Independent Auditor's Report

To the Board of Directors
Markley Motors Inc. Profit Sharing & Tax Sheltered Savings Plan
Fort Collins, Colorado

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the accompanying financial statements of Markley Motors Inc. Profit Sharing & Tax Sheltered Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Markley Motors Inc. Profit Sharing & Tax Sheltered Savings Plan financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from Reliance Trust Company as of December 31, 2023 and 2022 and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 8 to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above, related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by and institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the Financial Statements

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Markley Motors Inc. Profit Sharing & Tax Sheltered Savings Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Markley Motors Inc. Profit Sharing & Tax Sheltered Savings Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Markley Motors Inc. Profit Sharing & Tax Sheltered Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by the management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events considered in the aggregate, that raise substantial doubt about Markley Motors Inc. Profit Sharing & Tax Sheltered Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedules Required by ERISA

The supplemental schedule of Assets Held for Investment Purposes at End of Year as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Markley Motors Inc. Profit Sharing & Tax Sheltered Savings Plan
Notes to the Financial Statements
December 31, 2023 and 2022

Note 1 - Description of Plan

The following description of the Markley Motors Inc. Profit Sharing & Tax Sheltered Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution benefit plan covering all regular employees of the employer, Markley Motors, Inc. (the Plan Sponsor) (Company), who have six months of service. The Plan was established on January 1, 1977. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and has been amended to incorporate legislative change under the Economic Growth Tax Relief Reconciliation Act (EGTRRA).

The Board of Directors of Markley Motors Inc. Profit Sharing & Tax Sheltered Savings Plan administer the Plan. Transamerica Life Insurance Company (Transamerica) has managed the Plan assets and maintained the Plan's records since October 25, 2016. The Plan was amended and restated effective December 15, 2021 in order to comply with the applicable requirements of the Internal Revenue Code ("IRC").

Contributions - Participants may defer a percentage of their total compensation each year instead of receiving that amount in cash. Employees can participate in employee deferrals and are eligible to receive the employer match after six months of service and at 21 years of age. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. The amount of the deferral is limited to the maximum allowed by law. The Plan also allows rollover contributions from qualified plans. Employee contributions are withheld from the participants' wages each pay period.

The Company may make discretionary matching contributions to the Plan. Whether or not these contributions will be made is determined on an annual basis. In years that those discretionary contributions are made, they will be made for employees that are employed by the employer or a related employer on that last day of the year and that have worked at least 1,000 hours of service during the plan year. A discretionary matching contribution was made for the Plan year ended December 31, 2023. The amount that the Company matched was based upon a formula included in the plan document which was up to a maximum of \$3,750 per participant for the years ended December 31, 2023 and 2022. The Company may also make additional discretionary non-elective contributions to the Plan. No additional discretionary non-elective contributions were made for the plan for the year ended December 31, 2023.

Notes to the Financial Statements
December 31, 2023 and 2022

Note 1 - Description of Plan (continued)

Participant Accounts - Each participant's account is credited with the participant's contribution and allocation of (a) the Company's matching contribution and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately vested in their contributions into the Plan. Participant vesting with regards to employer contributions into the Plan is determined by years of service. For participants eligible to participate in the Plan as of December 31, 2007, these participants were immediately fully vested in their matching contributions. The table below outline the vesting schedule for all other employer contributions into the Plan that are made for the benefit of the participant.

Employer discretionary matching and non-elective contributions for participants eligible to participate in the Plan vest over time as follows:

<u>Years of Service</u>	<u>Vested Interest</u>
Less than 2 years	0 %
2 years of service	20 %
3 years of service	40 %
4 years of service	60 %
5 years of service	80 %
6 years of service	100 %

Notes Receivable From Participants - Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50 percent of their vested account balance, whichever is less. A participant may only have one loan outstanding at any given time, unless the participants were issued two loans prior to January 1, 2018. The loans are secured by the balance in the participant's account and bear interest rates determined by the Plan Sponsor. The interest rate on outstanding notes receivable from participants ranges from 5.25% to 10.50%. Interest income on notes receivable from participants is recognized in the period it is earned. Installment payments including principal and interest on the loans are withheld from the participant payroll every pay period. Loans mature through May 26, 2030.

Notes to the Financial Statements
December 31, 2023 and 2022

Note 1 - Description of Plan (continued)

Payment of Benefits - Upon death, disability, retirement, or termination of service, a participant will receive a lump-sum payment in the amount equal to the participant's vested account balance within a reasonable period of time after termination of employment. If a participant is required to receive a lifetime required minimum distribution (RMD), the participant may elect to receive installment payments to satisfy their RMD requirement in either monthly, quarterly, or annual installments. Participants may not make withdrawals from their accounts prior to retirement at age 59 and a half, except in the event of disability, death, termination of employment or notice of hardship, without being subject to certain restrictions and penalties.

Forfeitures - According to the Plan document, all forfeitures will first be used to pay administrative expenses and then allocated to participants based on the same allocation as would be used for employer non-elective contributions. The Internal Revenue Code does not authorize forfeiture suspense accounts to hold unallocated monies beyond the plan year in which they arise. There were no forfeiture amounts used to pay administrative expenses during the year ended December 31, 2023. At December 31, 2023 and 2022, forfeiture nonvested accounts totaled \$3,222 and \$2,900 respectively.

Note 2 - Summary of Accounting Policies

Basis of Accounting - The financial statements of the Plan are prepared under the accrual method of accounting.

Use of Estimates - The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Administrative Expenses - According to the Plan document, it is anticipated that all administrative expenses shall be paid by the Company. However, to the extent that the administrative expenses are not paid by the Company, such expenses shall be paid out of the Plan upon the direction of the Administrator provided that such payments are consistent with ERISA. During the plan year 2023, administrative expenses were paid by the Plan in the amount of \$69,563.

Markley Motors Inc. Profit Sharing & Tax Sheltered Savings Plan
Notes to the Financial Statements
December 31, 2023 and 2022

Note 2 - Summary of Accounting Policies (continued)

The Plan includes an Expense Budget Account ("EBA") for the purpose of paying plan expenses. The account holds credits that are either collected from the Plan's investment choices or issued in lieu of a reduction in fees or charges. Such credits are used to pay plan expenses at the direction of the Plan fiduciary. As of December 31, 2023 and 2022, the Expense Budget Account maintained a balance of \$4,703 and \$14,396 respectively, and is included as other assets.

Investment Valuation and Income Recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Company's Board of Directors determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians, and insurance company. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Notes Receivable From Participants - Notes receivable from participants are considered in default at the end of a calendar quarter following a calendar quarter for which there is any outstanding payment due (principal or interest). At this date, the entire outstanding principal and accrued interest shall be distributed or deemed distributed to the participant. For the year ended December 31, 2023, there were no amounts of distributions that resulted from defaulted loans.

Payment of Benefits - Benefits are recorded when paid.

Subsequent Events - The Company has evaluated all subsequent events through May 28, 2024, the date the financial statements were available to be issued.

Notes to the Financial Statements
December 31, 2023 and 2022

Note 3 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820 are described as follows:

Level 1 Fair Value Measurements - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in an active market which the Plan has the ability to access at the measurement date.

Level 2 Fair Value Measurements - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in an active market;
- Quoted prices for identical or similar assets or liabilities in an inactive market;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Fair Value Measurements - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual funds: Valued at the daily closing price as reported by the fund and are classified as Level 1 investments. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Notes to the Financial Statements
December 31, 2023 and 2022

Note 3 - Fair Value Measurements (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022.

Assets at Fair Value as of December 31, 2023:

	(Level 1)	(Level 2)	(Level 3)	Total
Mutual funds	\$ <u>9,599,040</u>	\$ <u>-</u>	\$ <u>-</u>	\$ <u>9,599,040</u>

Assets at Fair Value as of December 30, 2022:

	(Level 1)	(Level 2)	(Level 3)	Total
Mutual funds	\$ <u>8,043,344</u>	\$ <u>-</u>	\$ <u>-</u>	\$ <u>8,043,344</u>

Note 4 - Group Annuity Contract With Transamerica Financial Life Insurance Company

The Plan holds a fully benefit-responsive contract with Transamerica Financial Life Insurance Company (Transamerica) totaling \$168,606 in 2023 and \$143,435 in 2022. Transamerica maintains the contributions in a general unallocated account. The account is credited with earnings and charged for participant withdrawals and administrative expenses. The group annuity contract issuer is contractually obligated to repay the principal and interest. There is no stated minimum or maximum interest rate for the Stable Value Core Option investment contract. During 2023, the Stable Value Core Option interest crediting rate was 1.25%. For the Stable Value Option investment contract, interest rates are determined as follows: Prior to January 1st and July 1st, the effective annual rate of interest is established for the corresponding six month period. Interest is credited, based upon the daily balance, at a rate that is the daily equivalent of the effective annual rate of interest applicable for the six month period.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Transamerica, represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Notes to the Financial Statements
December 31, 2023 and 2022

Note 4 - Group Annuity Contract With Transamerica Financial Life Insurance Company
(continued)

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on completing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probably of occurring that might limit the ability of the Plan to transact at contract value with the contract value of the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, or (4) a material amendment to the agreement without the consent of the issuer.

Note 5 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. If the Plan is terminated for any reason, all participants become 100% vested, and the Plan administrator is to distribute each participant's interest to the participant or beneficiary.

Markley Motors Inc. Profit Sharing & Tax Sheltered Savings Plan
Notes to the Financial Statements
December 31, 2023 and 2022

Note 6 - Tax Status

Transamerica obtained its latest opinion letter on June 30, 2020, in which the Internal Revenue Service stated that the Prototype Non-Standardized Profit Sharing Plan with CODA, as designed, is in compliance with the applicable requirements of the IRC. Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America requires plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8 - Information Prepared and Certified by Custodian

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2023 and 2022, and net appreciation in fair value of investments, interest and dividends for the year ended December 31, 2023, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Reliance Trust Company (the Custodian of the Plan).

Note 9 - Related-Party and Party in Interest Transactions

Certain Plan investments are shares of mutual funds managed by Reliance Trust Company. The transactions in these investments qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are paid as a direct payment. The Plan made direct and indirect payments to third party administrators and parties-in-interest totaling \$69,563 for the plan year ended December 31, 2023. The Plan Sponsor pays directly any other fees related to the Plan's operations.

Note 10 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term (as defined within one year) and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
