Peoplelink, LLC 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Peoplelink LLC, 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for plan benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for plan benefits for the years ended December 31, 2023 and 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Peoplelink, LLC 401 (k) Plan financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022 and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2023 and 2022 Financial Statements section of our report. We are required to be independent of Peoplelink, LLC 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Peoplelink, LLC 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Peoplelink, LLC 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Peoplelink, LLC 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets Held for Investment Purposes at End of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

PEOPLELINK, LLC 401(k) PLAN

Notes to Financial Statements

Years Ended December 31, 2023 and 2022

NOTE 1 – DESCRIPTION OF PLAN

The following description of the Peoplelink, LLC (the “Company”) 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering substantially all employees of the Company. All employees are eligible to make contributions to the salary reduction program immediately upon commencement of employment and when they attain the age of 21. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and the applicable provisions of other legislation related to employee benefit plans.

Employer Contributions

The Company makes safe harbor matching contributions as defined by the Plan. Plan participants become eligible for safe harbor and non-elective matching contributions after 12 months of continuous service. Matching contributions equal the participant’s salary reduction up to 4% of compensation. The Company may also make an additional discretionary contribution in any amount the Company may deem advisable. The Company has not made any additional discretionary contributions. Contributions are subject to certain limitations.

Participant Accounts and Allocations

Each participant’s account is credited or charged with an allocation of (a) the participant’s voluntary salary reduction contribution, (b) the Company’s matching contribution, and an allocation of the Company’s discretionary contribution, if any, (c) Plan earnings, and (d) an allocation of administrative expenses paid by the Plan.

Salary Reduction Contribution

A participant may elect to defer a minimum of 1% of his or her eligible compensation subject to limitations under Section 401(k) of the Internal Revenue Service Code. The Plan allows for “catch up” elective deferral contributions under Code Section 414(v) for those who have obtained age 50 by the close of the Plan year.

A participant may withdraw an amount up to his or her salary contribution excluding income earned thereon for reasons of extreme hardship as defined in the Plan. In addition, a participant can elect to make early distributions from the Plan upon attaining the age of 59 ½.

PEOPLELINK, LLC 401(k) PLAN

Notes to Financial Statements

Years Ended December 31, 2023 and 2022

NOTE 1 – DESCRIPTION OF PLAN (Continued)

Forfeitures

Forfeitures are used to reduce future employer contributions to participants' accounts. For the plan years ended December 31, 2023 and 2022, forfeited non-vested accounts totaled \$39,279 and \$19,681, respectively. In 2023 and 2022, the amount of forfeitures allocated to remaining participants totaled \$35,589 and \$7,512, respectively.

Vesting

Participants are immediately vested in their salary deferral contributions and rollover contributions plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of credited service. Prior matching contributions from the Peoplelink, LLC 401 (k) Profit Sharing Plan vest after one year. Prior matching and non-elective contributions of other merged plans, the EHD Technologies LLC 401(k) Plan and the Teamsoft Inc. 401(k) Plan, vest ratably over six years. The match vests ratably over four years of service. Upon termination of service, because of disability or death of the participant, the account balance becomes fully vested.

Administrative Expenses

The Plan's recordkeeping and custodian fees are paid by the Plan and are reflected in the financial statements as administrative expense of the Plan. Investment management fees are charged to the Plan as a reduction of investment return and are included in the investment income (loss) reported by the Plan. All other expenses of the Plan, if any, are paid by the Company.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on an accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Common collective trusts and investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to common collective trusts and fully benefit responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statements of Net Assets Available for Plan Benefits present common collective trusts and investment contracts at contract value as a practical expedient for fair value as permitted by ASU 2015-12. The Statements of Changes in Net Assets Available for Plan Benefits are prepared on a contract value basis.

PEOPLELINK, LLC 401(k) PLAN

Notes to Financial Statements

Years Ended December 31, 2023 and 2022

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition

The investment assets of the Plan are reported at fair value except for Collective Investment Trust Funds and Stable Value Funds, which are reported at contract value. Fair value is the price that would be received to sell an asset or pay to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and investments are recorded on a trade date basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the years.

See Note 5 for discussion of fair value measurements.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan administrator to make estimates and assumptions, if any, that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Other Employer Contribution Receivable

Amounts recorded as other employer contributions receivable, if any, are corrective contributions made to the Plan by the Company.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan has recorded a payable of \$1,050 for excess contributions not distributed to applicable participants prior to December 31, 2022.

Payment of Benefits

Benefit payments are recorded when paid.

Subsequent Events

For the year ended December 31, 2023, the Company has evaluated subsequent events for potential recognition and disclosure through August 19, 2024, the date when the financial statements were available to be issued.

NOTE 5 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to valuation methodology include: inputs other than quoted prices included within Level 1 that are observable for the asset or liability either directly or indirectly, such as inputs that are derived principally from or corroborated by observable market data by correlation or other means. If an asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds: The fair values of mutual funds are determined by obtaining the net asset value (NAV) of shares held by the Plan at the year end.

Common collective trust (other than stable value funds): The fair values of participation units held in collective trusts, other than stable value funds, are based on the net asset values reported by fund managers as of the financial statement dates and recent transaction prices (Level 2 inputs). Each collective trust held directly by the Plan provides for daily redemptions by the Plan at reported net asset values per share, with no advance notice requirement.

PEOPLELINK, LLC 401(k) PLAN

Notes to Financial Statements

Years Ended December 31, 2023 and 2022

NOTE 5 – FAIR VALUE MEASUREMENTS (Continued)

Stable value fund: The fair value of participation in the stable value collective trust is based on the net asset values of such fund, after adjustments, to reflect all fund investments at fair value, including direct and indirect interests in fully benefit responsive contracts, as reported in audited financial statements of the fund (Level 2 inputs). The fund invests in conventional and synthetic investment contracts issued by life insurance companies, banks, and other financial institutions, with the objective of providing a high level of return that is consistent with also providing stability of investment return, preservation of capital and liquidity to pay plan benefits of its retirement plan investors. The fund generally provides for daily redemptions by the Plan at the reported net asset value per share.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 5 – FAIR VALUE MEASUREMENTS (Continued)

Assets held by the Plan in 2023 and 2022 are classified as either Level 1 or at Net Asset Value (NAV). The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022, respectively:

		<u>2023</u>	<u>2022</u>
Mutual funds	Level 1	<u>\$ 1,652,190</u>	<u>\$ 1,701,462</u>
Investments measured at net asset value			
Collective trusts		12,934,685	11,114,654
Short term securities		<u>430,610</u>	<u>1,164,979</u>
		<u>13,365,295</u>	<u>12,279,633</u>
Total assets at fair value		<u>\$ 15,017,485</u>	<u>\$ 13,981,095</u>

As discussed in Note 2, ASU 2015-07 allows investments that are measured at NAV per share (or its equivalent) as a practical expedient to be excluded from the fair value hierarchy. The fair value amounts presented herein are intended to permit reconciliation to the Statements of Net Assets Available for Plan Benefits.

The following table summarizes investments measured at fair value based on NAV per share:

	<u>2023</u>	<u>2022</u>
Short-term securities	<u>\$ 369,218</u>	<u>\$ 1,145,952</u>

PEOPLELINK, LLC 401(k) PLAN

Notes to Financial Statements

Years Ended December 31, 2023 and 2022

NOTE 6 – PLAN TERMINATION

The Company has the right to discontinue its contributions to the Plan at any time and may terminate the Plan subject to the provisions of ERISA. In the event of a Plan termination, participants will become 100% vested.

NOTE 7 – TAX STATUS

The Plan obtained its latest determination on March 31, 2008, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC, and they believe the Plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and to recognize a tax liability (or asset) if the Plan has taken a position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2023 and 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to audit by taxing jurisdictions. The Plan administrator believes that the Plan is no longer subject to income tax examinations for years prior to 2020.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Plan Benefits.
