INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of
the Dove Science Academy 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Dove Science Academy 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Dove Science Academy 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 8 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects,

the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Dove Science Academy 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Dove Science Academy 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks.

Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Dove Science Academy 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Dove Science Academy 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of Schedule H; Line 4i – Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of the Plan

The following description of the Dove Science Academy 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document or summary plan description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established on September 1, 2014, for the benefit of the employees of Sky Foundation, Inc. dba. Dove Science Academy. The Plan was originally administered by an employee of Sky Foundation, Inc. dba. Dove Science Academy. On November 5, 2017, a resolution was adopted under which Sky Foundation, Inc. dba. Dove Science Academy resigned as Plan Administrator and Sponsor. Dove Schools, Inc. dba. Dove Science Academy (the "Company") was named the new Plan Administrator and Sponsor. The Plan volume submitter adoption agreement was amended accordingly effective November 1, 2017. Empower Retirement (a service brand of Great-West Life & Annuity Insurance Company) has entered into a Trust Agreement with the Company whereby it acts as the Plan Trustee. Great-West Life & Annuity Insurance Company serves as Plan recordkeeper.

All employees, other than those groups excluded as defined in the Plan document, who are at least 18 years of age and elect to participate are eligible to participate in the Plan. Employees may enter in the Plan on the first day of the next Plan year quarter following satisfaction of eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

A participant may elect to defer a portion of his compensation in the form of a pre-tax 401(k) or Roth 401(k) contribution to his deferred compensation account under the Plan. The Plan allows participants to contribute up to 90% of compensation, but not more than the IRS limitation in any Plan year. Eligible employees at least 50 years of age may make catch-up contributions, subject to IRS limitations. Employee rollover contributions are also permitted at the discretion of the Plan Administrator.

The Company may make discretionary contributions to the Plan for each Plan year. The contributions may vary from year to year and may vary between business units and locations. The discretionary matching company contribution is an amount determined by the Company, in its sole discretion, equal to a uniform percentage of eligible participants' deferred compensation contributions for the Plan year or a uniform dollar amount. For Plan year 2023, the matching contribution rate was 6%.

Vesting

A participant is immediately vested in their voluntary and rollover contributions plus actual earnings thereon. However, employer contributions become vested according to the formulas in the tables below. Years of service are determined using the equivalency method based on months worked (190 hours per month). One year of service is granted for completion of at least 1,000 hours worked during the computation period.

Prior to November 18, 2020, participants vested ratably in employer contributions over 5 years. Effective November 18, 2020, the following schedule is used to determine vesting in employer contributions:

Years of Service	Vested Percentage	Forfeited Percentage
0 to 1	33%	67%
1 to 2	66%	34%
2 to 3 or more	100%	0%

Payment of Benefits

On termination of service, a participant may elect to have the vested benefit distributed as soon as administratively feasible. Hardship withdrawals and in-service distributions (for eligible employees at least 59 ½ years of age) are also permitted from fully vested account balances. A participant may elect to receive a distribution as a single lump sum payment or partial withdrawal. Benefits are recorded when paid. There were no distributions requested in 2023 but not paid until 2024.

Benefit claims payable of $1,227 at December 31, 2023, represents a correction to a distribution in which an incorrect vesting percentage was applied for a fully vested participant.

Participant Accounts

Separate accounts are maintained for each participant in the Plan. Each participant's account is credited with the participant's 401(k) contributions, matched employer contributions, and plan earnings, and is charged with any benefit payments. All amounts in the participant's accounts are placed in a trust fund and invested by the Trustee. The Trustee must invest the trust fund solely in the interest of and for the exclusive purpose of providing benefits to the participants and their beneficiaries while minimizing the expenses of administering the Plan. The Plan allows participants to direct the Trustee as to the investment of their contributions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participant Loans

The Plan adopted a Loan Administration Policy effective November 19, 2019. Prior to adoption, the Plan did not allow loans. Under the policy, eligible employees may borrow from their vested balance in the Plan a minimum of $1,000 and a maximum of $50,000 or 50% of the

vested account balance, whichever is less. A participant may have one outstanding loan at any time. Loans are subject to Internal Revenue Code rules. Participants may borrow for a term of up to five years (longer for the purchase of a personal residence) at a reasonable rate of interest. Principal and interest is paid ratably through payroll deductions. Outstanding loans at December 31, 2023 and 2022, had remaining balances of $126,356 and $24,144, respectively.

Forfeited Accounts

Upon termination of employment, participants forfeit their non-vested balances. Such forfeited balances may be used to pay Plan expenses. At December 31, 2023, the unallocated forfeitures balance totaled $32,343. Forfeitures were used to pay certain Plan administrative expenses during the 2023 Plan year in the amount of $20,726.

Administrative Expenses

The Company may pay certain costs associated with administering the Plan. Such expenses paid by the Company are excluded from these financial statements. For the year ended December 31, 2023, no administrative fees were paid by the Company on behalf of the Plan. The Plan pays the other costs associated with maintaining the Plan which are not paid by the Company. Such costs are reflected in Administrative Expenses which totaled $24,309 for the year ended December 31, 2023, including $20,726 in administrative expenses paid using Plan forfeitures as previously discussed.

2. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires the Plan's management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (or net asset value as a practical expedient to fair value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date, and interest income is recorded on the accrual basis. Net appreciation

includes the plan's gains and losses on investments bought and sold as well as held during the year.

Investment contracts held by a defined-contribution plan are reported at fair value. However, contract value is the relevant measure attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to a fully-benefit responsive investment contract because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in a group annuity contract (see Note 5), which is a fully benefit-responsive investment contract ("FBRIC"). The Statement of Net Assets Available for Benefits presents the contract value of the FBRIC, which approximates fair value, as reported by Great-West Life & Annuity Insurance Company.

Payment of Benefits

Benefits are recorded when paid.

3. Investments

During 2023, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $508,439. Interest and dividends on such investments amounted to $693 for the year ended December 31, 2023.

4. Fair Value Measurements

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted observable quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Basis of Fair Value Measurement

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;

Level 2 Inputs to the valuation methodology include observable inputs other than quoted active market prices, including quoted prices for similar assets and liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, and inputs derived principally from or corroborated by observable market data by correlation or other means;

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. There have been no changes in the methodologies used at December 31, 2023 and 2022. During the year ended December 31, 2023, there were no transfers of financial instruments into or out of Level 3.

Following is a description of the valuation methodologies used for assets measured at fair value:

> Variable Annuities: Valued utilizing daily calculated price/unit values for variable annuity investment options, as calculated by the annuity provider. The unit value is determined similar to a mutual fund net asset value by dividing the net assets by the number of units outstanding. This accounting-driven unit value is compared to a formula-calculated unit value with any discrepancies resolved daily.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables segregate all financial assets and liabilities as of December 31, 2023 and 2022, that are measured at fair value on a recurring basis (at least annually) into the most appropriate level within the fair value hierarchy based on the inputs used to determine the fair value at the measurement date:

		Fair Value Measurements at December 31, 2023, Using		
Description	**Total Investments**	**Quoted Prices In Active Markets for Identical Assets (Level 1)**	**Significant Other Observable Inputs (Level 2)**	**Significant Unobservable Inputs (Level 3)**
Investments at Fair Value

Total Plan Investments in the Fair Value Hierarchy	-	-	-	-
Investments Measured at Net Asset Value or Equivalent				
Variable Annuities	4,116,678			
Total Plan Investments at Fair Value	**$ 4,116,678**			

		Fair Value Measurements at December 31, 2022, Using		
Description	Total Investments	Quoted Prices In Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Investments at Fair Value

Total Plan Investments in the Fair Value Hierarchy	-	-	-	-
Investments Measured at Net Asset Value or Equivalent				
Variable Annuities	3,045,289			
Total Plan Investments at Fair Value	**$ 3,045,289**			

In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented on the statements of net assets available for benefits.

The following table summarizes investments measured at fair value based on NAV per share (or its equivalent) as of December 31, 2023 and 2022:

		Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
December 31, 2023					
Variable Annuities		$ 4,116,678	$ -	daily	30 days
	Total	$ 4,116,678			
December 31, 2022					
Variable Annuities		$ 3,045,289	$ -	daily	30 days
	Total	$ 3,045,289			

5. Group Annuity Contract with Great-West Life & Annuity Insurance Company

In 2014, the Plan entered into a traditional fully benefit-responsive guaranteed investment contract with Great-West Life & Annuity Insurance Company (Great-West) investing in the Key Guaranteed Portfolio Fund. The contract values of this investment totaled $49,693 and $58,115 at December 31, 2023 and 2022, respectively. Great-West maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The interest crediting rate is based on a formula established by the contract issuer but may not be less than 0 percent. The crediting rate is reviewed on a quarterly basis for resetting. The average yield earned by the Plan for the benefit responsive fund was 1.23% for 2023 and 0.94% for 2022. Either party may terminate the annuity contract with 60 days advance written notice.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Great-West, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) bankruptcy of the Plan sponsor or other Plan sponsor events that cause a significant withdrawal from the Plan, (3) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (4) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

6. Tax Status

A favorable determination letter dated March 31, 2014, was received from the Internal Revenue Service indicating that the Plan qualifies under section 401(a) of the Internal Revenue Code and is exempt from federal income taxes under section 501(a) of the Code. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified, and the related trust is tax exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023 and 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Plan Amendments and Termination

The Company may amend the Plan at any time, including amendments to conform to the Internal Revenue Code, Treasury Regulations, and Rulings thereunder. Although it has not expressed any intent to do so, the Company has the right to terminate the Plan at any time

upon prior written notice to the Trustee and may direct the Trustee to liquidate the shares of participants in the trust fund subject to the provisions of ERISA. Upon termination or permanent suspension of contributions, the accounts of all participants affected thereby shall become nonforfeitable and shall be distributed.

8. Information Certified by the Trustee

Empower Retirement (the "Trustee") is the trustee of the Plan for the years ending December 31, 2023 and 2022. The plan administrator has elected the method of annual reporting compliance permitted by 29 CFP 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2023 and 2022.
- Net investment activity and interest income on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2023.
- Investment information included in the footnotes and supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year).

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits as presented in the financial statements to the Form 5500 for the year ended:

10. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

11. Related Party Transactions & Transactions with Parties in Interest

The Plan invests in a fixed annuity fund and various variable annuities that are issued or managed by the trustee or an affiliate thereof. Such investments totaled $3,669,723 and $2,670,667 at December 31, 2023 and 2022, respectively.

Dove Science Academy provides to the Plan certain accounting and administrative services for which no fees are charged. No such officer or employee receives compensation from the Plan. Also, the Plan Administrator representative is currently participating in the Dove Science Academy 401(k) Plan.

12. Subsequent Events

The Company has evaluated all events subsequent to the balance sheet date of December 31, 2023, through the date the financial statement were available to be issued of July 24, 2024, and determined there were no events requiring additional disclosure.
