INDEPENDENT AUDITOR'S REPORT

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed the audits of the financial statements of the Picarro, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022 and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022 and for the year ended December 31, 2023, stating the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the accompanying financial statements related to assets held by and certified to by the qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audits does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to the participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audits* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule included in the accompanying table of contents is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by the qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Picarro, Inc. 401(k) Plan

Notes to Financial Statements

1. Description of the Plan

Picarro, Inc. (the Company) established the Picarro, Inc. 401(k) Plan (the Plan), effective January 1, 1999, to provide participants with a means to fund their retirement on a tax-deferred basis. The following description of the Plan, as amended and restated as of April 7, 2022, provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General:

The Plan is a defined contribution plan under Sections 401(a) and 401(k) and related provisions of the Internal Revenue Code (the Code) and applicable state laws. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Company is the Plan sponsor and Plan administrator. The Plan is administered by Company employees. Fidelity Management Trust Company (Fidelity) serves as the Plan's trustee and record keeper. Fidelity holds, invests, and reinvests Plan assets in the interest and direction of the participants and their beneficiaries. The Company has engaged Pensionmark Financial Group, LLC (Pensionmark), as an investment advisor. Pensionmark assists the Company in selecting investment options offered under the Plan and monitoring investment performance.

Eligible Participants:

Eligible employees, as defined by the Plan agreement, age 21 or older may participate in the Plan on the first day of the month coinciding with or following their date of hire.

Contributions:

Participants are permitted to make voluntary salary deferral contributions up to 75% of their annual compensation, as defined in the Plan agreement. Participants who have reached the age of 50 may also elect to withhold additional catch-up contributions under the Code. The Plan also allows participants to make after-tax contributions to the Plan. Participants may also contribute amounts representing distributions from other qualified defined contribution or defined benefit plans (rollovers), subject to Code regulations.

The Company may make discretionary non-elective or matching contributions, as determined by the Company's Board of Directors. No Company contributions have been made to the Plan through December 31, 2023.

Contributions are subject to certain limitations under the Code.

Picarro, Inc. 401(k) Plan
Notes to Financial Statements

1. Description of the Plan (continued)

Participant Accounts:

Participant accounts are credited with participant pre-tax salary deferral and post-tax contributions, Company contributions, rollovers, and an allocation of the Plan's net earnings or losses. Allocations are based on participant earnings or account balances, in accordance with the Plan agreement. The benefit to which participants are entitled is the benefit that can be provided from the participant vested account.

Participants may elect to invest their accounts in a variety of participant-directed investment options offered by the Plan that are designed to provide the participants with a wide range of investment options. Participants may authorize transfers among investment options at any time.

Vesting:

Participants are immediately vested in their contributions, plus actual earnings (less any losses) thereon. Vesting in Company discretionary contributions, if any, is based on years of service. Participants vest in Company contributions at the rate of 20% after two years of service, and become fully vested after six years, or upon retirement, disability, or death.

Forfeitures:

The non-vested portion of terminated participant account balances would be forfeited upon distribution of the vested account balance. Forfeitures would be retained in the Plan and could first be used to pay Plan administrative expenses, after which any remaining amounts could be used to reduce future Company contributions. There have been no Company contributions, and therefore, no forfeitures through December 31, 2023.

Payment of Benefits:

On termination of service for any reason, benefits are paid to participants upon request in a lump-sum cash distribution equal to the value of the participant account balance. The Plan may elect to distribute terminated participant account balances without participant consent if the balance is \$5,000 or less. Account balances greater than \$1,000 to be distributed to participants before normal retirement age, as defined by the Plan agreement, are automatically rolled over to individual retirement accounts on their behalf without participant consent. Benefits are recorded when paid.

Picarro, Inc. 401(k) Plan

Notes to Financial Statements

1. Description of the Plan (continued)

Notes Receivable from Participants:

Participants may borrow up to one-half of their account balance up to \$50,000 for a period not to exceed five years, except for notes used to purchase a primary residence for which terms of up to thirty years are permitted. Participant notes are evidenced by a written note, secured by the balance in the participant account, and bear interest at a rate commensurate with local prevailing rates, as determined by the Plan administrator under the Plan's note policy. Interest rates on notes outstanding at December 31, 2023 range from 4.25% to 9.50%. Repayment of principal and interest is generally made through payroll deductions.

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant notes are reclassified as distributions based upon the terms of the Plan agreement. No allowance for credit losses has been recorded as of December 31, 2023 and 2022.

Credit Losses:

Effective January 1, 2023, the Plan adopted Financial Accounting Standards Board Accounting Standards Codification Topic 326, *Financial Instruments – Credit Losses, using the modified retrospective method*. The standard requires all entities to evaluate, on an ongoing basis, future expected credit losses for financial instruments recorded at amortized cost, including notes receivable from participants. The standard introduces the “expected credit loss methodology” and creates the current expected loss model (CECL), which replaces the “incurred credit loss” model for the measurement of credit losses. Credit losses continue to be measured and recognized based on historical experience and an evaluation of participant creditworthiness, but CECL also requires the use of reasonably supportable forecasted conditions to determine collectability.

Plan Expenses:

Several of the investment fund options are subject to investment fees based on a percentage of invested assets, as disclosed in the fund's prospectus. These fees are charged directly against the fund's investment performance and, thus, are not separately disclosed in the financial statements. Advisory services, as well as certain investment, account maintenance, and note fees may be paid by the Plan and charged to participant accounts. All other administrative expenses related to the Plan are paid by the Company and are not reflected in these financial statements.

Picarro, Inc. 401(k) Plan

Notes to Financial Statements

1. Description of the Plan (continued)

Risks and Uncertainties:

Participants may invest their account balances in a variety of investment options offered by the Plan. Investments are exposed to various market conditions, such as interest rate, market fluctuation, and credit risks. Due to the level of risk associated with certain investment options offered by the Plan, it is at least reasonably possible changes in risk in the near term could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

Plan Termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan at any time, subject to the provisions of ERISA. In the event of a plan termination, participants would remain fully vested in their accounts and distributions would be made to participants as described in the Plan agreement.

2. Summary of Significant Accounting Policies

Basis of Accounting:

The Plan's financial statements are prepared on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates:

The preparation of financial statements in conformity with GAAP requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investments:

Investments consist of mutual funds, a money market fund, and a common/collective trust. These investments are reported at fair value and accounted for as follows:

Mutual Funds and Money Market Fund: These funds are valued at the net asset value (NAV) of shares held by the Plan at year end, as quoted in active markets. It is not probable the funds will be sold at amounts that differ materially from the NAV of shares held.

Picarro, Inc. 401(k) Plan

Notes to Financial Statements

2. Summary of Significant Accounting Policies

Investments: (continued)

Common/Collective Trust (CCT): The CCT is composed primarily of fully benefit-responsive investment contract units and is valued using the NAV practical expedient of the CCT, as determined by the CCT issuer. The NAV practical expedient is based on the fair value of the underlying assets owned by the CCT, minus its liabilities, and then divided by the number of units outstanding. The NAV of a CCT is calculated based on the compilation of primarily observable market information. The Plan has no unfunded commitments with the CCT and investments are redeemable daily.

The NAV practical expedient would not be used if it is determined to be probable the Plan will sell the investment for an amount different from the reported NAV. If the Plan initiates a full redemption of the trust, the issuer reserves the right to temporarily delay withdrawal from the trust in order to ensure the securities liquidated will be carried out in an orderly business manner.

Fair Value Measurement:

The Plan uses a three-level hierarchy for fair value measurement based on the nature of inputs used in the valuation of an asset or liability at the measurement date. The three-level hierarchy prioritizes within the measurement of fair value, the use of market-based information over entity-specific information. Fair value focuses on an exit price and is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The inputs or methodology used for valuing financial instruments are not necessarily an indication of the risk associated with those instruments.

The three-level hierarchy for fair value measurement is defined as follows:

Level I: Inputs to the valuation methodology are quoted prices (unadjusted) for identical assets or liabilities in active markets.

Level II: Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets, and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.

Level III: Inputs to the valuation methodology, which are significant to the fair value measurement, are unobservable.

Picarro, Inc. 401(k) Plan
Notes to Financial Statements

2. Summary of Significant Accounting Policies (continued)

Fair Value Measurement: (continued)

An investment's categorization within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement.

The following table presents the financial instruments carried at fair value at December 31, 2023 by the three-level valuation hierarchy and the NAV practical expedient:

	Level I	Level II	Level III	NAV	Total
Mutual funds	\$ 24,662,667	\$ -	\$ -	\$ -	\$ 24,662,667
Money market fund	275,272	-	-	-	275,272

	<u>\$ 24,937,939</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 320,410</u>	<u>\$ 25,258,349</u>

The following table presents the financial instruments carried at fair value at December 31, 2022 by the three-level valuation hierarchy and the NAV practical expedient:

	Level I	Level II	Level III	NAV	Total
Mutual funds	\$ 18,178,913	\$ -	\$ -	\$ -	\$ 18,178,913
Money market fund	196,529	-	-	-	196,529

	<u>\$ 18,375,442</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 288,524</u>	<u>\$ 18,663,966</u>

Income Recognition:

Purchases and sales of investments are recorded on a trade date basis. Interest income is recorded on an accrual method of accounting. Dividends are recorded on the ex-dividend date. Net appreciation includes gains and losses on the Plan's investments bought, sold, or held during the year.

3. Information Prepared and Certified by Fidelity

Fidelity, as the Plan's trustee, has certified the current value of the following assets held as of December 31, 2023 and 2022, and net income for the year ended December 31, 2023, that were used in the preparation of the financial statements and supplemental schedule.

The following table summarizes the certified information at December 31:

	<u>2023</u>	<u>2022</u>
Investments, at fair value	\$ 25,258,349	\$ 18,663,966
Notes receivable from participants	<u>196,516</u>	<u>99,563</u>
Total certified assets	<u>\$ 25,454,865</u>	<u>\$ 18,763,529</u>
Certified net income for the year ended December 31, 2023	<u>\$ 3,919,916</u>	

4. Income Tax Status

The Plan is a pre-approved plan offered by Fidelity. The Internal Revenue Service (IRS) has determined and informed Fidelity by a letter dated July 29, 2020, that the plan submitted for review was qualified under applicable provisions of the Code. The Plan has been amended since receipt of the letter. However, the Plan and the Plan sponsor believe the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code and related state statutes and is, therefore, qualified and the trust, which forms a part of the Plan, is exempt from federal and state income taxes.

GAAP requires Plan management to evaluate income tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain income tax position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the income tax positions taken by the Plan, and has concluded, at December 31, 2023, there are no uncertain income tax positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2020.

Picarro, Inc. 401(k) Plan
Notes to Financial Statements

5. Party-In-Interest Transactions

Certain of the Plan's investments are offered by Fidelity, the Plan's trustee. Purchases and sales of these investments qualify as party-in-interest transactions. Notes receivable transactions with participants also qualify as party-in-interest transactions. These transactions are exempt from the prohibited transaction rules under ERISA.

6. Subsequent Events

Subsequent events have been evaluated through July 2, 2024, which is the date the financial statements were approved by the Plan and available to be issued.
