Report of Independent Auditors

The Plan Administrative Committee of
Southern Oregon Head Start Retirement Plan

Report on the Audit of the Financial Statements

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Southern Oregon Head Start Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of October 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended October 31, 2023 and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of October 31, 2023 and 2022, and for the year ended October 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter

Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of October 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosures under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Southern Oregon Head Start Retirement Plan

Notes to Financial Statements

Note 1 – Description of Plan

The following description of Southern Oregon Head Start Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a 401(k) salary deferral and profit sharing plan covering substantially all employees of Southern Oregon Child and Family Council, Inc., (the Company), and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Company is the Plan's sponsor and serves as plan administrator.

Eligibility

Employees of the Company are eligible to participate and contribute immediately and are eligible to receive employer base contributions after completing 12 months of service and s/he is an employee on the accounting date of that plan year or meets vested retirement service requirements.

Contributions

Participant contributions – Each year, participants may contribute between 1–100% of pretax annual compensation, as defined in the Plan. Participants may also elect to make Roth contributions utilizing after-tax contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 2% of eligible compensation and their contributions invested in a designated fund until elected otherwise by the participant.

On July 1, 2020, the plan was amended to include a nonqualified graduated percentage. The amount contributed on behalf of each such participant shall be 2% of the employees' compensation for the initial plan year (as described above) and will increase as follows: 3% for the second plan year following the plan year in which automatic enrollment contributions commenced and 5% for the third (and each subsequent) plan year following the plan year in which automatic enrollment contributions commenced. No contributions made pursuant to this provision will be treated as Roth contributions described in Section 402A of the Code. On March 9, 2023 the plan was amended to include Highly Compensated Employees (HCE).

Employer base contributions – The amount of the Company's annual contribution to the Plan is the amount agreed upon in the collective bargaining agreement between the employer and the employee union for union employees, or the amount agreed upon in each director employee's employment contract for directors. For the year ended October 31, 2023, 5.0% of pretax annual compensation of all qualified employees and 8.0% to 20.0% of pretax annual compensation of all qualified director employees was used to determine the Company's annual contribution.

Contributions are subject to regulatory limitations.

Notes to Financial Statements

Note 1 – Description of Plan (continued)

Participant accounts

Each participant's account is credited with an allocation of the employer contribution, the employee's contribution and the Plan earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account. Participants may also contribute amounts representing distributions from other qualified plans.

Vesting

All participant contributions are fully vested and not subject to forfeiture. The Plan Sponsor's contributions are vested under the Plan at 50% at two (2) years of credited service and 100% at three (3) years or more of credited service. Benefits are also fully vested upon attainment of age 59 ½, death, or total disability.

Participant loans/withdrawals

No loans are permitted under this plan.

Effective July, 2020, the plan was amended to allow participant withdrawals on any amounts allocated to his/her employer contribution account and employee contribution account due to hardship. Disaster relief withdrawals are available in accordance with Federal disaster relief legislation. If Federal disaster relief legislation occurs during this plan period, affected participants may obtain additional details from the Plan administrator. Also, effective July 1, 2020, participants may withdraw any amounts allocated to his/her employer contribution accounts because they have completed at least five years of participation in the Plan.

Payment of benefits

Benefits under the Plan begin when a participant separates from service, dies, or becomes disabled according to the distribution of benefits provision. Participants with a vested balance of \$1,000 or less will receive an amount equal to the value of the participant's vested interest in his/her account in one lump-sum payment. Participants with vested balances exceeding \$1,000 may choose to defer all or part of participant's benefit or may choose to withdraw all or part of the participant's vested account in a single sum provided participant has met the requirements for withdrawals.

Plan forfeitures

Forfeitures shall first be used to pay expenses incurred by the Plan and any remaining amounts will be reallocated to the accounts of active participants in the Plan on the last day of the plan year. The amount credited to a participant's account will bear the same ratio to the total amount being allocated as the participant's compensation bears to the total compensation of all active participants for the year.

Forfeitures allocated to remaining participants during the year ended October 31, 2023, totaled \$33,826. As of October 31, 2023, and 2022, forfeited and non-vested accounts totaled \$32,901 and \$66,258, respectively.

Southern Oregon Head Start Retirement Plan

Notes to Financial Statements

Note 2 – Summary of Significant Accounting Policies

Basis of accounting

The financial statements of the Plan are prepared using the accrual method of accounting and are presented in accordance with the accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates

The preparation of financial statements, in accordance with U.S. GAAP, requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Accordingly, actual results may differ from those estimates.

Investment valuation and income recognition

Investments are reported at fair value and contract value. The Plan's custodian, Mutual of America Life Insurance Company, certifies the contract value of the interest accumulation account and the fair market value of all other investments. If available, quoted market prices are used to value investments.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Contract value is the relevant measurement for assets invested in fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits

Benefit payments to participants are recorded upon distribution.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of forfeitures are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Note 3 – Information Certified by Mutual of America Life Insurance Company

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, Mutual of America Life Insurance

Southern Oregon Head Start Retirement Plan

Notes to Financial Statements

Note 3 – Information Certified by Mutual of America Life Insurance Company (continued)

Company has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- (a) Investments, as shown in the Statements of Net Assets Available for Benefits as of October 31, 2023 and 2022;
- (b) Investment income, as shown in the Statement of Changes in Net Assets Available for Benefits for the year-ended October 31, 2023; and
- (c) All information included in the Schedule of Assets (Held at End of Year), as shown in the supplemental schedule.

Note 4 – Fair Value Measurements

The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3).

The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities the plan has the ability to access.

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation techniques used for assets measured at fair value. There have been no changes in the techniques used at October 31, 2023 and 2022.

Pooled separate accounts: Units held in pooled separate accounts (PSAs) are valued using the net asset value practical expedient (NAV practical expedient) of the PSA as reported by the account managers. The NAV practical expedient is based on the fair value of the underlying assets owned by the PSA, minus its liabilities, and then divided by the number of units outstanding. The Plan invests in the following significant PSAs.

Southern Oregon Head Start Retirement Plan

Notes to Financial Statements

Note 4 – Fair Value Measurements (continued)

Mutual of America Retirement Funds – The Funds seek to achieve current income and capital appreciation appropriate for the asset allocation associated with its approximate year of retirement which is included in the Fund's name ("Target Retirement Date") in proportions that are balanced to meet the objective of the Fund, which will move toward preservation of capital and production of income as the Target Retirement Date approaches. Under normal circumstances, the asset allocation will change over time according to a predetermined "glide path" as the Retirement Fund approaches the Target Retirement Date. The glide path represents the shifting of assets classes over time. Generally, the less time that remains until the Target Retirement Date, and for a 10-year period after the Target Retirement Date, the more the Fund will invest in fixed income IC Funds and the less it will invest in equity IC Funds. A Retirement Fund that has reached its Target Retirement Date can have 45%, which can vary by plus or minus 10%, of its assets invested in equity IC Funds.

Mutual of America Equity Index Fund – The Fund's objective is to replicate the performance of the S&P 500 Index (S&P 500), which consists of 500 stocks chosen by Standard & Poor's for market size, liquidity and industry group representation. The S&P 500 is a market-weighted index of 500 stocks traded on the New York Stock Exchange, American Stock Exchange and NASDAQ, with each stock's weight in the index proportionate to its market value. The weightings make each company's influence on the S&P 500's performance directly proportional to that company's market value.

Mutual of America Conservative Allocation – The Fund seeks current income and, to a lesser extent, capital appreciation. By investing the majority of its assets in fixed income shares of other funds of the IC Funds and also invests in equity IC Funds. The Fund's target allocation currently is approximately 65% of net assets in fixed income IC Funds and approximately 35% of net assets in equity IC Funds. The Fund seeks to maintain approximately 30% of its net assets in the Bond Fund and approximately 35% of its net assets in the Mid-Term Bond Fund. The Fund seeks to maintain approximately 25% of its net assets in the Equity Index Fund, approximately 5% of its net assets in the Mid-Cap Equity Index Fund and approximately 5% of its net assets in the International Fund.

The Plan's investments are reported at fair value and contract value in the accompanying financial statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments.

Note 5 – Guaranteed Investment Contract with Insurance Company

In 2015, the Plan entered into a fully benefit-responsive investment contract (FBRIC) with Mutual of America Life Insurance Company (Mutual). Mutual maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 1.00%. The crediting rate is reviewed on a quarterly basis

Southern Oregon Head Start Retirement Plan

Notes to Financial Statements

Note 5 – Guaranteed Investment Contract with Insurance Company (continued)

for resetting. The FBRIC does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

The contract meets the FBRIC criteria and therefore is reported at contract value. Contract value is the relevant measure for FBRICs because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Mutual, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations, which may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, (5) premature termination of the contract. No events are probable of occurring that might limit the Plan's ability to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants.

Note 6 – Tax Status/Uncertain Tax Positions

The Internal Revenue Service has determined and informed the Company by a letter dated March 31, 2014 that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended and restated since receiving the determination letter. However, the Plan's Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirement of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the plan and recognize a tax liability or asset if the plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of October 31, 2023, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability or asset or disclosure in the financial statements. The Plan is subject to routine audits for any tax periods in progress; however, there are currently no audits for any tax periods in progress.

Note 7 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

Southern Oregon Head Start Retirement Plan

Notes to Financial Statements

Note 8 – Related-Party Transactions and Party in Interest Transactions

Certain Plan investments are assets managed by Mutual of America Capital Management Corporation, a subsidiary of Mutual of America Life Insurance Company. Mutual of America Life Insurance Company is the asset custodian as defined by the Plan and, therefore, these transactions qualify as party in interest transactions as defined by ERISA. Any transactions involving these investments are on the open market at fair value, as outlined in Note 4, or contract value (Note 5). Consequently, such transactions are permitted under the provisions of the Plan and are exempt from the prohibited party in interest transactions under ERISA.

Note 9 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

Note 10 – Subsequent Events

The Plan has evaluated subsequent events through August 13, 2024, the date on which the financial statements were available to be issued.
