INDEPENDENT AUDITOR'S REPORT

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of B & I Contractors, Inc., 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of October 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of B & I Contractors, Inc., 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of October 31, 2023 and 2022, and for the years then ended, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of B & I Contractors, Inc., 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about B & I Contractors, Inc., 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of B & I Contractors, Inc., 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about B & I Contractors, Inc., 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i - Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

B & I CONTRACTORS, INC. 401(k) PLAN

Notes to Financial Statements October 31, 2023 and 2022

NOTE A – PLAN DESCRIPTION

The following brief description of the B & I Contractors, Inc., 401(k) Plan (“the Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering all full-time non-union employees of B & I Contractors, Inc., (“The Company”) who have three months of service as defined in the Plan. The Plan has been amended throughout the years to comply with tax legislation and most recently restated effective June 7, 2022. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute a percentage of pretax annual compensation, as defined in the Plan. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and guaranteed investment options for participants. The Company has elected to contribute 50% of the first 3% of compensation that a participant contributes to the Plan. This match by the Company will be credited to the participant’s account and will be invested as the participant has directed. Employer matching contributions are discretionary and therefore B & I Contractors, Inc., reserves the right to change the percentage of the company match at the beginning of any plan year.

Participant Accounts

Each participant’s account is credited with the participant’s contribution and with allocations of B & I Contractors, Inc., (The Company) contribution and plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account balance.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company’s contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant vests at 20% per year beginning with completion of their second year of service and becomes 100% vested after six years of credited service or upon retirement on or after a participant’s 65th birthday, disability, or death regardless of years of service.

Notes Receivable from Participants

The Plan allows participants to borrow from their account balance. A participant loan may not exceed the lesser of 50% of the vested account balance or \$50,000 (reduced by the aggregate principal amount of any other loans outstanding from the plan during the past 12 months) provided that loans up to \$10,000 may be made regardless of the 50% limitation. Each participant is limited to two outstanding loans at a time.

B & I CONTRACTORS, INC. 401(k) PLAN

Notes to Financial Statements October 31, 2023 and 2022

NOTE A – PLAN DESCRIPTION (continued)

Notes Receivable from Participants (continued)

All loans must be secured by the participant's balance in the Plan, be repayable on a regular schedule calling for reasonable interest rates and at least quarterly payments of both principal and interest. Any loan which is not for the purchasing of a primary residence must be repaid within no more than five years.

Benefit Payments

On termination of service due to death, disability or retirement, or other termination of service a participant will receive a single distribution in the amount equal to the value of the participant's vested interest in his or her account as soon as practicable following the next succeeding allocation date.

Notwithstanding the foregoing, where a participant's vested account balance exceeds \$5,000, a distribution will be made only if the participant (and if applicable, the participant's spouse) consents to such distribution.

Forfeited Accounts

Forfeitures of nonvested participants' balances may be used to offset the Company's contribution or expenses related to the administration of the Plan. Plan year 2023 and 2022 employer contributions were reduced by \$66,584 and \$88,182, respectively, from forfeited non-vested accounts. At October 31, 2023 and 2022 forfeited non-vested accounts totaled \$66,584 and \$79,693, respectively.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting in accordance with U.S. generally accepted accounting principles (GAAP).

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value except those which are fully benefit-responsive are valued at contract value. Quoted market prices are used to value investments. Net asset value is used to value mutual funds. Purchases and sales of investments are recorded on a trade-date basis.

Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balances plus any accrued but unpaid interest.

Payment of Benefits

Benefits are recorded when paid.

B & I CONTRACTORS, INC. 401(k) PLAN

Notes to Financial Statements October 31, 2023 and 2022

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Plan Administrative Costs

The cost of third-party plan administration is paid by the Plan. Other administrative costs are paid by the Sponsor.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Uncertain Tax Positions

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of October 31, 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2020.

Subsequent Events

The Plan's management has evaluated subsequent events through July 31, 2024, the date which the financial statements were available to be issued.

NOTE D – FAIR VALUE MEASUREMENTS

Professional Accounting Standards have established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value.

The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under Professional Accounting Standards are described as follows:

B & I CONTRACTORS, INC. 401(k) PLAN

Notes to Financial Statements October 31, 2023 and 2022

NOTE D - FAIR VALUE MEASUREMENTS (continued)

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at October 31, 2023.

Registered investment companies: Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's financial assets at fair value as of October 31, 2023:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Investment in registered investment companies	\$ <u>10,796,273</u>	\$ <u>-</u>	\$ <u>-</u>	\$ <u>10,796,273</u>
Total Assets at Fair Value	\$ <u><u>10,796,273</u></u>	\$ <u><u>-</u></u>	\$ <u><u>-</u></u>	\$ <u><u>10,796,273</u></u>

NOTE D - FAIR VALUE MEASUREMENTS (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's financial assets at fair value as of October 31, 2022:

	Level 1	Level 2	Level 3	Total
Investment in registered investment companies	\$ 8,995,138	\$ -	\$ -	\$ 8,995,138

NOTE E – GROUP ANNUITY CONTRACTS

The Plan held a fully benefit responsive annuity contract with Empower Annuity Insurance Company f/k/a Great-West Life & Annuity Insurance Company in the form of a guaranteed investment contract, which was called the Key Guaranteed Portfolio Fund. The insurance company maintained the contributions in a general account, which were credited with earnings and charged for participant withdrawals and administrative expenses.

Since the group annuity contract was fully benefit-responsive, contract value was the relevant measurement attribute for that portion of the net assets available for benefits attributable to the group annuity contract. The group annuity contract is presented on the face of the statement of net assets available for benefits at a contract value. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events limited the Plan's ability to transact at contract value with the insurance company. Such events included the following: (1) premature termination of the contracts by the Plan, (2) plant closings, (3) layoffs, (4) Plan termination, (5) bankruptcy, (6) and early retirement incentives. Plan management believed occurrence of events that would cause the Plan to transact at less than contract value was not probable. The insurance company could not terminate the contract at any amount less than contract value.

The insurance company was contractually obligated to pay the principal and specified interest rate that was guaranteed to the Plan. The crediting interest rate was based on a formula agreed upon with the insurance company. Such interest rates were reviewed on a quarterly basis for resetting. The crediting rate of the product was established based on the earnings of the underlying assets in the entire medium-long term portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. The average yield earned by the Plan for the group annuity contract was derived by averaging the quarterly net interest rates for the fund over the year. The average yield for 2022 was .92%. The actual average yield for 2022 was .91%.

During the 2022 plan year the plan sponsor initiated a twelve-month put period to terminate the contract during which no additional contributions could be made. At the end of twelve-months assets may be paid out.

Notes to Financial Statements October 31, 2023 and 2022

NOTE E – GROUP ANNUITY CONTRACTS (continued)

During the plan 2022 year the plan sponsor entered into a new group annuity contract with Empower Annuity Insurance Company f/k/a Great-West Life & Annuity Insurance Company in the form of a guaranteed investment contract, which was called the Great-West Investments Fixed Account Series I.

The insurance company-maintained contributions in a general account, which was credited with earnings and charged for participant withdrawals and administrative expenses.

Since the group annuity contract was fully benefit-responsive, contract value was the relevant measurement attribute for that portion of the net assets available for benefits attributable to the group annuity contract. Contract value represented contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants could ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events limited the Plan's ability to transact at contract value with the insurance company. Such events included the following: (1) premature termination of the contracts by the Plan, (2) plant closings, (3) layoffs, (4) Plan termination, (5) bankruptcy, (6) and early retirement incentives. Plan management believed occurrence of events that would cause the Plan to transact at less than contract value was not probable. The insurance company could not terminate the contract at any amount less than contract value.

The insurance company was contractually obligated to pay the principal and specified interest rate that was guaranteed to the Plan. The crediting interest rate was based on a formula agreed upon with the insurance company. Such interest rates were reviewed on a periodic basis. The plan terminated the contract effective September 30, 2023. As of October 31, 2023 the contract held no plan assets.

NOTE F - FIDELITY BOND COVERAGE

In order to maintain compliance with ERISA rules regarding bond coverage the Plan is covered by a fidelity bond. The bond is current, and the amount of coverage is in excess of ten percent of the total assets of the Plan.

NOTE G – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

B & I CONTRACTORS, INC. 401(k) PLAN

Notes to Financial Statements October 31, 2023 and 2022

NOTE H – RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

The group annuity contract was managed by Empower Annuity Insurance Company of America. Empower Annuity Insurance is the third-party administrator for the Plan and, therefore, these transactions qualified as party-in-interest transactions. The Plan paid Empower Annuity Insurance Company of America \$59,221 and \$53,205, respectively, in recordkeeping fees during the years ended October 31, 2023 and 2022.

Blue Ridge ESOP Associates acts as third-party administrator for the Plan. The Plan paid administration fees in the amount of \$13,793 and \$16,738 for the plan years ended October 31, 2023 and 2022, respectively.

Empower Advisory Group, LLC an affiliate of Empower Retirement Services, acts as an investment manager for the Plan. The Plan paid investment managements fees to Empower Retirement Services in the amount of \$10,934 and \$10,124 for the plan year ended October 31, 2023 and 2022, respectively.

UBS Financial Services Inc., acts as an investment advisor for the plan. The Plan paid investment management fees in the amount of \$20,749 and \$20,230 for the plan years ended October 31, 2023 and 2022, respectively.

NOTE I – TAX STATUS

The Plan obtained its latest opinion letter on January 15, 2021, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

NOTE J – RISKS AND UNCERTAINTIES

The Plan has various investments. The investments are exposed to a variety of risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of the investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
