Independent Auditor's Report

To the Investment Committee of Kayem Foods, Inc. Employees Retirement Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Kayem Foods, Inc. Employees Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of October 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended October 31, 2023 and 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of October 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified

investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Kayem Foods, Inc. Employees Retirement Plan

Notes to Financial Statements

Years Ended October 31, 2023 and 2022

1. DESCRIPTION OF THE PLAN

The following description of the Kayem Foods, Inc. Employees Retirement Plan (the “Plan”) provides only general information. Participants should refer to the plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering substantially all non-union eligible employees of Kayem Foods, Inc. (the “Company,” “Plan Administrator,” or “Plan Sponsor”). The Plan was established effective August 22, 1962 and amended on November 1, 2021 to adopt the current prototype plan. The Plan is subject to the Internal Revenue Code of 1986, as amended, and the Employee Retirement Income Security Act of 1974 (“ERISA”).

Eligibility

Employees become eligible to participate in the Plan on the first day of the month following attainment of age 18 and completion of sixty days of service. At such time that employees are eligible to participate, they are also eligible for employer matching contributions.

Participant Contributions

Participants may elect to defer and contribute to the Plan eligible compensation up to the maximum amount allowed by the Internal Revenue Code.

The Plan provides for auto-enrollment and deferral rate auto-increase features for any participants that do not make an affirmative election to opt out of these features. The auto-enrollment provision applies only to newly eligible employees and provides that unless an employee makes an affirmative election, the individual will be enrolled at a 3% deferral rate. The deferral rate auto increase is at a rate of 0.50% annually up to a maximum of 10% of compensation and applies to all eligible individuals.

See independent auditor’s report.

Kayem Foods, Inc. Employees Retirement Plan

Employer Contributions

For the years ending October 31, 2023 and 2022, the safe harbor matching contributions made by the Plan Sponsor are calculated as 100% of the first 3% of the eligible participant's compensation contributed to the Plan and 50% of the next 2% of the eligible participant's compensation contributed to the Plan. All safe harbor matching contributions are 100% vested at the date of the contribution. The employer contributions are presented net of forfeitures in the statement of changes in net assets available for benefits.

Participant Accounts

Each participant's account is credited with the participant's deferral contributions, Company matching contributions, participant's rollover contributions, and allocations of the Plan's earnings and losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Rollovers

With the approval of the Plan Administrator, the Plan may receive any amounts received by an employee as a distribution from another qualified plan provided that the receipt of such amounts does not adversely affect the qualified tax status of the Plan. Participants are fully vested in these amounts.

Vesting

Participants are immediately vested in any safe harbor employer contributions and their voluntary contributions plus actual earnings thereon. The employer may make discretionary matching contributions in which participants vest ratably at 25% per year over a four-year period starting with the participant's second year of employment. There were no discretionary matching contributions made during 2023 or 2022.

Forfeitures

Forfeitures represent the non-vested portion of terminated participants' account balances. These amounts are applied to reduce employer matching contributions to the Plan. During the years ended October 31, 2023 and 2022, \$0 was forfeited by terminated employees and used to fund employer matching contributions. The amount of unallocated forfeitures at October 31, 2023 and 2022 was \$0.

Investments Elections

Participants direct the investment of their accounts and may select from a selection of mutual funds and a common/collective trust. Each participant has the ability to change their investment allocations at any time.

See independent auditor's report.

Kayem Foods, Inc. Employees Retirement Plan

Notes Receivable from Participants

The Plan permits its participants to obtain loans against their respective account balances. Plan participants may borrow from their vested accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. All loans bear an interest rate of 1% plus the effective prime rate at the time the loan is requested. Loans are repaid through salary deferrals in equal installments, and the term of a loan may not exceed five years, unless the loan is for the purchase of a principal residence. Certain restrictions apply to loans, as defined in the plan document.

Administrative Expenses

Administrative expenses related to Plan's investments and recordkeeping are paid by the Plan and all other administrative expenses are paid by the Plan Sponsor.

Payment of Benefits

Withdrawals may be made from a participant's account at retirement, death, disability, termination of employment, or financial hardship. The participant's vested account will be distributed to the participant (or to the participant's beneficiary in the event of the participant's death) in a single lump-sum payment. If a participant terminates service, the entire vested amount in his or her account may be distributed or rolled over into another qualified plan, as directed by the participant. Withdrawals from salary deferral portions of the Plan may be made from the participant account based on financial hardship in accordance with rules promulgated by the Internal Revenue Service and the Plan document. Participants over age 59 ½ may elect to withdraw all or a portion of their account balances.

2. SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that effect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results may differ from those estimates.

Kayem Foods, Inc. Employees Retirement Plan

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on an accrual basis. Delinquent loans are recorded as distributions based upon the terms of the Plan document. No allowance for credit losses has been recorded as of October 31, 2023 and 2022.

Investment Valuation and Income Recognition

The Plan's investments are reported at the value reported to the Plan by Newport Trust Company (the "Trustee"). The value reported by the Trustee represents fair value. See Note 3 for a discussion of fair value measurements.

Purchase and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions

Contributions from Plan participants and the matching contributions from the Company are recorded in the year in which the employee contributions are withheld from compensation.

Payment of Benefits

Benefit payments to the participants are recorded when paid.

Administrative Expenses

The Plan's administrative expenses are paid directly by the Company and are excluded from these financial statements. Administrative fees charged to the Plan as shown on the statements of changes in net assets available for benefits relate to fees charged to the participants for recordkeeping and information management or participant loan processing that are deducted from their asset balances. Investment related expenses are included in net appreciation (depreciation) in fair value of investments on the statement of changes in net assets available for benefits.

3. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Topic 820 are described as follows:

See independent auditor's report.

Kayem Foods, Inc. Employees Retirement Plan

Level 1 – Valuation is based on quoted prices in active markets for identical assets or liabilities. Valuations are obtained from readily available pricing sources for market transactions involving identical assets or liabilities.

Level 2 – Valuation is based on observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 – Valuation is based on unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities. Level 3 assets and liabilities include financial instruments whose value is determined using unobservable inputs to pricing models, discounted cash flow methodologies, or similar techniques, as well as instruments for which the determination of fair value requires significant management judgment or estimation.

In certain cases, inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, an investment's level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement. The Plan's assessment of the significance of a particular input to the fair value measurement in its entirety requires judgment and considers factors specific to the investment.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at October 31, 2023 and 2022.

Mutual Funds: Valued at the daily closing price as reported by the fund. These funds are required to publish their daily net asset value ("NAV") and to transact business at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Collective Trust: Valued at the NAV of units of the collective trust. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it was determined to be probable that the Plan will sell the investment for an amount different from the reported NAV. The NAV is based on a compilation of primarily readily observable market information. If current market prices are not readily available, the underlying securities are valued in good faith by the Trustee.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Kayem Foods, Inc. Employees Retirement Plan

Investments at Fair Value on a Recurring Basis

The following table presents by level, within the fair value hierarchy, the Plan investment assets at fair value, as of October 31, 2023 and 2022. Investment assets are classified in their entirety based upon the lowest level of input that is significant to their fair value measurement.

	October 31, 2023			Total

- (a) In accordance with Financial Accounting Standards Board Accounting Standards Codification Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) under the practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits and notes to the financial statements.

See independent auditor's report.

Investments Measured Using the Net Asset Value per Share Practical Expedient

The follow table summarizes investments for which fair value is measured using the NAV per share practical expedient as of October 31, 2023 and 2022. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

4. FINANCIAL INFORMATION CERTIFIED BY THE PLAN TRUSTEE

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by the Trustee, except for comparing such information certified by the Trustee to information included in the Plan's financial statements and supplemental schedule. The Plan Administrator has obtained a certification from the Trustee for 2023 and 2022 that such information is complete and accurate.

Information certified as of and for the years ended October 31, 2023 and 2022 is as follows:

	<u>2023</u>	<u>2022</u>
Investments, at fair value:		
Mutual funds	30,989,452	28,899,175
Common/collective trust	367,033	499,466
Notes receivable from participants	895,781	807,850
Investment income:		
Net appreciation (depreciation) in fair value of investments	1,075,653	(8,259,098)
Interest and dividend income	148,178	276,783
Investment income on notes receivable from participants	45,759	40,680

See independent auditor's report.

Kayem Foods, Inc. Employees Retirement Plan

The Trustee also certified the information included in the Schedule of Assets (Held at End of Year) included in the supplemental schedule in these financial statements.

5. TAX STATUS OF THE PLAN

The Internal Revenue Service (“IRS”) issued an opinion letter dated November 20, 2020 indicating that the prototype adopted by the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter, however, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, it believes that the Plan is qualified and the related Trust is tax-exempt. Accordingly, no provision for income taxes has been included in the Plan’s financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken uncertain tax positions that more likely than not would not be sustained upon examination by the IRS or the DOL. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of October 31, 2023 and 2022, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by the IRS and DOL, however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to October 31, 2020.

6. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the statements of net assets available for benefits.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan at any time subject to provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Kayem Foods, Inc. Employees Retirement Plan

8. RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

During the years ended October 31, 2023 and October 31, 2022, the Plan investments included mutual funds managed by iCapital, a related party to the Trustee. Fees paid for investment management, custody and recordkeeping services are included as a reduction of the investment return earned by each investment. The Plan issues loans to participants, which are secured by balances in the participant's account and therefore qualify as party-in-interest transactions.

Fees paid by the Plan to related parties amounted to \$124,313 and \$142,999, in 2023 and 2022, respectively.

9. SUBSEQUENT EVENTS

Management has evaluated subsequent events through July 29, 2024, which is the date the financial statements were available to be issued. The Plan changed its trustee from Newport Trust Company to Fidelity Management Trust Company and its recordkeeper to Fidelity Workplace Services, LLC, effective March 6, 2024. There were no other subsequent events that require adjustment to or disclosure in the financial statements.
