INDEPENDENT AUDITORS' REPORT

To the Administrative Committee of
PDQ Enterprises, Inc. Profit Sharing Plan
Santa Fe Springs, California

Opinion

We have audited the accompanying financial statements of PDQ Enterprises, Inc. Profit Sharing Plan (the "Plan"), an employee benefit plan subject to Employee Retirement Income Security Act of 1974 ("ERISA"), which comprise the statements of net assets available for benefits as of October 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended October 31, 2023, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of PDQ Enterprises, Inc. Profit Sharing Plan as of October 31, 2023 and 2022, and the changes in its net assets available for benefits for the year ended October 31, 2023, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

To the Administrative Committee of
PDQ Enterprises, Inc. Profit Sharing Plan
Santa Fe Springs, California

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

To the Administrative Committee of
PDQ Enterprises, Inc. Profit Sharing Plan
Santa Fe Springs, California

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 1: Description of Plan

The following description of the PDQ Enterprises, Inc. Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of PDQ Enterprises, Inc. (the "Company"). The Plan is intended to satisfy all of the requirements for a qualified retirement plan under the appropriate provisions of the Internal Revenue Code ("IRC") and similar state tax laws. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan initially became effective on January 1, 1987.

Employees will become eligible to participate in the Plan if they have completed one year of service and have reached the age of 21. Plan entry dates are on May 1 and November 1 after satisfying eligibility requirements.

Contributions

The Plan allows for the Company to make a discretionary profit sharing contribution. The contribution is allocated on a pro-rated basis based on the ratio of each eligible participant's compensation for the plan year to the total compensation of all eligible participants compensation. For the year ending October 31, 2023, the Company made a profit sharing contribution of \$1,000,000.

Participant Accounts

Each participant's account is credited with allocations of (a) the Company's contributions, (b) Plan earnings or losses, and (c) administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

The Company's profit sharing contributions and earnings thereon will be vested in accordance with the following schedule:

Years of Service	Percentage
Less than 2 years	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Payment of Benefits

On termination of service due to death, disability, retirement or other reasons, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Participants may also elect to rollover their account to another tax deferred account or remain in the Plan until they are legally required to begin taking distributions. All vested account balances not exceeding \$1,000 will be distributed as soon as administratively feasible in a lump-sum payment or rollover to an IRA on the participant's behalf.

Note 1: Description of Plan (Continued)

Forfeited Accounts

At October 31, 2023 and 2022, there were no forfeited non-allocated accounts. Forfeitures are retained in the Plan and may be used to reduce future employer contributions, pay down Plan expenses, or reallocate to eligible employees. For the year ended October 31, 2023, the profit-sharing contribution was not reduced by forfeited non-vested accounts. Alternatively, the total of \$21,491 in current forfeitures were re-allocated to all eligible employees based on the ratio of their 2023 profit-sharing balance.

Note 2: Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and custodian. See note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income and dividend income are recorded on a cash basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid. As of October 31, 2023 the Plan had no benefits payable. As of October 31, 2022, the Plan had benefits payable to participants who had elected to withdraw from the Plan but had not yet been paid, in the amount of \$19,826.

Plan Fees and Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Investment related expenses are included in net appreciation of fair value of investments.

Note 2: Summary of Accounting Policies (Continued)

Date of Management's Review

Events occurring after October 31, 2023 have been evaluated for possible adjustments to the financial statements or disclosures as of August 15, 2024, which is the date the financial statements were available to be issued.

Note 3: Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at October 31, 2023 and 2022.

Cash and cash equivalents: Short-term money market instruments are reported at fair value based on quoted market prices.

Certificates of deposit: Interest bearing cash that consists of money market investments. The carrying value is believed to be representative of its fair value based on its short-term nature.

Corporate and government bonds: The fair value of these securities is generally based upon closing price reported on the active market on which the individual securities are traded.

Corporate stocks and exchange traded funds: The fair value of these securities is generally based upon the closing price reported on the active market on which the individual securities are traded.

Note 3: Fair Value Measurements (Continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of October 31, 2023:

INVESTMENTS	Fair Value Measurements			Total
	Using Input Type			
	Level 1	Level 2	Level 3	
Cash and cash equivalents	\$ 8,267,419	\$ -	\$ -	\$ 8,267,419
Total investments at fair value	\$ 8,267,419	\$ -	\$ -	\$ 8,267,419

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of October 31, 2022:

INVESTMENTS	Fair Value Measurements			
	Using Input Type			Total
	Level 1	Level 2	Level 3	
Cash and cash equivalents	\$ 225,417	\$ -	\$ -	\$ 225,417
Certificates of deposit	-	247,603	-	247,603
Corporate bonds	-	635,951	-	635,951
Corporate stocks and exchange traded funds	5,197,757	-	-	5,197,757
Government bonds	1,867,661	-	-	1,867,661
Total investments at fair value	\$ 7,290,835	\$ 883,554	\$ -	\$ 8,174,389

In regards to the classification of investment options offered by the Plan, there were no reclassifications in or out of levels 1, 2 or 3 during the years ended October 31, 2023 and 2022.

Note 4: Party-In-Interest Transactions

The Plan allows for transactions with certain parties who may perform investment or recordkeeping services for the Plan. These transactions qualify as party-in-interest transactions for which a statutory exemption exists.

NOTES TO FINANCIAL STATEMENTS OCTOBER 31, 2023 AND 2022

Note 5: Plan Termination

Although it has not expressed any intent to do so, the sponsoring Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in any employer contributions.

Note 6: Tax Status

The Plan is a prototype plan that is the subject of a favorable opinion letter from the IRS. Although the Plan has been amended since its initial effective date, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 8: Reconciliation to Form 5500

The following is a reconciliation of the net assets available for benefits per the financial statements to the Form 5500 at December 31, 2023 and 2022:

Form 5500	<u>\$ 87,209</u>

Note 9: Subsequent Events

On November 1, 2023, the plan was modified to include a 401(k) component with Company matching of participant deferrals subject to certain limits, and all funds were moved to Fidelity Investments. As a result of this modification, the Company chose to move all funds out of investments into cash and cash equivalents in preparation for the move to Fidelity.
