Independent Auditor's Report

To the Plan Administrator and the
Employee Benefits Administrative Committee of the
Westfield Employee Retirement Savings Plan
Westfield Center, Ohio

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Westfield Employee Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter

Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and

other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

WESTFIELD EMPLOYEE RETIREMENT SAVINGS PLAN

Notes to Financial Statements

December 31, 2023 and 2022

(1) Description of the Plan

The following description of the Westfield Employee Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan, which covers substantially all full-time employees of Ohio Farmers Insurance Company, Westfield Bank, FSB (2022 only), Westfield Services, Inc., and Westfield Specialty, Inc. (collectively referred to as the Company). The Company adopted the Plan, effective January 1, 2000. Eligible employees of the Company are able to participate in the Plan upon hire. Effective January 1, 2023, an amendment to the Plan removed Westfield Bank, FSB as an adopting employer. Active employees of Westfield Bank, FSB are no longer eligible for benefits under the Plan as of January 1, 2023. In addition, the applicable participant account balances consisting of \$16,728,030 in investment balances and \$207,341 in notes receivable from participants were transferred from the Plan to the Westfield Bank 401(k) Plan during January 2023. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan is administered by the Company's Employee Benefits Administrative Committee (BAC). The BAC has overall responsibility for the operation and administration of the Plan. The BAC determines the appropriateness of the Plan's investment offerings and monitors investment performance.

(b) Contributions

Each year, participants may contribute up to 75 percent of their annual wages into the Plan on a pre-tax basis and 10 percent on an after-tax basis, not to exceed the maximum amount as allowed by law. Newly hired employees who are eligible to participate in the Plan are auto-enrolled into the Plan with a salary deferral election of 3 percent, and their contributions are invested in the moderate conservative diversified portfolio until changed by the participant. Participants are permitted to change the default salary deferral election within a reasonable period after receiving notice informing them of the default election or at any time thereafter as permitted by the Plan. Participants may cease to contribute to the Plan by changing their election to 0 percent as permitted by the Plan and may request a refund of salary deferrals (and related earnings or losses) within 90 days of the first automatic contribution. The Plan contains an auto escalation feature whereby participant elective deferrals are automatically increased by 1 percent each year on April 1st to a maximum of 10 percent. Participants may elect to make Roth 401(k) contributions and catch-up contributions to the Plan, not to exceed the maximum contribution amounts under the law and as permitted by the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans including Roth 401(k) rollover contributions.

The Company makes a safe harbor non-elective contribution of 3 percent of an employee's compensation to all employees who are eligible to participate in the Plan.

(c) Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of (a) Company contributions made and (b) net earnings and gains or losses of the Plan. Allocations are based on the individual participant's compensation and account activity during such period. Participant accounts are charged with specific transaction expenses as applicable. The benefit to which a participant is entitled is the benefit which can be provided from the participant's account.

(d) Vesting

Each participant's interest in the Plan (including the Company's safe harbor non-elective contribution) is fully vested and nonforfeitable.

(e) Investment Options

Upon enrollment in the Plan, a participant may direct all contributions into any combination of the specific investment funds offered by the Plan.

(f) Notes Receivable from Participants

Except as permitted by the CARES Act provision adopted by the Plan, participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their account balance. Loan terms are five years or less. Loans are secured by the balance in the participant's account and bear interest at a fixed rate based on the prime rate plus 1 percent at the time of the borrowing. Interest rates on participant loans ranged from 4.25% to 9.50% at December 31, 2023 and 2022. Principal and interest payments are made through biweekly payroll deductions.

(g) Payment of Benefits

Upon death, disability, retirement or termination of service, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, or installment payments. If the participant's account is between \$1,000 and \$5,000, the Plan may make an automatic rollover of the participant's vested interest in his or her account to a qualified individual retirement account. If the participant's account balance is less than \$1,000, the Plan may make an automatic lump sum distribution to the participant equal to the participant's vested interest in his or her account. The Plan also provides for withdrawals to participants who have a qualifying financial hardship.

(h) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

(2) Summary of Significant Accounting Policies

(a) *Basis of Accounting*

The financial statements have been prepared on the accrual basis of accounting.

(b) *Investment Valuation and Income Recognition*

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurement.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

(c) *Notes Receivable from Participants*

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant loans are reclassified as distributions based upon terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2023 and 2022.

(d) *Use of Estimates*

Preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(e) *Payment of Benefits*

Benefits are recorded when paid.

(f) *Plan Expenses*

The Company pays certain administrative expenses of the Plan that are excluded from these financial statements. Fees related to the administration of notes receivable from participants and other miscellaneous fees are charged directly to the participant's account and are included in administrative expense. Investment-related expenses are included in net appreciation (depreciation) in fair value of investments.

(3) Information Certified by the Trustee

The Plan administrator, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for

WESTFIELD EMPLOYEE RETIREMENT SAVINGS PLAN

Notes to Financial Statements

December 31, 2023 and 2022

Reporting and Disclosure under ERISA. Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2023 and 2022, and net appreciation (depreciation) in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the years ended December 31, 2023 and 2022, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by T. Rowe Price Trust Company (the trustee of the Plan). Auditing procedures have not been performed on this information except to compare such information to the information included in the accompanying financial statements and supplemental schedule.

(4) Fair Value Measurement

FASB ASC 820, *Fair Value Measurement*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of fair value hierarchy under FASB ASC 820 are described as follows:

- *Level 1* – Values are unadjusted quoted prices for identical assets or liabilities in active markets accessible at the measurement date.
- *Level 2* – Inputs include quoted prices for similar assets or liabilities in active markets, quoted prices for similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by market data for the term of the instrument. Such inputs include market interest rates and volatilities, spreads and yield curves.
- *Level 3* – Certain inputs are unobservable (supported by little or no market activity) and significant to the fair value measurement. Unobservable inputs reflect the Plan's best estimate of what hypothetical market participants would use to determine a transaction price for the asset or liability at the reporting date.

An asset's fair value measurement level within the hierarchy is based on the lowest level of any input that is significant to its fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Where fair value is provided by independent pricing services, the Plan has obtained an understanding of the methods, models and inputs used in pricing, and has controls in place to validate that amounts provided represent current fair values.

The following is a description of valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

- *Money market funds:* Valued at the daily closing price as reported by the funds. The money market funds are open-end mutual funds that are registered with the Securities and Exchange Commission (SEC). The funds are required to publish their daily net asset value (NAV) and to

WESTFIELD EMPLOYEE RETIREMENT SAVINGS PLAN

Notes to Financial Statements

December 31, 2023 and 2022

transact at that price. The money market funds are deemed to be actively traded. The money market funds seek to preserve the value of the investment at \$1.00 per share.

- *Mutual funds:* Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables provide information as of December 31, 2023 and 2022 about the Plan's financial assets measured at fair value.

(5) Transactions with Parties-in-Interest and Related-Parties

Certain Plan investments are managed by T. Rowe Price Trust Company (T. Rowe). T. Rowe is the trustee as defined by the Plan, and therefore, transactions therewith qualify as party-in-interest transactions.

The Company provides to the Plan certain investment management services for which no fees are charged.

T. Rowe provided certain administrative services to the Plan pursuant to a Plan recordkeeping agreement (agreement) between the Company and T. Rowe. T. Rowe received revenue from mutual

WESTFIELD EMPLOYEE RETIREMENT SAVINGS PLAN

Notes to Financial Statements

fund service providers for services T. Rowe provided to the mutual funds. This revenue was used to offset certain amounts owed to T. Rowe for administrative services provided to the Plan.

If the revenue received by T. Rowe from mutual fund service providers exceeded the amount owed under the agreement, T. Rowe remitted the excess to the Plan's trust on a quarterly basis. During 2022, such amounts were applied to pay Plan administrative expenses. During 2023, amounts were allocated to participant accounts.

(6) Tax Status

Effective January 1, 2021, the Plan adopted a non-standardized pre-approved profit-sharing plan with a cash or deferral arrangement sponsored by T. Rowe Price Retirement Plan Services, Inc. (T. Rowe Price). T. Rowe Price received an opinion letter dated August 19, 2020 from the IRS stating that the pre-approved plan is acceptable under Section 401 of the Internal Revenue Code (IRC) for use by employers for benefit of their employees. Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan and related trust is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

On December 23, 2022, Congress passed the Consolidated Appropriations Act of 2023, which included SECURE Act 2.0. SECURE Act 2.0 contains over 90 new retirement provisions, with varying effective dates through 2027. Since SECURE Act 2.0 provisions include both required and optional elements, the Plan administrator will determine the optional provisions to elect and amend the Plan document accordingly. Most of the significant provisions will become effective in 2024 and thereafter. Accordingly, there is no material impact to the Plan's 2023 or 2022 financial statements.

(7) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
