NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2020 AND 2019

NOTE 1 – PLAN DESCRIPTION

The following description of the Lutech Resources, Inc. 401(K) Savings Plan (the “Plan”) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

Effective March 1, 2014, Chicago Bridge & Iron Company N.V. (“CB&I”) completed the spin-off of Lutech Resources, Inc. (the “Company” or “Employer”). In connection with the spin-off, the Company adopted a new plan. As a result, following the spin-off, the Company's employees were no longer eligible to participate in the CB&I Savings Plan. On May 10, 2018, McDermott International, Inc. (“McDermott”) completed its business combination with Chicago Bridge & Iron Company N.V. (“CB&I N.V.”).

General – The Plan, which commenced effective March 1, 2014, is a defined contribution plan covering certain regular full-time or regular part-time employees of the Company who are working in the United States. Certain employees who are transferred to work outside the United States must be on a U.S.-based payroll to be eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”) and the Internal Revenue Code (“IRC”).

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security (“CARES”) Act was signed into law. The CARES Act allows retirement plans, among other things, to provide participants who are impacted by the coronavirus (as defined in the CARES Act) with greater access to their savings. The Plan has adopted certain optional features within the CARES Act. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance.

Plan Custodian, Trustee, and Record-Keeper – Fidelity Management Trust Company (“Fidelity,” the “Custodian,” “Record-keeper,” or “Trustee”) is the Plan's Custodian and Record-keeper, maintaining custody of all investments held by the Plan, maintaining the Plan's participant account balances, and providing record-keeping services. Fidelity also serves as the Trustee of the Plan.

Eligibility and Plan Entrance Date – Employees who have completed one hour of service, and are not a nonresident alien, union employee, leased employee, independent contractor, or a resident of Puerto Rico are permitted to participate in the Plan. Eligible employees are permitted to enter the Plan upon the first day of the quarter after which the employee has satisfied the eligibility requirements.

Contributions – The Plan allows participants to contribute, on a pre-tax and/or after-tax Roth basis, up to 75% of their annual compensation, as defined by the Plan. Participant contributions are limited to the maximum dollar amount allowed by law, which is \$19,500 for 2020. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions of up to the maximum amount allowed by law, which is \$6,500 for 2020. Participants may also transfer amounts representing distributions from other qualified defined benefit or defined contribution plans, subject to approval by the Company.

The Plan allows for the Company to make discretionary Employer contributions. The Company has not elected to make Employer contributions since the Plan's inception.

Participant Accounts – Each participant's account is credited with the participant's contribution and allocations of any Company contributions and administrative expenses. Allocations are based on participant earnings on account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2020 AND 2019

NOTE 1 – PLAN DESCRIPTION – continued

Investment Options – Participants direct the investment of all contributions into various investment options offered by the Plan consisting of mutual funds, common collective trust funds, and a stock fund, which invests in the common stock of McDermott International. Participants may transfer account balances among investment options.

Prior to April 1, 2015, participants were permitted to transfer a portion of their account balance into the CB&I stock fund. However, the transfer could not cause the balance of the participant's accounts held in the CB&I stock fund to exceed 20% of the participant's entire account balance. Effective April 1, 2015, the CB&I stock fund is no longer an active investment option in the Plan; any remaining stock is allowed to stay in participants' accounts as a grandfathered investment. Participants are permitted to transfer a portion or all of their account balance out of the CB&I stock fund; however, since the CB&I stock fund is grandfathered, no new contributions or transfers are allowed into the stock fund. On May 10, 2018, as a result of the business combination with McDermott, the common stock held by the Plan changed to McDermott stock.

Vesting – Participants are 100% vested in their own contributions as well as actual earnings thereon. CB&I company contributions transferred into the Plan are subject to the former CB&I Savings Plan's vesting schedules. CB&I Safe Harbor company matching contributions made for the period from January 1, 2014 through February 28, 2014 are 100% vested, and CB&I company matching and annual CB&I company contributions made prior to January 1, 2014 are subject to a three-year cliff vesting schedule.

Notes Receivable from Participants – Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Participants may only have one loan outstanding at any given time. Notes receivable from participants are secured by the balance in the participant's account and bear interest at a fixed rate of Prime plus 1%. The loans are repaid ratably through payroll deductions over a period of five years or less for a general loan and up to ten years on a primarily residence loan.

Pursuant to the CARES Act, Plan participants could request a delay of note repayments for repayments that occurred between March 27, 2020 and December 31, 2020. The term of the loan was extended by one year to accommodate the suspension period. Subsequent repayments were adjusted to include accrued interest during the delay period. The ability to request to defer loan repayments under the CARES Act ceased as of December 31, 2020.

Payment of Benefits – Upon separation of service due to death, disability, retirement, or termination of employment, a participant may elect to receive a lump sum payment equal to the value of the participant's vested balance. A participant may withdraw all or a portion of their account in the event of a financial hardship, as defined by the Plan. Additionally, certain in-service withdrawals are permitted upon attainment of age 59 ½. Upon separation, vested account balances less than \$5,000 are immediately distributable in a lump sum under the terms of the Plan without the participant's consent. If there is no direction from the participant and the vested balance is greater than \$1,000 but less than \$5,000, the vested balance will be distributed as a direct rollover into an individual retirement account selected by the Plan Administrator. If the vested balance is \$1,000 or less, it will be distributed as a lump sum.

The Plan allows hardship withdrawals in accordance with IRC regulations. Among other things, the withdrawal must be necessary in light of immediate and heavy financial needs of the employee and is limited to certain purposes. Active participants at the age of 59 ½ or older may also withdraw all or any part of their vested account.

NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2020 AND 2019

NOTE 1 – PLAN DESCRIPTION – continued

For coronavirus-related distributions made before December 31, 2020 to qualified individuals, as defined in the CARES Act, the maximum distribution is the lesser of the vested portion of the participant's account balance in the Plan or \$100,000. In addition, for active employees, a coronavirus-related distribution may be repaid at any time during a three-year period beginning on the day after the date on which the distribution was received.

The age at which required minimum distributions must begin was increased from 70½ to 72 pursuant to the Setting Every Community Up for Retirement Enhancement ("SECURE") Act enacted in December 2019. In addition, pursuant to the CARES Act, participants who were currently receiving required minimum distributions were offered the option to waive their 2020 payments, and participants who were due to receive the first required distribution in 2020 had the distributions automatically waived. The ability to request special waivers with respect to required minimum distributions under the CARES Act ceased as of December 31, 2020.

Administrative Expenses – The Company absorbs certain administrative expenses of the Plan. Fees related to the administration of notes receivable from participants, distributions, and record-keeping are charged directly to the specific participant account and are included in administrative expenses. Investment-related expenses are included in net appreciation of fair value of investments.

Plan Termination – Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of termination, participants would become 100% vested in their employer contributions.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The Plan's financial statements are prepared on the accrual basis of accounting and include all adjustments necessary to present fairly the financial statements of the Plan in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates – The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition – The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Quoted market prices are used to value investments where available. See Note 3 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments held, bought, and sold during the year.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 and 2019. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2020 AND 2019

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – continued

Payment of Benefits – Benefits are recorded when paid.

Risks and Uncertainties – The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Recent Accounting Pronouncements – In August 2018, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2018-13, *Fair Value Measurement (Topic 820): Disclosure Framework – Changes to the Disclosure Requirements for Fair Value Measurement*. The amendments in this ASU modify the disclosure requirements on fair value measurements in Topic 820, including the removal, modification, and addition of certain disclosure requirements. The updated guidance is effective for fiscal years beginning after December 15, 2019, with early adoption permitted. The Plan has adopted ASU 2018-13 and the ASU does not have a material impact on its financial statements or disclosures.

Subsequent Events – The Plan has evaluated all events and transactions that occurred through September 19, 2021, the date these financial statements were available to be issued.

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under FASB Accounting Standards Codification ("ASC") 820 are described as follows:

- **Level 1** – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.
- **Level 2** – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; or inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- **Level 3** – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018:

NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2020 AND 2019

NOTE 3 – FAIR VALUE MEASUREMENTS – continued

- Mutual Funds: Valued at the daily closing price as reported by the fund. These funds are required to publish their daily net asset value (“NAV”) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.
- Company Stock: Valued at the closing price reported on the active market on which the individual security is traded.
- Common Collective Trust Funds:
 - Stable Value Common Trust Fund – The Vanguard Retirement Savings Trust II is primarily comprised of fully benefit responsive investment contracts that are valued at the NAV of units of the collective trust. The NAV is used as a practical expedient to estimate fair value; however, the practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily and there are no unfunded commitments. There are no significant restrictions on participant redemptions; however, if the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months notification in order to ensure that securities liquidations will be carried out in an orderly manner.
 - Other Common Collective Trust Funds – The fair values of the Small Cap Value Commingled Pool and the Institutional Target Retirement Funds are determined by the NAV provided by the fund administrator. Although the NAV’s unit prices are quoted on a private market that is not active, the unit prices are based on underlying investments which are traded on an active market (market approach). There are also no restrictions on the NAV price or its equivalent. Participant transactions (purchases and sales) may occur daily and there are no unfunded commitments. There are no significant restrictions on participant redemptions; however, if the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require up to 60 days notification in order to ensure that securities liquidations will be carried out in an orderly manner.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan Administrator believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan’s assets at fair value as of December 31, 2020 and 2019:

	Assets at Fair Value as of December 31, 2020			
	Level 1	Level 2	Level 3	Total

**NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2020 AND 2019**

NOTE 5 – INCOME TAX STATUS – continued

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Plan management believes it is no longer subject to income tax examinations for years prior to 2017.

NOTE 6 – RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Plan investments are managed by Fidelity; as such, these transactions qualify as party-in-interest transactions as defined by ERISA. Such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transactions under ERISA. There have been no known prohibited transactions with parties-in-interest.

The Plan has notes receivable from participants as of December 31, 2020 and 2019. These receivables and all transactions relating to these receivables qualify as party-in-interest transactions. Additionally, investments in shares of common stock of McDermott qualify as party-in-interest transactions. These transactions are exempt from being prohibited transactions by ERISA.
