Bank Five Nine 401(k) Plan

Financial Statements and Supplemental Schedule

Years Ended December 31, 2023 and 2022

Independent Auditor's Report

To the Plan Administrator
Bank Five Nine 401(k) Plan
Oconomowoc, Wisconsin

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Bank Five Nine 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Bank Five Nine 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the years then ended, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP)†
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Bank Five Nine 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Bank Five Nine 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Bank Five Nine 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Bank Five Nine 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by BR'SA

The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Bank Five Nine 401(k) Plan

Notes to the Financial Statements

Note 1: Description of Plan

The following description of the Bank Five Nine 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan sponsored by Bank Five Nine (the Sponsor). The Sponsor is the Plan Administrator. Voya Retirement Insurance and Annuity Company (Voya) is the Custodian of the Plan's investment assets and record keeper. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Eligibility

An employee is eligible to participate in the Plan on the first day of the quarter following 60 days of service. An employee becomes eligible for Sponsor matching contributions the first day of the quarter following the completion of one year of service (1,000 hours is considered 1 year of service).

Contributions

Each year, participants may contribute a portion of their compensation, as defined by the Plan, not to exceed the maximum allowed by the Internal Revenue Service. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Eligible employees who do not complete an election form are automatically enrolled to contribute 4% of eligible compensation. Participants may contribute distributions from other qualified plans (rollovers) and may make Roth deferrals.

The Sponsor may make a discretionary employer contribution and safe harbor matching contribution. In 2023 and 2022, the Sponsor matched 100% of participants' contributions, not to exceed 4% of the participant's eligible compensation.

Participant Accounts

Each participant's account is credited with the participant's contributions, Sponsor contributions, and allocations of (a) Plan earnings (losses), and (b) administrative expenses. Allocations are based on participant earnings (losses), account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Bank Five Nine 401(k) Plan

Notes to the Financial Statements

Note 1: Description of Plan (Continued)

Vesting

Participants are fully and immediately vested in their contributions and rollovers, plus actual earnings (losses) thereon. Prior to January 1, 2023, participants were fully and immediately vested in the Sponsor safe harbor matching and discretionary contributions. As of January 1, 2023, participants remain fully and immediately vested in the Sponsor safe harbor matching, and discretionary contributions and earnings (losses) vest in accordance with the provisions of the Plan as follows:

<u>Years of Vesting Service</u>	<u>Vesting %</u>
0-1 Year	0
2	20
3	40
4	60
5	80
6 or more	100

Participants who terminate employment because of death, normal retirement, or disability, as defined by the Plan, are considered 100% vested.

Notes Receivable From Participants

Participants may borrow from their account balance a minimum of \$1,000 up to a maximum of the lesser of \$50,000 or 50% of the participant's vested account balance. The notes are secured by the balance in the participant's account and bear interest at a fixed rate equal to the prime rate plus 100 basis points. Interest rates on existing notes range from 4.25% to 9.50%. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

Upon retirement at normal retirement age, disability, death, or termination of employment, a participant or their beneficiary can elect to receive either a lump-sum amount equal to the value of their account, or in monthly, quarterly, semiannual, or annual installments. Participant accounts with less than \$5,000 will be paid in a lump-sum distribution as soon as administratively feasible after termination of employment. In addition, in-service distributions are permitted from participant deferral accounts for participants who have attained age 59 1/2, and hardship distributions are permitted from participant deferral accounts if certain criteria are met.

Bank Five Nine 401(k) Plan

Notes to the Financial Statements

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The financial statements are prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from these estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts (FBRICs)). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend [date. Net](#) appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

FBRICs are reported at contract value, which is the amount participants would normally receive if they were to initiate permitted transactions under the terms of the Plan.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid interest. Delinquent participant notes receivable are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Certain administrative expenses of the Plan are paid by the Plan. The majority of administrative expenses of the Plan are paid by the Sponsor and are excluded from these financial statements.

Bank Five Nine 401(k) Plan

Notes to the Financial Statements

Note 2: Summary of Significant Accounting Policies (Continued)

Subsequent Events

The Plan has evaluated subsequent events through July 31, 2024, which is the date the financial statements were available to be issued.

Note 3: Fair Value Measurements

GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority level, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. Investments that are measured using a net asset per share practical expedient are not required to be categorized in a level within the fair value hierarchy. The fair value amounts presented in the table are intended to permit reconciliation of the fair value hierarchy to the line item presented in the statements of net assets available for benefits.

Following is a description of the valuation methodology used for assets measured at fair value. There has been no changes in the methodology used at December 31, 2023 and 2022.

Pooled separate accounts: Invested in traded securities and generally valued at net asset values (NAV) as reported by the investment manager based on the fair value of the underlying investments.

The pooled separate accounts can be redeemed on a daily basis at their NAV. None of the Plan's investments had unfunded commitments.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Bank Five Nine 401(k) Plan

Notes to the Financial Statements

Note 3: Fair Value Measurements (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2023 and 2022.

		Assets at Fair Value as of December 31, 2023			
		Level 1	Level 2	Level 3	Total
Pooled separate accounts measured at NAV	\$		- \$		- \$ 30,677,259

		Assets at Fair Value as of December 31, 2022			
		Level 1	Level 2	Level 3	Total
Pooled separate accounts measured at NAV	\$		- \$ v		- \$ 22,733,159

Note 4: Fully Benefit-Responsive Investment Contract (FBRIC)

The Plan invests in a FBRIC with Voya in the form of a guaranteed investment contract (GIC). Voya maintains the contributions in a general account. The account is credited with earnings (losses) on the underlying investments and charged for participant withdrawals and administrative expenses. Voya is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The GIC is carried at contract value. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but minimum guaranteed interest rate may vary by participant based on the date that they elect to participate in the fund. The guaranteed minimum floor rate may change after the defined period, but will never be lower than the minimum guaranteed interest rate.

Certain events limit the Plan's ability to transact at contract value with Voya including Plan termination and other events as specified in the GIC. The Plan Administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants or the issuer are probable of occurring. The GIC does not permit Voya to terminate the agreement prior to the scheduled maturity date.

Note 5: Information Certified by Plan Custodian

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Certain information disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2023 and 2022, and net appreciation (depreciation) in fair value of investments, and interest and dividends for the years ended December 31, 2023 and 2022, were obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by Voya, the Custodian of the Plan.

Bank Five Nine 401(k) Plan

Notes to the Financial Statements

Note 6: Income Tax Status

The Plan adopted a nonstandard prototype document with an Internal Revenue Service notification letter, which states that the prototype plan document is in compliance with the applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter; however, the Plan Administrator believes that the Plan is designed and being operated in compliance with the applicable requirements of the IRC and has no income subject to unrelated business income tax. The Plan Administrator is not aware of any significant uncertain tax positions taken by the Plan.

Note 7: Plan Termination

Although it has not expressed any intention to do so, the Sponsor has the right under the Plan to discontinue or amend its contribution amounts at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Sponsor contributions.

Note 8: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9: Related-Party and Party-In-Interest Transactions

Transactions involving participant notes receivable and investment funds administered by affiliates of Voya are considered party-in-interest transactions. These transactions are not; however, considered prohibited transactions under 29 CFR 408(b) of the ERISA regulations. Five Nine Wealth Management, a related-party, is the investment advisor of the Plan. Fees incurred for investment management services were \$53,266 and \$49,542 for the years ended December 31, 2023 and 2022, respectively. A portion of these fees are paid by the Plan Sponsor and not included in the accompanying financial statements.
