INDEPENDENT AUDITORS' REPORT

To the Plan Administrator, Participants and Beneficiaries
of the Hancock Whitney Corporation 401(k) Savings Plan

Opinion on the 2023 Financial Statements

We have audited the financial statements of Hancock Whitney Corporation 401(k) Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), which comprise the statement of net assets available for benefits as of December 31, 2023, the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2023, and the changes in its net assets available for benefits for the year then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion on the 2023 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2023 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the 2023 financial statements.

Responsibilities of Management for the 2023 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2023 Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control–related matters that we identified during the audit.

Other Matters

2023 Supplemental Schedule Required by ERISA

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of schedule of assets (held at end of year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the 2023 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including the form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Auditors' Report on the 2022 Financial Statements

The 2022 financial statements of the Plan were audited by predecessor auditors whose report dated June 26, 2023, expressed an unmodified opinion on those financial statements.

Note 1. Description of the Plan

The following description of the Hancock Whitney Corporation 401(k) Savings Plan (the “Plan”) provides only general information. Participants should refer to the Summary Plan Description for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan established under the provisions of Section 401(a) of the Internal Revenue Code (“IRC”), which includes a qualified cash or deferred arrangement as described in Section 401(k) of the IRC for eligible employees of Hancock Whitney Corporation and its subsidiaries (the “Company” and the “Sponsor”). All full-time and part-time employees of the Company who have completed 60 days of continuous service and are age 18 or older are eligible to participate. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

Plan Administration

The Plan is administered by Hancock Whitney Bank, a subsidiary of the Sponsor, through its Human Resources department. Empower Retirement, LLC serves as the Plan’s record keeper and custodian of its assets. Hancock Whitney Bank also serves as the Plan’s Trustee through its Trust and Asset Management department.

Contributions

Eligible employees could elect to defer compensation up to the Internal Revenue Service (“IRS”) limitation of \$22,500 for 2023 and \$20,500 in 2022. In addition, participants age 50 and over had the option to defer up to an additional \$7,500 in 2023 and \$6,500 in 2022, through the Plan’s catch-up contribution provisions. The Company offers a safe harbor match of 100% of the first 1% of compensation deferred by a participant, and 50% of the next 5% of eligible compensation deferred.

The Plan has an automatic deferral feature. Unless eligible employees opt out or elect to contribute a different percentage, default elective deferrals are made on behalf of employees on a pre-tax basis in an amount equal to 3% of eligible compensation and automatically increase 1% annually to a maximum deferral of 6%.

The Hancock Whitney Corporation Pension Plan and Trust Agreement (the “Pension Plan”), another benefit plan of the Sponsor, was closed to new entrance after January 1, 2018. For Pension Plan participants whose combined age plus years of service as of January 1, 2018 totaled less than 55, each participant’s accrued benefits were frozen as of January 1, 2018; for such Pension Plan participants, the Company provides an enhanced contribution to the Plan in the amount of 2%, 4% or 6% of the Plan participant’s eligible compensation, based on the Plan participant’s current age and years of service to the Company. The Company provides a basic contribution equal to 2% of the participant’s eligible compensation for employees hired or rehired after June 30, 2017 and employees not eligible for the pension plan or enhanced contribution.

Participant Accounts

Each participant’s account is credited with their contributions, the Company’s contributions, and allocation of the Plan earnings or losses generated by their elected investments, and is also charged with certain record-keeping expenses. Allocations of earnings and losses generated by their elected investment are based on participants’ account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s account less record-keeping expenses, which are charged per participant account. The Plan has an employee stock ownership plan component that allows participants to elect to receive a cash distribution of all of the dividends payable on the shares of Hancock Whitney Corporation common stock credited to the participants’ stock accounts as of the record date.

Table of Contents

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. The Company's safe harbor matching contributions and associated earnings or losses vest immediately after the participant has completed two years of service. The Company's basic and enhanced contributions will vest after the participant has completed three years of service. All participants vest 100% upon termination of employment due to death or permanent disability.

Forfeitures

Amounts not vested are forfeited upon a participant's termination. Forfeitures are used to reduce employer contributions and Plan expenses. At December 31, 2023 and 2022, the forfeited amounts available for reducing future employer contributions and Plan expenses were \$40,645 and \$69,928, respectively. During 2023 and 2022, forfeitures totaling \$453,584 and \$673,876, respectively, were used to reduce employer contributions and Plan expenses.

Investment Options

The Plan allows participants to direct contributions into various investment options. As of December 31, 2023 and 2022, the Plan's investment options included mutual funds, fixed annuities and Hancock Whitney Corporation common stock.

Notes Receivable from Participants

Participants are allowed to borrow from their accounts in amounts ranging from a minimum of \$1,000 to a maximum of 50% of the account balance, not to exceed \$50,000. Loan maturities generally range from one to five years with one loan outstanding at any time. The loans are collateralized by the balance in the participant's account and are to bear interest at the prime rate as reported in the Wall Street Journal plus 1% or such other rate determined by the Plan Administrator on a uniform and consistent basis. The interest rate on outstanding loan balances ranged between 4.25% and 9.50% in 2023 and 4.25% and 8.00% in 2022. Principal and interest are paid ratably through payroll deductions. Upon origination of a loan, participants are charged an administrative fee that is reflected in administrative expenses in the statements of changes in net assets available for benefits. Participant loans are presented as notes receivable from participants in the statements of net assets available for plan benefits.

The Plan administrator declares a default if the participant fails to pay any regular installment of principal and interest when due and such failure continues until the last day of the calendar quarter following the quarter in which the failure first occurred. Should a default occur and be continuing, the trustee will report the amount of the principal and accrued interest as a deemed distribution as of the last day of the calendar year in which the default occurs. Management has evaluated participant notes receivable for collectability and has determined that no allowance for credit losses is considered necessary.

Payment of Benefits

Upon termination of service, death, disability or retirement, a participant may receive a lump sum amount equal to the vested value of his or her account, or annual withdrawal. If a participant's vested account balance is \$5,000 or less, it will be automatically distributed in the form of a lump sum only. Required minimum distributions are made to participants aged 72 or 73 for those that reach age 72 after December 31, 2022, in the absence of other distribution elections.

In-service withdrawals are available in certain limited circumstances as described in the Plan document. Hardship withdrawals are allowed for participants incurring an immediate and heavy financial need as described in the Plan document. Hardship withdrawals are strictly regulated by the IRS.

Note 2. Summary of Significant Accounting Policies

Basis of Presentation

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

All Plan investments as of December 31, 2023 and 2022 were held by the custodian and are reported at contract value or fair value. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. See Note 7 for further discussion of the fully-benefit responsive contract. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Mutual funds and common stock are valued at quoted market prices that represent the value of shares held by the plan at year end. See Note 8 for further discussion and disclosure related to fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Realized and unrealized gains and losses on the Plan's investments are included in net appreciation (depreciation) in the fair value of investments in the statements of changes in net assets available for benefits.

Participant notes receivable are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis.

Payment of Benefits

Benefit payments are recorded when paid.

Administrative Expenses

Administrative expenses are paid by either the Plan or the Company, as provided by the Plan's provisions. Other than record-keeping fees, the Company pays all legal, accounting and other services on behalf of participants. Record-keeping fees are generally charged directly to the participant's account. Expenses relating to purchases, sales or transfers of the Plan's investments, if any, are charged to the particular investment fund to which the expenses relate. Fees incurred by the Plan for the investment management services are included in net appreciation (depreciation) in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. The Company pays directly any other fees related to the Plan's operations, including all trustee fees and investment advisory fees to Hancock Whitney Bank, which are excluded from these financial statements.

Table of Contents

Note 3. Tax Status

The Plan received a favorable determination letter dated March 8, 2018 stating that the Plan is qualified under Section 401 of the IRC and is therefore exempt from federal income taxes. The determination letter applies to Plan amendments through January 25, 2017. Although the Plan was amended subsequent to that date, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with applicable provisions of the IRC.

The Plan had no uncertain tax positions at December 31, 2023 or 2022. If interest and penalties are incurred related to uncertain tax positions, such amounts are recognized in income tax expense.

Note 4. Related Party Transactions and Party in Interest Transactions

The Trustee is a subsidiary of Hancock Whitney Corporation. Transactions between the Plan and Trustee, or the Plan and the Sponsor, are considered to be exempt party-in-interest transactions. At December 31, 2023 and 2022, the Plan owned \$29,000,019 (596,831 shares) and \$32,004,298 (661,382 shares), respectively, in Hancock Whitney Corporation common stock. During the years ended December 31, 2023 and 2022, the Plan recorded \$753,186 and \$728,106, respectively, in dividend income on Hancock Whitney Corporation common stock. The Plan paid no administrative fees to the Trustee during 2023 and 2022.

Note 5. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Market risks include global events which could impact the value of investments. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event that the Plan is terminated, participants would become 100% vested in their account.

Note 7. Fully Benefit-Responsive Investment Contract

The Plan offers an investment option of a group annuity contract with Empower Annuity Insurance Company of America, a related entity of the Plan's custodian. The contract is a traditional investment contract. This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by the participant if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses. As a traditional investment contract, the Plan owns only the contract itself.

The traditional investment contract held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than zero percent. The credit rating is reviewed on a quarterly basis for resetting. The contract does not have a maturity date.

The Plan's ability to receive amounts due in accordance with the fully benefit-responsive investment contract is dependent upon the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include, but are not limited to the Plan's failure to qualify under Section 401(a) of the IRC or the failure of the trust to be tax-exempt under section 501(a) of the IRC;

Table of Contents

premature termination of the contract; Plan termination or merger; changes to the Plan's prohibition or competing investment options; and bankruptcy of the Plan Sponsor or other events of the Sponsor, such as divestitures, that significantly affect the Plan's normal operations.

Management believes that there are no events probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants.

Note 8. Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC Topic 820 are described as follows:

- Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value on a recurring basis. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual funds: Valued at the closing price reported on the active market on which the individual securities are traded.

Employer securities: These common stocks are valued at the closing price reported on the active market on which the individual securities are traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.
