Greenberg Traurig 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Greenberg Traurig 401(k) Plan, (the "Plan") an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Greenberg Traurig 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022 and for the years then ended, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Greenberg Traurig 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Greenberg Traurig 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions including maintaining sufficient records with respect to each of the participants to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Greenberg Traurig 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Greenberg Traurig 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of Assets Held for Investment Purposes at December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Greenberg Traurig 401(k) Plan Notes to Financial Statements

1. Description of Plan

The following description of the Greenberg Traurig (the “Company”) 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General. The Plan is a defined contribution plan. All employees are eligible to make pre-tax elective contributions on the first day of the month coinciding with their eligibility following the later of the date on which the employee is hired or attains age 21. Generally, employees are eligible for matching contributions and profit sharing contributions on the first day of the calendar quarter coinciding with or next following the date on which the employee has both completed at least 1,000 hours of service in the 12-month period beginning on their date of hire (or in any plan year thereafter) and attained age 21 (see Contributions section below for exclusion). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions. Each year, participants may contribute up to 75% of pre-tax annual compensation, all subject to an IRS maximum of \$22,500 and \$20,500 for the years ended December 31, 2023 and 2022, respectively. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Company, at its discretion, matches 100% of the participant’s contributions up to a maximum of \$250 per year except for attorneys who are associates or who are of counsel employees and are not eligible for shareholder benefits and are not eligible for employer matching contributions. The employer may also contribute to the Plan a discretionary amount up to a maximum amount allowable as a deduction to the employer under the provisions of Section 404 of the Internal Revenue Code or to the extent necessary to provide for the top-heavy minimum allocations when considering all plans of the employer. The Company may make different levels of discretionary contributions for different groups of participants under the Plan. Participants who are associates or who are of counsel employees are generally not eligible for shareholders’ benefits and are not eligible for discretionary employer contributions. Participants also are not eligible for employer matching contributions or discretionary employer contributions unless they complete at least 1,000 hours of service during the plan year and are employed on the last day of the plan year for which the contribution is made.

Effective June 4, 2007, Roth Elective Deferrals are permitted under the Plan.

The Company made \$600,950 and \$560,723 of matching contributions and \$50,294,056 and \$43,201,886 of discretionary contributions to the Plan for the years ended December 31, 2023 and 2022, respectively.

Roth Elective Deferrals. Roth Elective Deferrals means a Participant’s Elective Deferrals that are includible in the Participant’s gross income at the time deferred and have been irrevocably designated as Roth Elective Deferrals by the Participant in his or her deferral election. A Participant’s Roth Elective Deferrals will be separately accounted for, as will gains and losses attributable to those Roth Elective Deferrals, in a Roth Elective Deferral account. However, forfeitures may not be allocated to such account. The Plan must also maintain a record of a participant’s investment in the contract (i.e., designated Roth contributions that have not been distributed). Roth Elective Deferrals are not considered Employee Contributions for Plan purposes.

Notes Receivable From Participants. Participants may obtain a loan from the Plan of up to 50% of their vested balance, but not to exceed \$50,000. All loans are subject to approval by the Company and are secured by the balance in the participant’s accounts. Principal and interest are paid ratably through payroll deductions.

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Greenberg Traurig 401(k) Plan Notes to Financial Statements

1. Description of Plan (Cont'd.)

Participant Accounts. Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting. Participants other than associate attorneys are 100% vested in their accounts. Associate attorneys are vested in the portion of their accounts attributable to the Company's discretionary contributions, if any, at the rate of 20% per year of service.

Investment Options. Upon enrollment in the Plan, a participant may direct their contributions into any of the investment options offered under the terms of the investment contract. There are a variety of different mutual funds and investment options available to the participants.

Payment of Benefits. Distributions of benefits after termination of service are made either in the form of a lump sum distribution or in periodic payments as requested by the participant, subject to any required minimum distribution requirements of the tax law. Prior to termination of service, participants may elect to receive a distribution of all or a portion of their accounts once they have attained age 59½, and may receive all or any portion of their elective contributions account prior to 59½ on account of a financial hardship.

Administrative Services. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee received compensation from the Plan.

2. Summary of Significant Accounting Policies

Basis of Accounting. The financial statements are prepared using the accrual method of accounting.

Use of Estimates. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment Valuation and Income Recognition. The Plan's investments are stated at fair value. Shares are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year-end.

Gains or losses on sales of investments are based on the specific identification method, while unrealized gains and losses resulting from changes in market value are recorded as income of the current period. Both realized and unrealized gains and losses are included in the net appreciation of investments in the accompanying statement of changes in net assets available for benefits. Dividend income is recorded on the ex-dividend date. Interest income is recorded as earned on an accrual basis.

The Plan is exposed to loss in the event of nonperformance by the investment manager for the funds in which the Trustee invests; however, the Plan does not anticipate nonperformance by the investment manager.

Benefits are recorded when paid.

Forfeited Accounts. At December 31, 2023 and 2022, forfeited nonvested accounts totaled \$3,670 and \$2,069, respectively. These accounts will be used to reduce future employer contributions. Also in 2023 and 2022, employer contributions were reduced by \$2,208 and \$1,902, respectively, from forfeited nonvested accounts.

Subsequent Events. The Company has evaluated subsequent events through July 11, 2024, the date these financial statements were available to be issued.

Greenberg Traurig 401(k) Plan Notes to Financial Statements

3. Investments

The following presents investments that represent 5% or more of the Plan's net assets at December 31, 2023 and 2022:

	2023	2022
New York Life Anchor Fund	\$ 105,652,232	\$ 106,640,533
SSGA Russell Small / Mid Cap Equity Index Fund	\$ 124,456,830	\$ 101,560,733
SSGA S&P 500 Index Fund	\$ 363,166,838	\$ 283,591,886

4. Plan Termination

Although it has not expressed any intent to do so, the Company has the right, under the Plan, to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

5. Income Tax Status

The Plan has received a determination letter from the IRS dated August 5, 2010, stating that the Plan is qualified under Section 401(a) of the Code and, therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan Administrator believes the Plan is operated in compliance with the applicable requirements of the Code and, therefore, believes the Plan is qualified and the related trust is tax-exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2020.

6. Information Prepared and Certified By the Trustee

Charles Schwab Trust Bank, the Trustee, holds all of the Plan's investment assets and executes transactions in the assets.

The following information included in the accompanying financial statements and the supplementary schedule was obtained from data that has been prepared and certified to as complete and accurate by the Trustee.

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rates, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

8. Fair Value Measurements

The applicable guidance provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy under the applicable guidance are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- a) Quoted prices for similar assets or liabilities in active markets;
- b) Quoted prices for identical or similar assets or liabilities in inactive markets;
- c) Inputs other than quoted prices that are observable for the asset or liability;
- d) Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Common/Collective Trusts: Valued at net asset value ("NAV") and categorized as a Level 2 fair value measurement.

Pooled Separate Accounts: Valued at net asset value ("NAV") and categorized as a Level 2 fair value measurement.

As a practical expedient, NAV per share is permitted by the applicable guidance to estimate the fair value of an investment as long as the investment does not already have a readily determinable fair value (i.e. it's available on a domestic stock exchange or is a mutual fund with a published price), it's calculated in a manner consistent with the measurement principles of investment company reporting as of the reporting entity's measurement date and there are no plans to redeem the investments at amounts different from NAV. The Plan Administrator has determined that the Plan's common / collective trusts currently meet these requirements.

8. Fair Value Measurements (Cont'd.)

Registered Investment Companies: Valued at the fair value of shares held by the Plan at year end and categorized as a Level 1 fair value measurement.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023:

Fair Value Measurements at December 31, 2023				
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
