REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Plan Administrator
Pharmscript LLC 401(k) Plan

Scope and nature of the ERISA Section 103(a)(3)(C) audit

We have performed audits of the financial statements of Pharmscript LLC 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 8 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of management for the financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the financial statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other matter – supplemental schedules required by ERISA

The supplemental schedule H, line 4(i) - schedule of assets (held at end of year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Pharmscript LLC 401(k) Plan
NOTES TO FINANCIAL STATEMENTS
December 31, 2023 and 2022

NOTE 1 - DESCRIPTION OF PLAN

The following description of Pharmscript LLC 401(k) Plan (the "Plan") provides general information only. Participants should refer to the Summary Plan Description or Plan Document for a more complete description of the Plan's provisions.

General

The Plan was established to provide employees of Pharmscript LLC (the "Company") with a systematic means of savings and investing for the future. All full-time employees of the Company who have completed three months of service and are age 18 or older are eligible for the Plan. Participants are eligible to begin receiving discretionary profit-sharing contributions once they attain age 21 and complete one year of eligibility service. The effective date of participation shall be the first calendar day of the quarter coincident with or next following the date an individual becomes eligible. The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). Plan management determines the appropriateness of the Plan's investment offerings and monitors investment performance.

The Company amended the Plan to reflect PS Intermediate Holdco II LLC as the Plan Sponsor, effective January 1, 2017. The Plan was adopted by Pharmscript of CT LLC, Pharmscript of Florida LLC, Pharmscript of PA LLC, Pharmscript of Texas LLC. Additionally, effective January 1, 2018, the Plan was amended to reflect that PS of MI, LLC (formerly Pharmscript of MI LLC), Pharmscript of MD LLC and Pharmscript of IN LLC have adopted the Plan. Effective July 1, 2018, the Plan was amended to reflect that Pharmscript of OH LLC had adopted the Plan. Effective August 26, 2018, the Plan was amended to reflect the Plan was adopted by Pharmscript of IL LLC, Pharmscript of MA LLC, Pharmscript of West Texas LLC and Pharmscript of NC LLC. Effective April 29, 2019, the Plan was amended to reflect the Plan was adopted by Pharmscript of GA LLC, Pharmscript of TN LLC and Pharmscript of IA LLC. Effective September 9, 2019, the Plan was amended to reflect the Plan was adopted by Pharmscript of KS LLC. Effective September 2020, the Plan was amended to reflect the Plan was adopted by Pharmscript of NE LLC. Effective January 1, 2023, the Plan was amended to reflect the Plan was adopted by PS Payroll, Inc. (dba PharmScript Payroll Co.).

Contributions

Participants may contribute a pre-tax amount up to 100% of their compensation by means of payroll deductions, as defined in the Plan and are subject to Internal Revenue Service ("IRS") limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

The Company may make discretionary matching contributions to the Plan equal to a percentage of a participant's elective deferrals up to 1.5% of annual eligible compensation ("Company Matching Contributions"). Participants become eligible for Company Matching Contributions on the next January 1 or July 1, following their first-year anniversary of employment. For the years ended December 31, 2023 and 2022, the Company matched 100% of participants' elective deferrals up to 1.5% of annual compensation. The Company may also make profit-sharing contributions, subject to approval of the Company's board of directors.

Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Participants direct the investment of their contributions and the employer contribution into various investment options offered by the Plan. Highly compensated and certain other employees are subject to limitations as defined in the Plan agreement.

Pharmscript LLC 401(k) Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2023 and 2022

The Company did not make profit-sharing contributions for the years ended December 31, 2023 and 2022. During the years ended December 31, 2023 and 2022, the Company made Company Matching Contributions to the Plan of \$637,289 and \$655,222, respectively, related to the Plan years 2022 and 2021, respectively.

Participant Accounts

Each participant's account is credited with the participant's contributions and Company Matching Contributions, as well as allocations of the Company's profit-sharing contribution, if any, and investment earnings. Participant accounts are charged with an allocation of investment losses and administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Upon enrollment in the Plan, participants direct the investments of their contributions into various investment options offered by the Plan. The Plan offers mutual funds, pooled separate accounts and guaranteed investment contracts as investment options for participants as of December 31, 2023 and 2022.

Vesting

Participants are immediately vested in their accounts attributable to salary deferrals, rollover contributions, any qualified non-elective contributions that may be made by the Company, plus actual earnings thereon. Vesting in the Company Matching Contribution and profit-sharing portion of their accounts is based upon years of vesting service, in accordance with the following schedule:

<u>Years of Vesting Service</u>	<u>Vesting Percentage</u>
Less than 2	0%
2	20%
3	40%
4 or more years	100%

However, if an active participant reaches normal retirement age, dies or becomes totally and permanently disabled prior to attaining normal retirement age, the participant's account becomes 100% vested.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum amount equal to the lesser of \$50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account and bear interest at a rate of prime plus 1% as defined by the Plan's "Participant Loan Program". Loan terms range from one to five years; however, terms may exceed five years for the purchase of a primary residence. Interest rates on outstanding loan balances range from 1% to 6.5% at December 31, 2023 and 2022. Principal and interest is paid ratably through payroll deductions. A participant is also able to make manual lump-sum payments to reduce or pay off outstanding loans. A participant will be permitted to have only one loan outstanding.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant or their beneficiary, if applicable, may elect to receive a lump-sum amount equal to the fair value of the participant's vested interest in their account or in monthly, quarterly, or annual installments over a period of not more than the assumed life expectancy of the participant or their beneficiary. For accounts between \$1,000 and \$5,000, the participant may elect to receive the distribution in cash, or to rollover the distribution to an IRA qualified plan. Amounts below \$1,000 may only be distributed in a lump-sum payment. For termination of service for other reasons, a participant becomes eligible to receive the current value of their vested account in a lump-sum.

Forfeited Accounts

The fully vested balances in each participant's account with the Plan are non-forfeitable. Forfeitures may first be used to offset Company contributions, then any remaining may be used to offset Plan expenses. At December 31, 2023 and 2022, forfeited non-vested accounts totaled \$71,287 and \$2,202, respectively. In 2023, forfeitures and related earnings amounted to \$71,287, none of which was used to pay Plan expenses or reduce Company contributions to the Plan.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, the actual results may differ from those estimates.

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with U.S. GAAP.

Notes Receivable from Participants

Notes receivable from participants ("Participant Loans") are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2023 and 2022, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the Plan Administrator considers the participant's loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as deemed distributions on participant loans as a benefit payment based on the terms of the Plan document.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Investment Committee determines the Plan's valuation policies. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Payments of Benefits

Benefits are recorded when paid.

Plan Expenses

All reasonable expenses of administration may be paid from the assets of the Plan. Such expenses may be allocated among all Plan participants or charged to the individual accounts for which the expenses relate. Investment-related expenses are included in net appreciation in fair value of investments. Fees for the administration of notes receivable from participants are included in administrative expenses and charged directly to the participant's account. The Company may, in its discretion, pay any or all of these expenses. Expenses paid by the Company are excluded from these financial statements.

Subsequent Events

Effective January 1, 2024, the Plan administrative and trust services were moved to Vanguard Retirement Plan Access administered by Ascensus, LLC ("Vanguard"). The plan was amended and restated and a new adoption agreement was signed effective January 1, 2024. All participant balances were rolled-over into similar funds at Vanguard.

In connection with the transfer to Vanguard, the Plan was amended to include the following changes among others:

- Participant eligibility in the Company matching and profit share contributions was changed from 21 to 18 years of age and to 3 months of required service versus the previous 12 months of required service.
- Auto plan enrollment in employee participation is enacted after 3 months of service and employees are permitted to opt-out.
- Vesting in Company matches and profit share contributions changed to 25% after 1 year, 50% after 2 years, 75% after 3 years and 100% after 4 years.
- The Plan enables automatic annual increases to participant contribution amounts.
- The Company's matching contributions will be funded per pay cycle versus annually as in previous years.
- Forfeitures will be applied to reduce per pay cycle matching contributions and quarterly as Plan fees are determined, if any forfeitures exists, they will reduce plan expenses. Any remaining Plan expense balance will be charged to participant accounts.
- The Plan will permit participants to transfer funds in a traditional 401k plan to the Roth investment options.

Subsequent events were evaluated through August 8, 2024, which is the date the financial statements were available to be issued.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2023 and 2022 excess participant contributions to the applicable participants prior to March 15, 2024 and 2023, respectively. The

portion of the excess contributions related to the Company match were distributed prior to the Plan year-end as permitted by the IRS.

NOTE 3 - PLAN AMENDMENTS

The Plan adoption agreement and basic plan document were amended and restated, effective December 2, 2023.

NOTE 4 - FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board Accounting Standards Codification Topic 820, *Fair Value Measurements*, establishes a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are described below.

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in valuation methodologies used at December 31, 2023 and 2022.

Mutual Funds: The fair value of the funds is based on quoted net asset value ("NAV") of the shares as reported by the funds. The funds held by the Plan are open-end mutual funds and money market funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily NAV and transact at that price. The funds held by the Plan are considered to be actively traded.

Pooled Separate Accounts: Valued at NAV, as a practical expedient, based on the market value of the underlying investments. The NAV is not a publicly-quoted price in an active market. The pooled separate accounts are comprised of a wide variety of underlying investments such as equities, preferred stock, bonds, real estate and mutual funds. All investments in this category can be redeemed daily, have a daily redemption notice period and have no unfunded commitments.

Pharmscript LLC 401(k) Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2023 and 2022

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2023 and 2022:

	December 31, 2023			Total

NOTE 5 - GUARANTEED INVESTMENT CONTRACT WITH INSURANCE COMPANY

In 2020, the Plan entered into a benefit-responsive guaranteed investment contract with Principal Life Insurance Company. Principal Life Insurance Company maintains the contributions in a general account. The contract is reported at contract value. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by Principal Life Insurance Company represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Pharmscript LLC 401(k) Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2023 and 2022

The guaranteed investment contract totaled \$442,971 and \$430,905 as of December 31, 2023 and 2022, respectively.

The crediting rate is based on a formula established by the contract issuer but may not be less than 1% or greater than 3%. The crediting rate is reviewed on a quarterly basis for resetting. The contract cannot be terminated before the scheduled maturity date.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code ("IRC") or the failure of the trust to be tax-exempt under Section 501(a) of the IRC;
2. Premature termination of the contracts;
3. Plan termination or merger;
4. Changes to the Plan's prohibition on competing investment options; or
5. Bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

1. An uncured violation of the Plan's investment guidelines;
2. A breach of material obligation under the contract;
3. A material misrepresentation; or
4. A material amendment to the agreements without the consent of the issuer.

NOTE 6 - PARTY-IN-INTEREST AND RELATED PARTY TRANSACTIONS

Certain Plan investments were managed by Principal Trust Company, the Custodian as defined by the Plan. Therefore, these transactions qualify as party-in-interest transactions. Participants who are active employees may borrow from their accounts and such loans qualify as exempt party-in-interest transactions under ERISA. These loans are recorded as notes receivable from participants in the statements of net assets available for benefits. All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

Pharmscript LLC 401(k) Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2023 and 2022

NOTE 7 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. However, no such action may deprive any participant or beneficiary under the Plan of any vested right. In the event of Plan termination, participants would become 100% vested in their employer's contributions.

NOTE 8 - INFORMATION CERTIFIED BY THE CUSTODIAN

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule of assets (held at end of year), including investments and notes receivable from participants held at December 31, 2023 and 2022, and net depreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2023, was obtained by management and agreed to or derived from information certified as complete and accurate by Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company (the custodian of the Plan).

NOTE 9 - TAX STATUS

The Plan has adopted a Prototype Non-standardized Profit-Sharing Plan with CODA, sponsored by Principal Life Insurance Company. The Plan's prototype plan document preparer has obtained an opinion letter dated June 30, 2020 from the IRS stating that the Plan is designed in accordance with applicable sections of the IRC. The Plan has been amended since receiving the letter. However, the Plan Administrator believes that the Plan is currently designed and being operated, in all material respects, in compliance with the applicable requirements of the IRC. Therefore, the Plan Administrator believes that the Plan is qualified, and the related trust is tax-exempt.

Certain operational errors were identified during the years ended December 31, 2023 and 2022 related to Company Matching Contributions. The Plan Administrator has corrected or is in the process of correcting these errors and will take the necessary corrective actions to maintain the tax-exempt status of the Plan.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine examinations by taxing jurisdictions; however, there are currently no examinations for any tax periods in progress.

NOTE 10 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks, as well as risks related to the financial strength of the insurance company. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
