Independent Auditors' Report

The Plan Administrator of White Plains Hospital 403(b) Defined Contribution Retirement Program

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the White Plains Hospital 403(b) Defined Contribution Retirement Program (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institutions).

Management has obtained certifications from the qualified institutions as of December 31, 2023 and 2022 and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by the qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

**The Plan Administrator of
White Plains Hospital
403(b) Defined Contribution
Retirement Program**

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by the qualified institutions agrees to or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

1. Description of Plan

The following description of the White Plains Hospital 403(b) Defined Contribution Retirement Program (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of White Plains Hospital (the "Hospital" or "Employer"). Employees are eligible to participate in the Plan immediately for purposes of making salary deferred contributions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

On December 31, 2020, Empower Retirement completed their acquisition of Massachusetts Mutual Life Insurance Company's retirement plan business. Great-West Life & Annuity Insurance Company of New York and Great-West Trust Company, LLC (collectively "Great-West") were the custodian and trustee of the Plan, which replaced Reliance Trust Company and Massachusetts Mutual Life Insurance Company as a result of the acquisition. In August of 2022, Empower changed the names of its U.S. companies with a legacy "Great-West" name to an "Empower" name. As a result, Great-West Life & Annuity Insurance Company of New York and Great-West Trust Company, LLC are now Empower Trust Company, LLC (the trustee) and Empower Life & Annuity Insurance Company of New York (the custodian) (collectively "Empower").

Contributions

Each year, participants may contribute a portion of their annual compensation on a pre-tax or after-tax (Roth) basis up to the applicable dollar amount which is established annually by the Internal Revenue Service ("IRS"), as defined in the Plan.

The Plan includes an auto enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan, unless they affirmatively elect not to participate, with a default rate set at 6% (increased from 5% during 2022) of their eligible compensation. Each year, the deferral percentage will increase by 1% until the participant reaches 10% of their eligible compensation.

Participants who have attained age 50 during the plan year are eligible to make catch-up contributions up to the statutorily permitted amount.

Participants may also rollover or transfer amounts representing distributions from other eligible retirement plans.

Participants direct the investment of their contributions into various investment options offered by the Plan.

1. Description of Plan (continued)

Contributions (continued)

The Hospital will make a non-elective contribution based on years of service. The contribution is a percentage of eligible compensation, up to the annual compensation limit of \$330,000 and \$305,000 for 2023 and 2022. Employees that are part of the Local 1199 Collective Bargaining Unit (with the exception of Local 1199 Tech Group Employees) and are per diem employees are not eligible to receive Employer contributions. Participants must complete one year of service to receive an Employer contribution.

Effective October 15, 2023, the schedule for Employer contributions are as follows:

<u>Years of Service</u>	<u>Annual Hospital Contribution</u>
1-9	8% of compensation
10+	10% of compensation

Effective July 1, 2022, participants in Local 1199 Tech Group shall receive the following:

<u>Years of Service</u>	<u>Additional Hospital Contribution</u>
0-4	4% of compensation
5-9	5% of compensation
10+	10% of compensation

During 2021, effective for participants employed on or after April 10, 2021, the determination of a participant's years of service will be made as of the first day of the Plan year, the schedule for Employer contributions are as follows:

<u>Years of Service</u>	<u>Annual Hospital Contribution</u>
1	6% of compensation
2	8% of compensation
3	10% of compensation

Effective January 1, 2023 to October 15, 2023, all eligible participants, excluding Local 1199 Tech Group Employees, received an Employer contribution of 10% of compensation.

Other Income

Amounts recorded as other income consist of income earned in the Plan Expense Account and uncashed checks.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Hospital's contribution and (b) Plan earnings (losses) thereon. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. Description of Plan (*continued*)

Vesting

Participants are fully vested at all times in their contributions. Full vesting in the Hospital's non-elective contribution occurs after completing three years of service.

Forfeitures

At December 31, 2023 and 2022, forfeited non-vested accounts totaled \$14,805 and \$11,101. The balances in the accounts are used to reduce future Employer contributions and pay for administrative expenses of the Plan. In 2023, forfeitures of \$617,149 were used to reduce Employer contributions and \$1,019 was used towards administrative expenses.

Payment of Benefits

Benefits are paid upon retirement (age 65), death, or other termination of employment. Upon retirement or termination of employment, a participant may elect to receive in cash or direct rollover a lump-sum amount equal to the vested value of the participant's account. If the account balance is more than \$1,000 but not more than \$5,000, and the participant has not attained age 62 or normal retirement age, the payment will be automatically rolled into a traditional individual retirement account ("IRA").

Expenses

Certain expenses of maintaining the Plan are paid by the Hospital and are excluded from these financial statements. Investment related expenses are included in net appreciation in value of investments.

Notes Receivable from Participants

Participants may borrow from their accounts up to a maximum amount equal to the lessor of \$50,000 or 50% of their vested account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at a rate equal to 1% above the prime rate. Loans must be repaid within a period not to exceed 5 years from the date the participant receives the loan, unless the loan is for the purchase of the participant's principal residence, in which case the loan can be repaid over 15 years. Repayment of principal and interest is made by payroll deductions.

2. Summary of Significant Accounting Policies

Basis of Accounting and Use of Estimates

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP"), which requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

**White Plains Hospital
403(b) Defined Contribution
Retirement Program**

Notes to Financial Statements

2. Summary of Significant Accounting Policies (*continued*)

Fair Value Measurements

The Plan follows U.S. GAAP guidance on *Fair Value Measurements* which defines fair value and establishes a fair value hierarchy organized into three levels based upon the input assumptions used in pricing assets. Level 1 inputs have the highest reliability and are related to assets with unadjusted quoted prices in active markets. Level 2 inputs relate to assets with other than quoted prices in active markets which may include quoted prices for similar assets or liabilities or other inputs which can be corroborated by observable market data. Level 3 inputs are unobservable and are used to the extent that observable inputs do not exist. At December 31, 2023 and 2022, all of the Plan's investments, that were valued at fair value, were valued using level 1 inputs.

Investment Valuation and Income Recognition

All of the Plan's investments are stated at fair value except for the group annuity contract, which is valued at contract value since it is fully benefit-responsive. The group annuity contract is valued at contract value, which represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. The mutual funds and money funds held by the Plan are valued based on the daily closing price as reported by the funds. All of the funds are open-ended and are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price and are deemed to be actively traded. Personal choice retirement accounts are considered to be self-directed accounts and are valued based on the account's underlying investments held as of the end of the plan year. The personal choice retirement accounts consist of: mutual funds and money funds.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payments of Benefits

Benefits are recorded when paid.

Subsequent Events Evaluation by Management

Management has evaluated subsequent events for disclosure and/or recognition in the financial statements through the date that the financial statements were available to be issued, which date is July 18, 2024.

3. Information Certified (Unaudited)

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) including investments and notes receivable from participants held at December 31, 2023 and 2022, and net appreciation in value of investments, interest and dividends, and interest on notes receivable from participants for the year ended December 31, 2023, was obtained by management and agreed to or derived from information certified as complete and accurate by Empower Trust Company, LLC and Empower Life & Annuity Insurance Company of New York, qualified institutions.

4. Investments

The Plan's investments consist of the following at December 31:

	<u>2023</u>	<u>2022</u>
Investments, at Fair Value		
Mutual Funds	\$ 472,402,767	\$ 352,060,706
Other - Personal Choice Retirement Accounts	<u>4,653,060</u>	<u>4,045,897</u>
Total Investments, at Fair Value	<u>477,055,827</u>	<u>356,106,603</u>
Investments, at Contract Value		
Group Annuity Contract	<u>20,183,862</u>	<u>26,444,924</u>
Total Investments	<u>\$ 497,239,689</u>	<u>\$ 382,551,527</u>

5. Group Annuity Contract

Participants have the option to invest in a benefit-responsive investment contract with Empower. The Guaranteed Interest Account (the "GIA") is a general account product. The methodology for calculating the interest crediting rate is based on the earnings of the underlying assets of the portion of the Empower general accounts that is used to determine the GIA's crediting rate compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. The interest crediting rate is reset at least annually and no more frequently than quarterly for some contracts. Participants may direct permitted withdrawal and/or transfer transactions of all or a portion of their account balance at contract value.

Because the GIA is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to GIA.

Certain events limit the ability of the Plan to transact at contract value. Such events include: premature termination of the contracts by the Plan, plant closings, layoffs, Plan termination, bankruptcy, mergers, and early retirement incentives. Management does not believe any events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants.

**White Plains Hospital
403(b) Defined Contribution
Retirement Program**

Notes to Financial Statements
December 31, 2023

6. Plan Termination

Although it has not expressed any intent to do so, the Hospital has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provision of ERISA. In the event of a plan termination, participants would become 100% vested in their employer contributions.

7. Tax Status

The Hospital has adopted a restated volume submitter plan document effective January 1, 2020 which is intended to satisfy the IRS's final 403(b) regulations. The volume submitter plan document preparer received an opinion letter dated April 7, 2021 from the IRS. Although the Plan has been amended, the plan administrator believes that the Plan, is designed and currently being operated in accordance with applicable sections of the Internal Revenue Code ("IRC").

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine examinations by taxing jurisdictions; however, there are currently no examinations for any tax periods in progress.

8. Party-In-Interest Transactions

Certain investments are managed by Empower. Empower is a custodian and trustee, and therefore, these transactions qualify as exempt party-in-interest transactions under ERISA.

Participants who are active employees may borrow from their accounts and such loans qualify as exempt party-in-interest transactions under ERISA. These loans are recorded as notes receivable from participants in the statement of net assets available for benefits.

The Plan and Empower have entered into a revenue sharing arrangement whereby a portion of the revenue earned by certain funds is passed through to the Plan for payment of permitted Plan expenses. In order for the Plan to receive credits as a result of this arrangement and to use this credit to pay Plan expenses, the Employer created the Plan Expense Account ("PEA") under the Plan. The PEA is a cash account within the Plan, similar in design to forfeiture accounts, and is used to record-keep the re-distribution of plan-generated fund revenue. The PEA balance was \$147,201 and \$118 at December 31, 2023 and 2022. In 2023, \$26,837 was used to pay administrative expenses.

December 31, 2023

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

The global and domestic economic uncertainty has resulted in significant volatility in financial markets. This volatility has affected, and may continue to affect, the value of the Plan's net assets available for benefits. The effects of economic and market conditions subsequent to December 31, 2023 are not reflected in these financial statements and future effects on the Plan's net assets available for benefits cannot be predicted.
