INDEPENDENT AUDITORS' REPORT

To the Benefits Committee of
American National 401(k) Plan

Opinion

We have audited the financial statements of American National 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), which comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2023 and 2022, and the changes in its net assets available for benefits for the year ended December 31, 2023, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of Schedule H, Line 4i, Schedule of Assets Held at End of Year as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

American National 401(k) Plan

Notes to Financial Statements

December 31, 2023

(\$ in USD)

Note 1 - Description of the PlanGeneral

The following description of the American National 401(k) Plan (the "Plan") provides only general information. Participants should refer to the *Plan Document* for more complete information regarding the Plan's provisions.

The Plan, established on January 1, 1998, and most recently amended and restated on January 1, 2022, is a defined contribution plan covering substantially all employees of American National Insurance Company and its adopting subsidiaries (the "Company"). The Plan is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Administration

The Plan is managed by a benefits committee (the "Benefits Committee") appointed by the Company. The Benefits Committee (the "Trustee") serves as trustee for the trust created by the Plan. Investments are made by the Trustee at the direction of the participants. All expenses of the Plan may be paid out of the Plan unless paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Participant accounts managed by Morningstar Associates, LLC at the election of the participant are assessed management fees which are deducted from the participant's account. Investment related expenses are included in net appreciation in fair value of investments.

Eligibility and enrollment

Employees of the Company, excluding independent contractors and agents, are immediately eligible to participate in the Plan on their date of employment. Employees who are scheduled to work less than 1,000 hours in a given Plan year are eligible to participate in the Plan. All new employees who are eligible to participate in the Plan are automatically enrolled at a pre-tax deferral rate of 4% after thirty days of employment unless otherwise specified.

Contributions

Participants may elect to contribute a portion of their compensation, as defined in the *Plan Document*, through payroll deductions subject to Internal Revenue Service ("IRS") limitations. Participants are fully vested in their contributions and those who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. In addition, participants may contribute amounts representing rollovers from other qualified plans. All participants in the Plan direct the investment of their contributions into various mutual funds, a money market fund, or a collective trust.

Matching

The Company makes a matching contribution of 100% of the first 4% of compensation deferred for the Plan year. For the year ended December 31, 2023, the Company made employer contributions totaling \$11,515,140.

Note 1 - Description of the Plan (Continued)Vesting

Participants are immediately vested in their contributions. Participants with less than 3 years of employment are not vested in employer contributions. Participants are 100% vested in Company contributions upon 3 years of vesting service (1,000 hours worked per calendar year) with the Company.

Forfeitures

Forfeitures of unvested employer contributions from terminated participant accounts are used to offset future employer contributions, or to pay expenses of Plan administration, as determined by the Benefits Committee.

As of December 31, 2023 and 2022, forfeited non-vested accounts totaled \$595,844 and \$415,773, respectively, of which \$213,700 and \$310,797 were applied to reduce 2023 and 2022 employer contributions funded in 2024 and 2023, respectively. As of December 31, 2023 and 2022, there were \$407,083 and \$122,971, respectively, of forfeitures available to be used to offset future employer contributions, or to pay expenses of Plan administration. For the Plan year ended December 31, 2023, forfeitures of \$336,671 were applied to reduce employer contributions.

Participant accounts

Individual accounts are maintained for each of the Plan's participants to reflect the participants' contributions as well as the participants' share of the Plan's income or losses. Allocations are based on the proportion that each participant's fund account balance bears to the total of all participants' fund account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes receivable from participants

A participant may borrow the lesser of \$50,000, reduced by the highest outstanding loan balance in the prior twelve-month period, if any, or 50% of his or her vested account balance, with a minimum loan amount of \$1,000. Notes are repayable through payroll deductions over periods ranging up to 60 months. Notes for the sole purpose of providing for a principal residence may exceed the 60-month limitation at the discretion of the Benefits Committee. A participant may only have one note outstanding at a time. The notes are collateralized by the balance in the participant's account and bear interest at the prime rate plus 2%.

Withdrawals by participants

Participants may elect to receive their distributions, subject to certain Plan provisions, in the form of a lump-sum payment. The Plan allows for mandatory distribution of accounts of terminated participants with balances less than \$1,000. Written consent from the participant or beneficiary is required for distributions with account balances above \$1,000. In addition, hardship distributions are permitted if certain criteria are met.

Note 1 - Description of the Plan (Continued)Plan termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions set forth in ERISA. Upon termination, no further contributions will be made to the Plan and all amounts credited to participants' accounts will become 100% vested.

Note 2 - Summary of Significant Accounting PoliciesBasis of accounting

The accompanying financial statements have been prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of estimates

The preparation of the financial statements in conformity with U.S. GAAP requires the Plan's management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes and supplemental schedule. Actual results could differ from those estimates.

Investment valuation and income recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion on fair value measurements.

Net realized gains or losses and unrealized appreciation or depreciation are recorded in the accompanying statement of changes in net assets available for benefits as net appreciation or depreciation in fair value of investments. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividend income is recorded on the ex-dividend date.

Risks and uncertainties

The Plan provides for various investments in a money market fund, mutual funds, and a collective trust. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the value of investment securities will occur in the near term.

The Plan, through its various investments, may invest in securities with contractual cash flows, such as asset-backed securities, including securities backed by subprime mortgage loans. The value, liquidity and related income of those securities are sensitive to changes in economic conditions, including real estate value, delinquencies or defaults, or both, and may be adversely affected by shifts in the market's perception of the issuers and changes in the market rates. Plan participants bear the risk of any investment losses.

Note 2 - Summary of Significant Accounting Policies (Continued)Notes receivable from participants

Notes receivable from participants are recorded at amortized cost. Amortized cost represents unpaid principal plus accrued but unpaid interest. Interest income is recorded on an accrual basis.

Participant withdrawals

Benefits are recorded when paid.

Subsequent events

Effective January 1, 2024, the Plan was amended to increase the maximum company match on participant contributions from 4% to 5% and increase the automatic pre-tax deferral rate from 4% to 5% for newly eligible participants.

The Plan has evaluated subsequent events through August 8, 2024, which was the date that the financial statements were available to be issued and has determined that there are no additional subsequent events to be reported.

Note 3 - Fair Value Measurements

The Plan uses a three-level hierarchy in accordance with the fair value standard which prioritizes the inputs to valuation techniques used to measure fair value. The fair value hierarchy gives the highest priority to quoted market prices (unadjusted) in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Level 2 inputs are inputs, other than quoted prices included within Level 1, which are observable for the asset or liability, either directly or indirectly. A financial instrument's categorization within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value:

- The Plan's investment in the money market fund and mutual funds are valued daily using quoted market prices. The funds held by the Plan are deemed to be actively traded.
- The collective trust is measured at the net asset value ("NAV"). This NAV represents the Plan's fair value since this is the amount at which the Plan transacts with the trust. The investment can be redeemed daily, has a daily redemption notice period, and has no unfunded commitments.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the valuation method is considered appropriate and consistent with other market participants, the use of different methodologies and assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 3 - Fair Value Measurements (Continued)

The Plan's investments measured at fair value as of December 31, 2023 are as follows:

	<u>Level 1</u>	<u>Total</u>
Money market fund	\$ 11,362,489	\$ 11,362,489
Mutual funds	<u>387,058,644</u>	<u>387,058,644</u>
Total investments in the fair value hierarchy	398,421,133	398,421,133
Investments measured at NAV ^(a)		<u>10,977,142</u>
Total investments at fair value	<u>\$ 398,421,133</u>	<u>\$ 409,398,275</u>

The Plan's investments measured at fair value as of December 31, 2022 are as follows:

	<u>Level 1</u>	<u>Total</u>
Money market fund	\$ 11,042,382	\$ 11,042,382
Mutual funds	<u>335,520,067</u>	<u>335,520,067</u>
Total investments in the fair value hierarchy	346,562,449	346,562,449
Investments measured at NAV ^(a)		<u>13,036,707</u>
Total investments at fair value	<u>\$ 346,562,449</u>	<u>\$ 359,599,156</u>

(a) The collective trust is measured at NAV per share and has not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Note 4 - Income Tax Status

The Plan adopted by the Company received its latest favorable opinion letter dated June 30, 2020, in which the IRS stated that the Plan, as then designed, was in compliance with applicable requirements of the Internal Revenue Code of 1986, as amended (the "IRC"). The Benefits Committee believes that the Plan is currently designed and is being operated in compliance with the applicable requirements of the IRC. Therefore, the Benefits Committee believes that the Plan was qualified, and the related trust was tax-exempt as of December 31, 2023 and 2022.

The Plan recognizes in the financial statements the impact of an uncertain tax position only if it is more likely than not of being sustained upon examination by the taxing authority based on the technical merits of the position. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 5 - Party-In-Interest Transactions

Notes receivable from participants are managed by the Company and, therefore, qualify as party-in-interest transactions, as defined by ERISA.
