Independent Auditors' Report

To The Plan Administrator and Trustees
Fastrucking.com, LLC 401(K) Profit Sharing Plan
San Diego, CA

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Fastrucking.com, LLC 401(K) Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of October 13, 2023 and December 31, 2022, and the related statement of changes in net assets available for benefits for the period ended October 13, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of October 13, 2023 and December 31, 2022, and for the period ended October 13, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C)

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements, as a whole, are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Notes to the Financial Statements
October 13, 2023

1. DESCRIPTION OF PLAN

The following description of the Fastrucking.com, LLC 401(K) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General. The Plan, as amended and restated, is a defined contribution plan established on January 1, 2014 for the employees of Fastrucking.com LLC (the Company or Employer). The Plan has a salary deferral arrangement provision as defined under Section 401(k) of the Internal Revenue Code (IRC). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective March 1, 2023 (the Plan Merger Date), the Plan merged with and into the Energy Transport Logistics 401(K) Plan (the ETL Plan) in accordance with Section 414(l) of the Internal Revenue Code (IRC). The Plan Sponsor of the ETL Plan acquired the plan sponsor of the Plan on March 1, 2023. All assets of the Plan were transferred to the ETL Plan. Amounts credited to the participants' accounts under the Plan were credited to corresponding accounts under the ETL Plan. The benefits and rights of any individual who was a participant under the Plan and who terminated employment prior to the Plan Merger Date shall be governed by the terms and provisions of the Plan as in effect on the date of such termination.

The Plan was amended and restated effective January 1, 2022. With the amendment and restatement, the Plan received an opinion letter from the Internal Revenue Service dated June 30, 2020.

Participant eligibility. The Plan covers substantially all employees of the Company except for union employees, nonresident aliens, and employees acquired in a code section 410(b)(6)(C) transaction. Employees are eligible to participate in the Plan upon reaching age 21 and have completed a minimum of three months of service and may participate in the Plan coincident with or next following the date the eligibility requirements are satisfied.

Contributions. Participants may contribute up to 100 percent of annual compensation in pre-tax deferrals, as defined in the plan document and allowed by law. Participants may also roll over amounts representing distributions from other qualified plans. The Plan permits catch-up contributions for participants who have attained age 50 by the end of the plan year. The Company provides for discretionary contributions. As of October 13, 2023, the Plan did not record any discretionary contributions.

Participant Accounts. Each participant account is credited with the participant contributions and the Company's matching contributions (if any), as well as allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. Upon enrollment in the Plan, a participant may direct his or her respective share of contributions into various investment options. The benefit to which a participant is entitled is the vested portion of the participant account.

Vesting. Participants are immediately vested in their elective contributions plus net earnings (losses) thereon. They become vested in discretionary employer contributions plus earnings (losses) thereon at a rate of 20% per year of vesting service, beginning with the 2nd year of service.

Payment of Benefits. In the event of death, disability, retirement, or termination of employment, the vested portion of a participant's account may be paid to the participant or his or her beneficiary as a lump-sum payment or rolled over to an individual retirement account or another tax-qualified plan. A participant with a vested account balance of more than \$5,000 may instead choose to have the vested balance paid in installments or to defer receiving payments until age 70½.

1. DESCRIPTION OF PLAN (continued)

Payment of Benefits (continued). Active employees that have reached the age of 70 ½ will begin to receive a distribution from their account on April 1st following the calendar year in which they reach the age 70 ½ or the calendar year in which he/she retires unless participant is a 5% owner.

Forfeitures. When participants terminate employment, any nonvested portions of their matching employer contributions are forfeited and may be applied to pay administrative expenses or reduce future employer contributions. There was no balance in the forfeiture account as of October 13, 2023. As of December 31, 2022, the balance in the forfeiture account was \$207. During the year ended October 13, 2023, no forfeitures were used to reduce employer contributions. Instead, approximately \$3,000 was used to pay plan expenses.

Administrative Expenses. Certain expenses for maintaining the Plan are paid directly by the Plan, unless otherwise paid by the Plan Sponsor. Expenses that are paid by the Plan Sponsor are excluded from these financial statements. Fees related to the administration of notes receivable from participants and distributions to participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Investment Elections. The investments of the Plan are self-directed by the participants into various investment options offered by the Plan. Investment elections may be changed online or by telephone at any time.

Plan Termination Provision. Although it has not expressed any intent to do so, the Company has the right to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all participants become fully vested in their accounts.

2. SUMMARY OF ACCOUNTING POLICIES

The following are the significant accounting policies followed by the Plan:

Basis of Accounting. The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP). Investments held by a defined contribution plan are required to be reported at fair value.

Investment Valuation and Income Recognition. The Plan provides participants the choice of investment options in a variety pooled separate accounts that invest in stocks, bonds, fixed-income securities, and other investment securities. The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan administrator determines the Plan's valuation policies utilizing information provided by the investment advisors and Custodian. See Note 4 for discussions of fair value measurements.

Investment Valuation and Income Recognition (continued). Purchases and sales of investments are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold, as well as, held during the year.

Payment of Benefits. Benefits are generally recorded when paid.

2. SUMMARY OF ACCOUNTING POLICIES (continued)

Use of Estimates. The preparation of financial statements in conformity with U.S. GAAP requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes in those assets and liabilities, and disclosures of contingent assets and liabilities. Actual results may differ from those estimates.

Concentrations, Risks, and Uncertainties. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

The Plan invests substantially all of its assets with a single institution. In the event of the institution's failure, the Plan could be subject to substantial losses.

The Plan had no investments as of October 13, 2023. The Plan had four that accounted for approximately 61% of total investments as of December 31, 2022.

Subsequent Events. The Company has evaluated all events subsequent to October 13, 2023, the date of the statement of net assets available for benefits, through the date of the Independent Auditors' Report, the date which the financial statements were available.

3. INVESTMENT INFORMATION CERTIFIED BY CUSTODIAN (unaudited)

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Principal Life Insurance Company (Principal), the Custodian, as complete and accurate, except for comparing such information certified by the custodian to information included in the Plan's financial statements and supplemental schedule:

- a) Investments, at fair value

	October 13, 2023	December 31, 2022
Pooled separate accounts	\$ -	\$ 358,650
Common collective trust	\$ -	\$ 55
b) Notes receivable from participants *	\$ -	\$ 17,848
c) Investment income and other additions		Year Ended October 13, 2023
Net appreciation in fair value of investments		\$ 36,663
Interest income from notes receivable from participants		\$ 736

- d) Supplemental Schedule:

From 550 Schedule H, Line 4i -- Schedule of Assets (Held at End of Year) *

* Notes receivable from participants are participant loans allowed under the related regulations. The participant loans are certified by the investment contract issuer, and are included as investments on the supplemental schedule Form 5500 Schedule H, Line 4i -- Schedule of Assets (Held at End of Year) as required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. Valuation techniques used to measure fair value are defined as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2- Inputs to the valuation methodology include: (a) quoted prices for similar assets or liabilities in active markets; (b) quoted prices for identical or similar assets or liabilities in inactive markets; (c) inputs other than quoted prices that are observable for the asset or liability; and (d) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies during 2023.

Pooled separate accounts: The Plan participates in a contract with Principal whereby the assets of the Plan are pooled with those of other unrelated plans. The Plan owns units of participation in the fair value of the account's underlying assets. Principal holds these assets in trust for the participating plans. These investments are public investment securities valued using the Net Asset Value (NAV) as the practical expedient provided by the investment custodian. The NAV is quoted on a private market that is not active; however, the unit price is based on the underlying investments held by each fund. A majority of the investments held by each funds are traded on an active market. The pooled separate accounts do not have any unfunded commitments relating to their investments, or any significant restrictions or redemptions. Participant-directed redemptions can be made on any business day and do not have a redemption period.

Common collective trusts include the Federated Hermes Capital Preservation Fund (Capital Preservation Fund): The investment is valued using Net Asset Value (NAV) as a practical expedient based on contract value, which represents invested principal plus accrued interest, less expenses thereon. In determining contract value, the fund manager considers such factors as the benefit responsiveness of the contracts, the ability of the parties to the contracts to perform in accordance with the terms of the contracts and the likelihood of default by the issuer of an investment security. While the fair value of the investments in the common/collective trust are determined by the investee's trustee based on the fair value of the underlying securities within the investment at the fund level, the fair value of the investment as reported by the investment custodian at the Plan level is based on NAV as the practical expedient which is contract value. Contract value is the relevant fair value for such an investment as it is the value that participants' transactions are reported. There are no restrictions as to the redemption of these investments nor does the Plan have any contractual obligations to further invest in any of these funds. The objective of the Capital Preservation Fund is to provide a total return consisting of long-term growth of capital and current income.

4. FAIR VALUE MEASUREMENTS (continued)

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following are the Plan's financial instruments carried at fair value categorized by the fair value hierarchy as of October 13, 2023 and December 31, 2022:

	Fair Value Measurements Using Input Type			
October 13, 2023	Level 1	Level 2	Level 2	Total
Total investments, fair value	\$ -	\$ -	\$ -	\$ -
Investments measured at net asset value *				
Pooled separate accounts				-
Common collective trust				-
Total investments				\$ -
December 31, 2022	Level 1	Level 2	Level 2	Total
Total investments, fair value	\$ -	\$ -	\$ -	\$ -
Investments measured at net asset value *				
Pooled separate accounts				358,650
Common collective trust				55
Total investments				\$ 358,705

* Certain investments that are measured at fair value using the NAV per share (or its equivalent) as a practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented on the Statements of Net Assets Available for Benefits.

5. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate or amend the Plan at any time, subject to the provisions of ERISA.

See independent auditors' report

6. TAX STATUS

The Plan follows the provisions of the Ascensus LLC Non-Standardized Defined Contribution Pre-Approved Plan. The IRS has determined and informed the Company by a letter dated June 30, 2020, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and tax-exempt.

Generally accepted accounting principles requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of October 13, 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions (generally three years for federal purposes and four years for state purpose); however, there are currently no audits for any tax periods in progress.

7. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under the Department of Labor's (DOL) regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others.

Certain administrative expenses of the Plan are paid directly by the Plan Sponsor. Any direct or indirect expenses paid for by the Plan are considered party-in-interest transactions.

Certain Plan investments are shares of mutual funds, insurance company pooled separate accounts and common collective trusts managed by the Custodian. Therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in the administrative expenses in the accompanying statement of changes of net assets available for benefits. The Plan Sponsor pays directly any other fees related to the Plan's operations.

The transactions qualify as party-in-interest transactions for which there are statutory exceptions.

8. OPERATIONAL FAILURES

The Plan had an operational compliance failure in the areas of inaccurate deferral rates in calculating participant contributions. The Plan Sponsor is aware of this operational failure and is unable to determine the corrections needed for full compliance at this time. However, the Plan Sponsor is currently evaluating these failures and anticipates having all operational compliance failures corrected by the end of the 2024 Plan year.
