Independent Auditor's Report

To the Plan Advisory Committee
DOWL LLC Retirement Savings and Investment Plan
Anchorage, Alaska

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of DOWL LLC Retirement Savings and Investment Plan. The plan is an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosures under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year the ended December 31, 2023, stating that the certified investment information, as described in Note 3 of the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section—

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the plan and to meet our ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

To the Plan Advisory Committee
DOWL LLC Retirement Savings and Investment Plan

In forming our opinion on the supplemental schedule, we evaluated whether the supplement schedule, other than the information agreed to or derived from the certified investment information, including the form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

DOWL LLC Retirement Savings and Investment Plan

Notes to the Financial Statements

December 31, 2023 and 2022

Note 1 – Plan Description

The following description of the DOWL LLC Retirement Savings and Investment Plan (the Plan) provides only general information. Participants and interested parties should refer to the Plan documents for a more complete description of the Plan and its provisions.

General and Eligibility

The Plan began January 1, 1985 and was restated in its entirety effective August 23, 2021. The Plan is a defined contribution plan that covers all employees of DOWL LLC (Company or Employer) who have attained the age of 18. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan Merger

Effective January 1, 2023, the Farr West Engineering 401(k) Plan was merged into the Plan, transferring \$5,153,476 in net assets into the Plan.

Recent Legislation

The SECURE 2.0 Act of 2022 (“SECURE 2.0”), signed into law on December 29, 2022, makes significant changes to existing law for retirement plans by building upon provisions in the SECURE Act of 2019. SECURE 2.0 introduces new requirements and considerations for plan sponsors that are intended to expand coverage, increase savings, preserve income, and simplify plan rules and administrative procedures. Each of the provisions in SECURE 2.0 has its own effective date ranging from the date of enactment to 2028 and beyond, with the bulk of the provisions taking effect in 2023 and 2024. The plan has adopted the required minimum distribution at age 73 effective January 1, 2023, and is in the process of evaluating other voluntary provisions. The Plan is required to be amended in regard to other requirements of SECURE 2.0 by December 31, 2025.

Contributions

Each year, participants may contribute the following:

- Up to 80% of pretax annual compensation, as defined in the Plan.
- Roth deferrals (post-tax contributions), which are separately accounted for as are the gains and losses attributed to those deferrals.
- Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.
- The Plan was amended effective January 1, 2023, to allow after-tax contributions up to an annual maximum of 10% of eligible compensation.

The amount of elective contributions that may be made per year is limited by the Internal Revenue Code (IRC). Participants can also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

DOWL LLC Retirement Savings and Investment Plan

Notes to the Financial Statements (Continued)

December 31, 2023 and 2022

Note 1 – Plan Description (Continued)

The Plan also contains an automatic enrollment feature. Employees are subject to automatic enrollment and have 30 days after their hire date to enroll or decline participation in the Plan. Upon enrollment in the Plan, initial deferral rate is set at 5% of eligible compensation with automatic annual increase rate of 1% until the deferral rate reaches 15%.

The Plan provides for discretionary employer matching and profit-sharing contributions. For the year ended December 31, 2023, the employer matched 20% of the amount a participant contributed to the Plan for traditional and Roth contributions and also contributed a fixed profit-sharing deposit equal to 3% of eligible employee's compensation.

Investment Elections

Participants direct the investment of their contributions into various investment options offered by the Plan. Participants have the opportunity to change their investment contributions on a daily basis.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's contributions and an allocation of the Plan's earnings, and charged with an allocation of Plan losses and investment expenses. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus earnings thereon. Vesting in the employer's contribution portion of their accounts is based on years of credited service as follows:

<u>Completed Years of Service</u>	<u>Percentage Vested</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Participants are always 100% vested in rollover contributions, after-tax contributions, qualified nonelective contributions, or if participants are coming from predecessor employer.

Notes to the Financial Statements (Continued)
December 31, 2023 and 2022

Note 1 – Plan Description (Continued)

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account. Up to 50% of the participant's vested account balance may be used as collateral for any loan. All loans shall bear a reasonable rate of interest as determined by the Plan Administrator based on the prevailing interest rates charged by persons in the business of lending money for loans which would be made under similar circumstances. The interest rate shall remain fixed throughout the duration of the loan. Principal and interest are paid ratably through payroll deductions.

Forfeited Accounts

Forfeitures of terminated participants' nonvested balances are first used to pay administrative expenses. Any remaining amounts will be used to reduce future employer contributions. Unallocated forfeitures totaled \$40,730 and \$48,881 at December 31, 2023 and 2022, respectively. In 2023, \$20,204 was used to pay administrative expenses incurred and \$170,707 was used to reduce employer contributions to the Plan.

Payment of Benefits

Upon termination of service for any reason including due to death, disability, or retirement, the Plan permits the participant, or his or her beneficiary, to receive benefits under the Plan. Benefits may be distributed in a single lump sum or partial withdrawals. Participants with vested account balances in excess of \$5,000 require written authorization for distribution. Participants with vested account balances of \$1,000 or less are automatically distributed to participants in one lump-sum, while those with account balances ranging from \$1,000 to \$5,000 will be rolled over to an individual retirement account designated by the Plan. For purposes of determining whether a written authorization is required, a participant's rollover balance will be taken into account. Financial hardship withdrawals are not permitted, as defined in the Plan agreement.

Participants with assets from the former HKM Associates or OBEC Consulting Engineers (companies acquired by DOWL LLC) 401(k) Plans receive their benefits in the form of a joint and survivor annuity, unless otherwise requested by the participant.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

DOWL LLC Retirement Savings and Investment Plan
Notes to the Financial Statements (Continued)
December 31, 2023 and 2022

Note 2 – Summary of Significant Accounting Policies (Continued)

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein and disclosures of contingent assets and liabilities at the dates of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation in the fair value includes the net gain or loss on disposition of investments, plus the net unrealized increase or decrease in fair value of investments held at year end.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent notes receivable are reclassified as distributions based upon the terms of the Plan document. Related fees are recorded as administrative expenses and are expensed when they occur. No allowance for credit losses has been recorded as of December 31, 2023 and 2022.

Payment of Benefits

Benefits are recorded as distributions when paid.

Administrative Expenses

Expenses that are paid by the Company are excluded from these financial statements. The fees charged to the Plan fall into the following categories: investment fees, plan administration fees, and transaction-based fees. If nontransaction-based expenses are paid using the Plan's assets, such fees and expenses are generally allocated to the accounts of participants either proportionally based on the value of their account balance or may be charged equally to each participant. In some cases, certain investment administration fees are deducted directly from investment returns.

Subsequent Events

The Plan has evaluated subsequent events through August 7, 2024, the date the financial statements were available to be issued.

DOWL LLC Retirement Savings and Investment Plan

Notes to the Financial Statements (Continued)

December 31, 2023 and 2022

Note 3 – Investments Certified by Fidelity Management Trust Company

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the ERISA. Accordingly, as permitted under such election, the following information contained in the statement of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, was certified by Fidelity Management Trust Company, a qualified institution, to be complete and accurate:

- Investments, at fair value and notes receivable from participants, as shown in the Statement of Net Assets Available for Benefits;
- Net investment income and interest income on notes receivable from participants, as shown in the Statement of Changes in Net Assets Available for Benefits; and
- All information included in Schedule H, Line 4i – Schedule of Assets (Held at End of Year), as shown in the ERISA required supplemental schedule.

Note 4 – Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices from similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

DOWL LLC Retirement Savings and Investment Plan

Notes to the Financial Statements (Continued)

December 31, 2023 and 2022

Note 4 – Fair Value Measurements (Continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

- *Registered investment company funds.* Valued at quoted market prices of shares held by the Plan at year end.
- *Common collective trust funds.* Valued at the net asset value (NAV) of units of a collective trust. This NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidation will be carried out in an orderly business manner.

The preceding methods may produce a fair value calculation that may not be indicative of net asset value or reflective of future fair value. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in different estimates of fair value at the reporting date.

The fair value of investments measured under this hierarchy as of December 31, 2023 and 2022 is as follows:

<u>Description</u>	<u>2023</u>			<u>Total</u>
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	
Registered investment company funds	<u>\$ 110,065,403</u>	<u>\$ -</u>	<u>\$ -</u>	\$ 110,065,403

<u>Description</u>	<u>2022</u>			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Registered investment company funds	\$ <u>91,521,084</u>	\$ <u>-</u>	\$ <u>-</u>	\$ 91,521,084
Common collective trust funds*				<u>5,044,071</u>
Total investments, at fair value				<u>\$ 96,565,155</u>

* In accordance with Subtopic 820-10, the common collective trust funds have not been classified in the fair value hierarchy since they are measured at net asset value per share (or its equivalent).

Fair Value of Investments that Calculate Net Asset Value

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

<u>Collective Trust Funds</u>	<u>Fair Value at December 31, 2023</u>	<u>Fair Value at December 31, 2022</u>	<u>Unfunded Commitment</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>
Wilmington Trust ^(A)					
Small Cap Value Fund II Fee Class II ⁽¹⁾	\$ 263,708	\$ 5,653	N/A	Daily	Daily
Mid Cap Growth Fund Fee Class II ⁽²⁾	3,806,485	2,900,215	N/A	Daily	Daily
International Equity Fund Fee Class II ⁽³⁾	<u>3,353,447</u>	<u>2,138,203</u>	N/A	Daily	Daily
Total	<u>\$ 7,423,640</u>	<u>\$ 5,044,071</u>			

(A) Investment objectives for investments held by Wilmington Trust are to approximate the performance of a custom benchmark index over the long-term, while providing participants the ability to purchase and redeem units on an “as of” basis. The funds invest in other collective trust funds with characteristics consistent with the funds overall investment objective. Disclosure of the various fund type objectives are noted below:

- (1) The objective of this fund is to approximate the performance of the Russell 2000 Index over the long-term.
- (2) The objective of this fund is to approximate the performance of the Russell MidCap Growth Index over the long-term.
- (3) The objective of this fund is to approximate the performance of the MSCI ACWI ex-USA IMI Index over the long-term.

December 31, 2023 and 2022

Note 5 – Related-Party Transactions and Party-In-Interest Transactions

The Company provides to the Plan certain accounting and administrative services for which no fees are charged.

Certain plan investments consist of investments managed by Fidelity Management Trust Company, the Custodian, therefore these transactions qualify as party-in-interest transactions. These party-in-interest transactions are permitted under provisions of the Plan and are exempt from the prohibited transaction rules under ERISA. Notes receivable from participants also qualify as exempt party-in-interest transactions.

Note 6 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

Note 7 – Tax Status

The Internal Revenue Service (IRS) has determined and informed the Plan's volume submitter sponsor by an opinion letter dated June 30, 2020, that the Non-Standardized Pre-Approved Profit Sharing/Money Purchase/CODA Plan sponsored by FMR, LLC which has been adopted by the Plan, is acceptable pursuant to Section 401 of the IRC and in compliance with the applicable requirements of the IRC. The Plan has not requested its own determination letter from the IRS. Although the Plan has been amended since receiving the opinion letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

DOWL LLC Retirement Savings and Investment Plan

Notes to the Financial Statements (Continued)

December 31, 2023 and 2022

Note 8 – Risks and Uncertainties

The Plan invests in various investment securities. Such investments are exposed to risks and uncertainties, such as interest rate risk, credit risk, market risk, economic changes, political unrest, regulatory changes and foreign currency risk. The Plan's exposure to a concentration of risk is dependent upon funds selected by participants. The following table shows details on investments that represent a concentration of greater than 10% of the Plan's investments in either years:

Investments	December 31, 2023		December 31, 2022	
	Balance	% of Investments	Balance	% of Investments
Fidelity 500 Index Fund	\$ 11,342,034	10%	*	*

Due to the concentration of investments denoted above, in addition to the level of risk associated with certain investments, it is at least reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect the value of the participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

*Balance did not represent a concentration of 10% or greater of the Plan's net assets as of December 31, 2022.

Note 9 – Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500:

	<u>2023</u>	<u>2022</u>
Net assets available for benefits per the financial statements	\$ 118,148,453	\$ 96,879,704
