Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) ☒ Unmodified (2) ☐ Qualified (3) ☐ Disclaimer (4) ☐ Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) ☒ DOL Regulation 2520.103-8 (2) ☐ DOL Regulation 2520.103-12(d) (3) ☐ neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: **BDO USA, PC**

(2) EIN: **13-5381590**

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) ☐ This form is filed for a CCT, PSA, DCG or MTIA. (2) ☐ It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		☒	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		☒	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		☒

Independent Auditor's Report

The Plan Administrator
Stoli Group USA, LLC 401(k) Plan
New York, New York

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Stoli Group USA, LLC 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022 and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental Schedule H (Form 5500), Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For

information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Stoli Group USA, LLC 401(k) Plan

Notes to Financial Statements

1. Description of the Plan

The following brief description of the Stoli Group USA, LLC 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for more complete information. Stoli Group USA, LLC (the Company or Employer) is the Plan's Sponsor; Chris Caldwell Global Chief Executive Officer, is the trustee.

General

The Plan is a defined contribution plan. Under such a plan, the participant is not provided with any fixed benefit. The plan was established on October 1, 2013 and subsequently restated on February 18, 2022. Plan contributions are made at specified rates and are credited to an individual account for the benefit of each participant. Investment income of the Plan is allocated daily to individual participant accounts based on participant account balances, as provided in the Plan. The ultimate benefit to be received by a participant depends on the aggregate amount contributed by the participant and the Company over the years and the investment results allocated to the participant's individual account. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Eligibility

Participants are eligible to participate in the Plan on the first day of the month following 30 days of employment. Substantially all employees of the Company are eligible to participate in the Plan. Residents of Puerto Rico are excluded from participation in the Plan.

Contributions

Eligible employees are automatically enrolled in the Plan at 6% of the employee's pre-tax wages unless the employee affirmatively elects not to participate. Automatic escalations will increase the contributions by 1% per year until they reach 10%. The Plan allows each participant to contribute up to 100% of his or her annual compensation, as defined, up to the maximum annual amount allowed by law. Rollovers, after-tax contributions, and catch-up contributions are allowed.

The Company makes a discretionary matching contribution of 25% of each participant's contribution that does not exceed 6% of eligible annual compensation. The matching contribution is calculated each pay period and is 100% vested after one year of employment. The discretionary matching contribution made for the year ended December 31, 2023 totaled \$98,647.

Participants' Accounts

The Plan maintains individual accounts for each Plan participant. Each participant's account is credited with the participant's contributions, Company contributions, and an allocation of the Plan's investment earnings or losses and charged with benefits paid and certain administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. The Plan offers various mutual funds and a common collective trust as investment options to participants.

Stoli Group USA, LLC 401(k) Plan

Notes to Financial Statements

Vesting

Participants are immediately vested in all employee contributions and the earnings thereon. Employer contributions vest 100% after one full year of service.

Forfeitures

Participants who terminate employment but have not become fully vested in Company contributions forfeit their unvested balances. In accordance with the Plan, the amount of forfeitures will be applied to reduce Company contributions or pay Plan expenses. Forfeitures as of December 31, 2023 and 2022 were \$3,982 and \$5,989, respectively. During the year ended December 31, 2023, \$10,662 was forfeited, and the Plan realized a gain of \$501 on forfeitures. Further, the Plan applied forfeitures in the amount of \$13,170 and \$7,146, of which \$11,084 and \$5,330 were offset against employer matching contributions and \$2,086 and \$1,816 against administrative expenses for 2023 and 2022, respectively.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of benefit payments and general service charges are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net depreciation in fair value of investments.

Payments of Benefits

A participant's vested interest in Plan assets is distributable generally upon termination, disability, retirement, or death. Active participants may receive distributions from the vested amounts in their accounts at any time after attaining the age of 59½ or due to hardships, as defined in the Plan. Participants may elect to receive their account balance as a single lump-sum payment (which payment would generally be eligible to be rolled-over to an individual retirement account of the participant's choosing) or as a direct transfer to an individual retirement account established by the custodian of the Plan.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum of the lesser of one-half of the vested account balance or \$50,000. The loans are secured by assignment of a participant's vested interest in the Plan, and bear interest at a rate commensurate with local prevailing rates at the time funds are borrowed, as determined by the Plan administrator. At December 31, 2023 and 2022, all loans bear interest ranging from 5.25% to 10.50%. Principal and interest are paid ratably through payroll deductions or as a lump sum for the outstanding loan balance. Loan terms range from one to five years; however, terms may be longer for the purchase of a primary residence. Participants are allowed one loan outstanding at any time.

Plan Termination

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Employer

contributions and all accounts will be available for distribution at the same time and in the same manner as would have been permissible had the Plan not been terminated.

2. Summary of Significant Accounting Policies

Basis of Presentation

The accompanying financial statements have been prepared on an accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of the financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for the fully benefit-responsive guaranteed annuity contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation in fair value of investments includes the gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are reported at their outstanding principal balances plus accrued interest. If a participant does not make regular loan payments for 90 days, the loan is considered to be in default. For participant loans that become delinquent, are not cured, and result in default, the amount of the unpaid principal balance and interest due to the Plan is treated as a deemed distribution to the participant. Such distributions are reported as a taxable distribution to the participant but remain part of the participant's account balance until a distributable event occurs. No allowance for credit losses has been recorded as of December 31, 2023 and 2022.

Payment of Benefits

Benefit payments are recorded when paid.

3. Fair Value Measurements

The Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement).

The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual Funds - These assets are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled Separate Accounts - These assets are valued at their accumulation unit value (AUV), as a practical expedient. The AUV is determined daily based on the NAV of shares of the underlying funds. The funds are direct filing entities.

Principal LifeTime Hybrid CITs - These assets invest in a collective trust fund as well as a variety of separate accounts and mutual funds that seek total return consisting of long-term growth of capital and current income, consistent with the investment strategy of an investor with a specific target retirement date. The CIT funds are valued at NAV per unit held by the Plan at year-end as reported

Stoli Group USA, LLC 401(k) Plan

Notes to Financial Statements

by Principal Life Insurance Company (Principal), which is based on the fair value of the underlying investments held by the fund less its liabilities. The Principal LifeTime Hybrid CITs publish their NAV daily, and participants transact at that price. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure the securities liquidations will be carried out in an orderly business manner. The fully benefit-responsive investment contract is reported at contract value (see Note 5).

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investment assets at fair value:

December 31, 2023

	Level 1	Level 2	Level 3	Total Fair Value
Mutual funds	\$ 2,306,562	\$ -	\$ -	\$ 2,306,562
Pooled separate accounts*				92,218
Collective investment trusts*				5,236,977
Total Investments, at fair value				\$ 7,635,757

December 31, 2022

	Level 1	Level 2	Level 3	Total Fair Value
Mutual funds	\$ 621,523	\$ -	\$ -	\$ 621,523
Pooled separate accounts*				1,064,198
Collective investment trusts*				4,823,665
Total Investments, at fair value				\$ 6,509,386

* Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have been categorized in the fair value hierarchy. The fair value amounts inserted in these tables are intended to present reconciliation of the fair value hierarchy tables to the amounts presented in the statements of net assets available for benefits.

The Plan has no financial assets that were measured at fair value on a non-recurring basis during the years ended December 31, 2023 and 2022. There were no transfers in and out of Levels 1, 2, or 3 for the years ended December 31, 2023 and 2022.

4. Information Certified by the Custodian of the Plan

The Plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Principal, a qualified institution, has certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefit as of the December 31, 2023 and 2022.
- Net appreciation (depreciation) in fair value of investments, interest and dividend income, and interest income on notes receivable from participants reflected on the accompanying statement of changes in net assets available for benefit for the year ended December 31, 2023.
- Investments reflected on the supplemental Schedule of Assets (Held at End of Year) as of December 31, 2023.

At the request of the Plan administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedule.

5. Guaranteed Investment Contracts

Principal

In 2020, the Plan entered into a fully benefit-responsive guaranteed investment contract with Principal. Principal maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The contract is considered fully benefit-responsive and is reported at contract value. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct withdrawal or transfer of all or a portion of their investment at contract value.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. Examples of such events include the following: (1) the Plan's failure to qualify under Section 401(a) of the Internal Revenue Code (IRC) or the failure of the trust to be tax-exempt under Section 501(a) of the IRC, (2) premature termination of the contract, (3) Plan termination or merger, (4) changes to the Plan's prohibition on competing investment options, or (5) bankruptcy of the Bank or other events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants.

Notes to Financial Statements

6. Related Parties and Parties-in-Interest

Certain Plan investments are shares of mutual funds, pooled separate accounts, and a guaranteed investment account managed by Principal and, therefore, these transactions qualify as party-in-interest transactions, as defined by ERISA.

Plan investments include notes receivable from participants. These investments are also considered party-in-interest transactions.

Participant transaction fees are paid directly by the participant and these transaction fees are also considered party-in-interest transactions. The Sponsor provides administrative services to the Plan; no compensation is paid by the Plan for these services.

7. Income Tax Status

The Plan obtained the latest opinion letter for the prototype plan it has adopted on June 30, 2020, in which the Internal Revenue Service (IRS) stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Risks and Uncertainties

The Plan provides for investments in various investment securities that are, in general, exposed to various risks, such as interest rate, credit, and overall market volatility risks. Given the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities could occur in the near term and that such changes could materially affect participants' account balances and amounts reported in the financial statements.

9. Subsequent Events

The Plan's administrator has evaluated subsequent events through August 7, 2024, the date the financial statements were available to be issued. No subsequent events that would require disclosure in these financial statements have been noted as of this date.
