guidance provides three levels of the fair value hierarchy as follows:

Level 1 – Inputs are unadjusted and typically represent quoted prices in active markets for identical assets or liabilities at the measurement date. The types of assets and liabilities categorized at Level 1 fair value generally include highly liquid money market funds and mutual funds listed in active markets.

Level 2 – Inputs (other than quoted prices included in Level 1) are either directly or indirectly observable for the asset or liability through correlation with market data at the measurement date and for the duration of the instrument's anticipated life.

Level 3 – Inputs reflect the Plan's best estimate of what market participants would use in pricing the asset or liability at the measurement date. Consideration is given to the risk inherent in the valuation technique and/or the risk inherent in the inputs to the model.

Lone Pine Capital LLC 401(k) Profit Sharing Plan

Notes to Financial Statements (continued)

3. Fair Value Measurements (continued)

At December 31, 2022 and 2021, investments in limited partnerships were valued using the NAV as a practical expedient and are therefore excluded from the fair value hierarchy in accordance with U.S. GAAP.

Investments measured at fair value, which comprise the Employer Managed Funds, the Money Market Funds and the Mutual Funds, are reflected in the following table:

	December 31,	
	2022	2021
Assets		
Level 1:		
Mutual funds	\$ 3,372,941	\$ 3,681,350
Money market funds	18,035,812	28,683,379
Total Level 1	21,408,753	32,364,729
Investments measured at net asset value:		
Limited partnerships	146,255,947	216,406,257
Total investments measured at net asset value	146,255,947	216,406,257
Total investments, at fair value	<u>\$ 167,664,700</u>	<u>\$ 248,770,986</u>

For the years ended December 31, 2022 and 2021, there were no transfers into or out of Level 3 and there were no investments bought or sold with carrying values associated with Level 3 financial instruments.

In the previous table, limited partnerships represent the investment in the Employer Managed Funds within the Alternative Investment Options. As of December 31, 2022 and 2021, the Plan had investments in Lone Cascade, L.P. and Lone Redwood, L.P.

The Plan Sponsor periodically reviews the Plan provisions, related administrative procedures, investment options and fees and expenses associated with the Plan. This also includes continuous monitoring of the regulatory environment as well as other administrative requirements.

4. Plan Termination

Although the Employer has not expressed any intention to do so, it has the right under the Plan Document to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, participant account balances will be distributed to the participants upon request in accordance with the Plan Document.

Lone Pine Capital LLC 401(k) Profit Sharing Plan

Notes to Financial Statements (continued)

5. Related-Party Transactions

In the normal course of business, certain employees of the Employer (who may also be participants in the Plan) perform administrative services related to the Plan's operation, recordkeeping and financial reporting. The Employer pays the salaries of such individuals and also pays substantially all other expenses on the Plan's behalf.

The foregoing transactions are not deemed prohibited party-in-interest transactions because they are covered by statutory and administrative exemptions under IRC section 4975(c)(2) and section 408(a) of ERISA rules on prohibited transactions.

6. Risks and Uncertainties

The Plan investments are exposed to various risks such as interest rate, market, liquidity, credit risks, and public health events, such as the COVID-19 pandemic. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported on the statements of net assets available for plan benefits.

7. Tax Status

The Plan received an opinion letter from the IRS dated June 30, 2020, stating that the form of the Plan is qualified under section 401 of the IRC and therefore the related trust is tax-exempt. In accordance with the IRC, the Trustees have determined that the Plan is eligible to, and does, rely on the current IRS pre-approved Plan opinion letter. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualified status. The Trustees believe the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believe the Plan is qualified and the related trust is tax-exempt.

U.S. GAAP requires the Plan to determine whether an uncertain tax position is more-likely-than-not to be sustained upon examination, including resolution of any related appeals or litigation processes, based on the technical merits of the position. Management of the Plan Sponsor has analyzed its tax positions (including interest and penalties, if any) for all open tax years and has not recorded a liability for uncertain tax positions relating to the years ended December 31, 2022 and 2021. Tax penalties and interest, if any, would be accrued as incurred and would be classified as tax expense on the statement of changes in net assets available for plan benefits. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Lone Pine Capital LLC 401(k) Profit Sharing Plan

Notes to Financial Statements (continued)

7. Tax Status (continued)

The Plan is subject to Unrelated Business Income Tax (“UBIT”) due to the receipt of Unrelated Business Taxable Income from certain limited partnerships which comprise the Alternative Investment Options. Included in tax expense on the statement of changes in net assets available for plan benefits is UBIT in the amount of \$45,533.

8. Subsequent Events

The Trustees have evaluated subsequent events from January 1, 2023, through June 27, 2023, the date the financial statements were available to be issued, and determined that no events required disclosure.
