To the Trustees and Administrators of the MasterControl 401(k) Savings Plan

We have conducted our audit of the financial statements of MasterControl 401(k) Savings Plan (the Plan) for the year ended December 31, 2023 and have issued our report thereon dated August 8, 2024. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards (GAAS), as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our engagement letter to you dated March 11, 2024. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Findings

Qualitative Aspects Accounting Practices

Management has the responsibility to select and use appropriate accounting policies. A summary of the significant accounting policies adopted by the Plan is included in Note 2 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during 2023 or 2022. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements and are based on your knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimates affecting the financial statements were:

Investment Valuation and Income Recognition: The Plan's investments are stated at net asset value, which management believes is an appropriate approximation of fair value. Interest income is recorded as earned on an accrual basis.

Fair-Value-Measurements: Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. The Plan follows ASC 820's framework, which provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value.

Certain financial statement disclosures involve significant judgment and are particularly sensitive because of their significance to financial statement users. The most sensitive disclosures affecting the Plan's financial statements relate to the following:

Fair-Value-Measurements: For the same reasons described above, fair-value measurement disclosures are particularly significant to the Plan's financial statements.

Risks and Uncertainties: The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

The financial statement disclosures are neutral, consistent, and clear.

Difficulties Encountered during the Audit

We encountered no significant difficulties in performing and completing our audit.

Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. You have corrected all such misstatements. We identified no significant uncorrected misstatements.

Disagreements with Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, or not resolved to our satisfaction, that could be significant to the financial statements or the auditors' report. We are pleased to report that no such disagreements arose during the course of our audit.

Other Matters

With respect to the supplementary information accompanying the financial statements, we made certain inquiries of you and evaluated the form, content, and methods of preparing the information to determine that the information complies with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the method of preparing it has not changed from the prior period, and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the supplementary information to the underlying accounting records used to prepare the financial statements or the financial statements themselves.

This communication is intended solely for the information and use of Plan trustees, administrators, management, and others within the organization, and is not intended to be and should not be used by anyone other than these specified parties.

Sincerely,

To the Trustees and Administrators of the MasterControl 401(k) Savings Plan

Except as discussed in the following paragraph, in planning and performing our audit of the financial statements of the MasterControl 401(k) Savings Plan (the Plan) as of and for the year ended December 31, 2023, in accordance with auditing standards generally accepted in the United States of America (GAAS), we considered the Plan's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the plan's internal control. Accordingly, we do not express an opinion on the effectiveness of the Plan's internal control.

We were engaged to perform an ERISA Section 103(a)(3)(C) audit of those financial statements as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. As permitted by ERISA Section 103(a)(3)(C), our audit did not extend to any statements or information related to assets held for investment of the Plan by the trustee that prepared and certified the statements or information regarding assets so held in accordance with 29 CFR 2520.103-5. Our audit also did not include a consideration of internal control relating to the investment information.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the plan's financial statements will not be prevented or detected and corrected on a timely basis.

Our consideration of internal control was for the limited purpose described in the first two paragraphs and was not designed to identify all deficiencies in internal control that might be material weaknesses. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

This communication is intended solely for the information and use of Plan trustees, administrators, management, and others within the organization, and is not intended to be and should not be used by anyone other than these specified parties.

Sincerely,

Salt Lake City, Utah
