INDEPENDENT AUDITOR'S REPORT

To The Coca-Cola Company
Benefits Committee of The Coca-Cola Company 401(k) Plan

Opinion

We have audited the accompanying financial statements of The Coca-Cola Company 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of The Coca-Cola Company 401(k) Plan as of December 31, 2023 and 2022, and the changes in its net assets available for benefits for the year ended December 31, 2023, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule H, line 4i - Schedule of assets held at end of year as of December 31, 2023, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

THE COCA-COLA COMPANY 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

Note 1 – Description of Plan

The following description of The Coca-Cola Company 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Summary Plan Description for a more comprehensive description of the Plan’s provisions.

General

The Plan was originally adopted effective July 1, 1960 and was restated effective January 1, 2022. The Plan is a defined contribution pension plan covering employees of The Coca-Cola Company and its participating subsidiaries (the “Company”). Eligible employees may begin participating in the Plan upon hire with the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

Administration

The Plan is administered by The Coca-Cola Company Benefits Committee (the “Committee”) which, as Plan Administrator, has substantial control of and discretion over the administration of the Plan. Transamerica Retirement Solutions provides recordkeeping services for the Plan. The Northern Trust Company (the “Trustee”) provides trust services for the Plan.

Plan Amendment

The Plan was amended, effective July 1, 2022, to merge The Coca-Cola Bottling Company of New York Inc. Sodasystems Savings and Retirement Plan with and into the Plan. The impact of this amendment is discussed further in Note 2.

The Plan was amended, effective December 31, 2023, to merge the BodyArmor 401(k) Plan with and into the Plan. The impact of this amendment is discussed further in Note 2.

Contributions

The Plan allows participants to contribute their compensation in line with applicable Internal Revenue Code (the “Code”) limitations. The Company matches participant contributions equal to 100% of the first 1% of compensation and 50% of the next 5% of compensation, for a maximum Company match of 3.5% of compensation. All Company contributions are initially invested in common stock of The Coca-Cola Company. All contributions are invested as directed by participants.

Vesting

Participants are immediately vested in their salary deferral contributions and related earnings. Company contributions and related earnings are also immediately vested.

Forfeitures

Forfeited accounts are generally used to reduce employer contributions or pay administrative expenses of the Plan. The forfeited account balances were \$3,257,334 and \$3,123,879 as of December 31, 2023 and 2022, respectively. The Plan used \$63,012 of cumulative forfeitures to reduce employer contributions and \$107,415 to pay administrative expenses during 2023.

Participant Accounts

Each participant's account is credited with the participant's contributions, employer contributions, if any, rollover contributions, if any, and allocations of Plan investment results; however, each account is also charged with an allocation of administrative expenses. Participant accounts are updated daily to reflect transactions affecting account balances. Allocations are based on participant earnings on account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Notes Receivable from Participants

Participants may borrow from their account balances subject to certain limitations. Participant loans may be funded from a combination of all vested account balances. The following applies to participant loans:

- (a) The maximum amount that a participant may borrow is the lesser of 50% of their account balance, or \$50,000. The \$50,000 maximum is reduced by the participant's highest outstanding loan balance on any loans during the preceding 12 months. No more than two loans are allowed from the Plan at a time.
- (b) The minimum loan amount is \$1,000.
- (c) The loan interest rate is the prime rate as published in The Wall Street Journal on the 1st business day of the month the loan is requested.
- (d) The loan repayment period is limited to five years for a general purpose loan and 15 years for a loan used to purchase or build a principal residence.

Employee Stock Ownership Plan

The portion of the Plan invested in common stock of The Coca-Cola Company is designated as an employee stock ownership plan ("ESOP") within the meaning of Code Section 4975(e)(7). Participants invested in common stock of The Coca-Cola Company may elect to receive their entire dividend amount as a cash payment made directly to them rather than have the dividend amount reinvested in their Plan account. The total amount of dividends paid directly to participants was \$2,796,353 during 2023.

Payment of Benefits

Upon retirement, termination or disability, participants may elect to receive payment from the Plan in a lump-sum distribution, installments or in partial payments (a portion paid in a lump sum, and the remainder paid later). Participants may elect in-service distributions from after-tax and rollover account balances, or after attaining age 59½ from all vested account balances. Participants may elect to receive payment of the portion of their accounts invested in common stock of The Coca-Cola Company in shares rather than cash ("in-kind distributions"). Participants may also request an in-service distribution for the purpose of a financial hardship from certain vested account balances.

Plan Termination

The Company, by action of the Committee, reserves the right to, at any time and for any reason, terminate the Plan or completely discontinue contributions to the Plan. The Plan shall be terminated or contributions shall be discontinued by a written instrument approved by the Committee by resolution.

In the event of the Plan's termination, if no successor plan is established or maintained, lump-sum distributions shall be made in accordance with the terms of the Plan as in effect at the time of the Plan's termination or as thereafter amended. To the extent any assets of the Trust represent amounts allocated to a Code Section 415 suspense account, such amounts may revert to the Company. The Plan Administrator's authority shall continue beyond the Plan's termination date until all Trust assets have been liquidated and distributed.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

THE COCA-COLA COMPANY 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires Plan management to make estimates that affect certain reported amounts and disclosures. Actual results may differ from those estimates.

Valuation of Investments

The Plan's investments are stated at fair value in accordance with Accounting Standards Codification Topic 820 "Fair Value Measurements and Disclosures" ("ASC 820"). See Note 3 for fair value measurements.

Notes Receivable from Participants

Participant loans, which are classified as receivables, are stated at the unpaid principal balance plus any accrued but unpaid interest.

Investment Transactions and Income

Investment transactions are recorded on a trade-date basis. Dividend income is recorded on the ex-dividend date. Interest is recognized on an accrual basis. Brokerage commissions on purchases and sales of common stock are considered transaction costs and are recorded as an increase to the cost basis of shares purchased and/or reduction of proceeds on a sale of shares. The net appreciation or depreciation in fair value of investments consists of realized gains and losses and changes in unrealized gains or losses on investments during the year. Realized gains and losses on investments are determined based on average cost. Unrealized gains or losses on investments are based on changes in the market values or fair values of such investments.

Payment of Benefits

Distributions to participants are recorded when payment is made. In-kind distributions are recorded based on the market value of the shares at the date of distribution.

Administrative Expenses

Certain administrative expenses were paid by the Plan, as permitted by the Plan document. All other administrative expenses were paid by the Company.

Plan Mergers

Effective July 1, 2022, the following plan was merged into the Plan: The Coca-Cola Bottling Company of New York Inc. Sodasystems Savings and Retirement Plan. As a result of the merger, the Plan's net assets available for benefits increased by \$202,806, which was fully comprised of investments and no participant loans.

Effective December 31, 2023, the following plan was merged into the Plan: BodyArmor 401(k) Plan. As a result of the merger, the Plan's net assets available for benefits increased by \$16,107,750, which included \$16,096,674 of investments and \$11,076 of participant loans. On December 29, 2023, the formal transfer of all assets from the BodyArmor 401(k) Plan was initiated. The transfer of such assets, in the amount of \$16,107,750, was included in the line item transfers from other plans in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2023. Of such amount, \$16,096,674 was recorded in the line item assets in-transit from merged plan in the Statement of Net Assets Available for Benefits as of December 31, 2023 as the transfer from the custodian of the BodyArmor 401(k) Plan was not completed until January 2, 2024, and \$11,076 of participant loans were recorded in the line item notes receivable from participants in the Statement of Net Assets Available for Benefits as of December 31, 2023.

NOTES TO FINANCIAL STATEMENTS

Note 3 – The Coca-Cola Company Master Trust for 401(k) Plans

The Plan participates in The Coca-Cola Company Master Trust for 401(k) Plans (the “Master Trust”) with similar retirement plans sponsored by the Company and certain other subsidiaries of the Company, whereby investments are held collectively for all plans by the Trustee. Each participating plan’s investment in the Master Trust is equal to the sum of its participant account balances in relation to total Master Trust investments. The Plan’s investments include retirement target date funds, equity and fixed income index funds, actively managed equity and fixed income funds, synthetic guaranteed investment contracts, and common stock of The Coca-Cola Company. The investment structures include mutual funds, collective trust funds, Master Trust investment funds, and direct ownership of common stock of The Coca-Cola Company.

The Plan’s interest in the net assets of the Master Trust was 100% at both December 31, 2023 and December 31, 2022. This was determined by comparing the Plan’s investment in the Master Trust to total net assets in the Master Trust.

The following table summarizes net assets for the Plan and the Master Trust as of December 31, 2023 and 2022:

	2023 Master Trust	2022 Master Trust
Collective trust funds	\$ 1,938,437,567	\$ 1,501,413,552

Fair Value Measurements

ASC 820 defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. ASC 820 also established a fair value hierarchy that prioritizes the inputs used to measure fair value. This hierarchy requires entities to maximize the use of observable inputs and minimize the use of unobservable inputs. The three levels of inputs used to measure fair value are as follows:

Level 1 – Quoted prices in active markets for identical assets or liabilities.

Level 2 – Observable inputs other than quoted prices included in Level 1, such as quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3 – Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities. This includes certain pricing models, discounted cash flow methodologies and similar techniques that use significant unobservable inputs.

THE COCA-COLA COMPANY 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

The Master Trust assets, measured at fair value on a recurring basis (at least annually) as of December 31, 2023, were as follows:

	Quoted Prices in Active Markets for Identical Assets	Investments Using Net Asset Value Practical Expedient	Total
Common stock ^(A)	\$ 1,073,741,224	\$ —	\$ 1,073,741,224
Collective trust funds ^(B)	—	1,938,437,567	1,938,437,567
Master Trust investment funds ^(C)	—	213,075,717	213,075,717
Total Master Trust assets	\$ 1,073,741,224	\$ 2,151,513,284	\$ 3,225,254,508

- (A) Investments in common stock are in shares of The Coca-Cola Company and are valued using the quoted market price multiplied by the number of shares owned as of the measurement date.
- (B) The underlying investments held in the collective trust funds are equity or debt securities held to replicate the performance of a specific equity or bond market index. The collective trust funds are valued at the publicly quoted net asset value (“NAV”) per share as determined by the manager of the funds multiplied by the number of shares held as of the measurement date. These funds have no redemption restrictions.
- (C) The Master Trust investment funds include the US Small-Mid Cap Active Equity Fund and the US Core-Plus Active Fixed Income Fund. The total value is calculated by multiplying the NAV per share by the number of shares held as of the measurement date. The underlying investments include common stock, preferred stock, mutual funds, collective trust funds and a short-term investment account. These funds have no redemption restrictions.

THE COCA-COLA COMPANY 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

The Master Trust assets, measured at fair value on a recurring basis (at least annually) as of December 31, 2022, were as follows:

	Quoted Prices in Active Markets for Identical Assets	Investments Using Net Asset Value Practical Expedient	Total
Common stock ^(A)	\$ 1,183,197,651	\$ —	\$ 1,183,197,651

Total Master Trust assets	\$ 1,183,197,651	\$ 1,923,983,563	\$ 3,107,181,214

(A) Investments in common stock are in shares of The Coca-Cola Company and are valued using the quoted market price multiplied by the number of shares owned as of the measurement date.

(B) The underlying investments held in the collective trust funds are equity or debt securities held to replicate the performance of a specific equity or bond market index. The collective trust funds are valued at the publicly quoted NAV per share as determined by the manager of the funds multiplied by the number of shares held as of the measurement date. These funds have no redemption restrictions.

(C) The Master Trust investment funds include the US Large Cap Active Equity Fund, the US Small-Mid Cap Active Equity Fund, and the US Core-Plus Active Fixed Income Fund. The total value is calculated by multiplying the NAV per share by the number of shares held as of the measurement date. The underlying investments include common stock, preferred stock, mutual funds, collective trust funds and a short-term investment account. These funds have no redemption restrictions.

The Plan's valuation methods used to measure fair value of its investments may produce fair values that may not be indicative of a future sale, or reflective of future fair values. The use of different methods to determine the fair value of investments could result in different estimates of fair value at the reporting date. There have been no changes in the methodologies used at December 31, 2023 and 2022.

During 2023 and 2022, there were no Level 2 or Level 3 investments.

THE COCA-COLA COMPANY 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

Synthetic Guaranteed Investment Contracts

The Master Trust has a separate account (the “account”) which invests primarily in wrapper contracts (also known as synthetic guaranteed investment contracts) as well as an insurance company separate account and cash equivalents. The contracts within the account are fully benefit-responsive and are therefore reported at contract value on the statements of net assets available for benefits. Contract value represents contributions made under the contracts, plus earnings, less withdrawals and administrative expenses. As of December 31, 2023, the account consisted of \$221,819,542 of wrapper contracts and \$4,131,470 of cash equivalents.

In a wrapper contract structure, the underlying investments are owned by the account and held in trust for Plan participants. These contracts wrap a diversified portfolio primarily comprised of corporate bonds, government bonds, and collective trust funds. The account purchases wrapper contracts from an insurance company or bank. The wrapper contracts amortize the realized and unrealized gains and losses on the underlying fixed income investments, typically over the duration of the investments, through adjustments to the future interest crediting rate (which is the rate earned by participants in the account for the underlying investments). The issuers of the wrapper contracts provide assurances that the adjustments to the interest crediting rate do not result in a future crediting rate that is less than zero.

Examples of events that would permit a wrapper contract issuer to terminate a wrapper contract upon short notice include the Plan’s loss of its qualified status, uncured material breaches of responsibilities, or material and adverse changes to the provisions of the Plan. If one of these events was to occur, the wrapper contract issuer could terminate the wrapper contract at the market value of the underlying investments.

Transactions with Parties-in-Interest

The Plan does not consider Company contributions as party-in-interest transactions. Fees paid during the year for investment management, auditing and other professional services rendered by parties-in-interest were based on customary and reasonable rates for such services. Certain investments managed by The Northern Trust Company, the Trustee as defined by the Plan, qualify as party-in-interest transactions.

As of December 31, 2023 and 2022, the Master Trust held 18,220,621 and 18,600,812 shares of common stock of The Coca-Cola Company with a fair value of \$1,073,741,224 and \$1,183,197,651, respectively. During the year ended December 31, 2023, the Master Trust had the following transactions relating to common stock of The Coca-Cola Company:

	Shares	Fair Value
Purchases	1,348,128	\$ 48,672,628
Sales	1,387,107	\$ 82,671,611
In-kind distributions	341,212	\$ 20,609,065
Dividends received	N/A	\$ 30,996,186

Note 4 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

THE COCA-COLA COMPANY 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

Note 5 – Income Tax Status

The Plan has received a determination letter from the Internal Revenue Service dated September 2, 2017, stating that the Plan is qualified under Section 401(a) of the Code and, therefore, the related trust is exempt from taxation. The Plan was amended subsequent to receipt of the determination letter. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Committee and the Company's tax counsel believe the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believe the Plan, as amended, is qualified and the related trust is tax exempt.

U.S. GAAP require Plan management to evaluate tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6 – Nonexempt Transactions

During 2023 and 2022, there were no nonexempt transactions.
