INDEPENDENT AUDITORS' REPORT

Plan Administrator
Credit Management Services Inc. Savings Plan
Grand Island, Nebraska

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Credit Management Services Inc. Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits – cash basis as of October 31, 2023 and 2022, and the related statements of changes in net assets available for benefits – cash basis for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended October 31, 2023 and 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the cash basis of accounting.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the cash basis of accounting as described in Note 2 of the financial statements, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Emphasis of Matter – *Basis of Accounting*

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United State of America. Our opinion is not modified with respect to this matter.

Other Matters – *Supplementary Information Required by ERISA*

The supplementary information as of and for the year ended October 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplementary information, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplementary information that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplementary information, we evaluated whether the supplementary information, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplementary information, other than the information in the supplementary information that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplementary information related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Credit Management Services Inc. Savings Plan

Notes to Financial Statements

October 31, 2023 and 2022

1. Plan Description

The following brief description of the Credit Management Services Inc. Savings Plan (the Plan) is provided for general informational purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was established to provide retirement benefits for the employees of the Credit Management Services, Inc. (Company).

Employees are eligible to make salary deferral contributions and rollover contributions and receive discretionary Company matching and profit-sharing contributions after attaining age 21 and completing one year of service. Eligible employees become participants on the first day of each quarter coinciding with the date on which entry requirements were fulfilled.

Contributions

Participants are permitted to make voluntary pre-tax salary deferral contributions and Roth after-tax contributions up to 100% of total eligible compensation as provided by the Plan, up to the maximum annual dollar limits allowed by law. Participants may also contribute amounts representing distributions from other plans. Participants who are eligible to make deferral contributions and who will attain the necessary age before the close of the plan year are eligible to make catch-up contributions.

The Company matching contribution is a discretionary percentage of participants' deferrals to be determined by the Company and is subject to change. Additionally, the Company may contribute additional discretionary profit-sharing contributions to the Plan as determined by resolution of the Board of Directors of the Company.

Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of a) the Company's discretionary matching and profit-sharing contributions and b) Plan earnings or losses. The Company's discretionary matching contributions are allocated among participants based upon each participant's elected deferral. The Company's discretionary profit-sharing contributions are allocated based upon eligible compensation of participants. Plan earnings or losses are allocated on the basis of actual results of the investments selected by each participant. Investments are currently maintained in individual member accounts managed by Charles Schwab Trust Bank, formerly known as TD Ameritrade Trust Company (Charles Schwab).

Vesting

Participants are immediately vested in their elective deferrals plus actual earnings thereon. The Company's contributions credited to participants' accounts are vested based on years of continuous service. A participant is 20% vested after one year of credited service and vesting increases 20% per year until a participant is 100% vested after five years of credited service.

Payment of Benefits

Upon termination, retirement, disability, or death, the participant or beneficiary may elect to receive a lump sum equal to the value of the vested funds allocated to the participant's account. Hardship withdrawals are also permitted by the Plan. The Plan requires that distribution payments between \$250 and \$5,000 be directly rolled over to an individual retirement account designated by the plan administrator in the event the participant does not elect otherwise. Distributions under \$250 will be paid out to the participant in the event the participant does not elect a payout option. Benefits are recorded when paid.

Forfeitures

Upon a participant's termination of employment before normal retirement, disability, or death, the portion of their Company contributions not then vested shall be forfeited. The forfeitures account will be used to reduce the Plan's administrative expenses or reduce Company contributions. At October 31, 2023 and 2022, forfeited non-vested accounts totaled \$0 and \$350, respectively. The Company utilized \$4,867 and \$2,848 during the years ended October 31, 2023 and 2022, respectively, to pay administrative expenses or to reduce the Company's contributions.

Notes Receivable from Participants

Participants currently employed may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Notes receivable from participants are only allowed from pre-tax and Roth after-tax participant deferrals. The notes may not exceed five years unless it is a qualified home loan, and only one note is allowed at any one time. The notes are secured by the vested balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest are paid ratably through semi-monthly payroll deductions.

2. Summary of Significant Accounting Policies

A summary of the significant accounting policies consistently applied in the preparation of the accompanying financial statements is set forth below.

Basis of Presentation

The Plan uses the cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. Contributions are recorded when received by the Plan. Corrective distributions resulting from failures in compliance

Credit Management Services Inc. Savings Plan

Notes to Financial Statements

October 31, 2023 and 2022

testing are recorded in the year distributed. Investment income and interest income on notes receivable from participants is recorded when received rather than when earned. Benefit payments are recorded when paid.

Presentation of Participant-Directed Funds

The Plan's presentation of participant-directed investments is in accordance with the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 962, *Plan Accounting – Defined Contribution Pension Plans*.

Use of Estimates

The preparation of financial statements in conformity with the cash basis of accounting requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an investment in an orderly transaction between market participants at the measurement date. See Note 4 for further discussion of fair value measurements.

Purchase and sales of securities are recorded on a trade-date basis. Gains and losses (realized and unrealized) are reported in net appreciation (depreciation) in fair value of investments. Interest and dividend income are recorded when received.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance. Participant notes receivable are deemed past due and in default after a scheduled payment remains unpaid beyond the last day of the calendar quarter following the calendar quarter in which the participant missed the scheduled payment. These are treated as a deemed distribution from the Plan.

Other

Certain expenses of the Plan are paid directly by the Company and are excluded from these financial statements. Audit fees and fees related to administrative activities are paid by the Plan. Investment related expenses are included in net appreciation (depreciation) in fair value of investments. Recordkeeping expenses and the fidelity bond premium are paid by the Company on behalf of the Plan.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment

Notes to Financial Statements

securities will occur in the near term and that such changes could materially affect participants account balances and the amounts reported in the statements of net assets available for benefits - cash basis.

Subsequent Events

Subsequent events are events or transactions that occur after the statement of net assets available for benefits date, but before the financial statements are available to be issued and may require potential recognition or disclosure in the financial statements. Management has considered such events or transactions through August 9, 2024, noting no additional items for disclosure.

3. Information Certified by Charles Schwab

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Charles Schwab and TD Ameritrade except for comparing such information certified by the custodian to information included in the Plan's financial statements and supplementary information.

The following table presents the fair value of the participant-directed Plan assets that were certified by Charles Schwab at October 31:

	<u>2023</u>	<u>2022</u>
Investments at Fair Value	\$ 5,526,779	\$ 5,164,106
Notes Receivable from Participants	\$ 34,326	\$ 28,447

Charles Schwab also certified to the completeness and accuracy of the following related to the aforementioned investments for the years ended October 31:

	<u>2023</u>	<u>2022</u>
Net Appreciation (Depreciation) in Fair Value of Investments	\$ 165,814	\$ (1,186,297)
Interest and Dividends from Investments	111,201	229,556
Net Investment Income (Loss)	<u>\$ 277,015</u>	<u>\$ (956,741)</u>
Interest Income on Notes Receivable from Participants	<u>\$ 1,522</u>	<u>\$ 1,986</u>

4. Fair Value Measurements

FASB ASC 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at October 31, 2023 and 2022.

Mutual Funds and Money Market Fund: Valued at the daily closing price as reported by the funds. The funds held are open-end funds and are registered with the Securities and Exchange Commission. These funds are required to publish its daily net asset value (NAV) and to transact at that price. These funds are deemed to be actively traded.

Collective Investment Trust: This is a stable value collective investment trust (CIT) for which the NAV is based on the fair value of the assets of the Fund. These funds contain investment contracts comprised of both underlying investment and contractual components which have observable level 1 or level 2 pricing inputs, including quoted prices for similar assets in active or non-active markets. FASB ASC 820, *Fair Value*

Credit Management Services Inc. Savings Plan

Notes to Financial Statements

October 31, 2023 and 2022

Measurement allows NAV to serve to estimate the fair value as a practical expedient if certain requirements are met. It is the Plan's assessment that these funds meet those requirements. Since the participants can redeem funds at NAV as of the measurement date daily.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table presents by level, within the fair value hierarchy, the Plan's investments at fair value at October 31, 2023:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual Funds	\$ 5,430,372	\$ -	\$ -	\$ 5,430,372
Money Market Fund	18,216	-	-	18,216
Collective Investment Trust*	-	-	-	78,191
Total Investments at Fair Value	<u>\$ 5,448,588</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 5,526,779</u>

The following table presents by level, within the fair value hierarchy, the Plan's investments at fair value at October 31, 2022:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual Funds	\$ 5,075,785	\$ -	\$ -	\$ 5,075,785
Money Market Fund	17,169	-	-	17,169
Collective Investment Trust*	-	-	-	71,152
Total Investments at Fair Value	<u>\$ 5,092,954</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 5,164,106</u>

*Investments measured at fair value using NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the hierarchy tables for such investments are intended to permit reconciliation of the fair value hierarchy to the investments at net fair value line item presented in the statements of net assets available for benefits.

Collective Investment Trust	\$71,152	None	Daily	1 Day

5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested. Distribution to participants of the account balances would be made as soon as practicable after the termination date.

6. Tax Status

The Plan is qualified as a profit-sharing plan under Section 401(a) of the Internal Revenue Code and is exempt from federal income taxation under Section 501(a) of the Internal Revenue Code of 1986, as amended.

The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The cash basis of accounting, a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America, requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authority. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to October 31, 2020.

7. Related Party Transactions

For the years ended October 31, 2023 and 2022, certain Plan investments are a money market fund managed by Charles Schwab and three mutual funds managed by Allen Capital Group. Charles Schwab is the custodian and Allen Capital Group is the investment advisor as defined by the Plan and therefore, these transactions qualify as party-in-interest.
