Independent Auditor's Report

To the Plan Administrator of the
SPI 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of the SPI 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from qualified institutions as of December 31, 2023 and 2022 and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule H, Line 4a: Schedule of Delinquent Participant Contributions and Schedule H, Line 4i: Schedule of Assets (Held at End of Year), as of or for the year ended December 31, 2023, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

SPI 401(k) Plan

Notes to Financial Statements

December 31, 2023 and 2022

Note 1 – Description of the Plan

The following description of the SPI 401(k) Plan (the "Plan") provides only general information. Participants and all others should refer to the Plan Document for a more complete description of the Plan's provisions.

General. The Plan is a defined contribution plan, which went into effect September 1, 2017, that is generally available to all employees of Sales Partnerships, Inc. (the "Company", "Plan Sponsor", "Plan Administrator", or "Employer") who are age 18 or older and who have completed three months of service. Eligible employees may enter the Plan on the first of the month coincident with or following the date they meet the Plan's eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). Benefits under the Plan are not guaranteed by the Pension Benefit Guaranty Corporation.

Plan Amendment. Effective January 1, 2023, the Plan document was amended to change eligibility from three months of service for elective deferral contributions and one year of service for discretionary Employer matching and discretionary Employer nonelective contributions to two months of service. Additionally loans to participants were allowed.

Effective August 16, 2023, the Plan document was amended to modify the Plan's definition of compensation.

Contributions. The following types of contributions are allowable under the Plan:

- **Elective Deferral Contributions** – Participants may contribute a percentage of their eligible pre-tax compensation, as defined in the Plan document, subject to limitations. Participants may also contribute a percentage of their after tax compensation and designate it as a Roth deferral contribution. A participant's total contribution cannot exceed \$22,500 (\$30,000 if 50 or older) in calendar year 2023.
- **Discretionary Employer Matching Contributions** – The Employer may make matching contributions each payroll period to eligible participants who have completed one year of service and who are age 18 or older. During 2023, the Employer matched 50% of the participant's elective deferral contributions up to 6% of the participant's compensation.
- **Discretionary Employer Nonelective Contributions** – The Employer may make a discretionary Employer nonelective contribution to those eligible participants who have completed one year of service, are age 18 or older, and who are actively employed as of the last day of the Plan year. This contribution is allocated to each eligible participant's account in the ratio that each participant's compensation bears to the compensation of all eligible participants. During 2023, the Employer did not make a discretionary Employer nonelective contribution.
- **Rollover Contributions** – Certain amounts distributed to participants from other qualified employee benefit plans may be rolled into the Plan.

All contributions are allocated to the Plan's investment funds at the direction of the participants.

Notes to Financial Statements

December 31, 2023 and 2022

Note 1 – Description of the Plan (continued)

Participant Accounts. Each participant's account is credited with the participant's contributions (elective deferrals and rollovers), the Employer's discretionary contributions (matching and nonelective), and Plan earnings, and charged with payments of benefits and an allocation of administrative expenses and Plan losses. Allocations are based on participant earnings or account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options. Participants may currently direct their investments into various registered investment companies, a common collective trust, and an investment contract with insurance company.

Vesting. Participants are immediately 100% vested in their elective deferral and rollover contributions plus actual earnings thereon. Vesting in discretionary Employer matching and discretionary Employer nonelective contributions is based on a six year graded vesting schedule, whereas a participant becomes 100% vested after six years of service. Participants, while employed, also become 100% vested upon reaching normal retirement age of 65, death, becoming disabled, or upon Plan termination or partial Plan termination.

Forfeitures. When certain terminations of participation occur, the non-vested portion of a participant's account represents a forfeiture. Forfeitures can be used to reduce future Employer contributions or can be used to pay administrative expenses of the Plan. During 2023, forfeitures of \$35,613 were used to reduce Employer contributions. As of December 31, 2023 and 2022 unutilized forfeitures totaled \$19,345 and \$26,528, respectively.

Plan Expense Account. The Plan maintains a Plan Expense Account ("PEA") that is funded by revenue credits from the Plan's service provider and used to pay administrative expenses of the Plan. During 2023, the PEA received \$6,002 in revenue credits and paid \$13,739 in administrative expenses. As of December 31, 2023 and 2022, the balance in the PEA totaled \$1,533 and \$9,122, respectively.

Notes Receivable from Participants. Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of (i) \$50,000 or (ii) 50% of their vested account balance. Loan terms range up to a maximum of 5 years (a longer term is available if used for the purchase of a principal residence). The loans are secured by the balance in the participant's account and bear an interest rate equal to the Prime Rate plus 1% at the date the loan is granted as determined by the Plan Administrator. Principal and interest payments are paid ratably through payroll deductions.

Payment of Benefits. Benefits to participants or beneficiaries generally are payable as a lump sum equal to the value of their vested account balance upon retirement, disability, death or termination of the participant. Participants may also elect to rollover their vested account balance into an IRA or another qualified plan. Additionally, participants may request in-service withdrawals of their rollover contributions account, upon attainment of age 59½, for a qualified reservist distribution, or upon incurring a financial hardship, as defined in the Plan document, if certain criteria are met.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting and Use of Estimates. The financial statements of the Plan are prepared using the accrual method of accounting. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to use estimates and assumptions that affect the accompanying financial statements and disclosures. Actual results could differ from those estimates.

Investment Valuation and Income Recognition. The Plan's investments are stated at fair value, except for the Plan's investment in an investment contract with insurance company which is stated at contract value (see Note 4). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the investment advisors and custodians. See Note 3 for a discussion of fair value measurements.

Investment Valuation and Income Recognition. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions. Participant contributions and the related Employer matching contribution are recognized in the period in which participant contributions are withheld from compensation.

Notes Receivable from Participants. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 and 2022. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Other Income. The Plan receives revenue credits from the Plan's service provider based on a percentage of assets in the Plan. Such amounts are recorded as other income in the accompanying statement of changes in net assets available for benefits.

Benefits Payments. Benefits are recorded when paid.

Excess Contributions Payable. Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Code ("IRC") are recorded as a liability and corresponding expense. The Plan distributes the excess contributions to applicable participants after the Plan's year end.

Expenses. Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Included in administrative expenses are contract administrator, recordkeeping, investment advisor, investment management, withdrawal charges, and other expenses. Certain investment related expenses are included in net appreciation in fair value of investments.

Note 3 – Fair Value Measurements

The Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

- Level 1** Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2** Inputs to the valuation methodology include:
- Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability; and
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3** Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

There have been no changes in the methodologies used at December 31, 2023 and 2022. The following is a description of the valuation methodologies used for assets measured at fair value:

- Registered investment companies are valued at the quoted net asset value ("NAV") of shares held by the Plan at year end; and
- The common collective trust ("CCT") is valued at the NAV of units held by the Plan at year end. The NAV, as provided by the custodians, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 3 – Fair Value Measurements (continued)

The following tables sets forth by level, within the fair value hierarchy ("FV Hierarchy"), the Plan's assets at fair value as of December 31, 2023 and 2022:

Fair Value Measurements at December 31, 2023

Note 4 – Investment Contract with Insurance Company

During 2019, the Plan entered into a traditional benefit-responsive investment contract, the Guaranteed Interest Fund ("GIF"), with Empower Annuity Insurance Company of America ("EAICA"). EAICA maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

This contract meets the fully benefit-responsive investment contract criteria and, therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by EAICA, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract at December 31, 2023 and 2022, was \$35,469 and \$40,746, respectively. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than zero percent. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include:

- **Excessive Trading:** Based on EAICA's excessive trading policy, EAICA shall restrict a participant, alternate payee, or beneficiary from making a transfer into the GIF for up to thirty calendar days from the date of the most recent transfer from the GIF. Contributions and deposits, other than transfers, will be allowed into the GIF during the 30 day period.
- **Plan Sponsor Initiated Events:** The Plan Sponsor shall notify EAICA at least 30 calendar days prior to a Plan Sponsor initiated event. Plan Sponsor initiated events are events that materially impact the assets in the GIF as it relates to the Plan including, but not limited to, a spin-off, sale, merger, full or partial plan termination. In certain circumstances, a market value adjustment, as defined in the investment contract, may apply to Plan Sponsor initiated events.
- **Contract Termination:** Either EAICA or the Plan Sponsor may terminate the investment contract upon a 75 day written request to the other party. At least 60 days before the contract termination date, the Plan Sponsor must notify EAICA, in writing, of its selection of contract termination options. Such contract termination options include (a) lump sum payment with market value adjustment, (b) payment at book value, (c) payment in 20 quarterly installments, and (d) any other termination option allowable under applicable law as mutually agreed in writing by EAICA and Plan Sponsor. Upon termination of the contract by Plan Sponsor, transfer restrictions and a contract termination charge may apply.

The Plan Administrator does not believe that the occurrence of any contract provisions which would limit the Plan's ability to transact at contract value with participants is probable.

Note 7 – Plan Termination and Partial Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination or a partial Plan termination, affected participants will become 100% vested in their accounts.

During 2023, the Company experienced a significant number of terminations and the Plan Administrator determined that a partial plan termination occurred. As a result, affected participants have become 100% vested in their accounts.

Note 8 – Tax Status

The Company has adopted a CCH Incorporated, DBA fwilliam.com Pre-Approved Profit Sharing Plan Document ("pre-approved plan"). The pre-approved plan received an opinion letter from the Internal Revenue Service ("IRS") on June 30, 2020, which stated that the pre-approved plan is qualified under the applicable sections of the Internal Revenue Code ("IRC"). Although the pre-approved plan and Plan have been amended since receiving the IRS opinion letter, the Plan Administrator believes that the Plan and related trust are currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan Administrator believes that the Plan is qualified under Section 401(a) of the IRC and the related Trust is tax exempt as of December 31, 2023 and 2022. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023 and 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9 – Party-In-Interest Transactions

The Company provides to the Plan certain accounting and administrative services for which no fees are charged.

Certain Plan investments are an investment contract with insurance company offered by EAICA. As EAICA is one of the custodians of the Plan, these transactions qualify as party-in-interest transactions. Fees paid for services rendered by parties-in-interest were based on customary and reasonable rates for such services.

December 31, 2023 and 2022

Note 10 – Nonexempt Prohibited Transaction

During 2022 and 2023, the Company had nonexempt prohibited transactions related to participant contributions not remitted to the trust in a timely manner as listed in the aggregate on Schedule H, Line 4a: Schedule of Delinquent Participant Contributions. The principal amount of the late contributions have been remitted to the Plan's trust. The Company corrected the 2022 and 2023 late contributions by remitting lost earnings into the Plan's trust in January 2023 and April 2024, respectively.

Note 11 – Concentrations, Risks, and Uncertainties

The Plan provides for various investment options. Investment securities, in general, are exposed to various risks, such as significant world events, interest rate, credit, and overall market volatility risk. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts presented in the statements of net assets available for benefits. As of December 31, 2023 and 2022, there were three investments, respectively, which individually represented more than 10% of net assets available for Plan benefits. See supplemental Schedule of Assets (Held at End of Year) for a complete listing of investments held at December 31, 2023.

Additionally, some investments held by the Plan are invested in the securities of foreign companies, which involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than those of securities of comparable U.S. companies.

Note 12 – Subsequent Events

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through July 24, 2024, which is the date the financial statements were available to be issued.
