Independent Auditor's Report

Plan Administrator
Full Compass Systems, Ltd. 401(k) Plan
Madison, Wisconsin

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Full Compass Systems, Ltd. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of October 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended October 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of October 31, 2023 and 2022, and for the year ended October 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of October 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Full Compass Systems, Ltd. 401(k) Plan

Notes to Financial Statements

1. Description of the Plan

The following description of the Full Compass Systems, Ltd. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution Section 401(k) Plan covering all employees of Full Compass Systems, Ltd. and VU Technologies (collectively referred to as the Employer) who have two months of service with the Employer. The Plan also allows the Employer to make matching and profit sharing contributions at its discretion. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan is considered a single-employer plan since Full Compass Systems, Ltd. and VU Technologies are members of the same controlled group under IRS Code Section 414(b). The Plan's year ends on October 31 of each year (fiscal year).

Trustee and Administration of the Plan

The trustee and recordkeeper of the Plan is Fidelity Management Trust Company (the Trustee). The administrator of the Plan is the Company. The trustee holds all assets of the Plan in accordance with the service provider contract with the Company. The Investment Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Eligibility

Employees of the Company are considered eligible for participation, except for: (1) nonresident aliens with no U.S. source of income; (2) employees covered by a collective bargaining agreement that does not provide for participation in the Plan; (3) leased employees; and (4) independent contractors. There is no age requirement to enter the Plan. Additionally, the participant must complete two months of service to participate in the Plan. An eligible participant can enter the Plan the first day of each month upon meeting the eligibility requirements.

Contributions

Employees may elect to contribute annual compensation to the Section 401(k) portion of the Plan in a percentage not to exceed the limits of IRS Code Sections 401(k), 404, and 415. Participants may elect to contribute on a pre-tax basis, post-tax basis, or both. Participants may contribute up to \$22,500 for the calendar year of 2023. In addition, participants aged 50 or over can make catch-up contributions up to \$7,500 for the calendar year of 2023. Participants may also contribute amounts representing distributions from other qualified Plans (rollovers). The Plan includes an automatic enrollment provision. Upon eligibility, 6% of a participant's compensation is withheld and remitted to the Plan unless a contrary election is made. The automatic deferral increases by 1% each Plan year following automatic enrollment until a maximum automatic deferral of 10% is reached.

The Employer has the option to make discretionary employer match contributions. During fiscal year 2023, the Employer matched 25% of the first 3% of employee contributions. The Employer also has the option to make qualified nonelective employer contributions. For fiscal year 2023, there were no qualified nonelective employer contributions.

Notes to Financial Statements

Participant Accounts

Each participant's account is credited with the participant's contributions, the employer contributions, and an allocation of Plan investment earnings. Each participant's account is charged with any distributions and an allocation of administrative fees and Plan investment losses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. A participant's employer contributions are cliff vested at 100% after three years. Participants become fully vested in the event of retirement, death, and disability as defined by the Plan.

Forfeitures

Forfeitures arise as a result of participants who separate from service with the Employer before becoming 100% vested in the Employer's contributions. Forfeitures of nonvested participant balances can be used to pay expenses of the Plan or reduce employer contributions. As of October 31, 2023 and 2022, unallocated forfeited balances totaled \$25,518 and \$38,545, respectively. During 2023, \$21,216 of forfeitures were applied or used to reduce plan expenses.

Investment Options

All fund options are participant directed. Participants may change their investment options daily.

Payment of Benefits

On termination of service due to retirement (age 65), death, or disability, a participant may elect to defer payment, receive either a lump-sum withdrawal equal to the value of his or her vested account balance or periodic partial withdrawals. On termination of service for any other reason, a participant may defer payment unless a participant's vested account balance does not exceed \$5,000, then their vested account balance may only be distributed to them in a single lump-sum payment. If a participant's vested account balance does not exceed \$1,000, then their vested account balance will be distributed to them in a single lump-sum payment as soon as administratively feasible. In-service distributions are available from any 100% vested type of contribution to participants attaining age 59.5 who continue to work for the Employer. Participants' rollover contributions are available to be distributed at any time.

As of October 31, 2023, no distributions had been requested by participants but not yet distributed.

Notes Receivable from Participants

Participants may borrow from their accounts up to a maximum of the lesser of \$50,000 or 50% of their vested account balance. The term of loan repayment shall not exceed five years or up to ten years if the purpose of the loan is for the purchase of a primary residence. A participant may have only one loan outstanding at any time. The loans are collateralized by the participant's vested benefits and bear interest at rates that range from 4.25% to 9.50%, which are commensurate with local prevailing rates as determined by the Plan Administrator. Delinquent notes receivable from

Notes to Financial Statements

participants are reclassified as distributions based upon the terms of the plan document. Principal and interest are paid ratably through payroll deductions. At October 31, 2023, loans were due on various dates through September 2028.

2. Information About the Company and Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting, except for benefit payments, which are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Valuations of Investments and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the investment advisor and trustee. See Note 4 for further discussion of fair value measurement.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest, net of any allowance for uncollectible amounts. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded at October 31, 2023. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan is reduced, and a benefit payment is recorded.

Payment of Benefits

Benefits paid to participants are recorded when the funds are disbursed.

Full Compass Systems, Ltd. 401(k) Plan

Notes to Financial Statements

Expenses

Certain expenses of maintaining the Plan are paid directly by the Employer and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

3. Information Certified by the Trustee

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the trustee, a qualified institution, has certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

<i>October 31,</i>	2023	2022
Mutual funds, at fair value	\$ 11,271,689	\$ 10,351,941
Common collective trust fund, at fair value	961,960	882,631
Notes receivable from participants	89,111	99,526

Year ended October 31, 2023

Net appreciation in fair value of investments	\$ 295,346
Interest and dividends	347,447
Interest income on notes receivable from participants	4,929

The Plan's independent auditors did not perform auditing procedures with respect to the above information, except for comparing such information to the related amounts included in the accompanying financial statements and supplemental schedule.

4. Fair Value Measurements

Accounting Standards Codification (ASC) 820, *Fair Value Measurement*, provides for a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.

Full Compass Systems, Ltd. 401(k) Plan

Notes to Financial Statements

- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

There have been no changes in the methodologies used at October 31, 2023 or 2022. The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual Funds

Mutual funds represent investments with various investment managers. The fair values of these investments are determined by reference to the fund's underlying assets, which are principally marketable equity and fixed income securities. Shares held in mutual funds traded on national securities exchanges are valued at the net asset value (NAV) as of October 31, 2023 and 2022.

Common Collective Trust Fund

Common collective trust funds are stated at fair value. These investments are reported at the NAV of units of the common and collective trust funds. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based upon the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments measured at fair value as of October 31, 2023 and 2022:

October 31, 2023

	Level 1		Level 2		Level 3		Total
Mutual funds	\$	11,271,689	\$	-	\$	-	\$ 11,271,689
Total investments included in fair value hierarchy	\$	11,271,689	\$	-	\$	-	11,271,689

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 10,351,941	\$ -	\$ -	\$ 10,351,941
Total investments included in fair value hierarchy	\$ 10,351,941	\$ -	\$ -	10,351,941
Investments measured at NAV*				882,631
Total Investments, at fair value				\$ 11,234,572

* The investment in the common collective trust fund is measured at fair value using the NAV per share (or its equivalent) as a practical expedient and has not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following tables summarize investments for which fair value is measured using the NAV per share practical expedient as of October 31, 2023 and 2022. There are no participant redemption restrictions for this investment; the redemption notice period is applicable only to the Plan:

October 31, 2023

	Fair Value	Unfunded Commitments	Redemption frequency (if currently eligible)	Redemption Notice Period
Wells Fargo Stable Value Fund	\$ 961,960	\$ -	Daily	None
Total	\$ 961,960	\$ -		

October 31, 2022

	Fair Value	Unfunded Commitments	Redemption frequency (if currently eligible)	Redemption Notice Period
Wells Fargo Stable Value Fund	\$ 882,631	\$ -	Daily	None
Total	\$ 882,631	\$ -		

5. Related Party and Party-in-Interest Transactions

Certain Plan investments are interests or shares in funds managed by the trustee. The trustee also performs administrative and recordkeeping services for the Plan; therefore, these transactions qualify as party-in-interest transactions. Administrative expenses paid by the Plan to the trustee amounted to \$65,195 for the year ended October 31, 2023.

The Plan also allows participants to take out loans from the Plan, which are considered party-in-interest transactions.

Full Compass Systems, Ltd. 401(k) Plan

Notes to Financial Statements

Certain accounting and administrative functions are performed by officers or employees of the Employer. No such officer or employee receives compensation from the plan. In addition, the Employer pays certain administrative expenses of the plan.

6. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants' accounts will become fully vested and non-forfeitable.

7. Tax Status

The Plan uses a pre-approved plan document sponsored by the trustee. The trustee received an opinion letter from the IRS, dated June 30, 2020, which states that the pre-approved plan document, as then designed, satisfies the applicable provisions of the IRC. Although the Plan has been amended since the date of the opinion letter, Plan management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of October 31, 2023 and 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress for any tax periods.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the statements of net asset available for benefits.

9. Subsequent Events

The Plan has evaluated subsequent events through August 12, 2024, the date the financial statements were available to be issued.

Plan Administrator
Full Compass Systems, Ltd. 401(k) Plan
Madison, Wisconsin

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Full Compass Systems, Ltd. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of October 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended October 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of October 31, 2023 and 2022, and for the year ended October 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of October 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

1. Description of the Plan

The following description of the Full Compass Systems, Ltd. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution Section 401(k) Plan covering all employees of Full Compass Systems, Ltd. and VU Technologies (collectively referred to as the Employer) who have two months of service with the Employer. The Plan also allows the Employer to make matching and profit sharing contributions at its discretion. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan is considered a single-employer plan since Full Compass Systems, Ltd. and VU Technologies are members of the same controlled group under IRS Code Section 414(b). The Plan's year ends on October 31 of each year (fiscal year).

Trustee and Administration of the Plan

The trustee and recordkeeper of the Plan is Fidelity Management Trust Company (the Trustee). The administrator of the Plan is the Company. The trustee holds all assets of the Plan in accordance with the service provider contract with the Company. The Investment Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Eligibility

Employees of the Company are considered eligible for participation, except for: (1) nonresident aliens with no U.S. source of income; (2) employees covered by a collective bargaining agreement that does not provide for participation in the Plan; (3) leased employees; and (4) independent contractors. There is no age requirement to enter the Plan. Additionally, the participant must complete two months of service to participate in the Plan. An eligible participant can enter the Plan the first day of each month upon meeting the eligibility requirements.

Contributions

Employees may elect to contribute annual compensation to the Section 401(k) portion of the Plan in a percentage not to exceed the limits of IRS Code Sections 401(k), 404, and 415. Participants may elect to contribute on a pre-tax basis, post-tax basis, or both. Participants may contribute up to \$22,500 for the calendar year of 2023. In addition, participants aged 50 or over can make catch-up contributions up to \$7,500 for the calendar year of 2023. Participants may also contribute amounts representing distributions from other qualified Plans (rollovers). The Plan includes an automatic enrollment provision. Upon eligibility, 6% of a participant's compensation is withheld and remitted to the Plan unless a contrary election is made. The automatic deferral increases by 1% each Plan year following automatic enrollment until a maximum automatic deferral of 10% is reached.

The Employer has the option to make discretionary employer match contributions. During fiscal year 2023, the Employer matched 25% of the first 3% of employee contributions. The Employer also has the option to make qualified nonelective employer contributions. For fiscal year 2023, there were no qualified nonelective employer contributions.

Notes to Financial Statements

Participant Accounts

Each participant's account is credited with the participant's contributions, the employer contributions, and an allocation of Plan investment earnings. Each participant's account is charged with any distributions and an allocation of administrative fees and Plan investment losses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. A participant's employer contributions are cliff vested at 100% after three years. Participants become fully vested in the event of retirement, death, and disability as defined by the Plan.

Forfeitures

Forfeitures arise as a result of participants who separate from service with the Employer before becoming 100% vested in the Employer's contributions. Forfeitures of nonvested participant balances can be used to pay expenses of the Plan or reduce employer contributions. As of October 31, 2023 and 2022, unallocated forfeited balances totaled \$25,518 and \$38,545, respectively. During 2023, \$21,216 of forfeitures were applied or used to reduce plan expenses.

Investment Options

All fund options are participant directed. Participants may change their investment options daily.

Payment of Benefits

On termination of service due to retirement (age 65), death, or disability, a participant may elect to defer payment, receive either a lump-sum withdrawal equal to the value of his or her vested account balance or periodic partial withdrawals. On termination of service for any other reason, a participant may defer payment unless a participant's vested account balance does not exceed \$5,000, then their vested account balance may only be distributed to them in a single lump-sum payment. If a participant's vested account balance does not exceed \$1,000, then their vested account balance will be distributed to them in a single lump-sum payment as soon as administratively feasible. In-service distributions are available from any 100% vested type of contribution to participants attaining age 59.5 who continue to work for the Employer. Participants' rollover contributions are available to be distributed at any time.

As of October 31, 2023, no distributions had been requested by participants but not yet distributed.

Notes Receivable from Participants

Participants may borrow from their accounts up to a maximum of the lesser of \$50,000 or 50% of their vested account balance. The term of loan repayment shall not exceed five years or up to ten years if the purpose of the loan is for the purchase of a primary residence. A participant may have only one loan outstanding at any time. The loans are collateralized by the participant's vested benefits and bear interest at rates that range from 4.25% to 9.50%, which are commensurate with local prevailing rates as determined by the Plan Administrator. Delinquent notes receivable from

participants are reclassified as distributions based upon the terms of the plan document. Principal and interest are paid ratably through payroll deductions. At October 31, 2023, loans were due on various dates through September 2028.

2. Information About the Company and Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting, except for benefit payments, which are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Valuations of Investments and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the investment advisor and trustee. See Note 4 for further discussion of fair value measurement.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest, net of any allowance for uncollectible amounts. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded at October 31, 2023. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan is reduced, and a benefit payment is recorded.

Payment of Benefits

Benefits paid to participants are recorded when the funds are disbursed.

Notes to Financial Statements

Expenses

Certain expenses of maintaining the Plan are paid directly by the Employer and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

3. Information Certified by the Trustee

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the trustee, a qualified institution, has certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

<i>October 31,</i>	2023	2022
Mutual funds, at fair value	\$ 11,271,689	\$ 10,351,941
Common collective trust fund, at fair value	961,960	882,631
Notes receivable from participants	89,111	99,526

Year ended October 31, 2023

Net appreciation in fair value of investments	\$ 295,346
Interest and dividends	347,447
Interest income on notes receivable from participants	4,929

The Plan's independent auditors did not perform auditing procedures with respect to the above information, except for comparing such information to the related amounts included in the accompanying financial statements and supplemental schedule.

4. Fair Value Measurements

Accounting Standards Codification (ASC) 820, *Fair Value Measurement*, provides for a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.

Full Compass Systems, Ltd. 401(k) Plan

Notes to Financial Statements

- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

There have been no changes in the methodologies used at October 31, 2023 or 2022. The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual Funds

Mutual funds represent investments with various investment managers. The fair values of these investments are determined by reference to the fund's underlying assets, which are principally marketable equity and fixed income securities. Shares held in mutual funds traded on national securities exchanges are valued at the net asset value (NAV) as of October 31, 2023 and 2022.

Common Collective Trust Fund

Common collective trust funds are stated at fair value. These investments are reported at the NAV of units of the common and collective trust funds. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based upon the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments measured at fair value as of October 31, 2023 and 2022:

October 31, 2023

	Level 1		Level 2		Level 3		Total
Mutual funds	\$	11,271,689	\$	-	\$	-	\$ 11,271,689

* The investment in the common collective trust fund is measured at fair value using the NAV per share (or its equivalent) as a practical expedient and has not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following tables summarize investments for which fair value is measured using the NAV per share practical expedient as of October 31, 2023 and 2022. There are no participant redemption restrictions for this investment; the redemption notice period is applicable only to the Plan:

October 31, 2023

	Fair Value	Unfunded Commitments	Redemption frequency (if currently eligible)	Redemption Notice Period
Wells Fargo Stable Value Fund	\$ 961,960	\$ -	Daily	None
Total	\$ 961,960	\$ -

Wells Fargo Stable Value Fund	\$ 882,631	\$ -	Daily	None
Total	\$ 882,631	\$ -		

5. Related Party and Party-in-Interest Transactions

Certain Plan investments are interests or shares in funds managed by the trustee. The trustee also performs administrative and recordkeeping services for the Plan; therefore, these transactions qualify as party-in-interest transactions. Administrative expenses paid by the Plan to the trustee amounted to \$65,195 for the year ended October 31, 2023.

The Plan also allows participants to take out loans from the Plan, which are considered party-in-interest transactions.

Full Compass Systems, Ltd. 401(k) Plan

Notes to Financial Statements

Certain accounting and administrative functions are performed by officers or employees of the Employer. No such officer or employee receives compensation from the plan. In addition, the Employer pays certain administrative expenses of the plan.

6. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants' accounts will become fully vested and non-forfeitable.

7. Tax Status

The Plan uses a pre-approved plan document sponsored by the trustee. The trustee received an opinion letter from the IRS, dated June 30, 2020, which states that the pre-approved plan document, as then designed, satisfies the applicable provisions of the IRC. Although the Plan has been amended since the date of the opinion letter, Plan management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of October 31, 2023 and 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress for any tax periods.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the statements of net asset available for benefits.

9. Subsequent Events

The Plan has evaluated subsequent events through August 12, 2024, the date the financial statements were available to be issued.
