Independent Auditor's Report

The Plan Administrator and Participants
Synergy Equipment 401(k) Plan
Tampa, Florida

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Synergy Equipment 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from qualified institutions as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report,

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i - schedule of assets (held at end of year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Synergy Equipment 401(k) Plan

Notes to Financial Statements

1. Description of the Plan

The following description of the Synergy Equipment 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan commenced on January 1, 1994, as a defined contribution plan. It was restated effective March 15, 2022, and again effective October 3, 2022. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Upon the restatement effective October 3, 2022, the sponsor changed from Florida BC Holdings, LLC dba Synergy Equipment, to Synergy Rents, LLC (the Employer). Additionally, the Plan made Empower Annuity Insurance Company of America and Empower Trust Company, LLC (collectively, Empower) the combined recordkeeper, trustee, and custodian of the Plan with respect to all investments.

During the year ended December 31, 2022, assets totaling \$2,644,094 were transferred out of the Plan and into the Dynamic Equipment 401(k) Plan.

Eligibility

All employees, excluding those who are non-resident aliens, covered by a collective bargaining agreement, residents of Puerto Rico, and part-time, temporary, or seasonal employees. Eligible employees who attain the age of 18 and complete 3 months of service are eligible to participate in the Plan as of the first day of the month coincident with or subsequent to the above conditions being met.

Contributions

Participants may elect to contribute, on a pre-tax basis or after-tax basis (Roth contributions), up to 100% of their eligible compensation, as defined by the Plan, through payroll deductions, not to exceed the limit under the Internal Revenue Code (IRC). The Plan has an auto-enrollment provision, whereby all newly eligible employees are automatically enrolled in the Plan at a rate of 1% of eligible compensation, unless they affirmatively elect not to participate in the Plan or elect a different percentage. Those participants with a deferral rate greater than zero will have their deferral increased annually by 1% (not to exceed 10%). In addition, eligible participants are permitted to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers).

The Employer makes safe harbor matching contributions on a Plan year basis equal to a uniform percentage (100% of salary deferrals that do not exceed 3% of compensation, plus 50% of salary deferrals between 3% and 5% of compensation). The Employer may also make an additional discretionary matching contribution calculated as a percentage of a participant's compensation. To receive Employer safe harbor matching and additional matching contributions, a participant must complete 12 months of service. There were no additional matching contributions made to the Plan in 2022. In addition, the Employer may make a discretionary profit-sharing contribution each Plan year allocated based on a percentage of a participant's compensation. To receive an allocation of such contributions, a participant generally must be employed on the last day of the Plan year and have earned at least 1,000 hours during the Plan year. There were no Employer discretionary profit-sharing contributions made to the Plan in 2022.

Contributions are subject to certain limitations set by law. Participants direct the investment of their employee and Employer contributions into various investment options offered by the Plan.

Notes to Financial Statements

1. Description of the Plan (cont.)

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the Employer's safe harbor matching, additional matching contribution, profit-sharing contribution, and Plan earnings (losses). Allocations are based on participant compensation, deferrals or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of 50% of their vested account balance or \$50,000, both reduced by any outstanding loan balance on the date the new loan is made. The maximum loan term is five years, except loans issued for the purchase of a primary residence in which case the note receivable term may exceed five years. The loans are secured by the balance in the participant's account and bear interest at a prime rate plus 1%, which is fixed on date of loan. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

Participant accounts may be withdrawn upon retirement, death, or termination of employment. The Plan also allows for in-service withdrawals at age 59½ along with withdrawals in the event of a financial hardship.

Vesting

Participants are immediately vested in the value of their salary deferral and rollover contributions, Employer safe harbor matching and additional matching contributions, and related investment earnings. Certain prior Employer matching contributions and any Employer profit-sharing contributions vest according to the following schedule:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than two	0%
Two	20%
Three	40%
Four	60%
Five	80%
Six or more	100%

A participant will become fully vested in Employer contributions, regardless of length of service, in the event of death or disability.

Forfeited Accounts

Forfeitures may be used to pay Plan administrative expenses, to reduce Employer contributions, or for reallocation to participants. For the year ended December 31, 2022, \$384 of forfeitures were used to pay Plan administrative expenses. The balance of forfeited accounts was \$10,933 and \$5,598 at December 31, 2022 and 2021, respectively.

Synergy Equipment 401(k) Plan

Notes to Financial Statements

1. Description of the Plan (cont.)

Administrative Expenses

The Plan's administrative expenses are paid by either the Plan or the Employer, as provided by the Plan document. Certain expenses incurred from maintaining the Plan are paid directly by the Employer. Investment-related expenses are included in net appreciation or depreciation in fair value of investments. Administrative expenses relating to specific participant transactions are charged directly to the participant's account.

Revenue Credit Program

The Plan participates in a revenue credit program. Income from the program can be used to pay Plan expenses or may be allocated to participants. The revenue sharing account balance was \$167 and \$0 at December 31, 2022 and 2021, respectively. For the year ended December 31, 2022, Plan expenses were offset by \$4,084 of revenue sharing credits.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting. The Plan follows accounting standards set by the Financial Accounting Standards Board (FASB). The FASB sets accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in accordance with GAAP requires the Plan's management to make estimates and assumptions that affect the reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income (Loss) Recognition

The investments of the Plan are reported at fair value, except for the fully benefit-responsive investment contract, which is reported at contract value. Contract value is the relevant measure for that portion of net assets available for benefits because contract value is the amount participants normally would receive if they initiated permitted transactions under the Plan.

The fair value of a financial instrument is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (the exit price). The Plan's investment committee determines the Plan's valuation policies utilizing information provided by the investment advisor, custodian, and insurance company.

Purchases and sales are recorded on a trade-date-basis. Dividends are recorded on the ex-dividend date. Investment income (loss) is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2022 and 2021, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the Plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

2. Summary of Significant Accounting Policies (cont.)

Payment of Benefits

Benefit payments are recorded when paid.

3. Certified Information

The Plan's administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Empower provided a certification that the financial information included in the financial statements as of December 31, 2022, and for the period from October 1, 2022, through December 31, 2022, provided to the Plan is complete and accurate. Fidelity Management Trust Company (Fidelity) provided a certification that the financial information included in the financial statements as of December 31, 2021, and for the period from January 1, 2022, through September 30, 2022, provided to the Plan is complete and accurate. The information as to investment assets and transactions therein, and investment income (loss) included in the accompanying financial statements and supplemental schedule as of December 31, 2022 and 2021, and for the year ended December 31, 2022, is covered by such certifications.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

4. Fair Value Measurements

GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs in which little or no market data exists (Level 3 measurements). The three levels of the fair value hierarchy under GAAP are described below:

Basis of Fair Value Measurements

Level 1 - Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;

Level 2 - Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly;

Level 3 - Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no significant changes in the methodologies used at December 31, 2022 and 2021.

Mutual Funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Synergy Equipment 401(k) Plan

Notes to Financial Statements

4. Fair Value Measurements (cont.)

Basis of Fair Value Measurements (cont.)

Money Market Fund - Valued using the amortized cost method of valuation or penny-rounding method of pricing as permitted by Rule 2a-7 under the Investment Company Act of 1940, as amended, which approximates fair value. The Plan does not hold this fund at December 31, 2022.

The methodologies described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while management believes its valuation methodologies are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

<i>December 31, 2022</i>	Level 1		Level 2		Level 3		Total
Mutual funds	\$	8,392,808	\$	-	\$	-	\$ 8,392,808
Total investments at fair value	\$	8,392,808	\$	-	\$	-	\$ 8,392,808
<i>December 31, 2021</i>	Level 1		Level 2		Level 3		Total
Mutual funds	\$	12,563,047	\$	-	\$	-	12,563,047
Money market fund		227,940		-		-	227,940
Total investments at fair value	\$	12,790,987	\$	-	\$	-	12,790,987

5. Guaranteed Interest Fund

The guaranteed interest fund is a fully benefit-responsive guaranteed investment contract with Empower Annuity Insurance Company of America (Empower Annuity). Empower Annuity maintains the contributions in a general account. The account is credited with earnings (losses) on the underlying investments and charged for participant withdrawals and administrative expenses. Empower Annuity is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

As described in Note 2, because the guaranteed interest fund is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by Empower Annuity, represents contributions made under the contract, plus earnings (losses), less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest is based on a formula agreed upon with the issuer. The actual average yield earned by the Plan can be derived by averaging the Plan's quarterly interest rates. The average for 2022 is 1.78%. Such interest rates are reviewed on a quarterly basis for resetting.

5. Guaranteed Interest Fund (cont.)

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provision, (3) bankruptcy of the Employer or other Plan sponsor events that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required transaction exemption under ERISA. Furthermore, certain events would allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include a) an uncured breach of the Plan's investment guidelines, b) a material amendment to the contract without the issuer's consent, c) a violation of a material obligation under the contract, or d) a material misrepresentation. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with participants are probable of occurring.

6. Tax Status

Effective March 15, 2022, the Plan that was based on a Volume Submitter Profit Sharing Plan with CODA sponsored by Fidelity Management & Research Co. moved to a Non-Standardized Pre-Approved Profit Sharing Plan with CODA (Fidelity Pre-Approved Plan) sponsored by FMR, LLC. The Internal Revenue Service (IRS) has opined and informed FMR, LLC by letter dated June 30, 2020, that the Fidelity Pre-Approved Plan is designed in accordance with the applicable sections of the IRC.

Effective October 1, 2022, the Plan that was based on the Fidelity Pre-Approved Plan moved to a Non-Standardized Pre-Approved Profit Sharing/Money Purchase/CODA Plan sponsored by Empower Retirement LLC (Empower Pre-Approved Plan). The Internal Revenue Service (IRS) has opined and informed Empower Retirement, LLC by letter dated November 14, 2022, that the Empower Pre-Approved Plan is designed in accordance with the applicable sections of the IRC. The Plan administrator believes that the Plan is designed, and is being operated, in compliance with the applicable requirements of the IRC and, therefore, believes the Plan is qualified and the related trust is tax-exempt.

GAAP requires the Plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

7. Party-In-Interest Transactions

Certain Plan investments were managed and provided by Empower. These transactions, as defined by the Plan, qualify as party-in-interest transactions. Notes receivable from participants are also defined by ERISA as party-in-interest transactions. Such transactions are exempt from the prohibited transaction rules.

8. Plan Termination

Although the Employer has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, account balances that are not yet vested will become 100% vested and be distributed to participants in accordance with the terms of the Plan.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

10. Operational Error

During the year ended December 31, 2021, Plan management discovered that certain of the Plan's provisions were not properly applied in the daily operation of the plan whereby certain participants did not receive Employer safe harbor matching contributions. Plan management determined the affected participants and deposited \$10,879 qualified non-elective contributions into the Plan in 2022 to make the affected participants and the Plan whole, which is included in the financial statements in other employer contributions receivable as of December 31, 2021.

11. SECURE Act 2.0

On December 23, 2022, Congress passed the Consolidated Appropriations Act of 2023 which included SECURE Act 2.0. SECURE Act 2.0 contains over 90 new retirement provisions, with varying effective dates through 2027. Since SECURE Act 2.0 provisions include both required and optional elements, the Plan administrator will determine the optional provisions to elect and amend the Plan document accordingly. Most of the significant provisions will become effective in 2024 and thereafter. Accordingly, there is no material impact to the Plan's 2022 financial statements.

12. Subsequent Events

Management has evaluated subsequent events through January 04, 2024, the date the financial statements were available to be issued.
