PENSION PLAN FOR BARGAINING GROUP HOURLY EMPLOYEES OF THE CAMBRIDGE, OHIO PLANT OF NCI GROUP, INC.

FINANCIAL STATEMENTS

Years Ended December 31, 2022 and 2021

INDEPENDENT AUDITORS' REPORT

Plan Administrator
Pension Plan for Bargaining Group Hourly Employees of the Cambridge, Ohio Plan of NCI Group, Inc.

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2022 Financial Statements

We have performed the audit of the financial statements of Pension Plan for Bargaining Group Hourly Employees of the Cambridge, Ohio Plan of NCI Group, Inc. ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022, the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2022 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of December 31, 2022 and for the year ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2022 Financial Statements section:

- The amounts and disclosures in the accompanying 2022 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying 2022 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2022 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2022 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2022 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules of assets (held at end of year) and reportable transactions as of and for the year ended December 31, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter - Auditors' Report on the 2021 Financial Statements

Predecessor auditors performed an audit of the 2021 financial statements of the Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the Plan that were certified by a qualified institution. Their report dated October 12, 2022, indicated that (a) the amounts and disclosures in the 2021 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2021 supplemental schedules, other than the information in the 2021 supplemental schedules that agreed to or is derived from the certified investment information, were presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2021 supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determines meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

(1) Description of plan

The following description of the Pension Plan for Bargaining Group Hourly Employees of the Cambridge, Ohio Plant of NCI Group, Inc. (the "Plan") provides only general information. Participants should refer to the Plan Document or Summary Plan Description for a more complete description of the Plan's provisions, which are available from the plan administrator.

General - The Plan is a noncontributory defined benefit pension plan covering substantially all bargaining unit employees of Local 1825, International Union, United Automobile, Aerospace and Agricultural Implement Workers of America, who were in the active employment of NCI Group, Inc. (the "Company") on or after February 12, 1993 and prior to June 11, 2005. The Plan was amended effective June 11, 2005, in which no individual whose hiring date with the Company on or after June 11, 2005 ("Freeze Date"), shall become a participant under the Plan nor shall they be eligible to accrue or be entitled to payment of any benefits under the Plan. Additionally, no individual who previously participated in the Plan and who is reemployed by the Company shall be eligible to accrue additional benefits under the Plan after the date of their reemployment, and any continuous service completed after such reemployment date shall not be taken into account in determining the amount of any benefits payable under the Plan to such individual. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Plan is administered by the Pension Board ("Committee"), which is a committee of the three or more officers or other persons from management of the Company. The Committee has overall responsibility for the operation and administration of the Plan. The Committee determines the appropriateness of the Plan's investment offerings, and monitors investment performance. Effective June 28, 2022, the Plan was amended to name the Plan Administrative Committee as the plan administrator of the Plan.

Plan amendments - The Plan has been amended and restated over the years to comply with various regulatory requirements.

On June 28, 2022, Cornerstone Building Brands, Inc. (formerly NCI Building Systems, Inc.) sold Metal Coaters, LLC to BlueScope Steel North America Corporation ("BlueScope"). Included in the terms of the sale, the Plan conveyed to BlueScope. On this date, Metal Coaters, LLC was renamed BlueScope Coated Products, LLC. BlueScope Coated Products, LLC became the plan sponsor and the Plan Administrative Committee was named the plan administrator of the Plan.

Pension benefits - Participants with five or more years of service are eligible for benefit payments upon reaching age 65. Monthly payments are determined by application of the life income benefit rate applicable at retirement multiplied by the number of years of continuous service, as defined in the Plan Document. Certain early retirement options are available, reduced for certain early retirement factors, as further described in the Plan Document.

(1) Description of plan (continued)

Pension benefits (continued) - In general, benefits are a monthly annuity payment. Lump sum payments are permitted prior to commencement of pension payments where the actuarial equivalent of such pension does not exceed $5,000.

In the event of a participant's death, a death benefit, as defined in the Plan Document, based on the value of the participant's accumulated pension benefit is paid to the participant's beneficiary. Active participants who become totally disabled and have completed 10 years of service receive their normal pension benefit plus a disability benefit. The disability benefit is paid to the participant until the earlier of the participant being awarded Social Security disability benefits or attaining age 65.

(2) Summary of significant accounting policies

Basis of accounting - The financial statements of the Plan are prepared on the accrual method of accounting.

Use of estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment valuation and income recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Payment of benefits - Benefits are recorded when paid.

Administrative expenses - The Plan's expenses are paid either by the Plan or the Company, as provided by the Plan document. Expenses that are paid directly by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statements of changes in net assets available for benefits. In addition, certain investments related expenses are included in net depreciation of fair value of investments presented in the accompanying statements of changes in net assets available for benefits.

Reclassification - Certain items from the 2021 financial statements have been reclassified to conform with the 2022 presentation. Such reclassifications had no effect on the total net assets available for benefits.

(3) Information prepared and certified by the trustee

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company ("Fidelity"), the trustee of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedules are complete and accurate with respect to investments:

- Investments at fair value
- Interest
- Net depreciation in fair value of investments
- Schedule of assets (held at end of year)
- Schedule of reportable transactions

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

(4) Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification Topic 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to measurement.

The asset or liability's fair value measurement level within fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

(4) Fair value measurements (continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Common collective trusts: Valued at the net asset value ("NAV") of units of the bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trusts, the issuer reserves the right to temporarily delay the withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

As of December 31, 2022 and 2021, the Plan's investments were measured at fair value using the net asset value per share (or its equivalent) practical expedient and are not classified within the fair value hierarchy.

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes investments for which fair value is based on NAV per share practical expedient as of December 31, 2022 and 2021, respectively.

Investments	Fair Value 12/31/2022	Fair Value 12/31/2021	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common Collective Trusts	$ 13,187,980	$ 16,719,427	$ -	None	None

(5) Actuarial present value of accumulated plan benefits

Accumulated plan benefits are those future periodic payments, including lump-sum distributions, which are attributable under the Plan's provisions to services rendered by the employees to the valuation date. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries.

The actuarial present value of accumulated plan benefits is determined by the Plan's independent actuary and is the amount that results from applying actuarial assumptions to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment. The actuarial present value of accumulated plan benefits is presented based on a beginning-of-year benefit information date.

(5) Actuarial present value of accumulated plan benefits (continued)

The significant actuarial assumptions used in the January 1, 2023 and 2022 valuations are as follows:

Interest rate	2023 - 4.9% 2022 - 3.5%
Mortality	January 1, 2023 - 2023 Small Plan Combined Annuitant and Non-Annuitant IRS Static Morality Tables January 1, 2022 - 2022 Small Plan Combined Annuitant and Non-Annuitant IRS Static Morality Tables
Cost Method	Projected unit credit
Retirement Age	Age 62 or attained age if later

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits. The computations of the actuarial present value of accumulated plan benefits were made as of January 1, 2023 and 2022. Had the valuations been performed as of December 31, there would be no material differences.

The actuarial present value of accumulated plan benefits as of January 1, 2023 and 2022 is as follows:

	2023	2022
Vested benefits		
Participants currently receiving payments	$ 9,482,207	$ 10,816,164
Other participants	854,393	1,309,632
Total vested benefits	10,336,600	12,125,796
Nonvested benefits	17,020	12,246
Total actuarial present value of accumulated plan benefits	$ 10,353,620	$ 12,138,042

(5) Actuarial present value of accumulated plan benefits (continued)

The changes in the actuarial present value of accumulated plan benefits for the years ended January 1, 2023 and 2022, are as follows:

	Years Ended December 31,	
	2023	2022
Actuarial present value of accumulated plan benefits at beginning of year	$ 12,138,042	$ 12,564,764
Increase due to passage of time	411,015	425,909
Decrease due to change in assumptions and plan changes	(1,464,404)	(14,883)
Additional benefits earned, including experience gains and losses	65,334	(38,983)
Decrease due to benefits paid	(796,367)	(798,765)
Actuarial present value of accumulated plan benefits end of year	$ 10,353,620	$ 12,138,042

(6) Funding policy

The Plan's funding policy is for the Company to contribute an amount which will meet or exceed the annual ERISA minimum funding requirement. The actuary has determined that there is no minimum annual contribution required from the Company for the years ended December 31, 2022 and 2021.

(7) Related party and party-in-interest transactions

Certain Plan investments are units of common collective trusts managed by Fidelity. Fidelity is the trustee for the Plan and therefore, these transactions qualify as party-in-interest transactions.

Fidelity provides trustee and other administrative and actuarial services to the Plan. Fees incurred by the Plan for the investment management services are included in net depreciation in fair value of the investments, as they are paid through revenue sharing rather than a direct payment. As described in Note 2, the Plan made direct payments to Fidelity of $100,595 and $84,593 for the years ended December 31, 2022 and 2021, respectively, which was not covered by revenue sharing. The Plan paid certain expenses related to the Plan's operations and investment activity to various service providers. These transactions qualify as party-in-interest transactions.

(8) Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA.

In the event the Plan terminates, the net assets of the Plan will be allocated, as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order indicated:

a. Benefits attributable to employee contributions, taking into account those paid out before termination.

b. Annuity benefits that former employees or their beneficiaries have been receiving for at least three years, or that employees eligible to retire for that three-year period would have been receiving if they had retired with benefits in the normal form of annuity under the Plan. The priority amount is limited to the lowest benefit that was payable (or would be payable) during those three years. The amount is further limited to the lowest benefit that would be payable under plan provisions in effect at any time during the five years preceding plan termination.

c. Other vested benefits insured by the Pension Benefit Guaranty Corporation (“PBGC”) (a U.S. government agency) up to the applicable limitations discussed below.

d. Vested benefits not insured by the PBGC.

e. All nonvested benefits.

Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivors’ pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan’s termination.

Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan’s net assets to provide for accumulated benefit obligations, and may also depend on the financial condition of the Plan Sponsor and the level of benefits guaranteed by the PBGC.

(9) Tax status

The Internal Revenue Service (“IRS”) has determined and informed the Company by letter dated June 18, 2014, that the Plan (as restated January 1, 2014) and the related trust are designed in accordance with applicable sections of the Internal Revenue Code (“IRC”). Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan and related trust are currently designed and being operated in compliance with the applicable requirements of the IRC.

(9) Tax status (continued)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(10) Risks, uncertainties and concentrations

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

At December 31, 2022 and 2021 there were four investments, respectively, which individually represented more than 15% of investments held.

(11) Subsequent events

The Plan has evaluated subsequent events through August 2, 2024, which is the date the financial statements were available to be issued and noted the following item for disclosure:

Effective January 1, 2023, the Plan was amended to change the name of the Plan to the Pension Plan for Bargaining Group Hourly Employees of the Cambridge, Ohio Plant of BlueScope Coated Products, LLC.

Actuarial Assumptions and Methods

ERISA Interest Rates as required by IRC Section 430 based on plan sponsor election of the look-back month for the segment rates:

"Minimum" means for the purpose of calculating the PPA funding liability and normal cost for the minimum required contribution.

"Maximum" means for the purpose of calculating the PPA funding liability and normal cost for the maximum tax-deductible contribution.

	2022 Plan Year		**2021 Plan Year**	
Purpose	Minimum	Maximum	Minimum	Maximum
Segment rates or full yield curve	Segment	Segment	Segment	Segment
Look-back months	0	0	0	0
First 5 years	4.75%	0.88%	4.75%	1.75%
Next 15 years	5.18%	2.61%	5.36%	3.04%
Over 20 years	5.92%	3.27%	6.11%	3.65%
Applicable Law for the segment rates corridor	ARPA	Not Applicable	BBA	Not Applicable

Interest Rate for FASB ASC 960: 3.50%

Administrative Expenses: Estimated based on an underlying non-investment related expense assumption of $35,000 plus PBGC premiums for the current year.

Mortality:

ERISA: IRS 2022 Small Plan Static Mortality Table using separate tables for annuitants and non-annuitants as prescribed by IRC Section 430 (previously IRS 2021 Small Plan Static Mortality Table using separate tables for annuitants and non-annuitants)

FASB ASC 960: Same as ERISA

Actuarial Assumptions and Methods (continued)

Assumed Retirement Age: Age 62, or attained age if later
Termination: T-4 Table. Rates varying by age, based on the assumption used by the prior actuary for this plan.

Sample rates are shown below.

Age	Termination Rate
20	5.50%
25	5.37%
30	5.17%
35	4.84%
40	4.39%
45	3.90%
50	3.12%
55	1.98%
60	1.65%

Marital Status: 80% of males and females are assumed married, with females 3 years younger than males.

Maximum Benefit: $245,000 for 2022. For determining limitations under funding amounts and liabilities under FASB ASC 960, no future increases in the IRC Section 415 limit have been reflected.

Maximum Salary: $305,000 for 2022. For determining limitations under funding amounts and liabilities under FASB ASC 960, no future increases in the salary limit have been reflected.

Form of Payment: It has been assumed that participants will elect to take their benefit as an immediate single life annuity.

Actuarial Assumptions and Methods (continued)

Actuarial Value of Plan Assets for Funding Purposes:

The actuarial value of assets is equal to:

a) the market value of assets, including discounted receivables, on the valuation date, less

b) the following percentages of prior years' investment gains (losses):

   i) 67% of the prior year, and
   ii) 33% of the second prior year,

   Investment gains and losses are defined as the excess or deficiency of the expected return on the market value (at an assumed rate of 6.50%, not to exceed the third segment rate for that year) over the actual return on the market value of assets, including discounted receivables, for any given year.

c) The actuarial value of assets can be neither less than 90% nor greater than 110% of the market value of assets, including discounted receivables.

Actuarial Assumptions and Methods (continued)

Shortfall Amortization Charge for ERISA Funding Purposes: Per IRC Section 430(c), the shortfall amortization charge for any plan year is the aggregate total (not less than zero) of the shortfall amortization installments for such plan year with respect to any shortfall amortization base which has not been fully amortized. The shortfall amortization installments are the amounts necessary to amortize the shortfall amortization base of the plan for any plan year in level annual installments over the 15-year period beginning with such plan year.

Actuarial Cost Method: The unit credit cost method is used for ERISA funding target (FT). Under this method, accrued pension benefits are determined for all eligible active participants. These benefits reflect service, salary and negotiated benefit increases to date. The liability is then equal to the present value of all benefits (PVAB) for inactive participants plus the PVAB for active participants.

The normal cost is determined on an individual basis for all active participants who have not attained the assumed retirement age and is equal to the present value of the difference between the current accrued benefit and the anticipated accrued benefit one year later, with the accrued benefit based upon earnings, or negotiated benefit increases, to date in both cases. The total normal cost is based upon the sum of the individual normal costs. The target normal cost for funding is equal to the total normal cost plus assumed administrative expenses expected to be paid from the trust.

The projected unit credit method is used for IRS maximum deductible limit cushion amount. Under this method, accrued pension benefits are determined for all eligible active participants reflecting service to date and anticipated salary and negotiated benefit increases to the assumed retirement age. This liability for active participants is then added to the present value of all benefits for inactive participants to determine the total liability under this method.

The normal cost is determined on an individual basis for all active participants who have not attained the assumed retirement age and is equal to the present value of the difference between the current accrued benefit and the anticipated accrued benefit one year later, with the accrued benefit based upon earnings and negotiated benefit increases projected to assumed retirement age in both cases. The total normal cost is based upon the sum of the individual normal costs.

INDEPENDENT AUDITORS' REPORT

Plan Administrator
Pension Plan for Bargaining Group Hourly Employees of the Cambridge, Ohio Plan of NCI Group, Inc.

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2022 Financial Statements

We have performed the audit of the financial statements of Pension Plan for Bargaining Group Hourly Employees of the Cambridge, Ohio Plan of NCI Group, Inc. ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022, the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2022 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of December 31, 2022 and for the year ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2022 Financial Statements section:

- The amounts and disclosures in the accompanying 2022 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying 2022 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2022 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2022 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2022 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules of assets (held at end of year) and reportable transactions as of and for the year ended December 31, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter - Auditors' Report on the 2021 Financial Statements

Predecessor auditors performed an audit of the 2021 financial statements of the Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the Plan that were certified by a qualified institution. Their report dated October 12, 2022, indicated that (a) the amounts and disclosures in the 2021 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2021 supplemental schedules, other than the information in the 2021 supplemental schedules that agreed to or is derived from the certified investment information, were presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2021 supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determines meets the requirements of ERISA Section 103(a)(3)(C).

55/10 Retirement: Participants who have attained age 55 and at least 10 years of continuous service. Participants can only retire under this option except for benefits accrued prior to December 21, 2001.

60/15 Retirement: Participants who have attained age 60 and at least 15 years of continuous service.

30-year Retirement: Participants who have completed 30 Years of Continuous Service are eligible to retire.

Plan Provisions (continued)

60/20 Retirement: Participants who have attained 60 and at least 20 years of continuous service. This option is limited to participants who perform an hour of service on or after June 9, 2001 and prior to June 11, 2005. These participants are not eligible to retire under 55/15; 55/10, 60/15- and 30-Year Retirements.

Disability: After 10 years of Continuous Service, an employee is considered to be permanently incapacitated only if totally disabled so as to be prevented from engaging in any employment of the type covered by the collective bargaining agreement.

Deferred vested: Terminations for reasons other than death, disability, or retirement after completing five years of Continuous Service.

Monthly Benefits Paid Upon the Following Events:

60/15, 60/20, and 30-year Retirement: A monthly amount equal to (A) less (B) below (note that the benefit is unreduced for early retirement under these cases):

(A) Accrued Benefit

(B) monthly benefit amount as specified in Appendix B of the plan document (related to Continuous Service with prior employer through February 11, 1993)

Early Retirement:

- *55/15 Retirement Pension*: A monthly amount equal to the participant's Accrued Benefit. The Accrued Benefit is reduced by 0.45% per month prior to age 60.
- *55/10 Retirement Pension:* A monthly amount equal to the participant's Accrued Benefit. The Accrued Benefit is reduced by 0.45% per month prior to age 62.

Disability: A monthly amount equal to (A) or (B) as follows:

(A) Before eligibility for Social Security benefits amount shall be the sum of (1) and (2) where:

(1) is the participant's Accrued Benefit determined as of the date of the permanent incapacity, and

(2) is equal to the Benefit Rate in effect at the date of permanent incapacity multiplied by the participant's Continuous Service at the date of permanent incapacity up to a maximum of 25 years.

(B) After eligibility for Social Security benefits amount shall be the participant's Accrued Benefit determined as of the date of permanent incapacity.

Plan Provisions (continued)

Termination with deferred vested benefit: A monthly amount equal to the participant's Accrued Benefit. Payments are deferred to age 65. An immediate pension may be elected prior to age 65 (after age 55 and 5 years of Continuous Service) but reduced by 0.45% per month prior to age 65.

Death with pre-retirement spouse benefit: After 5 years of Continuous Service and prior to actual retirement. In event of the participant's death, the surviving spouse is eligible for monthly income for his/her life only commencing on the later of the date of the participant's death or the date the deceased participant would have attained age 55. The benefit is equal to the Accrued Benefit payable in the form of an automatic surviving spouse benefit option and reduced for early payment.

Automatic Surviving Spouse Benefit Option: The participant's monthly pension times 95% (+ 0.5% for each year in excess of five that the spouse is younger/older than the participant, minimum/maximum adjustments = 90% and 100%). After the participant's death, 70% of the reduced pension is payable to the surviving spouse.

Forms of Payment:

Normal form (single participants): Single life annuity.

Normal form (married participants): Actuarially reduced 75% joint and survivor annuity with spouse as beneficiary.

Optional forms: Participants who retire under the plan may elect a Single Life Annuity, a 75% Joint and Survivor Annuity, or a Lump Sum (where payments do not exceed $5,000).

Actuarial Equivalence: Lump Sums – Applicable Mortality and Interest under §417(e)(3). Optional forms – UP-84 mortality and the applicable interest rates applied by the PBGC.

Maximum on Benefits and Pay: All benefits and pay for any calendar year may not exceed the maximum limitations for that year as defined in the Internal Revenue Code. The plan provides for increasing the dollar limits automatically as such changes become effective.

Future Plan Changes: No future plan changes were recognized in determining pension cost or in determining minimum and maximum contributions.
