REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Plan Participants and Members of the Starbucks Corporation Administrative Committee
Starbucks Corporation 401(k) Plan and Trust

Scope and nature of the ERISA Section 103(a)(3)(C) audit

We have performed audits of the financial statements of Starbucks Corporation 401(k) Plan and Trust (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical

requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of management for the financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the financial statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other matter – supplemental schedules required by ERISA

The supplemental schedule of assets (held at year end) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

For the years ended December 31, 2023 and 2022

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Starbucks Corporation 401(k) Plan and Trust (the “Plan”) provides only general information. Participants should refer to the Plan Agreement (the “Agreement”) for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution savings plan available to eligible employees of Starbucks Corporation (the “Company” or “Starbucks”). The Plan provides for contributions pursuant to Section 401(k) of the Internal Revenue Code and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”). Fidelity Workplace Services, LLC is the recordkeeper and Fidelity Management Trust Company (“Fidelity”) is the trustee of the Plan.

Participant Contributions

Eligible employees may elect to defer eligible compensation on a 401(k) pre-tax basis, a Roth after-tax basis or a combination of both. Eligible employees may elect to defer between 1% and 75% of their eligible compensation, as defined in the Plan document, subject to certain Internal Revenue Service (“IRS”) limitations.

Matching Contributions

The Plan uses a Safe Harbor Match formula. The Starbucks Match is equal to 100% of the first 5% of eligible pay that a participant contributes each pay period during the Plan Year. This match formula will also apply to future calendar years unless changed by Starbucks. Matching contributions are made to participating employee accounts each payroll period.

Eligibility

All employees on the Starbucks or a participating company's United States payroll who are at least age 18 and have 90 days of service are eligible to participate in the Plan.

Participant Accounts

Participant accounts are credited with their contributions (pre-tax, Roth, and/or rollover), Company contributions and allocations of Plan earnings and losses minus any distributions and applicable fees. Earnings allocations are generally determined based on participants’ units in each investment option they have selected. A participant is only entitled to their vested account balance.

Vesting

All participant and Company matching contributions are immediately 100% vested.

Starbucks Corporation 401(k) Plan and Trust

NOTES TO FINANCIAL STATEMENTS

For the years ended December 31, 2023 and 2022

NOTE 1 - DESCRIPTION OF PLAN - Continued

Notes Receivable from Participants

The Plan provides for two types of loans: a general purpose loan and a primary residence loan. Only one outstanding loan of each type is permitted at any time. Plan participants may obtain fixed-rate loans, generally for periods not to exceed five years, against their vested account balances provided that certain conditions are met and that approval is granted by the Plan's trustees. If the loan is for the purchase of a primary residence, the repayment period can extend up to 15 years. Interest is paid by the borrower at a fixed rate of prime rate plus 1% and is retained in the borrower's account until the account balance is withdrawn. At December 31, 2023 and 2022, interest rates on outstanding participant loans receivable ranged from 4.25% to 9.50% per annum.

Payment of Benefits

Upon retirement, death or disability, the participant may elect to receive a benefit payment. Benefits are generally payable as a lump sum. All benefits must be paid or begin to be distributed when a participant reaches the later of their date of separation or age 73. An active participant may also elect to seek a hardship withdrawal, as defined in the Plan document, in certain cases of financial need.

Upon severance of a participant's employment for reasons other than death, disability or retirement, participants with a balance of more than \$1,000 may elect to; withdraw or rollover their account balance, elect to receive an unlimited number of partial payments or systematic installment payments, or leave all or a portion of their balance in the Plan until annual distributions are required starting no later than the April 1 following the calendar year in which they attain age 73. The Plan requires that benefits must be paid to separated participants with a vested benefit in the Plan of \$1,000 or less (including any rollover account). Participants age 59½ or older and still actively employed can request full or partial withdrawal annually from their account. Participants may withdraw all or a portion of the value of their Rollover Contribution Account balance, limited to one withdrawal each plan year. All participants who have elected to withdraw from the Plan as of December 31, 2023 have been paid as of year-end.

The Plan's Unclaimed Checks Policy provides for a method of locating and notifying participants who have separated and who have not cashed distribution checks. Following the terms of the Policy, the uncashed checks for "lost" participants are treated as "forfeitable" and are used in accordance with the terms of the Plan. Uncashed checks totaling \$39,929 and \$62,920 were determined to be forfeitable and forfeited during the Plan years ended 2023 or 2022, respectively.

Forfeitures

Forfeitures from participants may be used to offset employer matching contributions and to pay for administrative expenses. At December 31, 2023 and 2022, forfeiture accounts totaled \$1,877,045 and \$1,350,964, respectively. The forfeiture accounts include both forfeitable amounts as well as uncashed participant checks which are not currently forfeitable of \$1,476,029 and \$1,344,424, respectively. The forfeitable portion of these accounts may be used to reduce future employer matching contributions or to pay for administrative expenses. The Plan used \$0 and \$180,000 in forfeitures to offset Plan expenses attributable to the 2023 and 2022 calendar years, respectively.

NOTES TO FINANCIAL STATEMENTS

For the years ended December 31, 2023 and 2022

NOTE 1 - DESCRIPTION OF PLAN - Continued

Summary of Plan Amendments

Effective January 1, 2022, the Plan was restated using the Fidelity Pre-Approved Defined Contribution Plan Document.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles ("U.S. GAAP") requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade date basis. Interest and dividend income is accrued as earned. Net appreciation or depreciation in fair value is the net gain or loss on disposition of investments plus the net unrealized increase or decrease in fair value during the year of investments held at year-end.

Risks and Uncertainties

The Plan invests in investment securities which are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Payment of Benefits

Benefit payments are recorded when paid.

Starbucks Corporation 401(k) Plan and Trust

NOTES TO FINANCIAL STATEMENTS

For the years ended December 31, 2023 and 2022

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed as incurred. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Administrative Expenses

Fees paid by Plan participants in 2023 were as follows:

- Terminated participants with balances are assessed an annual per participant administrative fee of \$26, deducted quarterly, for account maintenance
- Initial Loan Setup - \$35 per loan
- Loan Maintenance Fee - \$15 annual fee/deducted quarterly
- Qualified Domestic Relations Order Fees, if utilizing Fidelity's website - between \$300 and \$1,800

All other Plan administrative expenses are paid by the Company, although uncashed/lost participant accounts that are determined to be forfeitable and that are subsequently forfeited can be used, as provided for under the Plan and Administrative Policies, to offset a portion of normal Plan expenses.

NOTE 3 - CERTIFIED INVESTMENT INFORMATION

The Plan administrator elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Under this provision of ERISA, investment information and related activity certified as complete and accurate by a qualified institution need not be subjected to independent audit. The Plan administrator has obtained a certification from Fidelity, as trustee of the Plan, that the following information included in the Plan's financial statements and supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as of December 31, 2023 and 2022
- Plan transactions related to investment income, securities transactions and interest income on notes receivable from participants for the years ended December 31, 2023 and 2022
- Schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2023

Starbucks Corporation 401(k) Plan and Trust

NOTES TO FINANCIAL STATEMENTS

For the years ended December 31, 2023 and 2022

NOTE 4 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan is terminated, the right of each participant to the benefits accrued under the Plan shall be non-forfeitable and subject only to the available Plan assets. The complete provisions covering Plan termination are included in the Plan document, which is available to all participants.

NOTE 5 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 as of December 31:

	<u>2023</u>	<u>2022</u>
Net assets available for benefits per the financial statements	\$4,099,869,582	\$3,243,044,430

Starbucks Corporation 401(k) Plan and Trust

NOTES TO FINANCIAL STATEMENTS

For the years ended December 31, 2023 and 2022

NOTE 6 - TAX STATUS

Effective January 1, 2022, the Plan was restated using the Fidelity Pre-Approved Defined Contribution Plan Document. The pre-approved Plan document utilized by the Plan obtained an opinion letter dated June 30, 2020, in which the IRS stated that the form of the plan is acceptable for use by employers for the benefit of their employees under Internal Revenue Code Section 401.

The Plan administrator believes that the Plan is currently designed and is being operated in compliance with the applicable requirements of the Internal Revenue Code, and therefore believes the Plan is qualified and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023 and 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however there are currently no audits for any tax periods in progress.

NOTE 7 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Starbucks Corporation 401(k) Plan and Trust

NOTES TO FINANCIAL STATEMENTS

For the years ended December 31, 2023 and 2022

NOTE 7 - FAIR VALUE MEASUREMENTS - Continued

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds: Valued at the daily quoted Net Asset Value (“NAV”) of shares held by the Plan at year end.

Collective trust funds: Valued at their respective NAV as reported by such trust. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. The NAV is based on the fair value of the underlying investments held by the trusts, with the exception of fully-benefit responsive investment contracts held by the trusts which are valued at contract value, less liabilities.

Participant transaction (purchases and sales) may occur daily. If the Plan initiates a full redemption of the Galliard Stable Return Fund Class E, one of the collective funds invested in, the trustee of the fund may impose, at its sole discretion, a prior notice period of up to 12 months for any Employer initiated withdrawal of assets from the fund. At December 31, 2023, no prior period notice has been imposed. There are no redemption restrictions for the Plan's other collective trust fund investments. Participant transfers to competing funds are required to be invested in a non-competing fund for at least 90 days before transferring into a competing fund option. At the discretion of the Galliard Stable Return Fund, the 90 day period may be waived. The Plan does not have any contractual obligations to further invest in these trusts. These investments are not classified within the valuation hierarchy, but presented for reconciliation purposes only.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.
