INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
Ward Kraft Retirement Plan
Fort Scott, Kansas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of **Ward Kraft Retirement Plan**, (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of **Ward Kraft Retirement Plan** and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about **Ward Kraft Retirement Plan's** ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of **Ward Kraft Retirement Plan's** internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about **Ward Kraft Retirement Plan's** ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters - Supplemental Schedules Required by ERISA

The supplemental schedules of assets (held at end of year) and assets (acquired and disposed of within year), as of or for the year ended December 31, 2023, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Ward Kraft Retirement Plan

NOTES to FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION of PLAN

The following description of the **Ward Kraft Retirement Plan** (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of W/K Holding Company, Inc. (Plan Sponsor) and its subsidiaries including Ward-Kraft, Inc. Union employees, nonresident aliens, and leased employees are not eligible to participate in the Plan. Christian Learning Center Foundation is an additional participating employer. W/K Holding Company, Inc. acts as a common paymaster for each of the companies' wholly-owned by W/K Holding Company, Inc. Herein W/K Holding Company, Inc. and subsidiaries and Christian Learning Center Foundation are referred to as the Companies. The Plan was established effective July 1, 1984, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Plan Management is responsible for oversight of the Plan and determines the appropriateness of the Plan's investment offerings.

The Plan Document was restated on January 1, 2022 as required for Plans with qualified, pre-approved plan documents to reflect changes since the Plan Documents were created or last restated. The Plan provisions were not significantly changed by this restatement.

Contributions

Each year, participants may contribute a portion of their annual pretax compensation, as defined in the Plan Document; however, the participant's contributions cannot exceed amounts allowable under applicable federal regulations. Participants who have attained age 50 by the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from qualified plans and Individual Retirement Accounts (IRAs).

Participants direct the investment of their contributions into various investment options offered by the Plan. These fund options contain funds selected by the Plan Administrator and recommended by the Plan's investment advisors. The Plan currently offers registered investment company funds as investment options for the participants.

The Companies may make a matching contribution to each participant based on his or her elective deferrals in a percentage set by the Companies. The Companies match 100% of participant deferrals up to 2% of eligible compensation that a participant contributed to the Plan. In addition, the Companies may make additional discretionary contributions to the Plan at the option of its Board of Directors. Those contributions are allocated by applying a permitted disparity method. For the Plan years ended December 31, 2023 and 2022, the Companies made no such discretionary contributions.

The matching and discretionary employer contributions are invested as directed by the participant into the same investment options offered by the Plan. Contributions are subject to certain limitations.

Participant Accounts

A record-keeping account is set up in each participant's name to show the value of his or her retirement benefit. Each participant's account is credited with the participant's contributions and allocations of (a) the Companies' contributions and (b) Plan earnings (losses) and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTES to FINANCIAL STATEMENTS

(Continued)

NOTE 1 - DESCRIPTION of PLAN (Continued)

Eligibility

An employee becomes eligible to be a participant in the Plan on the first day of the first month of the Plan year, or the first day of the seventh month of the Plan year after completion of one year of service and the attainment of age 21. A year of service is defined as completion of 1,000 hours of service during a twelve month period beginning on the date of hire and switching to a Plan year thereafter.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the employer's matching and discretionary profit-sharing contribution, plus actual earnings thereon, is based on years of continuous service. Participants will be vested in the matching and profit-sharing contributions and related earnings as follows:

Years of Service	Percent Vested
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Regardless of the number of years of service, a participant's account balance becomes fully vested when the participant retires, becomes permanently disabled, or dies.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from one to five years or for a period exceeding five years for the purchase of a primary residence. The notes are secured by the vested balance in the participant's account and bear interest at a reasonable rate of return commensurate with the prevailing interest rate charged on similar commercial loans by other persons in the business of lending money. Principal and interest is paid ratably through payroll deductions. Participants are not allowed to have more than one outstanding loan at one time.

Payment of Benefits

Upon termination of service due to death, disability, retirement, early retirement, or other separation of employment, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, a partial withdrawal, or equal annual installments. In the absence of an affirmative participant election, vested balances of less than \$5,000 will be automatically paid out and vested balances of at least \$1,000 will be automatically rolled over to an IRA for the participant.

In-service withdrawals are available to participants who attain age 59½.

A participant may request a hardship withdrawal from all vested accounts and cannot exceed 50% of the participant's vested account balances.

Each participant designates a person or persons who are to receive benefits under the Plan in the event of the participant's death.

Ward Kraft Retirement Plan
NOTES to FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION of PLAN (Continued)

Administrative Charges

Administrative costs pertaining to investment advisory and recordkeeping fees are allocated to the Plan participants.

Forfeited Accounts

Forfeited amounts are used to reduce future employer contributions or offset Plan expenses. Forfeitures in the amount of \$8,175 and \$4,759 were used to reduce employer contributions for the years ended December 31, 2023 and 2022, respectively. Forfeited nonvested accounts totaled \$3 and \$1 as of December 31, 2023 and 2022, respectively.

NOTE 2 - SUMMARY of SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Plan's financial statements are prepared in accordance with accounting principles generally accepted in the United States of America (US GAAP). Current US GAAP standards are contained in the Accounting Standards Codification (ASC) as set forth by the Financial Accounting Standards Board (FASB).

Use of Estimates

The preparation of financial statements in conformity with US GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from estimated amounts.

Investment Valuation and Income Recognition

Investments are stated at fair value as determined and certified to by the Plan's custodian. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator, in collaboration with the Plan's investment advisor, determines the valuation policies utilizing information provided by the custodian and its related parties. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends and capital gain distributions are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 and 2022. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded for purposes of Form 5500 reporting. However, for purposes of the financial statements, for active participants who have not incurred a distributable event (employment termination, death, or disability), but have delinquent loans, the participant loan remains outstanding until a distributable event occurs. The total amount of delinquent loans was not material for the years ended December 31, 2023 and 2022.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

All administrative expenses may be paid out of the Plan; however, the Companies pay some of the administrative costs of the Plan.

NOTE 3 - INFORMATION PREPARED and CERTIFIED by the CUSTODIAN (UNAUDITED)

The following information included in the accompanying financial statements and supplemental schedules was obtained from data that has been prepared and certified to as complete and accurate by Capital Bank and Trust Company, the custodian as of December 31, 2023 and 2022, and for the years then ended.

	2023	2022
Investments at Fair Value:		
Registered Investment Companies	26,211,893	23,030,102
Notes Receivable from Participants	<u>457,799</u>	<u>434,434</u>
	26,669,692	23,464,536

Investment income (loss) for the years ended December 31, 2023 and 2022, totaled \$4,055,129 and \$(4,711,051) respectively. Interest on notes receivable from participants totaled \$27,544 and \$21,261 for the years ended December 31, 2023 and 2022, respectively.

NOTE 4 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset and liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

(Continued)

NOTE 4 - FAIR VALUE MEASUREMENTS (Continued)

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2023 and 2022:

Registered Investment Companies: Valued at the daily closing price as reported by the funds. Registered investment companies held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The registered investment companies held by the Plan are deemed to be actively traded.

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The method used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023:

	Level 1	Level 2	Level 3	Total
Registered Investment Companies	26,211,893	-0-	-0-	26,211,893

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022:

	Level 1	Level 2	Level 3	Total
Registered Investment Companies	23,030,102	-0-	-0-	23,030,102

Level 3 Gains and Losses

There were no level 3 investments as of or during the years ended December 31, 2023 and 2022.

NOTE 5 - RELATED PARTY TRANSACTIONS and PARTY-in-INTEREST TRANSACTIONS

For the years ended December 31, 2023 and 2022, certain Plan investments are in registered investment companies managed by the American Funds family of mutual funds, which is managed by Capital Bank and Trust Company. Capital Bank and Trust Company is the custodian of the Plan's assets. These transactions are allowable party-in-interest transactions. At December 31, 2023 and 2022, the fair value of these investments managed by the custodian totaled \$26,211,893 and \$23,030,102, respectively. The custodian received indirect compensation via revenue sharing from investments held by the Plan.

Administrative expenses paid to Capital Group Retirement Plan Services for fees incurred by the Plan for recordkeeping services provided for the years ended December 31, 2023 and 2022, totaled \$10,703 and \$10,560, respectively.

Administrative expenses paid to UBS Financial Services for fees incurred by the Plan for recordkeeping services provided for the years ended December 31, 2023 and 2022, totaled \$47,450 and \$50,304, respectively.

As previously discussed, the Plan may issue loans to participants that are secured by participant account balances. The value of the notes receivable outstanding was \$457,799 and \$434,434 as of December 31, 2023 and 2022, respectively. The Plan earned interest income of \$27,544 and \$21,261 on the notes receivable from participants for the years ended December 31, 2023 and 2022, respectively. These loans are allowable party-in-interest transactions.

MHM Retirement Plan Solutions (MHM) provides third-party administration services to the Plan pursuant to an agreement between MHM and the Plan Sponsor. MHM receives revenue from registered investment companies' service providers for services MHM provides to the funds. This revenue is used to offset certain amounts owed to MHM for its administrative services to the Plan. Direct fees paid to MHM for the years ended December 31, 2023 and 2022, totaled \$3,700 and \$2,850, respectively.

There were no prohibited transactions involving a known party-in-interest for the years ended December 31, 2023 and 2022.

NOTE 6 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. The Plan shall terminate upon any of the following events: termination of the Plan by the employer and/or dissolution or merger of the employer, unless the successor makes provisions to continue the Plan. In this situation, the successor must substitute itself as the employer under this Plan. Upon termination, the account balance of each affected participant shall be 100% vested and non-forfeitable. The amount of the fund assets shall be allocated to each participant subject to provisions for expenses of administration of the liquidation, in the ratio that such participant's account bears to all accounts.

NOTE 7 - TAX STATUS

The Plan has adopted a Non-Standardized Pre-Approved Plan which received an opinion letter on June 30, 2020, in which the Internal Revenue Service stated that the Non-Standardized Pre-Approved Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since receiving this opinion letter. However, the Plan Administrator believes that the Plan is currently designed and is being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and tax-exempt.

U.S. GAAP requires Plan Management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2023 and 2022, there are no uncertain tax positions requiring recognition or disclosure.

The Plan is subject to routine audits by tax jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 - RISKS and UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 9 - SUBSEQUENT EVENTS

Subsequent events have been evaluated through July 25, 2024, which represents the date the financial statements were available to be issued.
