Voltyx 401(k) Plan
St. Louis, Missouri

Scope And Nature Of The ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Voltyx 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the years the ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities For The Audit Of Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis For Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities For The Audit Of Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities Of Management For The Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities For The Audit Of The Financial Statements

Except as described in the Scope And Nature Of The ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States of America will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with auditing standards generally accepted in the United States of America, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule of assets held at end of year as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

VOLTYX 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2023 And 2022

1. Description Of The Plan

The following description of Voltyx 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan Document for more complete information.

General

The Plan is a defined contribution plan with a 401(k) provision covering all employees of EPS NASS Parent, Inc. and its affiliates: Substation Administrative Services, LLC, North American Substation Services, LLC, North American Protection and Control, EPS Technology, Inc., EPS Engineering & Design, P.C., EPS Engineering & Design, Inc., and Electric Power Systems International, Inc. (collectively referred to as the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

On February 24, 2022, Electric Power Systems International Inc. 401(k) Profit Sharing Plan assets were merged into the Plan.

Eligibility

Employees of the Company who are not part of a collective bargaining unit, nonresident aliens, leased employees or part-time and temporary employees working less than 1,000 hours of service in the eligibility computation period, who have completed three consecutive months of service and are age 18 or older are eligible to participate in the Plan.

The Plan includes an automatic enrollment provision for all newly eligible employees. Automatic enrollment provides for default deferral contributions of 6% of eligible compensation, as defined by the Plan. Contributions are invested in a default investment fund selected by the Company, which is identified to the participant prior to the first automatic contribution. The participant has the option to make changes to deferral percentage and investment allocation at any time.

The Plan also includes an automatic escalation provision, for all automatic enrollment participants and increases the elective deferral rate 1% up to a maximum of 10%. The first rate increase takes place beginning on or after each first day of April following the date of the automatic deferrals first implementation.

VOLTYX 401(k) PLAN

Notes To Financial Statements *(Continued)*

Contributions

Participants can defer salary up to 90% of compensation, not to exceed Internal Revenue Code (the Code) limits. Participants can also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollover). Additionally, participants age 50 or older, who are making contributions to the Plan, are allowed to make catch-up contributions.

The Company provides a matching contribution of 50% of the first 6% of compensation deferred into the Plan. The Company can also make a discretionary profit sharing contribution to the Plan each year. There were no profit sharing contributions made for the years ended December 31, 2023 and 2022.

Notes Receivable From Participants

Participants can borrow from their account a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of the participant's vested account balance. Notes are for a period not to exceed five years unless used to acquire a personal residence and bore interest at the prime rate plus 1%. Principal and interest are paid through payroll withholdings.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's contributions and an allocation of the Plan's earnings (losses). The allocation of earnings (losses) is determined by the earnings (losses) of the participant's investment selection based on each participant's account balance, as defined in the Plan Document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants were immediately vested in their contributions plus actual earnings thereon. Vesting of participants' Company contributions is based on years of service with 25% vesting at 1 year of service, 50% at 2 years of service and 100% vesting after three years of service or upon reaching early retirement age (age 55), death or permanent disability.

Forfeitures

Forfeited nonvested accounts were used to reduce future Company contributions or to pay Plan expenses. Forfeitures available for future use amounted to \$36,698 and \$31,634 as of December 31, 2023 and 2022, respectively. During the years ended December 31, 2023 and 2022, \$160,061 and \$204,728, respectively, of forfeitures were used to offset Company contributions.

VOLTYX 401(k) PLAN

Notes To Financial Statements *(Continued)*

Payment Of Benefits

Upon termination of service, death, disability or normal retirement age, a participant may make withdrawals from his or her vested account in the form of a lump sum, installment and partial distributions.

In-Service Withdrawals

Participants could withdraw from the Plan that portion of their account resulting from their deferral contributions in the event of undue financial hardship, which includes payments for education expenses, medical expenses, or the purchase of a primary residence. Participants could also take an in-service withdrawal upon reaching age 59-1/2. Certain conditions and restrictions applied, as defined in the Plan Document.

Administration Of The Plan

Reliance Trust Company (Reliance) is the Plan's Trustee. ADP Retirement Services (ADP) is the Plan's recordkeeper.

Investment Options

Upon enrollment in the Plan, a participant may direct contributions into a number of investment options offered by the Plan.

Administrative Expenses

Certain expenses incurred maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Investment related expenses are included in the net change in fair value of investments.

2. Summary Of Significant Accounting Policies

Basis Of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Estimates And Assumptions

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions from net assets during the reporting period. Actual results could differ from those estimates.

Investment Valuation And Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchase and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded as earned on the accrual basis. The net change in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions Receivable And Credit Loss Policy

As of January 1, 2023, the Plan adopted Accounting Standards Codification Topic 326, *Financial Instruments – Credit Losses*, using a modified-retrospective approach. The standard replaces the previous incurred loss model and requires entities to record an estimate of expected losses on financial assets for the remaining estimated life of the asset. This estimate must include consideration of historical experience, current conditions and reasonable and supportable forecasts. The standard applies to the Plan's Company contributions receivable. The adoption did not have a material impact on these financial statements.

The Company has concluded that no allowance for current expected credit losses was necessary at December 31, 2023 and no allowance for doubtful accounts was necessary at December 31, 2022.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. No allowance for credit losses has been recorded as of December 31, 2023 and 2022. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment Of Benefits

Benefits are recorded when paid.

Subsequent Events

Management evaluates subsequent events through the date of the financial statements are available for issue, which is the date of the Independent Auditors' Report.

Notes To Financial Statements *(Continued)*

3. Certified Investment Information

The following is a summary of the Plan's asset information as of December 31, 2023 and 2022, and for the years then ended, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information certified by Reliance and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from Reliance that the information provided to the Plan Administrator related to the following information is complete and accurate.

Accordingly, as permitted by CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information that appears throughout the financial statements and supplemental schedule related to the following assets as of December 31:

	<u>2023</u>	<u>2022</u>
Registered investment companies	\$ 64,356,573	\$ 51,450,495
Collective trust fund	1,839,264	2,213,840
Notes receivable from participants	1,643,236	1,450,174

Reliance also certified to the completeness and accuracy related to the following investment income and interest income on notes receivable from participants for the years ended December 31:

	<u>2023</u>	<u>2022</u>
Interest and dividends	\$ 1,545,599	\$ 1,829,987
Net change in fair value of investments	8,490,553	(11,268,435)
Interest income on notes receivable from participants	82,842	66,213

4. Fair Value Measurements

The Plan follows accounting rules relating to fair value measurements, which establish a framework for measuring fair value. This framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
---------	---

VOLTYX 401(k) PLAN

Notes To Financial Statements (*Continued*)

- Level 2 Inputs to the valuation methodology include:
- Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value:

Collective Trust Fund

Valued at the net asset value (NAV) of units of a collective trust or pooled separate account. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure the securities liquidation will be carried out in an orderly business manner. No redemption restrictions noted, but during certain circumstances a redemption notice of 12 months may be required. The collective trust files an annual report on Form 5500 as a direct filing entity, and there are no capital commitments related to the collective trust.

VOLTYX 401(k) PLAN

Notes To Financial Statements (Continued)

Registered Investment Companies

Valued at the daily closing price as reported by the funds. Registered investment companies held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan Administrator believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of:

	December 31, 2023			Total
	Level 1	Level 2	Level 3	
Registered investment companies	\$ 64,356,573	\$ —	\$ —	\$ 64,356,573
Investment measured at net asset value per share (a)				1,839,264
Total investments at fair value				\$ 66,195,837

	December 31, 2022			Total
	Level 1	Level 2	Level 3	
Registered investment companies	\$ 51,450,495	\$ —	\$ —	\$ 51,450,495
Investment measured at net asset value per share (a)				2,213,840
Total investments at fair value				\$ 53,664,335

- (a) A certain investment is measured at fair value using the net asset value per share (or its equivalent) as a practical expedient has not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statement of net assets available for benefits.

There have been no changes in the valuation methodologies used at December 31, 2023 and 2022.

5. Transactions With Parties In Interest

ADP is paid for administrative fees. In addition, certain participants have outstanding loans with the Plan as of December 31, 2023 and 2022. These transactions are considered party in interest transactions allowable under ERISA.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

7. Income Tax Status

The Plan uses a standardized pre-approved prototype plan. The prototype sponsor has received an opinion letter dated October 6, 2020 from the Internal Revenue Service (IRS) which indicates that the prototype plan form is in compliance with applicable requirements of the Code. The Company has not received a determination letter with respect to the Plan's qualification. The Plan has been amended since the opinion letter was issued. However, the Plan Sponsor believes the Plan is being operated in compliance with the applicable requirements of the Code, and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
