INDEPENDENT AUDITORS' REPORT

To the Lewis County Primary Care 403(b) Plan
and Participants
Vanceburg, Kentucky

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of the Lewis County Primary Care 403(b) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Lewis County Primary Care 403(b) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Lewis County Primary Care 403(b) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Lewis County Primary Care 403(b) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Lewis County Primary Care 403(b) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Lewis County Primary Care 403(b) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of (1) Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2023 and (2) Schedule H, Line 4i – Schedule of Assets (Acquired and Disposed of Within the Plan Year) for the year ended December 31, 2023 are presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

LEWIS COUNTY PRIMARY CARE 403(b) PLAN
NOTES TO THE FINANCIAL STATEMENTS
December 31, 2023 and 2022

1. DESCRIPTION OF PLAN

The following description of the Lewis County Primary Care Center, Inc. (the "Company") 403(b) Plan (the "Plan") provides only general information. The participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan, established under Section 403(b) of the Internal Revenue Code, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The assets of the Plan are maintained by Capital Bank and Trust Company, the custodian of the Plan.

Eligibility

The Plan covers substantially all employees of the Company. There is no minimum age or service requirement to make salary deferrals or to receive matching contributions. Employees may enter the Plan immediately, with elections becoming effective each pay period.

Contributions

Each year, participants are able to contribute a portion of their total annual eligible compensation, as defined in the plan agreement, as a before-tax salary deferral contribution, or as an after-tax Roth contribution, not to exceed the maximum allowable under Internal Revenue Service Regulations.

The Company may, at its discretion, make a matching contribution each Plan year on behalf of eligible participants. In addition to matching contributions, the Company may, at its discretion, make a non-elective contribution to the Plan on behalf of participants who have completed at least 1,000 hours of service during the plan year and are employed by the Company on the last day of the plan year. The total contribution to a participant's account for the Plan year cannot exceed the maximum limit determined by Internal Revenue Service Regulations. For the plan year ending December 31, 2023, the Company has elected to make matching contributions on behalf of eligible participants equal to 100% of a participant's contributions up to 3% of the participant's eligible compensation.

Rollover Contributions

Participants are able to rollover amounts from other eligible retirement plans to the Plan. Such amounts and any earnings or losses are fully vested at all times.

Participant Accounts

Participant contributions are credited to the individual accounts. Each participant's account is also credited with Company contributions and allocations of the Plan's earnings or losses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

LEWIS COUNTY PRIMARY CARE 403(b) PLAN
NOTES TO THE FINANCIAL STATEMENTS
December 31, 2023 and 2022

1. DESCRIPTION OF PLAN (CONTINUED)

Vesting

The participants are immediately vested in their contributions and related earnings. Participants become 20% vested in Company matching and non-elective contributions after two years of service, and vest 20% each additional year of service up to 100% after six years. The nonvested portion of a participant's employer matching and non-elective contribution account is forfeited upon the distribution of the vested portion of the participant's account.

Payment of Benefits

Upon termination of service, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. If the value of the participant's vested balance does not exceed \$1,000, participants will automatically receive a distribution of their entire vested account balance in a lump sum as soon as administratively feasible following the participant's termination of employment.

Participant Notes Receivable

Participants may borrow from their accounts a minimum amount of \$1,000, up to a maximum amount equal to the lesser of \$50,000 or one-half the present value of their nonforfeitable accrued benefit. The loans are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates. Participants may only have one loan outstanding at a time. Outstanding loans at December 31, 2023 and 2022 were \$109,549 and \$110,331 respectively. No loans were defaulted on during the year ended December 31, 2023 and 2022, respectively.

Investment Options

Participants may, upon enrollment in the Plan, elect to invest their contributions and any Company contributions in any or all of the various mutual funds currently offered by the Plan.

Periodic transfers among the funds of certain accumulated account balances and directions of future employee deferrals and Company matching contributions is permitted.

Expenses

The Plan permits the payment of Plan expenses to be made from the Plan's assets. If expenses are paid using the Plan's assets, then the expenses will generally be allocated among the accounts of all participants in the Plan. These expenses will be allocated proportionately based on the value of the account balances. Fees related to the administration of specific participant transactions, investment advisory and other recordkeeping fees are charged directly to the participant's account and are included in administrative expenses. The Plan sponsor pays other administrative expenses.

Forfeited Accounts

At December 31, 2023 and 2022, there were \$447 and \$398, respectively, of forfeited non-vested accounts. The Plan allows for forfeitures to be used to pay for plan expenses or to be reallocated to all participants within the Plan.

LEWIS COUNTY PRIMARY CARE 403(b) PLAN
NOTES TO THE FINANCIAL STATEMENTS
December 31, 2023 and 2022

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting. Contributions from plan participants and the matching contributions from the Plan Sponsor are recorded in the year in which the employee contributions are withheld from compensation.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires the Plan's administrator to make estimates and assumptions that affect certain reported amounts and disclosures in the financial statements. Actual results may differ from these estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Net appreciation (depreciation) in fair value for each investment option was determined based on quoted market prices and is included in investment income in the statement of changes in net assets available for benefits. The net appreciation (depreciation) in fair value of investments includes both realized gains and losses on investments sold during the year and unrealized gains and losses on investments held at year end.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payment of Benefits

Benefits are recorded when paid.

Management's Review of Subsequent Events

The Plan has evaluated and considered the need to recognize or disclose subsequent events through July 30, 2024, which represents the date that these financial statements were available to be issued. Subsequent events past this date, as they pertain to the year ended December 31, 2023 have not been evaluated by the Plan.

3. INVESTMENTS

During 2023, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by \$1,623,749 as follows:

4. FAIR VALUE MEASUREMENTS

FASB ASC 820-10 establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy consists of three broad levels. Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable inputs other than quoted prices for identical assets. Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of investments.

When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs are used only when Level 1 or Level 2 inputs are not available.

The following is a description of the valuation methodologies used for the investments measured at fair value. The methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual Funds - The fair values of mutual funds are valued at quoted market prices, which represents the net asset value of shares held at year end. The mutual funds are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022.

5. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain investments in the Plan are managed by Capital Bank and Trust Company, the custodian of the Plan. Therefore, these transactions qualify as party-in-interest transactions.

Certain employees and officers of the Company, who are also participants in the Plan, perform administrative services to the Plan at no cost to the Plan.

The Plan has notes receivable from participants subject to specific guidelines as defined in the Plan document.

The Plan pays certain investment advisory, Plan recordkeeping and third party administration fees to Raymond James Financial Services, Capital Group Retirement Plan Services and Creative Retirement Systems, Inc., which are parties-in-interest to the Plan.

6. INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN

Investments on the statements of net assets available for benefits and the schedule of assets (held at end of year) and investment income and related activity reported on the statement of changes in net assets available for benefits has been derived from information prepared and certified as complete and accurate by the custodian of the Plan, in accordance with Section 2520.103-5 of the Department of Labor Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

7. TAX STATUS

The Company adopted a volume submitter plan that has been designed to qualify under Section 403(b) of the Internal Revenue Code (Code). The Plan received a favorable opinion letter from the Internal Revenue Service on June 30, 2020, which stated that the Plan and related trust are designed in accordance with the applicable sections of the Internal Revenue Code. The Plan is required to operate in conformity with the Code to maintain the tax-exempt status for plan participants under Section 403(b) and the Plan Administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are no audits for any tax periods currently in progress. The Plan's Form 5500 is open for inspection by taxing authorities, generally for three years after being filed.

8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

9. PRIORITIES UPON PLAN TERMINATION

Although it has not expressed any intent to do so, the employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100 percent vested in their employer contributions.
