REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

To the Participants and Plan Administrator of
King Street Capital Management, L.P. 401(k) Plan

Scope and nature of the ERISA Section 103(a)(3)(C) audit

We have performed audits of the financial statements of King Street Capital Management, L.P. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of management for the financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the financial statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other matter – supplemental schedules required by ERISA

The supplemental schedule of assets (held at year end) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

King Street Capital Management, L.P. 401(k) Plan

NOTES TO FINANCIAL STATEMENTS

December 31, 2023 and 2022

NOTE 1 - DESCRIPTION OF THE PLAN

General

The King Street Capital Management, L.P. 401(k) Plan (the "Plan") is a defined contribution plan subject to the requirements of the Employee Retirement Income Security Act of 1974 ("ERISA") and is sponsored by King Street Capital Management L.P. ("King Street" or the "Sponsor"). Fidelity Management Trust Company ("FMTC") is the trustee and custodian of the Plan. Fidelity Workplace Services LLC ("FWS") is the record keeper of the Plan. The following description of the Plan provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

Eligibility Requirements

An employee becomes eligible to participate in the Plan on the entry date that coincides with the employee's date of hire as long as the employee contemplates the completion of 1,000 hours of service. Otherwise, an employee will be eligible to become a participant on the entry date that coincides with the completion of one service year as defined in the Plan document.

Contributions

Eligible employees may contribute up to an annual maximum contribution permitted by the Internal Revenue Code (the "Code") of \$22,500 in 2023 and \$20,500 in 2022. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers) and additional contributions from participants who reach age 50 or older in accordance with the Code.

Eligible employees may designate some or all of their deferral contribution as a Roth Deferral Contribution at the time they make their deferral election. Once made, this election will be irrevocable (that is, Roth Deferral Contributions cannot later be re-characterized as pre-tax deferral contributions). If eligible employees elect to make a Roth Deferral Contribution, the amount of their contribution will be included in their income for tax purposes.

In addition, the Sponsor may contribute a discretionary profit-sharing contribution in an amount to be determined at year end. There was discretionary profit-sharing contribution of \$162,751 declared for the year ended December 31, 2023, including \$48,424 that was funded through forfeitures. The remaining balance of \$114,327 is presented as contributions from employer receivable on the statement of net assets available for benefits at December 31, 2023.

Participant Accounts

Each participant account is credited with the participant's contribution, profit-sharing contribution and allocations of plan earnings. Allocations are based on participant earnings on account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participants' Investment Options

Upon enrollment in the Plan, participant contributions are invested, and all dividends and interest income are reinvested by the trustee as directed by the participant. Earnings on amounts held in the investment funds are allocated to individual accounts daily.

Benefits

Benefit payments are determined and disbursed by the trustee after receiving notice from the Sponsor that a participant's beneficial interest has matured due to death, disability, retirement or separation. Participants can elect to receive a lump-sum distribution, in cash or in the form of a rollover to another qualified plan, monthly installments or some combination of lump sum and monthly installments. In addition, participants may elect in-service withdrawals of their vested account balances after reaching age 59½ or for hardship purposes.

Vesting

Participants are 100% vested in pre-tax employee contributions, Roth Deferral Contributions, rollover account and earnings thereon.

Participants with account balances derived from sponsor discretionary profit-sharing contributions and earnings are vested in accordance with the following schedule:

<u>Years of Vesting Service</u>	<u>Percentage Vested</u>
One	33⅓%
Two	66⅔%
Three or more	100%

Forfeited amounts are retained in the Plan and used to reduce future sponsor contributions or to pay administrative expenses. Forfeitures were not used to pay for administrative expenses but were used to reduce discretionary profit-sharing contribution in 2023 that was paid in 2024, refer to Note 1 - Contributions. Forfeiture balances were \$41,199 and \$14,442 for the Plan years ended December 31, 2023 and 2022, respectively.

Notes Receivable from Participants

Participants may make a written application to the Plan Administrator to borrow from the Plan an amount ranging from \$1,000 to the lesser of \$50,000 or 50% of their vested balance. As of December 31, 2023, the interest rate on outstanding loans ranged between 4.25% and 9.5%, depending on date of origination. All loans shall be evidenced by a written note, shall bear a reasonable rate of interest, shall be secured by the participant's account, shall be amortized in level payments made at least quarterly over the term of the loan and shall be repaid by the participant over a five-year period. Loans used in connection with the purchase of a participant's principal residence may be repaid over a term of up to 15 years.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Plan's financial statements are prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition

The Plan's investments in mutual funds are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Participant loans are valued at cost, which approximates fair value. Purchases and sales are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Participant loan interest income is recorded on the accrual basis.

King Street Capital Management, L.P. 401(k) Plan
NOTES TO FINANCIAL STATEMENTS - CONTINUED
December 31, 2023 and 2022

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2023 and 2022.

Benefit Distributions

Benefits are recorded when paid.

Administrative Expenses

Administrative expenses reported on the financial statements represent fees charged by Fidelity to the participants. All other administrative expenses, with the exception of those related to participant's loans, are paid by the Sponsor.

Use of Estimates

The preparation of the Plan's financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires the Plan Administrator to make significant estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements and the changes in net assets available for benefits during the reporting period and, when applicable, disclosures of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

NOTE 3 - CERTIFIED INFORMATION

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, FMTC has certified that the following information in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments, at fair value, and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2023 and 2022.
- Investment income and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2023.
- Schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2023.

NOTE 4 - FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

King Street Capital Management, L.P. 401(k) Plan
NOTES TO FINANCIAL STATEMENTS - CONTINUED
December 31, 2023 and 2022

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2023.

Mutual funds: These funds, which include money market funds, are valued at the daily closing price as reported by each fund. The funds are deemed to be actively traded and are required to publish their daily net asset value ("NAV") and to transact at that price.

Self-directed brokerage account (BrokerageLink): These accounts include participant-directed investments in mutual funds, common stocks and money market fund accounts, which are classified within Level 1. Refer to valuation methodologies above. Common stocks are valued at the closing price reported on the active market on which the individual securities are traded.

Collective trust fund: Valued using the NAV provided by the administrator of the fund. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. The collective trust fund generally provide for daily redemptions by the Plan at reported NAV per unit, without restriction. There are no unfunded commitments for the collective trust fund as of December 31, 2023.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. During 2023 and 2022, there was no transfer between the three levels of the fair value hierarchy.

NOTE 5 - TAX STATUS OF THE PLAN

The Plan uses a volume submitter plan and received an opinion letter dated June 30, 2020 from the Internal Revenue Service ("IRS"), that the Plan is designed in accordance with the applicable sections of the Code. Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 6 - PARTY-IN-INTEREST TRANSACTIONS

Investment transactions with FTMC and its affiliates qualify as party-in-interest transactions.

NOTE 7 - PLAN TERMINATION

While King Street has not expressed any intent to discontinue its contributions or to terminate the Plan, it may do so at any time. In the event of termination, the Plan Administrator will facilitate the distribution of account balances under the provisions of the Plan and trust agreement until all assets have been distributed by the trustee. Each participant in the Plan, upon plan termination, will automatically become 100% vested in their account balance.

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan provides for various investment options in any combination of mutual funds, collective trust fund and other investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

NOTE 9 - SUBSEQUENT EVENTS

The Plan administrator has evaluated subsequent events through August 8, 2024, the date the financial statements were available to be issued, and determined that there were no circumstances that warranted recognition or disclosure of those events or transactions in the financial statements as of December 31, 2023.
