Independent Auditor's Report

To the Retirement Committee
Carolina Glove Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Carolina Glove Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the Statements of Net Assets Available for Benefits as of October 23, 2023 (in liquidation) and December 31, 2022 (in liquidation), and the related Statements of Changes in Net Assets Available for Benefits for the period ended October 23, 2023 (in liquidation) and the year ended December 31, 2022 (in liquidation), the Statement of Accumulated Plan Benefits as of December 31, 2022 (in liquidation) and the related Statement of Changes in Accumulated Plan Benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Carolina Glove Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of the Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by a bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of October 23, 2023 (in liquidation) and December 31, 2022 (in liquidation), and for the period ended October 23, 2023 (in liquidation) and the year ended December 31, 2022 (in liquidation), stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section -

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Carolina Glove Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter - Basis of Accounting

As discussed in Note 4 to the financial statements, the governing body of Carolina Glove Retirement Plan approved a plan of liquidation as of December 1, 2022, and management determined liquidation is imminent. As a result, the financial statements and supplemental schedule are prepared on the liquidation basis of accounting. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Carolina Glove Retirement Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedule of Schedule of Reportable Transactions - In Liquidation, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion -

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

CAROLINA GLOVE RETIREMENT PLAN

NOTES TO THE FINANCIAL STATEMENTS FOR THE PERIOD ENDED OCTOBER 23, 2023 (IN LIQUIDATION) AND THE YEAR ENDED DECEMBER 31, 2022 (IN LIQUIDATION)

1. Description of the Plan

The following description of the Carolina Glove ("Company") Retirement Plan ("Plan") is provided for general information only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined benefit plan covering all employees of the Company who have completed one year of service with 1,000 hours. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Effective December 9, 2008, the Plan was amended to restrict participation as of the effective date.

The Plan was terminated effective December 1, 2022. See Note 4 for additional information. The following is a description of the Plan prior to termination.

Pension Benefits - Participants with five or more years of service are entitled to annual pension benefits beginning at normal retirement age (65) equal to a percentage of their average annual compensation, as defined by the Plan agreement. The Plan permits early retirement upon attainment of 20 years of vesting service and of reaching age fifty-five. Participants may elect to receive their pension benefits in the form of a single life annuity, ten-year certain and life annuity, or a joint and survivor annuity. If participants terminate before rendering five years of service, they forfeit the right to receive any Plan benefits.

Death Benefits - If an active participant who would be entitled to a vested accrued benefit if he terminated his employment or a terminated vested participant dies before he has satisfied the requirements for early retirement or normal retirement, his surviving spouse shall be entitled to receive a monthly survivor benefit commencing on the earliest date that such a participant or terminated vested participant could have elected to receive retirement benefits under the Plan. The surviving spouse of an active participant, or a terminated vested participant eligible to receive early retirement or normal retirement benefits, or a normal retiree of an early retiree, who dies before the benefit payments have commenced, shall be eligible to receive a monthly survivor benefit.

2. Summary of Significant Accounting Policies

Basis of Accounting – As discussed in Note 4 to the financial statements, the Plan Sponsor terminated the Plan effective December 1, 2022. As a result, the Plan changed its basis of accounting for the periods subsequent to December 31, 2021 from the going concern basis to the liquidation basis.

Under the liquidation basis of accounting, assets are measured to reflect the estimated amount of cash expected to be collected in settling or disposing of the assets during the liquidation process and liabilities are measured using the accrual basis of accounting and would include any expected costs of the disposal of assets and other costs expected to be incurred during the liquidation process.

NOTES TO THE FINANCIAL STATEMENTS FOR THE PERIOD ENDED OCTOBER 23, 2023 (IN LIQUIDATION) AND THE YEAR ENDED DECEMBER 31, 2022 (IN LIQUIDATION)

Use of Estimates - The preparation of financial statements in conformity with generally accepted accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 7 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Actuarial Present Value of Accumulated Plan Benefits - Accumulated plan benefits are those future periodic payments, including lump-sum distribution, that are attributable under the Plan's provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. Benefits under the Plan are based on employees' compensation for the five consecutive plan years, which provide the highest average compensation during their employment. The accumulated plan benefits for active employees are based on their compensation during employment ending on the date as of which the benefit information is presented (the valuation date). Benefits payable under all circumstances--retirement, death, disability, and termination of employment--are included, to the extent they are deemed attributable to employee service rendered to the valuation date. Benefits to be provided through annuity contracts are excluded from Plan assets and are also excluded from accumulated plan benefits.

The actuarial present value of accumulated plan benefits is determined by an actuary from Principal Financial, and is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest rates reflected by the MAP-21 interest rate corridor defined by IRC 430(h)(2)(C)(iv)), and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment. The significant actuarial assumptions used in the valuations were (a) life expectancy of participants (based on IRS Prescribed Mortality – Optional Combined Table for Small Plans, [male and female]for 2023 and 2022, (b) retirement age assumptions (age 65, or age on actuarial valuation date, if greater), and (c) investment return (at 0% for 2023 and 4.75% for 2022). The computations of the actuarial present value of plan benefits were made as of January 1, 2023. Had the valuations been performed as of December 31, there would be no material differences. For Plan period ending October 23, 2023, no actuarial valuation was performed due to the Plan being fully liquidated in 2023.

As discussed in Note 4, the PBGC and the IRS has approved the Plan termination. The Plan was fully settled in 2023. The effect of the termination of approximately $5,625,715, is based on the benefit payments paid to insurance carriers for the provision of benefits.

Accrued Expenses Expected to be Incurred in Liquidation – In accordance with the liquidation basis of accounting, expenses to terminate the Plan are accrued and reflected as a liability on the Statements of Net Assets Available for Benefits of $0 for 2023 (in liquidation) and $129,542 for 2022 (in liquidation), respectively. A corresponding adjustment to liquidation basis of accounting is reflected on the Statements of Changes in Net Assets Available for Benefits of $0 and $129,542 during the period ended October 23, 2023 (in liquidation) and for the year ended December 31, 2022 (in liquidation), respectively.

Payment of Benefits - Benefits are recorded when paid.

Administrative Expenses - The Plan's expenses are paid either by the Plan or the Company, as provided by the plan document. Expenses that are paid directly by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statement of changes in net assets available for benefits. In addition, certain investment related expenses are included in net appreciation of fair value of investments presented in the accompanying statement of changes in net assets available for benefits.

Subsequent Events - The Plan has evaluated subsequent events through August 9, 2024, the date the financial statements were available to be issued.

3. Funding Policy

The Company's funding policy is to contribute annually an actuarially determined amount (including normal costs, amortization charges including prior service costs, and interest charges less interest credits, and full funding limitation credits) not less than the minimum required by ERISA. The Company may, at its discretion, contribute an amount greater than the required minimum. During Plan period ended October 23, 2023 (in liquidation) and for the year ended December 31, 2022 (in liquidation), the Company made contributions of $323,517 and $0, respectively.

The Company also absorbed certain costs of plan administration during 2023 and 2022.

4. Plan Termination

The Company elected to terminate the Plan effective December 1, 2022 in accordance with the PBGC provisions and reporting requirements. The net assets of the Plan will be allocated, as prescribed by ERISA and its related regulations. As of the effective date of the termination, participants are 100% vested in plan benefits. The Plan was fully liquidated as of October 23, 2023.

5. Investments

During Plan period ended October 23, 2023 and the year ended December 31, 2022, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated/(depreciated) in value as follows.

Net appreciation (depreciation) in fair value of investments:

	2023 (In Liquidation)	2022 (In Liquidation)
Mutual funds	$ 148,114	$ (813,001)
Pooled separate account	102,110	(750,766)
	$ 250,224	$ (1,563,767)

6. Information Certified by the Trustee (Unaudited)

At October 23, 2023 and December 31, 2022, the Plan's investments were held by the Trustee. The following is a summary of the Plan's financial information that is included in the Plan's financial statement and supplementary schedule based on information certified by the Trustee as complete and accurate in accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

The fair value of investments at October 23, 2023 and December 31, 2022, as reported by the trustee, is summarized as follows:

	2023 (In Liquidation)	2022 (In Liquidation)
Statements of Net Assets Available for Benefits:		
Investments, at fair value	$ -	$ 6,347,660
Statement of Changes in Net Assets Available for Benefits:		
Net appreciation (depreciation) in fair value of investments	250,224	(1,563,767)
Dividend income	10,672	38,742

All investment balances and information included in the supplementary schedule were furnished by the trustees and are unaudited.

7. Fair Value Measurements

FASB ASC 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to

unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at October 23, 2023 and December 31, 2022.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled Separate Accounts: Valued at NAV of units of a pooled separate accounts. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the pooled separate accounts, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidated will be carried out in an orderly business manner.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of October 23, 2023 and December 31, 2022:

Assets at Fair Value as of October 23, 2023 (In Liquidation):

	Quoted Prices in Active Markets for Identical Assets (Level 1) **Level 1**	*Significant Other Observable Inputs (Level 2)* **Level 2**	*Significant Unobservable Inputs (Level 3)* **Level 3**	**Total**
Mutual Funds	$ -	$ -	$ -	$ -
Total assets in the fair value hierarchy	-	-	-	-
Investments measured at NAV	-	-	-	-
Total investments	$ -	$ -	$ -	$ -

Assets at Fair Value as of December 31, 2022 (In Liquidation):

	Quoted Prices in Active Markets for Identical Assets (Level 1) **Level 1**	*Significant Other Observable Inputs (Level 2)* **Level 2**	*Significant Unobservable Inputs (Level 3)* **Level 3**	**Total**
Mutual funds	$ 1,814,517	$ -	$ -	$ 1,814,517
Total assets in the fair value hierarchy	1,814,517	-	-	1,814,517
Investments measured at NAV	-	-	-	4,533,143
Total investments	$ 1,814,517	$ -	$ -	$ 6,347,660

Fair Value of Investments that Calculates Net Asset Value

The following tables summarize investments measured at fair value based on net asset value (NAV's) per share as of October 23, 2023 and December 31, 2022.

	Fair Value Estimated Using NAV per Share October 23, 2023 (in Liquidation)				
Investment	Fair Value	Unfunded Commitment	Redemption Frequency	Other Redemption Restrictions	Redemption Notice Period
Pooled separate accounts	$ -	$ -	Daily	None	Daily

	Fair Value Estimated Using NAV per Share December 31, 2022 (In Liquidation)				
Investment	Fair Value	Unfunded Commitment	Redemption Frequency	Other Redemption Restrictions	Redemption Notice Period
Pooled separate accounts	$ 4,533,143	$ -	Daily	None	Daily

8. Related-Party Transactions

Certain Plan investments are shares of mutual funds and pooled separate accounts managed by Principal Financial. Principal Financial is the trustee as defined by the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions. Fees paid by the Plan Sponsor for investment management services amount to $134,069 and $197,468 for the period ended October 23, 2023 and for the year ended December 31, 2022, respectively.

9. Federal Income Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated October 22, 2009, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code and, therefore, believe that the Plan is qualified, and the related trust is tax exempt.

The Plan received approval from the PBGC for the Plan's termination effective December 1, 2022.

10. Risks and Uncertainties

The Plan invests in a variety of investment securities. Investments securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits. Plan contributions are made and the actuarial present value of accumulated plan benefits are reported base on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.
