Independent Auditor's Report

To the Trustees
MGA Research Corporation 401(k) Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits of the Financial Statements

We have performed audits of the financial statements of MGA Research Corporation 401(k) Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for plan benefits – modified cash basis as of October 31, 2023 and October 31, 2022, and the related statement of changes in net assets available for plan benefits – modified cash basis for the year ended October 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of MGA Research Corporation 401(k) Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of October 31, 2023 and October 31, 2022 and for the year ended October 31, 2023, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audits of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting described in Note 2.

- the information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of MGA Research Corporation 401(k) Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Basis of Accounting

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting described in Note 2, and for determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about MGA Research Corporation 401(k) Retirement Plan's ability to continue as a going concern for within one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of MGA Research Corporation 401(k) Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about MGA Research Corporation 401(k) Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules of delinquent participant contributions – modified cash basis and assets (held at the end of the year) - modified cash basis are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or are derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or are derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of the Plan

The following brief description of MGA Research Corporation 401(k) Retirement Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for more complete descriptions of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of the Plan Sponsor who have one year of service and are age 21 or older. Eligible participants can enroll in the Plan on the 1st of May and the 1st of November in each plan year. The Plan is subject to the provisions of ERISA.

The Plan Sponsor is MGA Research Corporation. The trustee is responsible for oversight of the Plan. The Plan Sponsor determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Contributions

Each year, participants may contribute up to 100 percent of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contributions plans. The Plan Sponsor may make a discretionary matching contribution equal to a uniform percentage of participant salary deferrals. Each year, the Plan Sponsor will determine the amount of the discretionary percentage. The discretionary match is 25 percent of the first 8 percent of the participant salary deferrals for both the years ended October 31, 2023 and October 31, 2022. Additional profit-sharing amounts may also be contributed at the option of the Plan Sponsor. Contributions are subject to certain limitations. Participants direct the investment of contributions into various investment options offered by the Plan.

Participant Accounts

Each participant's account is credited with the participant's contributions, Plan Sponsor contributions, earnings as allocated and forfeitures of terminated participants' non-vested accounts. The account is reduced by the payment of benefits and an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Plan Sponsor's contribution portion of their accounts plus earnings thereon is based on years of continuous service. A participant is 100 percent vested after 6 years of service.

Benefit Payments

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or a distribution in the form of installment payments. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Benefits are provided for normal retirement at an attained age of 65 or may be deferred if the participant continues in active service with the Plan Sponsor. Benefit payments are also provided upon permanent disability, specific hardship or attainment of age 59-1/2.

1. Description of the Plan (Continued)

Forfeitures

Forfeited non-vested accounts are used to reduce future Plan Sponsor contributions. At October 31, 2023 and October 31, 2022, forfeited non-vested accounts totaled \$81,384 and \$49,876, respectively. During the year ended October 31, 2023, contributions of the plan were reduced from forfeited non-vested accounts in the amount of \$68,881.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accounts of the Plan are maintained, and the accompanying financial statements have been prepared, on the modified cash basis of accounting, which is an accepted method under the Department of Labor's Rules and Regulations and is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America (U.S. GAAP). This basis of accounting differs from U.S. GAAP primarily because certain revenue and related assets have been recognized when received rather than when earned and certain expenses and related liabilities have been recognized when paid rather than when the obligations were incurred. This modified cash basis of accounting resulted in the recording of participant loans at cost and investments at fair value on the statements of net assets available for plan benefits. Investment income, contributions and other plan income are recognized when received and disbursements, benefit payments and other plan expenses are recognized when paid. The financial statements are not intended to present the net assets available for plan benefits and changes in net assets available for plan benefits in conformity with U.S. GAAP.

Use of Estimates

The preparation of financial statements in conformity with the modified cash basis of accounting requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are stated at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value, as certified by the custodians, Principal Life Insurance Company and Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income and dividends are recorded on the modified cash basis. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Fees related to the administration of requests for distributions are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in the net appreciation/depreciation in fair value of the investments.

2. Summary of Significant Accounting Policies (Continued)

Subsequent Events

The Plan has evaluated subsequent events through August 12, 2024, which is the date the financial statements were made available to be issued.

3. Fair Value Measurement

Fair value is the price at which an asset could be exchanged in a current transaction between knowledgeable, willing parties. Fair value measurements are categorized into one of three levels based on the lowest level of significant input used: Level 1 (unadjusted quoted prices in active markets); Level 2 (observable market inputs available at the measurement date, other than quoted prices included in Level 1); and Level 3 (unobservable inputs that cannot be corroborated by observable market data).

The following is a description of the valuation methodologies used for assets measured at fair value:

Pooled Separate Accounts

Valued at the net asset value (NAV) of units held by the account. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the account less its liabilities.

Mutual Funds

Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the United States Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective Investment Trust

Valued at the net asset value (NAV) of units held by the trust at year end. The NAV, as provided by the Custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the trust less its liabilities.

There have been no changes in the methodologies used at October 31, 2023 and October 31, 2022.

The preceding methods described may produce fair value calculations that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in different fair value measurements at the reporting date.

3. Fair Value Measurement (Continued)

The following table presents information about the Plan investments measured at fair value on a recurring basis as of October 31, 2023 and October 31, 2022, and indicates the fair value hierarchy of the valuation technique utilized to determine such fair value:

- (a) The investment seeks maximum total return, consistent with preservation of capital and prudent investment management. The fund normally invests at least 80% of its net assets in a diversified portfolio of fixed-income instruments of varying maturities, which may be represented by forwards or derivatives such as options, futures, contracts, or swap agreements, at the time of purchase. It invests in securities issued or guaranteed by the U.S. government or its agencies or instrumentalities, asset-backed securities or mortgage-backed securities representing an interest in a pool of mortgage loans or other assets, and debt securities and taxable municipal bonds.
- (b) The investment seeks long-term growth of capital. The fund normally invests primarily in equity securities of companies domiciled in any of the nations of the world, including those countries with emerging markets. It has no limitation on the percentage of assets that are invested in any one country or denominated in any one currency, but the fund typically invests in at least 30 countries. The fund will invest in equity securities of small, medium, and large capitalization companies.
- (c) The investment seeks long-term growth of capital. The fund normally invests at least 80% of its net assets in equity securities of companies that compose the S&P 500 Index at the time of purchase. The index is designed to represent U.S. equities with risk/return characteristics of the large cap universe. It employs a passive investment approach designed to attempt to track the performance of the index. The fund may utilize derivative strategies.
- (d) The investment seeks long-term growth of capital. Under normal circumstances, the fund invests at least 80% of its net assets, plus any borrowings for investment purposes, in equity securities of companies with medium market capitalizations at the time of purchase. It invests in value equity securities, an investment strategy that emphasizes buying equity securities that appear to be undervalued. The fund invests in real estate investment trusts.
- (e) The investment seeks long-term growth of capital. The fund normally invests at least 80% of its net assets in equity securities of companies that compose the S&P's Small Cap 600 Index at the time of purchase. The index is designed to represent U.S. equities with risk/return characteristics of the small cap universe. It employs a passive investment approach designed to attempt to track the performance of the index. The fund invests in index futures and options and exchange-traded funds on a daily basis to gain exposure to the index in an effort to minimize tracking error relative to the benchmark.
- (f) The Principal Financial Group, Inc. Stock Separate Account invests in stock of the Principal Financial Group. The value of the investment option changes based on changes in the market value of the stock and expenses. The investment option seeks to provide long-term growth of capital.
- (g) The investment seeks to provide long-term growth of capital. The fund invests primarily in equity securities of companies with any market capitalization, but has a greater exposure to large market capitalization companies than small or medium market capitalization companies. It invests in equity securities with value and/or growth characteristics and constructs an investment portfolio that has a "blend" of equity securities with these characteristics.
- (h) The investment seeks to provide current income and long-term growth of income and capital. Under normal circumstances, the fund invests at least 80% of its net assets, plus any borrowings for investment purposes, in dividend-paying equity securities at the time of purchase. It usually invests in equity securities of companies with large and medium market capitalizations. The fund invests in value equity securities, an investment strategy that emphasizes buying equity securities that appear to be undervalued.
- (i) The investment seeks long-term growth of capital. The fund normally invests at least 80% of its net assets, plus any borrowings for investment purposes, in equity securities of companies with large market capitalizations at the time of purchase that, in the fund's investment advisor's opinion, display characteristics of a "blue chip" company. The advisor tends to focus on securities of companies that show potential for growth of capital as well as an expectation for above average earnings. The fund invests in securities of foreign companies.
- (j) The investment seeks safety of principal and consistency of returns while attempting to maintain minimal volatility. The fund is designed for investors seeking more income than money market funds without the price fluctuation of stock or bond funds.

4. Guaranteed Interest Account

The Plan has entered into benefit-responsive group annuity investment contracts with Principal Life Insurance Company (Principal). The group annuity contracts, are fixed accounts that are part of the general account of Principal. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The methodology for calculating the interest crediting rate is based on the earnings of the underlying assets in the entire medium/long-term new portfolio compared to the minimum interest crediting rate and prevailing market conditions. The interest crediting rate is on a semi-annual basis. Contract value at October 31, 2023 and October 31, 2022, was \$87,650 and \$135,684, respectively. The fair value of the investment contracts at October 31, 2023 and October 31, 2022, was \$87,650 and \$133,409, respectively.

4. Guaranteed Interest Account (Continued)

Because the guaranteed investment contracts were fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for plan benefits attributable to the guaranteed investment contracts. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Principal, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent upon the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, mergers, plant closings, layoffs, early retirement incentives, etc.) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with its participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different than contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, or (4) a material amendment to the agreement with the consent of the issuer.

The guaranteed investment contracts do not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

5. Financial Certification (Unaudited)

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan has elected to utilize the certification of certain financial information by Principal Life Insurance Company and Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company, in compliance with the audit requirements of the Act.

5. Financial Certification (Unaudited) (Continued)

The following is a summary of the unaudited information included in the accompanying financial statements and supplemental schedules that were prepared and furnished to the Plan by Principal Life Insurance Company and Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company. The Plan has obtained a certification from Principal Life Insurance Company and Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company that the information is complete and accurate as of October 31, 2023 and October 31, 2022 and for the year ended October 31, 2023.

	October 31,	
	2023	2022
Assets as of		
Pooled separate accounts at fair value	\$ 15,721,305	\$ 15,614,448
Guaranteed interest account at contract value	87,650	135,684
Mutual funds at fair value	15,682,424	15,084,928
Collective investment trust at fair value	1,306,922	1,944,850
Transactions for the year ended		
Investment earnings	\$ 1,913,115	

6. Party-in-Interest Transactions

Certain Plan investments are managed by Principal Life Insurance Company and Principal Trust Company. Principal Life Insurance Company and Principal Trust Company are the custodians as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for plan administration services amounted to \$115,881 for the year ended October 31, 2023. Fees paid by the Plan for investment management services are included in net appreciation/depreciation in fair value of investments as they are paid through revenue share, rather than a direct payment. The Plan Sponsor pays directly any other expenses related to the Plan's operations.

7. Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination or partial termination, participants would become 100 percent vested in the Plan Sponsor contribution portion of the participant's account.

8. Tax Status

The Plan uses a prototype plan document sponsored by Rimkus, Marciano & Associates, Inc. Rimkus, Marciano & Associates, Inc. received an opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020, which states that the prototype document satisfies the applicable provisions of the Internal Revenue Code (IRC). The Plan itself has not received an opinion or determination letter from the IRS. Although the Plan has been amended since the opinion letter, the Plan Sponsor believes that the Plan is designed and currently being operated in compliance with the applicable provisions of the IRC and therefore believes that the Plan is qualified and the related trust is tax-exempt.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits.

10. Non-Exempt Prohibited Transactions

Some employee 401(k) pretax contributions were not remitted to the Plan within the defined time period. The defined time period requires that the Plan Sponsor remits the employee contributions to the Plan as soon as they can be reasonably segregated from the Plan Sponsor's general assets.

A party-in-interest engaging in a non-exempt prohibited transaction is subject to an excise tax of 15 percent. The tax is imposed even if the transaction was inadvertent or benefits the Plan. Further, additional taxes may be imposed if the transaction is not corrected in a specified period of time. Non-exempt transactions are disclosed in the accompanying supplemental schedule of delinquent participant contributions.

The Plan corrected the violations and restored the lost earnings to the Plan during the year ended October 31, 2024. The Plan Sponsor paid the excise tax and the lost earnings.

11. Reconciliation of Form 5500 to the Financial Statements

The following is a reconciliation of net assets available for plan benefits per Form 5500 to the financial statements:

	October 31,	
	2023	2022
Net assets available for plan benefits per the Form 5500	\$ 33,300,435	\$ 32,777,635
Adjustment to convert US GAAP basis contributions to modified cash basis	(502,134)	-
Adjustment from fair value to contract value for fully benefit responsive investment contract	-	2,275
Net assets available for plan benefits per the financial statements	<u>\$ 32,798,301</u>	<u>\$ 32,779,910</u>

11. Reconciliation of Form 5500 to the Financial Statements (Continued)

The following is a reconciliation of the net increase per Form 5500 to the financial statements:

	For the Year Ended, October 31, 2023
Net increase per the Form 5500	<u>\$ 522,800</u>
Adjustment to convert US GAAP basis contributions to modified cash basis	(502,134)
Prior year adjustment from fair value to contract value	<u>(2,275)</u>
Net increase per the financial statements	<u><u>\$ 18,391</u></u>
