INDEPENDENT AUDITOR'S REPORT

**Defined Contribution Plan Committee
California School Employees Association 401(k) Plan
San Jose, California**

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the California School Employees Association 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of California School Employees Association 401(k) Plan performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022 and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 5 of the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of California School Employees Association 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the California School Employees Association 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

CALIFORNIA SCHOOL EMPLOYEES ASSOCIATION

401(k) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2023

1. DESCRIPTION OF THE PLAN

The California School Employees Association 401(k) Plan (the Plan) was established to provide retirement benefits to eligible employees of the California School Employees Association (the Association). The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan with a salary deferral arrangement qualified under appropriate provisions of the Internal Revenue Code (IRC) and applicable state laws. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Matrix Trust Company served as the Plan's trustee from January 1, 2023, to December 31, 2023. Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC (Empower Retirement), also served as the Plan's trustee from January 1, 2023 to May 31, 2023. The Plan's Trustees also served as the Plan's Administrators through product and service offerings collectively known as Empower Retirement from January 1, 2023 to May 31, 2023 and as Matrix Trust Company from January 1, 2023 to December 31, 2023.

Funding – The Plan was funded under a qualified trust with Matrix Trust Company for the period from January 1, 2023, to December 31, 2023. The Plan was also funded under a qualified trust with Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC from January 1, 2023 to May 31, 2023. The Plan's Trustees are responsible to hold, invest and reinvest trust assets in the interest of and as directed by the participants and their beneficiaries.

Eligibility – All full-time employees are eligible to participate in the Plan. Employees may enroll the first day of the month on or after their hire date. Part-time, seasonal, or temporary employees are eligible to participate after one year of service (twelve consecutive months during which an employee has at least 1,000 hours of service).

Contributions – Participants are permitted to make salary deferral contributions from their eligible compensation (as defined by the Plan), subject to certain limitations under the IRC. In addition, the Plan permits participants to make certain tax-free transfers (rollovers) of lump sum distributions received from other tax-qualified plans, subject to IRC regulations. The Association contributes 2.94% of eligible pay for non-union participants. Employer contributions are calculated each pay period and deposited monthly. These employer contributions are fully vested at all times. A participant's account is credited with all contributions and earnings and gains (less any losses) thereon.

Payment of benefits – Benefits become payable upon retirement, permanent disability, death or termination, in the form of a lump sum cash payment.

Notes receivable from participants – Participants are generally entitled to borrow up to 50% of the vested interest in their accounts up to a maximum of \$50,000, provided the loan is adequately secured and subject to the terms set under the Plan. Participants may be charged a one-time loan processing fee and a quarterly loan maintenance fee. Loans must be evidenced by a promissory note for a fixed term bearing a reasonable rate of interest. Loans are repaid over a period of up to five years; however, if the proceeds of a loan are used to purchase a principal residence, a repayment period of up to fifteen years is permitted. Principal and interest is paid through payroll deductions. A loan may become a taxable distribution if it is not paid back under the terms set forth in the promissory note.

CALIFORNIA SCHOOL EMPLOYEES ASSOCIATION

401(k) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2023

Plan termination – Although it has not expressed any intent to do so, the Association has the right to terminate the Plan, subject to ERISA provisions. In the event of Plan termination, participants will remain fully vested in their account balances with benefits accruing through the distribution date.

Plan administration expenses – Expenses associated with administering the Plan are typically paid by the Association.

2. SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting – The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Investment valuation and income recognition – Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

The Plan's investments are reported at fair value, except for the fully benefit-responsive investment contract, which is reported at contract value. Purchases and sales of securities are recorded on a trade-date basis. Interest income and gains (losses) are recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in the fair value of investments includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Contributions – Employee contributions and the related employer match are recorded in the period payroll deductions are made. All participants are 100% vested in all contributions.

Payment of Benefits – Benefits are recorded when paid.

Forfeited accounts – Upon termination of employment, nonvested portions of participant accounts are forfeited. Forfeitures from employer matching contributions may be used to offset Plan expenses or reduce any employer contributions. At December 31, 2023 and 2022, there was no forfeited balance. During 2023, the Plan did not use forfeitures to reduce Plan expenses.

Notes receivable from participants – Notes receivable from participants are valued at the outstanding loan balance, plus accrued unpaid interest, which approximates fair market value. Delinquent participant loans are classified as distributions based upon the terms of the Plan document.

Interest on notes receivable from participants – Interest on participant loans is recognized in the period it is assessed.

CALIFORNIA SCHOOL EMPLOYEES ASSOCIATION

401(k) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2023

Income taxes – The Plan obtained its latest determination letter on March 31, 2014, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC, and, therefore, believe the Plan is qualified, and the related trust is tax-exempt.

Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Subsequent events – Plan management has evaluated subsequent events for recognition and disclosure through August 8, 2024, the date the financial statements were available to be issued. Management concluded that no material subsequent events have occurred since December 31, 2023, that require recognition or disclosure in such financial statements.

3. FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Plan's investments in the Key Guaranteed Portfolio Fund are offered through a group annuity contract. The contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. The Plan was not invested in the fully benefit-responsive investment contract as of December 31, 2023. The Plan's investment in fully benefit-responsive investment contracts at December 31, 2022 was \$2,524,338.

As a traditional investment contract, the contract issuer, Great-West Life & Annuity Insurance Company, owns the underlying assets, and the Plan owns the contract itself. Participant principal and interest are fully guaranteed by the general account assets of Great-West Life & Annuity Insurance Company. The interest crediting rate is based on the earnings of the underlying assets compared to prevailing market conditions, but will never be less than 0%. The crediting rate is reviewed on a quarterly basis for resetting.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. Under the terms of the contract, an immediate and full payout of the Plan's investments in the traditional investment contract at contract value is not allowed, and instead, the Plan must submit a request at least 90 days prior to the payout date. No events have been specified in the contract that allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2023

The investment contract was still in place through the end of the contract term which ended in May 2023. Once the contract term was completed, the investment funds were transferred to Matrix Trust Company. As of December 31, 2023, the Plan did not hold an investment in the Key Guaranteed Portfolio Fund.

4. INVESTMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within a fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual funds: Valued at the closing price reported on the active market on which the individual funds are traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022:

5. CERTIFIED INFORMATION

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments held at December 31, 2023 and 2022, and net appreciation in fair value of investments and interest and dividends was obtained by management and agreed to or derived from information certified as complete and accurate by Matrix Trust Company for the year ended December 31, 2023 and by Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC, from January 1, 2023 to May 31, 2023.

6. RISKS AND UNCERTAINTIES

The plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits and benefit obligations.

7. RECONCILIATION TO FORM 5500

The following is a reconciliation of the net assets available for benefits per the financial statements to the Form 5500 at December 31:
