Independent Auditors' Report

The Plan Administrator and Participants Community Health Action of Staten Island, Inc. Section 403(b) Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Community Health Action of Staten Island, Inc. Section 403(b) Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (a "qualified institution").

Management has obtained certifications from qualified institutions as of December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

The Plan Administrator and Participants
Community Health Action of Staten Island, Inc.
Section 403(b) Retirement Plan
Page 3

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Notes to Financial Statements
December 31, 2022

1. Description of Plan

The following description of the Community Health Action of Staten Island, Inc. Section 403(b) Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of Community Health Action of Staten Island, Inc. (the "Employer"). The Employer established the Plan on July 1, 1996 which was subsequently amended and restated on January 1, 2009. An employee is eligible for participation in the Plan upon their first day of employment if they must normally work at least 20 hours per week. An employee is eligible for Employer contributions upon completion of two years of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

On July 1, 2022, all assets of the Plan were transferred from Metropolitan Life Insurance Company ("MLIC") to Mid-Atlantic Trust Company ("MATC").

Contributions

Each year participants may elect to make deductions on a pre-tax or Roth basis from their compensation as defined by the Plan. Participants who have attained age 50 before the end of the Plan year, are eligible to make catch-up contributions. A participant may elect to increase, decrease or suspend their contributions according to procedures established by the Employer. There is an annual limit as to the amount that can be contributed that is determined by the Internal Revenue Code ("IRC"). Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution retirement plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Employer can make discretionary nonelective or matching contributions (collectively, the "discretionary contributions") to the Plan. In order to participate in the discretionary contributions, a participant must have two years of service with at least 1,000 hours per year.

The amount of discretionary matching contributions made by the Employer provided the participant contributes the same percentage or more is based on the following schedule:

<u>Years of Service</u>	<u>Percentage of Match</u>
Less than 2	0%
2-3	3%
4-5	5%
6-7	7%
8-9	9%
10 or more	10%

No Employer discretionary nonelective contributions were made to the Plan in 2022.

1. Description of Plan (continued)

Contributions (continued)

The Employer made discretionary matching contributions to the Plan in 2022 in the amount of \$56,356.

Vesting

A participant is 100% vested in their contributions and Employer discretionary contributions including allocated earnings thereon at all times.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Employer contributions and (b) Plan earnings and charged with an allocation of administrative expenses. Allocations are based on a participant's earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Payment of Benefits

Upon termination of service due to death, disability, retirement or other reason, a participant is entitled to receive a distribution in the amount equal to the value of the participant's vested interest in his or her account.

Benefits can also be distributed in the event of a participant's immediate and heavy financial need. Such distributions, which are considered hardship withdrawals, cannot exceed the amount required to relieve the financial need.

Loans to Participant/Collateralized Assets

The Plan offered a loan feature whereby a participant ("borrower") enrolled in the Plan could borrow a minimum of \$1,000 up to a maximum of 50% of his/her vested balance or \$50,000 (whichever was less). Loans to the participant were made directly from MLIC. The participant's account was not reduced by the loan amount, but served as security for the loan. The loan was to be repaid directly to MLIC within a five year period in substantially equal payments (not less frequently than quarterly). The five year repayment period did not apply to a loan that was used to acquire a principal residence of the borrower; in which case the loan was repayable over a period not to exceed ten years.

If the borrower did not repay the loan and related interest due in accordance with the schedule set forth in the promissory note or other writing permitted by applicable law representing the loan, the loan was deemed in default. Defaults in loans were treated as distributions at the time of default against the participant's account.

1. Description of Plan (continued)

Loans to Participant/Collateralized Assets (continued)

At December 31, 2022 and 2021, there were zero and three loans outstanding with a total principal balance due of \$0 and \$12,095. At December 31, 2022 and 2021, there was zero and one loan in default totaling \$0 and \$3,985, which were deemed distributed in prior years. At December 31, 2021, interest rates on these loans ranged from 3% to 6.75% with maturities through 2026.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum amount of \$1,000 up to a maximum amount equal to the lesser of \$50,000 or 50% of their account balance. The loans bear interest at the prime rate plus 1%. Principal and interest are repaid through payroll deductions in equal payments over the term of the loan to be repaid within five years, unless the loan is used to purchase a participant's principal residence which extends the maturity date of the loan up to fifteen years. A participant may have no more than two outstanding loans from the Plan at any time.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Fair Value Measurements

The Plan follows U.S. GAAP guidance on Fair Value Measurements which defines fair value and establishes a fair value hierarchy organized into three levels based upon the input assumptions used in pricing assets. Level 1 inputs have the highest reliability and are related to assets with unadjusted quoted prices in active markets. Level 2 inputs relate to assets with other than quoted prices in active markets which may include quoted prices for similar assets or liabilities or other inputs which can be corroborated by observable market data. Level 3 inputs are unobservable and are used to the extent that observable inputs do not exist. As of December 31, 2022, all of the Plan's investments, that were valued at fair value, were valued using level 1 inputs and consisted of mutual funds. As of December 31, 2021, all of the Plan's investments that were valued at fair value were valued using level 2 inputs and consisted of separate accounts.

2. Summary of Significant Accounting Policies (*continued*)

Investment Valuation and Income Recognition

At December 31, 2022, all investments of the Plan are stated at fair value. Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. These mutual funds are deemed to be actively traded.

At December 31, 2021, investments in separate accounts were reported at fair value as reported to the Plan by the insurance company, which represented the fair value of the underlying investments comprising the accounts. The Fixed Interest Account was a guaranteed investment contract and was valued at contract value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit worthiness of the issuer.

Purchases and sales of securities are recorded on a trade-date basis. Interest and dividends are recorded when received. Net depreciation in value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Employer. Expenses that are paid by the Employer are excluded from these financial statements. Fees related to the administration of the Plan are included in administration fees. Investment related expenses are included in net depreciation in value of investments. Administrative fees incurred in connection with notes receivable are deducted from the respective plan assets of the individual.

Subsequent Events Evaluation by Management

Management has evaluated subsequent events for disclosure and/or recognition in the financial statements through the date that the financial statements were available to be issued, which date is July 22, 2024.

3. Information Certified (Unaudited)

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year), including investments held at December 31, 2022 and 2021, and net depreciation in fair value of investments and interest and dividends for the year ended December 31, 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by MATC as of December 31, 2022 and for the period from July 1, 2022 to December 31, 2022 and MLIC as of December 31, 2021 and for the period from January 1, 2022 to June 30, 2022, qualified institutions.

4. Guaranteed Investment Account

The Plan entered into a benefit-responsive guaranteed interest account with MLIC. The Fixed Interest Account (the “Account”) was guaranteed by MLIC and was backed by the full faith and credit of MLIC’s general account. The general account invested primarily in bonds, commercial, agriculture and real estate mortgages, real estate and corporate equities. MLIC declared and guaranteed an interest rate for each new contribution or premium. Upon renewal, MLIC declared a new interest rate for that contribution or premium and its accumulated earnings. The interest rates credited were based on a number of factors, including, but not limited to, the level of net investment income that MLIC could earn on its newly purchased general account assets, the absolute level of interest rates, the shape of the yield curve, how interest rates moved since the inception of the contract, and the interest rates on alternative investments.

The Account represented approximately 26% of the Plan’s net assets available for benefits as of December 31, 2021. The credit risk of MLIC, as of December 17, 2021, was evaluated by nationally recognized statistical rating agencies as follows: Standard & Poor’s (AA-), Moody’s Investors Service (Aa3), A.M. Best (A+), and Fitch Ratings (AA-).

5. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA.

6. Tax Status

The Plan has adopted an IRS approved volume submitter plan that received an IRS opinion letter dated March 2, 2020. The Plan administrator believes that the Plan, as amended, is designed and is currently being operated in compliance with the applicable requirements of the IRC.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine examinations by taxing jurisdictions for periods since 2019; however, there are currently no examinations for any tax periods in progress.

7. Non-exempt Party-in-Interest Transactions

During the 2022 Plan year, the Employer failed to transmit to the Plan contributions for participants totaling \$20,623 within the period prescribed by Department of Labor regulations. The Employer is in the process of making the necessary corrections.

8. Party-in-Interest Transactions

All investments are managed by MATC. MATC is the custodian as defined by the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions under ERISA.

Participants who are active employees may borrow from their accounts and such loans qualify as exempt party-in-interest transactions under ERISA. These loans are recorded as notes receivable from participants in the statements of net assets available for benefits.

Certain employees of the Employer, who may also be participants in the Plan, perform administrative services for the Plan at no cost to the Plan.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Global and domestic economic uncertainty has resulted in significant volatility in financial markets. This volatility has affected, and may continue to affect, the value of the Plan's net assets available for benefits. The effects of economic and market conditions subsequent to December 31, 2022 are not reflected in these financial statements and future effects on the Plan's net assets available for benefits cannot be predicted.
