Whiteman Osterman & Hanna LLP
as Plan Administrator for the
Whiteman Osterman & Hanna LLP
Profit Sharing and 401(k) Plan
Albany, New York

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Whiteman Osterman & Hanna LLP Profit Sharing and 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Auditor's Responsibilities for the Audit of the Financial Statements - Continued

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Whiteman Osterman & Hanna LLP Profit Sharing and 401(k) Plan

Notes to Financial Statements
December 31, 2023 and 2022

Note 1 - Description of the Plan

The Whiteman Osterman & Hanna LLP Profit Sharing and 401(k) Plan (Plan) was established on January 1, 1979. The Plan is sponsored by Whiteman Osterman & Hanna LLP (Company). The Plan was most recently restated effective January 1, 2022.

The following brief description of the Plan is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

a. General

The Plan is a profit sharing plan with a 401(k) feature, covering all eligible participants of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan assets are currently held by Charles Schwab Trust Bank, Trustee of the Plan. Company contributions, participant elective deferrals, and participant accounts are also held by the Trustee, who invests cash received and income from investments based on written instructions from the Company and participants, and makes distributions to participants. The Plan administrator and investment advisor are responsible for oversight of the Plan and for determining the appropriateness of the Plan's investment offerings and monitoring investment performance.

b. Contributions

Each year, participants may contribute a percentage or fixed dollar amount of their pre-tax annual compensation to the Plan. In addition, participants may contribute after-tax Roth elective contributions to the Plan. Contributions are subject to certain limitations as defined by the Plan and the Internal Revenue Code (IRC). The maximum participant deferral was \$22,500 and \$20,500 for the years ended December 31, 2023 and 2022, respectively. Participants who have reached age 50 before the end of the Plan year are eligible to make catch-up contributions, up to a maximum of \$7,500 and \$6,500 for the years ended December 31, 2023 and 2022, respectively. Participants may also contribute rollover amounts representing distributions from other qualified plans.

The Company provides a matching contribution equal to 25% of each participant's elective deferral, up to a maximum of \$250 per participant. The Plan also provides for a discretionary profit sharing contribution based on a class allocation formula, which is determined annually by the Company. Contributions from Plan participants and the matching contributions from the employer are recorded in the year the employee contributions are withheld from compensation.

Participants direct their contributions, along with Company contributions made on their behalf, into the various investment options offered by the Plan.

c. Plan Eligibility

Employees are eligible to participate in the Plan with respect to salary reduction elections on the date they reach 21 years of age.

Profit Sharing and 401(k) Plan

Notes to Financial Statements
December 31, 2023 and 2022

Note 1 - Description of the Plan - Continued

c. Plan Eligibility - Continued

Employees of the Company are eligible to participate in the Plan with respect to the Company's matching contributions and discretionary profit sharing contributions after reaching 21 years of age, completing one year of continuous service from the date of employment, and working at least 1,000 hours during the year. Entrance dates for purposes of employer contributions are January 1 and July 1 of each year. Participants also must be employed on the last day of the Plan year to be eligible to share in the Company's contributions for that year. Participants (or their beneficiaries upon death) who have not completed 1,000 hours of service and/or are not actively employed at the end of the year due to death, permanent disability, or early or normal retirement, but otherwise meet the eligibility requirements, will share in the Company's matching and discretionary profit sharing contributions for that year.

d. Participant Accounts

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's profit-sharing contribution, if any; the Plan's investment earnings (losses), net of investment expenses; and administrative expenses paid by the Plan. Allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

e. Vesting

Participants are 100% vested immediately in their contributions plus actual earnings thereon.

Vesting in the Company's contribution portion of their accounts, plus actual earnings thereon, is based on years of continuous service. A participant is 100% vested after three years of service in which they worked at least 1,000 hours. There is no partial vesting of benefits.

f. Participant Notes Receivable

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000, or 50% of their vested account balance. In addition, the \$50,000 limit is reduced by the highest outstanding loan balance (of any previous loans made) in the previous 12 months. Participant notes are secured by the balance in the participant's accounts and bear interest at a rate commensurate with the local prevailing rates. Principal and interest are paid ratably through regular payroll deductions or partner draws. In general, loans must be repaid within five years.

Note 1 - Description of the Plan - Continued

g. Payment of Benefits

Upon the termination of service due to disability, retirement, or other reasons, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or defer distribution until a later date. Upon the termination of service due to death, beneficiaries may elect to receive either a lump-sum payment or installment payments. If the vested portion of a participant's account balance is \$5,000 or less, this amount will be paid as a lump-sum distribution as soon as possible following termination, retirement or disability, or to the beneficiary following death.

Participants may also receive in-service distributions at the age of 59½, or in the event of undue financial hardship, as defined by the Plan.

h. Forfeited Accounts

Forfeitures may be used to pay administrative expenses under the Plan or reduce employer contributions. The Plan used \$22,900 and \$38,750 of forfeitures to pay administrative expenses during the years ended December 31, 2023 and 2022, respectively. The Plan had unallocated forfeitures of approximately \$1,700 and \$6,300 at December 31, 2023 and 2022, respectively.

Note 2 - Summary of Significant Accounting Policies

a. Basis of Accounting

The accompanying financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) for defined contribution plans.

b. Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

c. Investment Valuation and Income Recognition

Investments are reported at fair value, which is defined as the price that would be received to sell an asset in an orderly transaction between market participants on the measurement date. The Plan trustees determine the Plan's valuation policies utilizing information provided by the investment advisors and Trustee.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Note 2 - Summary of Significant Accounting Policies - Continued

d. Participant Notes Receivable

Participant notes receivable are stated at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and expensed when they are incurred. If a participant ceases to make loan repayments, the loan is deemed to be in default. Defaulted loan balances are taxable income to the participant in the year of default. Defaulted loans remain Plan assets until the loan is repaid or the participant has a distributable event. There were no loans treated as distributions for the year ended December 31, 2023. Loans treated as distributions totaled \$19,124 for the year ended December 31, 2022. No allowance for credit losses has been recorded as of December 31, 2023 or 2022.

e. Payment of Benefits

Benefits are recorded when paid.

f. Administrative Expenses

Certain administrative expenses of the Plan, including custodian, third-party administration, and professional fees for audit services, are paid directly by the Company and are excluded from these financial statements. Record-keeping fees and fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation (depreciation) in fair value of investments.

g. Subsequent Events

The Plan has evaluated subsequent events for potential recognition or disclosure through July 12, 2024, the date the financial statements were available to be issued.

Note 3 - Certified Investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including cash, investments and notes receivable from participants held at December 31, 2023 and 2022, and net appreciation (depreciation) in fair value of investments, interest, dividends, and interest income on participant notes receivable for the years then ended, was obtained by management and agreed to, or derived from, information certified as complete and accurate by the Trustee of the Plan.

Note 4 - Investments and Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets (Level 1) and the lowest priority to unobservable inputs (Level 3).

Whiteman Osterman & Hanna LLP

Profit Sharing and 401(k) Plan

Notes to Financial Statements
December 31, 2023 and 2022

Note 4 - Investments and Fair Value Measurements - Continued

The three levels of the fair value hierarchy are as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets in active markets;
- Quoted prices for identical or similar assets in inactive markets;
- Inputs other than quoted prices that are observable for the asset; and
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes to the methodologies at December 31, 2023 or 2022.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-Directed Brokerage Accounts: Accounts consist of mutual funds and money market funds that are valued on the basis of readily determinable market prices.

Common/Collective Trust Fund (Fund): The NAV, which is based on the fair value of the underlying investments held by the fund less its liabilities, is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. In accordance with the terms of the Declaration of Trust of the Fund, the NAV is determined daily based on net assets at contract value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, while the Plan believes that its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments measured at NAV (a)				
Common/Collective Trust Fund				1,224,655
Investments at fair value				<u>\$ 74,372,012</u>

(a) Certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Note 5 - Fair Value of Investments in the Plan That Use NAV

The following tables summarize investments for which fair value is measured using the NAV per share practical expedient. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

Profit Sharing and 401(k) Plan

Notes to Financial Statements
December 31, 2023 and 2022

Note 6 – Related-Party Transactions and Party-In-Interest Transactions

The Company paid for certain administrative expenses on behalf of the Plan totaling \$32,600 and \$12,725 for the years ended December 31, 2023 and 2022, respectively. Certain Plan administrative functions are also performed by employees of the Company who do not receive compensation from the Plan for such functions.

In addition, cash held in a money market fund and investments held in a value-advantaged money market mutual fund, offered as investment options of the Plan, are managed by the Trustee of the Plan.

Note 7 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. Upon the termination of the Plan, participants will become 100% vested in their accounts.

Note 8 - Tax Status

The Plan adopted a Non-Standardized Pre-Approved Profit Sharing Plan that has received an opinion letter from the Internal Revenue Service dated September 21, 2020, stating that the form of the pre-approved Plan document was in compliance with applicable requirements of the IRC. The Plan administrator believes that the Plan is designed and is being operated in compliance with the applicable requirements of the IRC.

The Plan's management evaluates tax positions taken by the Plan and recognizes a tax liability or asset if an uncertain tax position was taken and it is more likely than not that the tax position would not be sustained upon examination by taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Market risks include global events that could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
