(2) EIN: **13-5381590**

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) ☐ This form is filed for a CCT, PSA, DCG or MTIA. (2) ☐ It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		☒	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		☒	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		☒	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		☒	
e Was this plan covered by a fidelity bond?	☒		10000000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		☒	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	☒		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)		☒	
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?		☒	
l Has the plan failed to provide any benefit when due under the plan?		☒	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)		☒	
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.

Independent Auditor's Report

To the Investment Management Committee and Plan
Participants of Telephone and Data Systems, Inc. Tax-
Deferred Savings Plan
Madison, Wisconsin

Opinion

We have audited the financial statements of Telephone and Data Systems, Inc. Tax-Deferred Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2023 and 2022, and the changes in its net assets available for benefits for the year ended December 31, 2023, in accordance with accounting principles generally accepted in the United States of America (GAAP).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining

that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying supplemental schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Tax-Deferred Savings Plan

December 31, 2023 and 2022

Notes to Financial Statements

Note 1 Description of the Plan

The following description of the Telephone and Data Systems, Inc. Tax-Deferred Savings Plan (the Plan) provides only general information. Participants should refer to the Telephone and Data Systems, Inc. Tax-Deferred Savings Plan official plan document or summary plan description for a more complete description of the Plan's provisions.

General

The Plan is a contributory tax-qualified profit sharing plan established by Telephone and Data Systems, Inc. (TDS or the Company) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Company is the administrator and sponsor of the Plan and The Northern Trust Company (Northern Trust) is the directed trustee and asset custodian of the Plan. Northern Trust also provides record keeping and reporting services to the Plan in conjunction with Alight Solutions (Alight), the Plan's third party administrator. All employees of TDS and its subsidiaries which have adopted the Plan (the Company and such subsidiaries being referred to as "employers") whom are age 18 or older generally are eligible to participate. The Plan allows eligible employees to enter the Plan upon the later of 30 days of continuous service with the employers or their 18th birthday. Participation in the Plan is voluntary, however, any eligible employee who does not enroll on his or her own, or opt out of automatic enrollment, will be automatically enrolled in the Plan starting on his or her eligibility date (or as soon as practicable thereafter).

On May 28, 2024, TDS and United States Cellular Corporation (UScellular), a subsidiary of TDS, announced an agreement to sell UScellular's wireless operations and select spectrum assets. At this time, TDS cannot predict the potential impact of this announcement to the Plan.

Contributions

Participants may contribute to the Plan on a before-tax basis (before-tax contributions) or on a designated Roth basis (after-tax contributions). The combined before-tax and designated Roth contributions may not exceed 60% of the Participant's compensation, as defined in the Plan, or exceed the maximum annual contribution amount per participant set forth in the Internal Revenue Code (IRC). Eligible employees and participants (including terminated participants with a balance) may also contribute amounts representing eligible distributions from other qualified plans or individual retirement accounts including the Telephone and Data Systems, Inc. Pension Plan (rollover contributions).

Newly eligible employees with 30 days of continuous service are automatically enrolled in the Plan on a before-tax basis at a 6% deferral rate with the rate increasing by 1% annually until it reaches 15%, unless an employee elects otherwise. The Vanguard Target Date Retirement Funds are used as the Qualified Default Investment Alternative for automatic enrollment. Non-contributing employees may from time to time be re-enrolled unless they make an affirmative election at the time of the re-enrollment not to participate.

The employer matching contribution is 100% of the first 3% of a participant's before-tax and designated Roth contributions and 40% of the next 2% of before-tax and designated Roth contributions.

Participants' Accounts and Investment Options

Each participant's account is credited with the participant's before-tax and designated Roth contributions, rollover contributions, employer matching contributions and investment income, and reduced by investment losses and fees. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

The Plan's assets are overseen by the Investment Management Committee. The Investment Management Committee is authorized to select investment options and to invest Plan assets as directed by the participants (or in the absence of such a direction, as determined by the Investment Management Committee). Participants may invest their accounts in a variety of investment options as more fully described in the Plan's summary plan description and other Plan materials. Participants may change their investment elections via telephone or internet. Participants can direct no more than 20% of their contributions into the TDS Common Stock Fund and UScellular Common Stock Fund on a combined basis.

Vesting

Participants are always 100% vested in their before-tax, designated Roth and rollover contributions plus earnings thereon. Vesting in employer matching contributions plus earnings thereon is based on years of vesting service. Employer matching contributions plus earnings thereon vest 34% after the participant completes one year of vesting service; and 100% after the participant completes two years of vesting service.

A participant also becomes 100% vested in employer matching contributions plus earnings thereon upon termination of employment after attaining age 65 or due to death or total and permanent disability (as defined in the Plan and determined by the disability insurer).

December 31, 2023 and 2022
Notes to Financial Statements
Forfeited Accounts

For the year ended December 31, 2023, forfeited non-vested account balances used to reduce employer contributions were \$0.8 million.

Payment of Benefits

Vested benefits may be paid to the participant upon termination of employment in the form of a lump sum payment, partial distribution (of not less than \$500) or installments. Alternatively, a terminated participant generally may rollover the eligible portion of his or her vested benefits to an eligible retirement plan or individual retirement account. Participants experiencing a qualified financial hardship, on a qualified military leave or who have attained age 59½ may withdraw a portion of their vested account balance as defined in the Plan while employed by TDS and its subsidiaries. While employed by TDS and its subsidiaries, participants also may take a distribution of a portion of their vested account following the birth or adoption of their child.

Notes Receivable from Participants

Participants may borrow from their Plan accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance (excluding employer matching contributions and related earnings). Participants may only have one note outstanding at a time and such note is secured by the remaining balance in the participant's account. The notes bear interest at the prime rate plus 1% as published in the Wall Street Journal on the fifteenth day of the month prior to the quarter in which the note is processed. Principal and interest are generally paid ratably through after-tax payroll deductions. Participants who terminate employment and have an outstanding loan balance generally may continue to make monthly loan repayments following their termination. The repayment period on the note generally ranges from one to five years. Notes are considered delinquent if two consecutive note payments are not received. If the delinquency is not cured, the loan will be considered in default and taxation of the loan balance to the participant will occur.

Termination of Plan

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, participants become 100% vested in their accounts. In the event of a partial Plan termination, affected participants become 100% vested in their accounts.

Plan Expenses

Certain recordkeeping and trustee fees, as well as investment option expenses, are paid by Plan participants. Legal, auditing, investment consulting and participant communications fees are paid by TDS. Plan participants also pay participant-initiated transaction fees (such as distribution, withdrawal, loan and Qualified Domestic Relations Order fees).

Effective April 1, 2024, certain recordkeeping, trustee, auditing, investment consulting and participant communications fees, as well as investment option expenses, are paid by Plan participants. Legal fees are paid by TDS.

Note 2 Summary of Significant Accounting Policies

Basis of Accounting and Use of Estimates

The accompanying financial statements have been prepared on the accrual basis of accounting. The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires the Plan's management to use estimates and assumptions that affect the accompanying financial statements and disclosures. Actual results could differ from these estimates and assumptions.

Investment Valuation and Income Recognition

Investments are reported at fair value. See Note 3 – Fair Value Measurements for further information on the fair value of the Plan's investments. The Plan's Investment Management Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and custodians.

Net appreciation in fair value of investments included in the accompanying Statement of Changes in Net Assets Available for Benefits includes realized gains or losses from the sale of investments and unrealized appreciation or depreciation in the fair value of investments. The net realized gains or losses on the sale of investments represent the difference between the sale proceeds and the cost of the investment. Net unrealized appreciation or depreciation in the fair value of investments represents the net change in the fair value of the investments held during the year.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis, and dividends are recorded on the ex-dividend date.

Telephone and Data Systems, Inc.
Tax-Deferred Savings Plan
December 31, 2023 and 2022
Notes to Financial Statements
Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent participant notes are reclassified as distributions in accordance with the terms of the Plan document. Notes receivable from participants have been classified as an investment asset for Form 5500 reporting purposes and, accordingly, have been included as an investment in the supplemental schedule, Schedule H, Line 4i – Schedule of Assets (Held at End of Year).

Payment of Benefits

Benefit payments are recorded when paid.

Risks and Uncertainties

The Plan invests in various investment securities, including mutual funds, common/collective trusts, and employer common stock. Investments, in general, are subject to various risks, including credit, interest, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in values of investment securities will occur in the near term, and such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Note 3 Fair Value Measurements

Fair value is a market based measurement and not an entity specific measurement, based on an exchange transaction in which the entity sells an asset or transfers a liability (exit price) in an orderly transaction between market participants.

The provisions of GAAP establish a fair value hierarchy that contains three levels for inputs used in fair value measurements.

Level 1 - inputs include quoted market prices for identical assets or liabilities in active markets.

Level 2 - inputs include quoted market prices for similar assets or liabilities in active markets or quoted market prices for identical assets or liabilities in inactive markets.

Level 3 - inputs are unobservable.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. A financial instrument's level within the fair value hierarchy is not representative of its expected performance or its overall risk profile and, therefore, Level 3 assets are not necessarily higher risk than Level 2 assets or Level 1 assets. As of December 31, 2023 and 2022, the Plan held no Level 2 or Level 3 assets. The following is a description of the valuation methodologies used for instruments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy.

The Plan values shares of TDS Common Stock and UScellular Common Stock based on the closing price reported in the active market in which the securities are traded. These securities are classified as Common Stock of the Plan Sponsor and Subsidiary. The Plan also values mutual funds based on the closing price reported in the active market in which the individual securities are traded.

⁽¹⁾ Certain investments that are measured at fair value using the net asset value (NAV per share or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the Statements of Net Assets Available for Benefits.

⁽²⁾ The Vanguard Target Retirement Trusts invest mainly in mutual funds with the remainder invested in money market funds. The fair value of these trusts is calculated using the market approach which values the underlying investments of the trust based on observable market prices. These trusts are measured at fair value based on the NAV per share.

⁽³⁾ The BlackRock Intermediate Government/Credit Bond Index Fund F (BlackRock Bond Fund) is a bank maintained collective investment fund that invests in bond index funds and other short-term investments. The fair value is calculated using the market approach which values the underlying investments in the fund using observable inputs for similar assets. The BlackRock Bond Fund is measured at fair value based on the NAV per share.

⁽⁴⁾ The Vanguard Retirement Savings Trust II is a collective trust that invests in the Vanguard Retirement Savings Master Trust, which invests in traditional and synthetic investment contracts backed by investments issued by insurance companies and banks. The fair value is determined based on the underlying investments of the common trust as traded in active markets or valued using significant observable inputs. The NAV for the investment contracts is \$1 per share.

⁽¹⁾There are no participant redemption restrictions for these investments. The redemption notice period is applicable only to the Plan.

Note 4 Parties-in-Interest

Transactions between the Plan and certain parties meet the definition of parties-in-interest transactions under the provisions of ERISA (Parties-in-interest transactions).

Transactions with Northern Trust, the directed trustee of the Plan, Alight, provider of certain reporting and administrative services to the Plan, and BlackRock Institutional Trust Company, National Association (BlackRock), provider of investment management services, are Parties-in-interest transactions. The aggregate cost of trustee, administrative and investment management charges to the Plan by Northern Trust, Alight, and BlackRock was \$1.6 million for the year ended December 31, 2023.

The Plan made participant-directed purchases of \$4.8 million and sales of \$9.1 million of TDS and UScellular Common Stock on an aggregate basis for the year ended December 31, 2023, which are Parties-in-interest transactions.

Outstanding Notes receivable from participants, and the related interest income on Notes receivable from participants, for the year ended December 31, 2023 are presented on the Statements of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits, respectively.

Note 5 Tax Status

The Plan obtained its latest determination letter on February 25, 2015 in which the Internal Revenue Service stated that the Plan, as designed, complied with the applicable requirements of the IRC, and the related trust was exempt from taxation. The Plan has been amended since the receipt of the determination letter. The Plan Administrator believes that the Plan is designed and being operated in material compliance with the applicable requirements of the IRC. Therefore, the Plan Administrator believes that the Plan was qualified and the related trust was tax-exempt as of December 31, 2023.

Management evaluated the Plan's tax positions and the Plan took no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements as of December 31, 2023 or 2022. The Plan is subject to audits by taxing jurisdictions; however, for tax periods in progress, there have been no such audits.
