INDEPENDENT AUDITORS' REPORT

To the Plan Administrator and Audit Committee
PFL Tech, Inc. 401(k) Plan
Livingston, Montana

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of PFL Tech, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor (DOL)'s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INDEPENDENT AUDITORS' REPORT

(Continued)

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material, if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

INDEPENDENT AUDITORS' REPORT

(Continued)

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

INDEPENDENT AUDITORS' REPORT

(Continued)

Supplementary Schedule Required by ERISA

The supplementary schedule of assets (held at end of year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The information included in the supplementary schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplementary schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplementary schedule, we evaluated whether the supplementary schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplementary schedule, other than the information in the supplementary schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplementary schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. PLAN DESCRIPTION

The following description of the PFL Tech, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

General The Plan is a voluntary defined contribution plan qualifying under Section 401(k) of the *Internal Revenue Code of 1986* (IRC). It covers all employees of PFL Tech, Inc. (the Company). It is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA), as amended. The Plan is a single-employer plan. The plan was originally established as of January 1, 2006, and has been subsequently amended and restated. The Plan administrator is responsible for oversight of the Plan, including the appropriateness of the Plan's investment offerings and investment performance.

Contributions Participants may elect to contribute to the Plan, in the form of pre-tax or after tax (Roth) deferrals up to the lesser of 90% of their eligible compensation or the maximum amount allowable by law. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified retirement plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company makes safe harbor matching contributions equal to 100% of the first 4% of the eligible participant's compensation deferred to the Plan.

Automatic Enrollment Employees eligible to participate in the Plan are automatically enrolled upon meeting the eligibility requirements noted above. Unless otherwise directed, the rate of deferral upon enrollment is 4% of eligible compensation on a pre-tax basis, to be invested in a specific pre-selected investment offering. Unless the participant elects otherwise, automatically enrolled participants' pre-tax deferrals are increased by 1% annually on December 20 up to a maximum of 10%. The increase is skipped if it is within the first six months of a participant's automatic enrollment.

Participant Accounts Each participant's account is credited with the participant's contributions, Company contributions, and an allocation of Plan earnings, and may be charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting Participants are immediately fully vested in all contributions and earnings thereon.

Notes Receivable From Participants Loans are not permitted by the Plan.

Payment of Benefits Upon termination of service, due to death, disability, or retirement, participants may elect to receive a lump sum amount equal to the vested value of their account. If the participant does not initiate a withdrawal and the value of his or her vested account is less than \$1,000, the vested account balance is distributed to the participant, regardless of consent. If the participant's vested account balance is between \$1,000 and \$5,000, the participant must withdraw the vested account balance from the Plan or the Company will roll it to an individual retirement account. Participants with vested account balances greater than \$5,000 may delay distributions until required by law to receive required minimum distributions. Participants may make withdrawals from their account representing participant deferrals prior to termination of employment for hardships, subject to a \$500 minimum amount and limitations imposed by the IRC. Participants are entitled to receive a distribution of all vested account balances upon attainment of age 59½.

Forfeitures Forfeitures result from excess aggregate contributions. Forfeitures are held in a separate suspense account and can be used to reduce Company safe harbor matching contributions and plan expenses. Forfeitures in the amount of \$28 and \$128 were used to reduce Company safe harbor matching contributions for the years ended December 31, 2023 and 2022, respectively. As of December 31, 2023 and 2022, there were unallocated forfeitures of \$1 and \$4, respectively.

Plan Termination Although it has not expressed any intent to do so, the Company has the right to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. If the Plan is terminated, partially terminated, or if there is a complete discontinuance of contributions by the Company, all amounts credited to the accounts of participants shall vest and become nonforfeitable.

2. SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting The Plan uses the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan administrator determines the Plan's valuation policies utilizing information provided by the investment advisors and the trustee. Fair value measurements are discussed below.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments purchased and sold, as well as held during the year.

NOTES TO THE FINANCIAL STATEMENTS

(Continued)

Fair Value Measurements The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; or inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable Value Fund: The Putnam Stable Value Fund (the Fund) consists of traditional guaranteed investment contracts (GICs), security-backed investment contracts, and short-term investments maintained by Putnam Fiduciary Trust Company, LLC (PFTC) as trustee, which are valued as follows:

- *Traditional GICs:* The fair value of traditional GICs is determined using a discounted cash flow methodology where individual contract cash flows are discounted at the prevailing market interpolated GIC rate as of year-end.

PFL Tech, Inc. 401(k) Plan
NOTES TO THE FINANCIAL STATEMENTS
(Continued)

- *Synthetic Investment Contracts:* These contracts represent individual assets placed in a trust, with ownership by the fund (or, in the case of a separate account, held in trust for the Plan by the contract issuer); a third party issued a wrap contract that provides for participant transactions to be executed at contract value. Individual assets of the synthetic investment contract are valued at fair value, on the basis of valuations furnished by PFTC-approved independent pricing services. These pricing services determine valuations for normal institutional-sized trading units of such securities using methods based on market transactions for comparable securities and various relationships, generally recognized by institutional traders, between securities (which includes consideration of such factors as security prices, yields, maturities, and ratings), or at fair value as determined in good faith by the PFTC.
- *Short-Term Investments:* These investments are stated at contract value, which approximates fair value. The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Collective Investment Trust: The collective investment trust maintained by Great Gray Trust Company is a pool of investments of which the Plan buys and sells units of participation that generally imitate established mutual funds. The underlying investments consist of high yield bonds, preference shares, secured loans, and other bonds and equities. The trust is valued based on the Plan's interest, represented by investment units, in the underlying investments held within the trust. The Plan's valuation estimates are based on the contract and market values of the underlying investments. Participant transactions (issuances and redemptions) may occur daily. If the Plan were to initiate a full redemption of the collective trust, Great Gray Trust Company reserves the right to temporarily delay withdrawal from the trust, in order to ensure that securities liquidations will be carried out in an orderly business manner. There were no unfunded commitments at December 31, 2023 and 2022.

See note 4 for the classification of these assets within the fair value hierarchy.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Payment of Benefits Benefits are recorded when paid.

Expenses Certain operating expenses of the Plan are deducted from participant accounts and the remaining expenses are paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Investment-related expenses are included in net appreciation (depreciation) in fair value of investments.

Evaluation of Subsequent Events The Plan has evaluated subsequent events through August 13, 2024, the date the financial statements were available to be issued.

3. INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditor not to perform any auditing procedures with respect to the following information certified by Fidelity Management Trust Company, the Trustee of the Plan's investment assets, except for comparing such information certified by the Trustee to information included in the Plan's financial statements and supplemental schedule. Fidelity Management Trust Company is a qualified institution that prepared and certified the information in accordance with 29 CFR 2520.103-5.

The following information included in the accompanying financial statements and supplemental schedule was obtained from statements prepared and certified by the Trustee to be complete and accurate:

December 31	2023		2022	
Investments in mutual funds	\$	20,461,000	\$	16,185,136
Investment in stable value fund		1,262,075		1,250,106

Stable value fund	\$	-	\$ 1,250,106	\$	-	1,250,106
Investments at Fair Value						\$ 17,435,242

There were no transfers into or out of level 3 investments for the years ended December 31, 2023 and 2022. The Plan's policy is to recognize transfers into and out of level 3 as of the actual date of the event or change in circumstances.

5. RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Company is the administrator of the Plan. The Plan's administrator may designate other persons to carry out the day-to-day operations of the Plan. Plan investments are managed by Fidelity Management Trust Company, the Trustee of the Plan. The Plan paid administrative expenses to the Trustee amounting to \$53,409 and \$62,169 during the years ended December 31, 2023 and 2022, respectively. LPL Financial, LLC (LPL) is the plan investment advisor. The Plan paid administrative expenses to LPL amounting to \$23,282 and \$22,169 during the years ended December 31, 2023 and 2022, respectively. The Company pays directly any other expenses related to the Plan's operations.

6. TAX STATUS

The Plan has adopted a pre-approved non-standardized profit sharing plan established by Fidelity. The pre-approved plan obtained an opinion letter on March 31, 2014, in which the Internal Revenue Service stated that the form of the pre-approved plan, as then designed, was acceptable under Section 401 of the IRC. Although the Plan has been amended since adopting the pre-approved plan, the Plan administrator believes that the Plan is currently designed and operating in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan is qualified and the related trust is tax exempt.

7. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

8. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of investment income per the financial statements to Schedule H of Form 5500:

December 31		2023		2022
Interest and dividend income per the financial statements	\$	424,436	\$	416,028
Investment earnings on stable value fund		(41,001)		(29,144)
Rounding adjustment		-		1
Interest and Dividend Income per Form 5500	\$	383,435	\$	386,885

December 31		2023		2022
Net appreciation (depreciation) in fair value of investments per the financial statements	\$	3,334,673	\$	(4,223,229)
Investment earnings on stable value fund		41,001		29,144
Rounding adjustment		(2)		-
Net Appreciation (Depreciation) in Fair Value of Investments per Form 5500	\$	3,375,672	\$	(4,194,085)

9. PLAN AMENDMENTS

On December 23, 2022, Congress passed the Consolidated Appropriations Act of 2023 which included SECURE Act 2.0. SECURE Act 2.0 contains over 90 new retirement provisions, with varying effective dates through 2027. Since SECURE Act 2.0 provisions include both required and optional elements, the Plan administrator will determine the optional provisions to elect and amend the Plan document accordingly. Most of the significant provisions will become effective in 2024 and thereafter. Accordingly, there is no material impact to the Plan's 2023 financial statements. Generally, plans have until December 31, 2026, to formally amend the plan document to address these provisions.

Effective August 1, 2023, the Plan was amended to add an Annual Increase Program for participants who are automatically enrolled in the Plan. Unless the participant elects otherwise, automatically enrolled participants' pre-tax deferrals are increased by 1% annually on December 20 up to a maximum of 10%. The increase is skipped if it is within the first six months of a participant's automatic enrollment.

Effective, November 11, 2023, the Plan was amended to allow participants to elect to contribute Roth deferrals.
