INDEPENDENT AUDITOR'S REPORT

To the Plan Sponsor and Participants
InVision Communications, Inc. Employee Stock Ownership Plan
Walnut Creek, California

Opinion

We have audited of the financial statements of InVision Communications, Inc. Employee Stock Ownership Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of InVision Communications, Inc. Employee Stock Ownership Plan as of December 31, 2023 and 2022, and the changes in its net assets available for benefits for the year ended December 31, 2023 in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of InVision Communications, Inc. Employee Stock Ownership Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about InVision Communications, Inc. Employee Stock Ownership Plan's ability to continue as a going concern for one year from the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of InVision Communications, Inc. Employee Stock Ownership Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about InVision Communications, Inc. Employee Stock Ownership Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter — Supplementary Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplementary schedule of assets held at end of year as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplementary schedule, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

INVISION COMMUNICATIONS, INC. EMPLOYEE STOCK OWNERSHIP PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2023 AND 2022

NOTE 1 – DESCRIPTION OF PLAN

The following description of InVision Communications, Inc. Employee Stock Ownership Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

Effective January 1, 2021, InVision Communications, Inc. (the Company) established InVision Communications, Inc. Employee Stock Ownership Plan. The Plan operates, in relevant part, as a leveraged employee stock ownership plan (ESOP) and is designed to comply with Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code of 1986, as amended (IRC), and is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan is administered by the Company's Plan Committee.

On December 29, 2021, the Plan purchased 1,000,000 shares of the Company's common stock with a loan of \$78,900,000 (see Note 3) and cash of \$3,200,000 and holds the common stock in a trust established under the Plan. The stock was purchased at a price of \$82.10 per share, for an aggregate purchase price of \$82,100,000. In May 2022, the purchase price by adjusted by \$1,000,000 to a total purchase price of \$83,100,000.

The borrowing is collateralized by the unallocated shares of common stock and is guaranteed by the Company. The lender has no rights against shares of common stock once they are allocated to participants in accordance with the terms of the ESOP. Accordingly, the financial statements of the Plan as of December 31, 2023 and 2022, and for the year ended December 31, 2023, present separately the assets and liabilities and changes therein pertaining to:

- a. the accounts of employees with rights in allocated common stock (allocated), and
- b. common stock not yet allocated to employees (unallocated).

Eligibility

Employees of the Company that were employed on December 31, 2021, are eligible to participate in the Plan as of January 1, 2021 or the date first credited with an hour of service. Employees hired after December 31, 2021, are eligible as of their date of hire, unless they are not considered an eligible employee. Employees are considered to be eligible unless they are covered by a collective bargaining agreement, are a leased employee, a non-resident alien, or are classified by the Company as an intern. Participants are required to work at least 1,000 hours and be employed on the last day of the plan year to participate in Company contributions for the Plan year.

Contributions

The Company is obligated to make contributions in cash to the Plan which, when aggregated with the Plan's dividends and interest earnings, equal the amount necessary to enable the Plan to make its regularly scheduled payments of principal and interest due on its term loans. Employee contributions are not permitted. Additional profit-sharing amounts may be contributed at the option of the Company's Board of Directors.

EMPLOYEE STOCK OWNERSHIP PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2023 AND 2022

NOTE 1 – DESCRIPTION OF PLAN (Continued)

Participant Accounts

The Plan is a defined contribution plan under which a separate individual account is established for each participant. Each participant's account is credited as of the last day of each Plan year with an allocation of shares of the Company's common stock released by the Trustee from the unallocated account and forfeitures of terminated participants' non-vested accounts. Only those participants who are eligible employees of the Company as of the last day of the Plan year will receive an allocation. Allocations are based on a participant's eligible compensation, relative to total eligible compensation. Plan earnings are allocated to each participant's account based on the ratio of the participant's account balance. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

If a participant's employment with the Company ends for any reason other than retirement, permanent disability, or death, he or she will vest in the balances in his or her account based on total years of service with the Company, according to the following schedule:

Years of Service	Vesting Percentage
Less than 2	0%
2	25%
3	50%
4	75%
5 or more	100%

Voting Rights

Each participant is entitled to exercise voting rights attributable to the shares allocated to his or her account and is notified by the Trustee prior to the time that such rights are to be exercised. The Trustee is permitted to vote any allocated share for which instructions have not been given by a participant. The Trustee is required to vote any unallocated shares on behalf of the collective best interests of Plan participants and beneficiaries.

Put Option

Under federal income tax regulations, the employer stock that is held by the Plan and its participants and is not readily tradable on an established market includes a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the current appraised value of the stock. The Company can pay for the purchase with interest over a period of five years. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2023 AND 2022

NOTE 1 – DESCRIPTION OF PLAN (Continued)

Diversification

Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in Company common stock into investments that are more diversified. Participants who are at least age 55 with at least 10 years of participation in the Plan may elect to diversify a portion of their account. Diversification is offered to each eligible participant over a 6-year period. In each of the first 5 years, a participant may diversify up to 25 percent of the number of post-1986 shares allocated to his or her account, less any shares previously diversified. In the sixth year, the percentage changes to 50 percent. The election to diversify is made subsequent to year-end based upon the shares of employer stock in the participant's account at year-end.

Payment of Benefits

Distributions on account of death, disability, or retirement are made in five or fewer annual installments beginning in the Plan year following the event. Distributions for other separations from service commence in the sixth Plan year following the separation from service and are made in five or fewer annual installments. The amount to be distributed is based upon the immediately preceding valuation date. Account balances of \$5,000 or less are paid in one lump sum. Large account balances in excess of \$1,230,000 may have the payment term increased an additional five years up to a total of ten years. Distributions are made in cash. Under the provisions of the Plan, the Company is obligated to repurchase participant shares, which have been distributed under the terms of the Plan, if the shares are not publicly traded or if the shares are subject to trading limitations.

Forfeited Accounts

Forfeitures are allocated to each participant's account based upon the relation of the participant's eligible compensation to total eligible compensation for the Plan year. As of December 31, 2023 and 2022, forfeited nonvested accounts to be allocated to participant accounts totaled \$5,263 and \$6,515 in cash, respectively, and 3,301 and 4,097 shares of stock, respectively. For the year ended December 31, 2023, forfeitures in the amount of \$244 in cash and 166 shares of stock were allocated to participants.

Employer Contributions

The employer made a contribution of \$2,483,625 for the year ended December 31, 2023. The contribution was allocated based on eligible points of 25,463. A participant received five points for each Year of Service and one point for every \$1,000 of Eligible Compensation. Principal payments of \$1,169,819 and interest payments of \$1,313,806 due on the ESOP loan were funded with the contribution.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2023 AND 2022

NOTE 1 – DESCRIPTION OF PLAN (Continued)

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Plan Expenses

Certain administration expenses of the Plan are absorbed by the plan sponsor. Those expenses are not included in these financial statements.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting and Use of Estimates

The financial statements of the Plan are prepared using the accrual method of accounting in conformity with accounting principles generally accepted in the United States of America (GAAP), which requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

The Financial Accounting Standards Board (FASB) has adopted the Accounting Standards Codification (ASC) as the sole source of authoritative GAAP. The FASB will issue Accounting Standards Updates (ASU) from time to time to make adjustments to GAAP.

Allocations

The financial statements of the Plan present separately the assets and liabilities and changes therein pertaining to (a) the accounts of employees with rights in allocated stock (allocated) and (b) stock not yet allocated to employees (unallocated), including shares that are committed to be released. Shares are released from collateral and become allocated generally in the period in which debt service is actually paid.

Payment of Benefits

Benefits are recorded when paid.

Investment Valuation and Income Recognition

The shares of Company common stock are reported at fair value. See Note 4 for a discussion of the fair value measurements. Dividend income is accrued on the ex-dividend date. Purchases and sales of securities are recorded on a trade-date basis. Realized gains and losses from security transactions are reported on the average cost method. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

INVISION COMMUNICATIONS, INC. EMPLOYEE STOCK OWNERSHIP PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2023 AND 2022

NOTE 3 – LOAN PAYABLE

In 2021, the Plan entered into a \$78,900,000 term loan agreement with the Company. The proceeds of the loan were used to purchase Company common stock. In May 2022, the loan agreement was changed to increase by \$1,000,000 thereby making the total loan agreement \$79,900,000. Unallocated shares are collateral for the loan. Shares are released from collateral and allocated to participants as payments of principal and interest are made. The number of shares released in any year is the number of shares held as collateral, times the ratio of the current year payments divided by the total of this year's payments, plus all future years' principal and interest payments. This resulted in 21,396 shares being released and allocated for the plan year ended December 31, 2023.

The loan bears interest at a rate of 1.90%. Future minimum principal payments for the years ended December 31 are as follows:

2024	\$ 1,192,045
2025	1,214,694
2026	1,237,773
2027	1,261,291
2028	1,285,256
Thereafter	<u>61,786,796</u>
	<u>\$ 67,977,855</u>

NOTE 4 – FAIR VALUE MEASUREMENTS

The Plan adopted FASB ASC 820, *Fair Value Measurements*. FASB ASC 820 defines a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels:

- *Level 1* inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority.
- *Level 2* inputs are based on observable inputs corroborated by market data but not quoted on active markets.
- *Level 3* inputs are based on unobservable inputs and include situations where there is little, if any, market activity for the assets or liabilities and have the lowest priority.

The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefit.

The Plan investments consist primarily of the Company's common stock, which is exposed to various risks, such as interest rate, market, and credit risks, as well as valuation assumptions based on earnings, cash flows, and other such techniques. Due to the level of risk associated with the investment in the common stock and to uncertainties inherent in estimates and assumptions, it is at least reasonably possible that changes in the value of the common stock will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

EMPLOYEE STOCK OWNERSHIP PLAN**

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2023 AND 2022

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

The fair value of the Company stock is determined using the following methodology:

The market approach and earnings approach were employed in valuing the Company's operations using the capitalization of public company method and discounted cash flow method.

The earnings approach method utilized in the analysis of the Company involves estimating the level of economic earnings of the Company, determining the applicable relationship between economic earnings and value, and then converting the expected economic earnings into an estimate of value. When the Company is profitable and generating a return for its investors, the earnings capacity of the Company is generally considered to be the most representative measure of the value of the Company.

Theoretically, the market value of an investment in the company is the present value of the expected future economic earnings generated by the company. The discounted cash flow method is used when future economic earnings can be reasonably forecasted and are expected to increase at a non-constant rate in the future. The capitalization of earnings method is a simplified version of the discounted cash flow method and is utilized when a representative level of the expected economic earnings of a business can be estimated and this level of economic earnings is expected to increase at a constant rate in the future.

The market approach utilized in the analysis of the Company uses information from actual transactions of comparable businesses or value parameters of guideline publicly traded companies as a basis for estimating the value of a business. When applied to the valuation of an ownership interest in a privately held business, consideration is given to the financial condition and operating performance of the business being valued relative to the companies used to determine the value parameters.

Fair Value Measurements Using:

	2023	(Level 3)
InVision Communications, Inc. stock	<u>\$ 27,630,000</u>	<u>\$ 27,630,000</u>
Total assets	<u>\$ 27,630,000</u>	<u>\$ 27,630,000</u>

Total assets	<u>\$ 19,510,000</u>	<u>\$ 19,510,000</u>

Reconciliation of the level 3 investments for the year ended December 31, 2023 is as follows:

Beginning balance	\$ 19,510,000
Appreciation in fair value	<u>8,120,000</u>
Ending balance	<u>\$ 27,630,000</u>

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2023 AND 2022

NOTE 5 – PARTY-IN-INTEREST TRANSACTIONS

The Plan invests in Company common stock and has indebtedness due to former owners of the Company. These are related party and party-in-interest transactions. Additional parties-in-interest include Acclaro Valuation Advisors, who performed an appraisal of the stock, Blue Ridge ESOP Associates, who is the recorder keeper for the Plan, and HHM CPAs, the plan auditor. The Rodney D. Mickels Trust dated 3/09/2001 and Hagen Family Revocable Trust dated 12/09/1996 each had a loan receivable from the Plan and are also parties-in-interest.

NOTE 6 – TAX STATUS

The Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC) and is therefore not subject to income taxes. The Plan obtained its latest determination letter on June 6, 2023, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan is required to operate in conformity with the IRC to maintain its qualification.

The Plan follows the accounting guidance for uncertainty in income taxes using the provisions of FASB ASC Topic 740, *Income Taxes*. The Plan has concluded that there are no significant uncertain tax positions requiring disclosure, and there are no material amounts of unrecognized tax benefits. The Plan's evaluation was performed for tax years from inception through December 31, 2023, the years that remain subject to examination by major tax jurisdictions as of December 31, 2023.

NOTE 7 – AMOUNTS OWED TO WITHDRAWN PARTICIPANTS

As of December 31, 2023, the amount of net assets available for benefits that were in accounts of participants that are no longer employees of the plan sponsor totaled \$157,212. Of those balances, the amount that had been requested to be paid to the participants but were not paid until subsequent to the Plan's year end, was none.

NOTE 8 – SUBSEQUENT EVENTS

Management has evaluated events and transactions subsequent to December 31, 2023 through August 5, 2024 (the date the financial statements were available to be issued) for potential recognition or disclosure in the financial statements. Management has not identified any items requiring recognition or disclosure.
