Financial Statements and Supplemental Schedule

Years Ended December 31, 2023 and 2022

WIPFLI

Independent Auditor's Report

To the Plan Administrator
Meridian Industries, Inc. Retirement Plan
Milwaukee, Wisconsin

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Meridian Industries, Inc. Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Meridian Industries, Inc. Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from John Hancock Trust Company LLC as of December 31, 2023 and 2022 and for the period from September 15, 2022 to December 31, 2023, and Matrix Trust Company as of December 31, 2022 and for the period from January 1, 2022 to December 31, 2022 stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- the information in the financial statements referred to above related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by a institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Meridian Industries, Inc. Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal controls relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Meridian Industries, Inc. Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal controls. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Meridian Industries, Inc. Retirement Plan's internal controls. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Meridian Industries, Inc. Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal controls–related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Meridian Industries, Inc. Retirement Plan

Notes to the Financial Statements

Note 1: Description of Plan

The following description of the Meridian Industries, Inc. Retirement Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan was established on January 1, 1990, to provide retirement benefits to eligible employees of Meridian Industries, Inc. and its subsidiaries. The Plan qualifies as a defined contribution plan and is covered by the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). The Custodians of the Plan are Matrix Trust Company ("Matrix") from January 1, 2022 to December 31, 2022 and John Hancock Trust Company LLC ("John Hancock") from September 15, 2022 to December 31, 2023. As of September 15, 2022 John Hancock is the Recordkeeper. Prior to September 15, 2022, OneAmerica Retirement Services LLC was the Recordkeeper.

Eligibility and Participation

The Plan includes all employees of Meridian Industries, Inc. (the "Company" or "Sponsor"), and participating subsidiaries, who have completed two months of service and who have attained the age of eighteen. Eligible employees become participants in the Plan on the first day of the month following attainment of these requirements. Employees who are covered by a collective bargaining agreement participate only as their bargaining agreement specifically provides for. All participants are entitled to receive their applicable share of annual Company contributions made to the Plan as well as make voluntary contributions to the Plan.

Contributions

Annual voluntary contributions may not exceed 80% of the annual compensation paid to the participant, as defined, or Internal Revenue Service ("IRS") limitations.

Participants may also make rollover contributions to the Plan from other qualified retirement plans. Participant and rollover contributions are credited directly to participants' accounts. The Plan also includes an auto-enrollment provision whereby all newly-eligible employees who do not make a deferral election are automatically enrolled to contribute 4% of compensation. Participants will be increased 1% annually each November 1st to a maximum 10%, unless the participant elects differently.

Discretionary match contributions made by the Company to the Plan are determined annually at the discretion of the Board of Directors of the Company. The Company made discretionary match contributions to the Plan for 2023 and 2022 totaling \$1,684,984 and \$1,646,961, respectively. The amounts were offset by forfeitures of \$45,680 and \$51,999 in 2023 and 2022, respectively. Company discretionary match contributions are allocated to a participant's account based on the first 6% of compensation deferred.

Note 1: Description of Plan (Continued)

Participant Accounts

Each participant's account is credited with the participant's contributions, discretionary match contributions, and related plan earnings (losses) thereon, and charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The participant's vested account is the benefit to which the participant is entitled.

Participant Notes Receivable

The Plan allows for participants to borrow up to 50% of their vested account balance or a maximum of \$50,000. The principal amount of each note must be at least \$1,000. Only one note may be outstanding to a borrower at any time. Notes are repayable through payroll deductions over periods ranging from 12 to 60 months, or up to 15 years in the case of the purchase of a principal residence. The interest rate is based on the prevailing rates charged by commercial lenders for similar notes. At this time, the rate is equal to the prime rate and is fixed over the life of the note. Interest rates on participant's notes receivable at December 31, 2023, ranged from 3.25% to 9.50%.

Vesting

Voluntary contributions and rollovers made by participants are fully vested. Participants receive a year of vesting service for each calendar year during which they complete at least 1,000 hours of employment. Company contributions also become fully vested in the event of death, permanent disability or the attainment of normal retirement age (65). Company contributions are subject to a five-year graduated vesting schedule as follows:

Years of Service	Vesting Percentage
Less than one year	0 %
1 year	20 %
2 years	40 %
3 years	60 %
4 years	80 %
5 years	100 %

Participant Accounts and Investment Options

Participants direct the investment of their contributions into various investment options offered by the Plan. These options consist of money market funds, mutual funds, common collective trust funds, or the choice to open an individually directed brokerage account. A common collective trust is an investment fund managed by a bank trust department and is similar to a mutual fund, but participation is limited to those with trust accounts. The PIMCO Stable Principal Value Fund is a common collective trust fund within the Plan. The participant shares in the income of the trust fund based on their individual account balance. Each participant is able to allocate their account balances in 1% increments and change their investment elections daily.

Payment of Distributions

The Plan provides for a lump-sum distribution of the participant's total vested account as a result of death, disability, retirement or termination. In addition, hardship distributions out of the participants' voluntary contributions account are permitted if certain criteria are met. The Plan also allows for in-service distributions upon attaining age 59 ½.

Forfeitures

Forfeitures of former participants will first be used to pay administrative expenses of the Plan and any remaining forfeitures will be used to decrease the Company discretionary match. Forfeitures used to pay administrative expenses totaled \$58,351 and \$51,102 in 2023 and 2022, respectively. Forfeitures from unallocated accounts were used to reduce Sponsor contributions by \$51,999 and \$55,003 in 2023 and 2022, respectively. At December 31, 2023 and 2022, remaining unallocated forfeitures totaled \$119,188 and \$149,650, respectively.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in a transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Distributions

Distributions are recorded when paid.

Administrative Expenses

Participants pay loan origination, individually directed account, distribution, recordkeeping, and investment related expenses. The administrative costs paid by the Plan include accounting and investment advisory services.

Note 2: Summary of Significant Accounting Policies (Continued)

Participant Notes Receivable

Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid interest. Delinquent participant notes receivable are reclassified as distributions based upon the terms of the plan document.

Use of Estimates in Preparation of Financial Statements

GAAP requires management to make estimates and assumptions that directly affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements. Estimates also affect the reported amounts of additions and deductions during the reporting period. Actual results may differ from these estimates and are subject to change in the near term.

Subsequent Events

The Plan has evaluated the impact of all subsequent events through July 25, 2024, which is the date the financial statements were available to be issued

Note 3: Fair Value Measurements

GAAP specifies a three-tier fair value hierarchy, which prioritizes the inputs used in estimating fair value. These tiers include Level 1, defined as observable inputs such as quoted market prices in active markets; Level 2, defined as inputs other than quoted market prices in active markets that are either directly or indirectly observable; and Level 3, defined as unobservable inputs in which little or no market data exists, therefore, requiring an entity to develop its own assumptions.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-directed brokerage accounts: Accounts primarily consist of money market funds, mutual funds and common stocks that are valued on the basis of readily determinable market prices.

Note 3: Fair Value Measurements (Continued)

Common collective fund: Valued at the NAV of the shares held by the Plan at year end. The NAV's share price is quoted on a private market that is not active; however, the unit price is based on underlying investments, which are traded on an active market. Investments can be purchased or sold continuously. A notice of redemption is not required. The Plan has no obligation to buy additional units.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022:

	Assets at Fair Value as of December 31, 2023			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 68,930,962	\$ -	\$ -	\$ 68,930,962
Self-directed brokerage accounts	1,429,740	-	-	1,429,740
Total investment assets in the fair value hierarchy	70,360,702	-	-	70,360,702
Investment assets measured at NAV (a)				2,735,451
Total investment assets at fair value				\$ 73,096,153

	Assets at Fair Value as of December 31, 2022			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 59,322,749	\$ -	\$ -	\$ 59,322,749
Self-directed brokerage accounts	1,166,307	-	-	1,166,307
Total investment assets in the fair value hierarchy	60,489,056	-	-	60,489,056
Investment assets measured at NAV (a)				3,196,952
Total investment assets at fair value				\$ 63,686,008

(a) In accordance with Subtopic 820-10, the Plan's stable value fund that was measured at NAV per share (or its equivalent) has not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Notes to the Financial Statements

Note 4: Information Certified by Plan Custodians

Certain information in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2023 and 2022, and net appreciation (depreciation) in fair value of investments, and interest and dividends for the years then ended, were obtained or derived from information certified as complete and accurate by the Plan Custodians. The Plan Custodians are John Hancock as of December 31, 2023 and 2022 and for the period from September 15, 2022 to December 31, 2022, and Matrix as of December 31, 2022 and for the period from January 1, 2022 to December 31, 2022.

Note 5: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their Company contributions.

Note 6: Risk and Uncertainties

The Plan's investments are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the values of investments, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 7: Tax Status

The Plan adopted a Prototype Plan with an IRS determination letter dated June 30, 2020, which states the Prototype Plan was in compliance with the applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, the Plan's Sponsor believes the Plan is currently designed and operating in compliance with the applicable requirements of the IRC and the trust is tax-exempt.

Note 8: Party-In-Interest Transactions

Due to the fact that John Hancock and Matrix are or have been Custodians for the Plan, ERISA labels certain transactions as party-in-interest transactions. Transactions involving participant notes receivable and certain plan investments in units of money market funds and common collective funds managed by an affiliate of Matrix (custodian of the Plan) are also considered party-in-interest transactions.

The Plan incurred and paid expenses for audit services to Wipfli LLP, the Plan's auditor. The Plan also incurred and paid expenses for investment advisory services to Cerity Partners, the Plan's investment advisor. These transactions also qualify as party-in-interest transactions.

These transactions, previously described, are not considered prohibited transactions under 29 CFR 408(b) of the ERISA regulations.
