INDEPENDENT AUDITOR'S REPORT

To the Plan Participants and Plan Administrator of Merit Medical Systems, Inc. 401(k) Profit Sharing Plan.

Opinion

We have audited the financial statements of Merit Medical Systems, Inc. 401(k) Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2023 and 2022, and the changes in its net assets available for benefits for the year ended December 31, 2023, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

MERIT MEDICAL SYSTEMS, INC. 401(k) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
AS OF DECEMBER 31, 2023 AND 2022 AND FOR THE YEAR ENDED DECEMBER 31, 2023

1. DESCRIPTION OF THE PLAN

The following description of the Merit Medical Systems, Inc. 401(k) Profit Sharing Plan (the “Plan”) is provided for general information purposes only. Reference should be made to the Plan document for more complete information.

General — The Plan is a defined contribution plan covering substantially all employees in the United States who have completed 90 days of service for Merit Medical Systems, Inc. (the “Company”). The Board of Directors of the Company has appointed the 401(k) Plan Administration and Investment Committee to control and manage the operation and administration of the Plan. Fidelity Management Trust Company serves as the trustee of the Plan.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

Contributions — Each year, participants may contribute up to 100% of their eligible compensation, as defined in the Plan, through pre-tax payroll deductions and may make Roth (after-tax) elective deferrals to the Plan, subject to certain limitations under the Internal Revenue Code (“IRC”). The Company may elect to make discretionary matching contributions to the plan. During the year ended December 31, 2023, the Company made matching contributions to the plan, equal to 60% of the first 5% of total compensation that a participant contributed to the Plan. The match is calculated and funded on a per pay period basis with a year-end “true up” for annual compensation, if necessary. The Company’s matching contributions to participants’ 401(k) accounts were \$4,302,468 for the year ended December 31, 2023.

Participant Accounts — Individual accounts are maintained for each Plan participant. Each participant’s account is credited with the participant’s contributions, the Company’s matching contributions, and Plan earnings, and is charged with withdrawals and an allocation of Plan losses and expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Investments — Participants direct the investment of their contributions and Company matching contributions into various investment options offered by the Plan and may change investments and transfer amounts between funds daily. The Plan offers fund options with registered investment companies, common-collective trust funds, a stable value fund, shares of the Company’s stock, and a participant-directed brokerage account feature. Participants may direct their investments through a trustee-sponsored brokerage account, which offers a variety of mutual funds and the option to invest in individual stocks.

Vesting — Participants are vested immediately in their contributions, plus actual earnings thereon. Vesting in the Company’s contribution portion of their accounts is based on years of continuous service. A participant vests 20% per year of credited service and is 100% vested after five years of credited service.

Notes Receivable from Participants — Participants may borrow from their accounts up to a maximum of \$50,000 or 50% of their vested account balance, whichever is less. The loans are secured by the balance in the participant’s account and bear interest at rates commensurate with local prevailing rates at the time funds are borrowed as determined by the Plan administrator. Principal and interest are paid on a ratable basis through payroll deductions. Loans outstanding to participants as of December 31, 2023 will mature at various dates through 2030 with interest rates ranging from 4.25% to 9.5%.

Payment of Benefits — On termination of service due to death, disability or retirement, a participant may elect to receive distributions equal to of the value of the participant's vested interest in his or her account as a lump-sum amount or installment payments. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Hardship distributions, subject to a \$500 minimum, may also be allowed from the participant deferral contribution balance for purchasing a primary residence, financing higher education, paying for necessary medical care, or alleviating certain other financial hardships.

Forfeited Accounts — When certain terminations of participation in the Plan occur, the nonvested portion of the participant's account, as defined by the Plan, represents a forfeiture. As of December 31, 2023 and 2022, forfeited non-vested accounts totaled \$130,096 and \$235,547, respectively. Forfeitures of participants' non-vested accounts are used to pay Plan expenses or to reduce future Company matching contributions. During 2023, forfeited nonvested accounts were used by the Plan Administrator to fund Company matching contributions of \$126,749 and to fund administrative expenses of \$107,461.

Administrative Expenses — The Plan is sponsored by the Company and certain administrative expenses of the Plan are paid by the Company as provided in the Plan document.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting — The accompanying financial statements have been prepared on the accrual basis in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates — The preparation of financial statements in conformity with GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Risk and Uncertainties — The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

Included in investments at December 31, 2023 and 2022 are shares of the Company's common stock with a fair value of \$43,107,310 and \$41,730,848, respectively, held by the Plan within participant accounts. This investment represents 23.6% and 27.7% of total investments at December 31, 2023 and 2022, respectively. A significant decline in the market value of the Company's stock would significantly affect the net assets available for benefits.

Contributions — Employee contributions and the related employer matching contributions are recognized during the period in which employee contributions are withheld from compensation.

Payment of Benefits — Benefit payments to participants are recorded upon distribution. There were no amounts allocated to accounts of former participants who elected to withdraw from the Plan but had not been paid at December 31, 2023 and 2022.

Excess Contributions Payable — The Plan is required to return contributions received during the Plan year in excess of IRC limits. As of December 31, 2023 and 2022, total excess contributions payable was approximately \$417,791 and \$304,012.

Investment Valuation and Income Recognition — The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Administrative Expenses — Management fees and operating expenses charged to the Plan for investments in mutual funds, common-collective trust funds and the stable value fund are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments. Certain indirect administrative expenses are paid by the Company and are excluded from these financial statements. Expenses paid by the Plan are shown on the Statement of Changes in Net Assets Available for Benefits.

Notes Receivable from Participants — Notes receivable from plan participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are recorded as distributions based on the terms of the Plan document.

New Accounting Standards — In 2023, there were no new accounting standards adopted that are expected to have a material effect on the Plan's financial statements.

3. FAIR VALUE MEASUREMENTS

The fair values of investments are classified based on the lowest level of any input that is significant to the fair value measurement. The Plan used the following methods to determine fair value for purposes of the accompanying financial statements:

Level 1 — Quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan has the ability to access on the report date.

Level 2 — Inputs (such as financial matrices, models, valuation techniques), other than quoted market prices included in Level 1, that are observable for the asset or liability, either directly or indirectly. If the asset or liability has a specified (contractual) term, a Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 — Inputs (such as professional appraisals, quoted prices from inactive markets that require adjustment based on significant assumptions or data that is not current, data from independent sources) that are unobservable for the asset or liability.

Asset Valuation Techniques — The methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for assets measured at fair value.

Interest Bearing Cash — Held primarily in short-term money market commingled funds, which are valued at cost plus accrued interest.

Mutual Funds — Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-directed Brokerage Accounts — Underlying investments are valued at closing price reported on the active market for which the individual securities are traded.

Common Stocks — Valued at the closing price reported on the active market on which the individual securities are traded.

Common-collective Trust Funds — Valued at the net asset value of units of a bank collective trust. The net asset value as provided by the trustee is used as a practical expedient to estimate fair value. The net asset value is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported net asset value. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to confirm that securities liquidations will be carried out in an orderly business manner.

Stable Value Fund — The Morley Stable Value Fund is a collective trust fund offered by the Principal Global Investors Trust Company whose objective is to provide preservation of capital, relatively stable returns consistent with its comparatively low risk profile and liquidity for benefit responsive payments. The fund is composed primarily of fully benefit-responsive investment contracts and is valued at the net asset value of units of the bank collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to confirm that securities liquidations will be carried out in an orderly business manner.

The following table provides the amount and corresponding level of hierarchy for the Plan's investments that were measured at fair value on a recurring basis as of December 31, 2023:

Stable value fund	3,634,422	4,322,551	—	Daily	None	12-month advance written notice to initiate a full redemption

4. EXEMPT PARTY-IN-INTEREST TRANSACTIONS

The Plan allows for transactions with certain parties who may perform services or have fiduciary responsibilities to the Plan, including the Company. Certain plan investments are shares of various mutual funds or money market accounts that are owned and managed by Fidelity Management Trust Company, who has been designated as investment custodian to the Plan. Certain Plan investments are shares of the Company's common stock. The Plan also issues loans to participants, which are secured by the vested balances in the participants' accounts. Therefore, these transactions qualify as exempt party-in-interest transactions.

At December 31, 2023 and 2022, the Plan held within participant accounts 567,500 and 590,921 shares, respectively, of the Company's common stock, with a fair value of \$43,107,310 and \$41,730,848, respectively, and with a cost basis of \$26,597,168 and \$26,825,359, respectively. During the year ended December 31, 2023 purchases of shares by the Plan totaled \$1,246,583 and sales of shares by the Plan totaled \$2,897,140.

5. PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, participants would become 100% vested in their accounts.

6. FEDERAL INCOME TAX STATUS

Prior to 2016, the Plan used an individually-designed plan document that was covered by a series of prior favorable IRS determination letters as to its qualified form, the most recent of which was issued in 2011. Effective January 1, 2016, and prior to expiration of the Plan's 2011 favorable IRS determination letter, the Plan was amended and restated through the adoption of an IRS pre-approved volume submitter plan document package that is covered by a favorable IRS advisory letter, dated June 30, 2020, in which the IRS determined that the form of the volume submitter document package later adopted by the Company met the applicable tax-qualification requirements. The Plan administrator believes that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC and the Plan and related trust continue to be tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

INDEPENDENT AUDITOR'S REPORT

To the Plan Participants and Plan Administrator of Merit Medical Systems, Inc. 401(k) Profit Sharing Plan.

Opinion

We have audited the financial statements of Merit Medical Systems, Inc. 401(k) Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2023 and 2022, and the changes in its net assets available for benefits for the year ended December 31, 2023, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

MERIT MEDICAL SYSTEMS, INC. 401(k) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
AS OF DECEMBER 31, 2023 AND 2022 AND FOR THE YEAR ENDED DECEMBER 31, 2023

1. DESCRIPTION OF THE PLAN

The following description of the Merit Medical Systems, Inc. 401(k) Profit Sharing Plan (the “Plan”) is provided for general information purposes only. Reference should be made to the Plan document for more complete information.

General — The Plan is a defined contribution plan covering substantially all employees in the United States who have completed 90 days of service for Merit Medical Systems, Inc. (the “Company”). The Board of Directors of the Company has appointed the 401(k) Plan Administration and Investment Committee to control and manage the operation and administration of the Plan. Fidelity Management Trust Company serves as the trustee of the Plan.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

Contributions — Each year, participants may contribute up to 100% of their eligible compensation, as defined in the Plan, through pre-tax payroll deductions and may make Roth (after-tax) elective deferrals to the Plan, subject to certain limitations under the Internal Revenue Code (“IRC”). The Company may elect to make discretionary matching contributions to the plan. During the year ended December 31, 2023, the Company made matching contributions to the plan, equal to 60% of the first 5% of total compensation that a participant contributed to the Plan. The match is calculated and funded on a per pay period basis with a year-end “true up” for annual compensation, if necessary. The Company’s matching contributions to participants’ 401(k) accounts were \$4,302,468 for the year ended December 31, 2023.

Participant Accounts — Individual accounts are maintained for each Plan participant. Each participant’s account is credited with the participant’s contributions, the Company’s matching contributions, and Plan earnings, and is charged with withdrawals and an allocation of Plan losses and expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Investments — Participants direct the investment of their contributions and Company matching contributions into various investment options offered by the Plan and may change investments and transfer amounts between funds daily. The Plan offers fund options with registered investment companies, common-collective trust funds, a stable value fund, shares of the Company’s stock, and a participant-directed brokerage account feature. Participants may direct their investments through a trustee-sponsored brokerage account, which offers a variety of mutual funds and the option to invest in individual stocks.

Vesting — Participants are vested immediately in their contributions, plus actual earnings thereon. Vesting in the Company’s contribution portion of their accounts is based on years of continuous service. A participant vests 20% per year of credited service and is 100% vested after five years of credited service.

Notes Receivable from Participants — Participants may borrow from their accounts up to a maximum of \$50,000 or 50% of their vested account balance, whichever is less. The loans are secured by the balance in the participant’s account and bear interest at rates commensurate with local prevailing rates at the time funds are borrowed as determined by the Plan administrator. Principal and interest are paid on a ratable basis through payroll deductions. Loans outstanding to participants as of December 31, 2023 will mature at various dates through 2030 with interest rates ranging from 4.25% to 9.5%.

Payment of Benefits — On termination of service due to death, disability or retirement, a participant may elect to receive distributions equal to of the value of the participant's vested interest in his or her account as a lump-sum amount or installment payments. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Hardship distributions, subject to a \$500 minimum, may also be allowed from the participant deferral contribution balance for purchasing a primary residence, financing higher education, paying for necessary medical care, or alleviating certain other financial hardships.

Forfeited Accounts — When certain terminations of participation in the Plan occur, the nonvested portion of the participant's account, as defined by the Plan, represents a forfeiture. As of December 31, 2023 and 2022, forfeited non-vested accounts totaled \$130,096 and \$235,547, respectively. Forfeitures of participants' non-vested accounts are used to pay Plan expenses or to reduce future Company matching contributions. During 2023, forfeited nonvested accounts were used by the Plan Administrator to fund Company matching contributions of \$126,749 and to fund administrative expenses of \$107,461.

Administrative Expenses — The Plan is sponsored by the Company and certain administrative expenses of the Plan are paid by the Company as provided in the Plan document.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting — The accompanying financial statements have been prepared on the accrual basis in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates — The preparation of financial statements in conformity with GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Risk and Uncertainties — The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

Included in investments at December 31, 2023 and 2022 are shares of the Company's common stock with a fair value of \$43,107,310 and \$41,730,848, respectively, held by the Plan within participant accounts. This investment represents 23.6% and 27.7% of total investments at December 31, 2023 and 2022, respectively. A significant decline in the market value of the Company's stock would significantly affect the net assets available for benefits.

Contributions — Employee contributions and the related employer matching contributions are recognized during the period in which employee contributions are withheld from compensation.

Payment of Benefits — Benefit payments to participants are recorded upon distribution. There were no amounts allocated to accounts of former participants who elected to withdraw from the Plan but had not been paid at December 31, 2023 and 2022.

Excess Contributions Payable — The Plan is required to return contributions received during the Plan year in excess of IRC limits. As of December 31, 2023 and 2022, total excess contributions payable was approximately \$417,791 and \$304,012.

Investment Valuation and Income Recognition — The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Administrative Expenses — Management fees and operating expenses charged to the Plan for investments in mutual funds, common-collective trust funds and the stable value fund are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments. Certain indirect administrative expenses are paid by the Company and are excluded from these financial statements. Expenses paid by the Plan are shown on the Statement of Changes in Net Assets Available for Benefits.

Notes Receivable from Participants — Notes receivable from plan participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are recorded as distributions based on the terms of the Plan document.

New Accounting Standards — In 2023, there were no new accounting standards adopted that are expected to have a material effect on the Plan's financial statements.

3. FAIR VALUE MEASUREMENTS

The fair values of investments are classified based on the lowest level of any input that is significant to the fair value measurement. The Plan used the following methods to determine fair value for purposes of the accompanying financial statements:

Level 1 — Quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan has the ability to access on the report date.

Level 2 — Inputs (such as financial matrices, models, valuation techniques), other than quoted market prices included in Level 1, that are observable for the asset or liability, either directly or indirectly. If the asset or liability has a specified (contractual) term, a Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 — Inputs (such as professional appraisals, quoted prices from inactive markets that require adjustment based on significant assumptions or data that is not current, data from independent sources) that are unobservable for the asset or liability.

Asset Valuation Techniques — The methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for assets measured at fair value.

Interest Bearing Cash — Held primarily in short-term money market commingled funds, which are valued at cost plus accrued interest.

Mutual Funds — Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-directed Brokerage Accounts — Underlying investments are valued at closing price reported on the active market for which the individual securities are traded.

Common Stocks — Valued at the closing price reported on the active market on which the individual securities are traded.

Common-collective Trust Funds — Valued at the net asset value of units of a bank collective trust. The net asset value as provided by the trustee is used as a practical expedient to estimate fair value. The net asset value is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported net asset value. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to confirm that securities liquidations will be carried out in an orderly business manner.

Stable Value Fund — The Morley Stable Value Fund is a collective trust fund offered by the Principal Global Investors Trust Company whose objective is to provide preservation of capital, relatively stable returns consistent with its comparatively low risk profile and liquidity for benefit responsive payments. The fund is composed primarily of fully benefit-responsive investment contracts and is valued at the net asset value of units of the bank collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to confirm that securities liquidations will be carried out in an orderly business manner.

The following table provides the amount and corresponding level of hierarchy for the Plan's investments that were measured at fair value on a recurring basis as of December 31, 2023:

4. EXEMPT PARTY-IN-INTEREST TRANSACTIONS

The Plan allows for transactions with certain parties who may perform services or have fiduciary responsibilities to the Plan, including the Company. Certain plan investments are shares of various mutual funds or money market accounts that are owned and managed by Fidelity Management Trust Company, who has been designated as investment custodian to the Plan. Certain Plan investments are shares of the Company's common stock. The Plan also issues loans to participants, which are secured by the vested balances in the participants' accounts. Therefore, these transactions qualify as exempt party-in-interest transactions.

At December 31, 2023 and 2022, the Plan held within participant accounts 567,500 and 590,921 shares, respectively, of the Company's common stock, with a fair value of \$43,107,310 and \$41,730,848, respectively, and with a cost basis of \$26,597,168 and \$26,825,359, respectively. During the year ended December 31, 2023 purchases of shares by the Plan totaled \$1,246,583 and sales of shares by the Plan totaled \$2,897,140.

5. PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, participants would become 100% vested in their accounts.

6. FEDERAL INCOME TAX STATUS

Prior to 2016, the Plan used an individually-designed plan document that was covered by a series of prior favorable IRS determination letters as to its qualified form, the most recent of which was issued in 2011. Effective January 1, 2016, and prior to expiration of the Plan's 2011 favorable IRS determination letter, the Plan was amended and restated through the adoption of an IRS pre-approved volume submitter plan document package that is covered by a favorable IRS advisory letter, dated June 30, 2020, in which the IRS determined that the form of the volume submitter document package later adopted by the Company met the applicable tax-qualification requirements. The Plan administrator believes that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC and the Plan and related trust continue to be tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.
