Independent Auditor's Report

To the Plan Administrator of
PMI Mortgage Insurance Co. Savings and Profit Sharing Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2023 Financial Statements

We have performed an audit of the financial statements of PMI Mortgage Insurance Co. Savings and Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits—modified cash basis as of December 31, 2023, and the related statement of changes in net assets available for benefits—modified cash basis for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of PMI Mortgage Insurance Co. Savings and Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of December 31, 2023 and for the year then ended, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion on the 2023 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2023 Financial Statements section:

- The amounts and disclosures in the 2023 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.
- The information in the 2023 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2023 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2023 Financial Statements section of our report. We are required to be independent of PMI Mortgage Insurance Co. Savings and Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2023 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting described in Note 2; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2023 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2023 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of PMI Mortgage Insurance Co. Savings and Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about PMI Mortgage Insurance Co. Savings and Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Basis of Accounting

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America and, as a result, the financial statements may not be suitable for another purpose. Our opinion is not modified with respect to this matter.

Other Matter - Auditor's Report on the 2022 Financial Statement

The financial statements of PMI Mortgage Insurance Co. Savings and Profit Sharing Plan as of December 31, 2022, were audited by predecessor auditors. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the DOL Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated September 15, 2023 indicated that (a) the amounts and disclosures in the 2022 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with the modified cash basis of accounting, and (b) the information in the 2022 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2022 supplemental schedule, other than the information in the 2022 supplemental schedule that agreed to or is derived from the certified investment information, was presented, in all material respects, in conformity with the DOL Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2022 supplemental schedule related to assets held by and certified to by a qualified institution agreed to, or is derived from, in all material respects, the information prepared and certified by an institution that management determines meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedule—modified cash basis of Schedule H, Line 4i - Schedule of Assets (Held at End of Year), as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule—modified cash basis, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule—modified cash basis that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information

In forming our opinion on the supplemental schedule—modified cash basis, we evaluated whether the supplemental schedule—modified cash basis, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule—modified cash basis, other than the information in the supplemental schedule—modified cash basis that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule—modified cash basis related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3) (C).

PMI Mortgage Insurance Co. Savings and Profit Sharing Plan

Notes to Financial Statements—Modified Cash Basis

December 31, 2023 and 2022

1. Description of Plan

The following description of the PMI Mortgage Insurance, Co. Savings and Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all regular full-time and part-time employees of PMI Mortgage Insurance Co., in Rehabilitation (the "Company" or "MIC") and, through December 31, 2013, MIC's holding company, The PMI Group, Inc. ("TPG") (collectively, the "employers"), other than those classes of employees specifically excluded by the Plan. Pursuant to a Plan amendment effective January 1, 2014, TPG was terminated as a participating employer in the Plan.

Pursuant to an amendment to the Plan effective May 1, 2013, the Plan's name was changed to PMI Mortgage Insurance Co. Savings and Profit Sharing Plan. The Plan was further amended and restated effective March 31, 2014 and January 1, 2015 to comply with certain provisions of the Pension Protection Act of 2006 and consolidate other amendments made to the Plan.

On February 10, 2022 the Retirement Plan Administrative Committee unanimously passed a consent resolution that approved the adoption of the updated and restated Plan Document and the Plan Trust Agreement with Merrill Lynch effective January 1, 2022. The updated and restated Plan Document incorporated a number of Plan amendments, including the amendment to implement hardship distribution provisions of the Bipartisan Budget Act of 2018 and the provisions of the CARES Act of 2020.

In January 2014, in connection with the sale of certain assets of MIC and accompanying reduction in workforce, the Plan experienced a partial plan termination. Through December 2021 the Plan continued to experience a partial plan termination, due to a continued reduction in force. However, participants are fully vested in all employer contributions under the normal provisions of the Plan.

Prior to December 2012, the plan sponsor was TPG. The Plan was amended in December 2012 to transfer the sponsorship from TPG to MIC. In addition, effective January 1, 2012, the Plan eliminated the guaranteed employer match contribution and established an employer contribution by the Company of 3% of each employee's eligible compensation to all Company employees.

On November 23, 2011, TPG filed a petition under Chapter 11 of the U.S. Bankruptcy Code ("Bankruptcy Proceeding"). The Bankruptcy Proceeding did not impact the Plan assets as the Plan assets are held in a trust solely for the benefit of participants in the Plan, except that the value of the TPG common stock, held by some participants in the Plan, was extinguished, and the stock ceased trading, in late 2013 as a result of the Bankruptcy Proceeding. After that date, TPG common stock was no longer held in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Eligibility

Employees of MIC are eligible to participate in the Plan on the first business day on or following completion of one hour of service and may begin participation on the first business day on or following their eligibility date. The Plan provides for automatic enrollment by eligible employees of the Company who have not elected to participate, with compensation deferral at a rate of 3% of each such employee's pretax compensation, with 1% increases per year up to a maximum automatic contribution of 6% of pretax compensation. The automatic enrollment provisions are subject to an employee's right to opt out.

Contributions

Each year, non-highly compensated employees (“NHCEs”) may contribute, on a pretax basis, up to 75% of their annual compensation, as defined by the Plan, subject to annual limitations defined by the Internal Revenue Code (the “Code”). Highly compensated employees (“HCEs”), as defined in the Plan, are limited to pretax contributions equal to 17% of compensation, also subject to annual limits of the Code. Additionally, NHCEs and HCEs may defer up to 75% and 17% of their aftertax compensation to the Plan as Roth contributions, respectively, subject to combined pretax and after-tax Roth limits of 75% and 17% of compensation, respectively. Lastly, NHCEs and HCEs may make traditional (non-Roth) after-tax contributions, subject to limits of 75% and 17% of compensation, respectively. Combined Roth and non-Roth after-tax contributions are also subject to the above described after-tax contribution and Code limits.

Participants may also contribute eligible amounts representing distributions from other qualified defined benefit or defined contribution plans. In addition, participants 50 years of age or older may make pretax catch-up contributions subject to annual Code limits. The Plan allows in-plan Roth conversions which gives participants the option of converting certain eligible assets in their accounts to Roth 401(k) assets.

MIC employees are eligible for employer contributions from the Company. The Company can make discretionary contributions to its employees participants of up to 6% of participants' eligible compensation. MIC funded an employer contribution equal to 3% of each of its employees' eligible compensation in the aggregate cash amounts of \$55,863 for the 2023 plan year.

Participants direct the investment of their contributions and employer contributions from among various investment options made available by the Company. The employer contributions to the Plan for the 2023 plan years were invested based on the participants' investment directions. If no direction was given by a participant with respect to either the participant's or the employer contributions, they were invested in the Plan's default investment for the account of the participant. The Plan's default investment election is the Merrill Lynch Advice Access Personal Manager, a service provided by the Plan trustee that invests contributions among various investment alternatives made available by the Plan, taking into account various factors, including the age and anticipated retirement date of the participant.

Participant Accounts

Each participant's account is credited with the participant's contributions, Company matching contributions and an allocation of the Plan's earnings (losses). Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions and the Company's contributions plus actual earnings thereon.

Notes Receivable From Participants

Participants are allowed to obtain up to two loans at a time from their Plan accounts, provided at least one of the two loans is for the purchase of a home. Participants may borrow from their Plan accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. Loan terms may not exceed five years (or 10 years for home purchase loans) and are due earlier in the event of participants' separation from service. The loans are secured by the balance in the participants' accounts and bear an interest rate equal to the prime rate published in The Wall Street Journal plus 1%. Principal and interest are paid ratably through payroll deductions. Principal and interest payments are credited to participants' accounts when received. There were no Plan loans outstanding as of December 31, 2023 and 2022.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, or installment payments as provided in the plan document. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution. In addition, the Plan allows for hardship distributions if certain criteria are met.

2. Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared using the modified cash basis of accounting which is a basis of accounting other than accounting principles generally accepted in the United States of America ("U.S. GAAP"). Accordingly, additions are included in the year in which they are collected and deductions are included in the year in which they are disbursed; however, earnings on investments include adjustments to fair value.

Use of Estimates

The preparation of financial statements in accordance with the modified cash basis of accounting requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value or net asset value ("NAV"), which approximates fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investment committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company, as applicable. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest and dividend income is recorded when received. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

A portion of investment management fees are credited to the Plan revenue holding account. Any excess recordkeeping fees and other Plan administrative expenses not offset by the cash balance in the Plan revenue holding account will be allocated to Plan participants on a pro-rata basis based on the market value of their accounts in relation to the market value of the entire trust. Loan origination fees associated with notes receivable from participants are paid by participants.

The Plan Sponsor pays for the fees charged by Merrill Lynch for fiduciary services to the Plan.

Subsequent Events

The Plan's management evaluated events that occurred after December 31, 2023 through August 20, 2024, the date when the financial statements were available to be issued.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurement*, are described as follows:

Level 1 - Inputs to the valuation technique are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation technique include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation technique are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation techniques used for assets measured at fair value. There have been no changes in the techniques used as of December 31, 2023 and 2022.

Money Market Funds: Valued at the daily closing price as reported by the fund. Money market funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Registered Investment Companies: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/collective Trusts: The fair values of participation units held in collective trusts are based on the net asset values per unit as reported by the fund managers.

The investment objectives of the collective trusts vary. Each common collective trust held directly by the Plan provides for daily redemptions by the Plan at reported net asset values per share, with no advance notice requirement.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its evaluation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022:

December 31, 2023	Level 1	Level 2	Level 3	
Money market funds	\$ 3,887,116	\$ -	\$ -	\$ 3,887,116
Registered investment companies	28,375,388	-	-	28,375,388

Total assets at fair value	<u>\$ 32,262,504</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 36,463,464</u>

December 31, 2022	Level 1	Level 2	Level 3	Total
Money market funds	\$ 4,220,452	\$ -	\$ -	\$ 4,220,452
Registered investment companies	27,407,475	-	-	27,407,475
Total assets in the fair value hierarchy	31,627,927	-	-	31,627,927
Investments measured at NAV (a)	-	-	-	4,187,525
Total assets at fair value	<u>\$ 31,627,927</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 35,815,452</u>

(a) In accordance with FASB ASC 820, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

4. Related-Party and Party-in-Interest Transactions

A portion of investment management fees are credited to the Plan revenue holding account. Any excess recordkeeping fees and other Plan administrative expenses not offset by the cash balance in the Plan revenue holding account will be allocated to Plan participants on a pro-rata basis based on the market value of their accounts in relation to the market value of the entire trust. The fees charged by Merrill Lynch for fiduciary services to the Plan are paid by the Company.

Additionally, the Plan issues loans to participants, which are secured by the participants' account balances. These transactions qualify as party-in-interest transactions.

Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

5. Information Certified by Trustee

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for 2023 and 2022. Accordingly, Bank of America, N.A., the Trustee of the Plan, has certified to the completeness and accuracy of all investments and notes receivable from participants reported in the accompanying statements of net assets available for benefits—Modified Cash Basis as of December 31, 2023 and 2022, and the supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year)—Modified Cash Basis as of December 31, 2023, and the related investment activity reported in the statement of changes in net assets available for benefits—Modified Cash Basis for the year ended December 31, 2023.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

7. Tax Status

The Plan adopted a pre-approved plan offered by Merrill Lynch Pierce Fenner & Smith Inc. The pre-approved plan received an IRS Opinion Letter dated June 30, 2020, that the Plan and related trust are designed in accordance with the applicable sections of the Internal Revenue Code ("IRC"). The plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC, and, therefore believes that the Plan is qualified, and the related trust is tax exempt.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Independent Auditor's Report

To the Plan Administrator of
PMI Mortgage Insurance Co. Savings and Profit Sharing Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2023 Financial Statements

We have performed an audit of the financial statements of PMI Mortgage Insurance Co. Savings and Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits—modified cash basis as of December 31, 2023, and the related statement of changes in net assets available for benefits—modified cash basis for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of PMI Mortgage Insurance Co. Savings and Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of December 31, 2023 and for the year then ended, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion on the 2023 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2023 Financial Statements section:

- The amounts and disclosures in the 2023 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.
- The information in the 2023 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2023 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2023 Financial Statements section of our report. We are required to be independent of PMI Mortgage Insurance Co. Savings and Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2023 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting described in Note 2; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2023 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2023 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of PMI Mortgage Insurance Co. Savings and Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about PMI Mortgage Insurance Co. Savings and Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Basis of Accounting

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America and, as a result, the financial statements may not be suitable for another purpose. Our opinion is not modified with respect to this matter.

Other Matter - Auditor's Report on the 2022 Financial Statement

The financial statements of PMI Mortgage Insurance Co. Savings and Profit Sharing Plan as of December 31, 2022, were audited by predecessor auditors. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the DOL Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated September 15, 2023 indicated that (a) the amounts and disclosures in the 2022 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with the modified cash basis of accounting, and (b) the information in the 2022 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2022 supplemental schedule, other than the information in the 2022 supplemental schedule that agreed to or is derived from the certified investment information, was presented, in all material respects, in conformity with the DOL Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2022 supplemental schedule related to assets held by and certified to by a qualified institution agreed to, or is derived from, in all material respects, the information prepared and certified by an institution that management determines meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedule—modified cash basis of Schedule H, Line 4i - Schedule of Assets (Held at End of Year), as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule—modified cash basis, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule—modified cash basis that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information

In forming our opinion on the supplemental schedule—modified cash basis, we evaluated whether the supplemental schedule—modified cash basis, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule—modified cash basis, other than the information in the supplemental schedule—modified cash basis that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule—modified cash basis related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3) (C).

PMI Mortgage Insurance Co. Savings and Profit Sharing Plan

Notes to Financial Statements—Modified Cash Basis

December 31, 2023 and 2022

1. Description of Plan

The following description of the PMI Mortgage Insurance, Co. Savings and Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all regular full-time and part-time employees of PMI Mortgage Insurance Co., in Rehabilitation (the "Company" or "MIC") and, through December 31, 2013, MIC's holding company, The PMI Group, Inc. ("TPG") (collectively, the "employers"), other than those classes of employees specifically excluded by the Plan. Pursuant to a Plan amendment effective January 1, 2014, TPG was terminated as a participating employer in the Plan.

Pursuant to an amendment to the Plan effective May 1, 2013, the Plan's name was changed to PMI Mortgage Insurance Co. Savings and Profit Sharing Plan. The Plan was further amended and restated effective March 31, 2014 and January 1, 2015 to comply with certain provisions of the Pension Protection Act of 2006 and consolidate other amendments made to the Plan.

On February 10, 2022 the Retirement Plan Administrative Committee unanimously passed a consent resolution that approved the adoption of the updated and restated Plan Document and the Plan Trust Agreement with Merrill Lynch effective January 1, 2022. The updated and restated Plan Document incorporated a number of Plan amendments, including the amendment to implement hardship distribution provisions of the Bipartisan Budget Act of 2018 and the provisions of the CARES Act of 2020.

In January 2014, in connection with the sale of certain assets of MIC and accompanying reduction in workforce, the Plan experienced a partial plan termination. Through December 2021 the Plan continued to experience a partial plan termination, due to a continued reduction in force. However, participants are fully vested in all employer contributions under the normal provisions of the Plan.

Prior to December 2012, the plan sponsor was TPG. The Plan was amended in December 2012 to transfer the sponsorship from TPG to MIC. In addition, effective January 1, 2012, the Plan eliminated the guaranteed employer match contribution and established an employer contribution by the Company of 3% of each employee's eligible compensation to all Company employees.

On November 23, 2011, TPG filed a petition under Chapter 11 of the U.S. Bankruptcy Code ("Bankruptcy Proceeding"). The Bankruptcy Proceeding did not impact the Plan assets as the Plan assets are held in a trust solely for the benefit of participants in the Plan, except that the value of the TPG common stock, held by some participants in the Plan, was extinguished, and the stock ceased trading, in late 2013 as a result of the Bankruptcy Proceeding. After that date, TPG common stock was no longer held in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Eligibility

Employees of MIC are eligible to participate in the Plan on the first business day on or following completion of one hour of service and may begin participation on the first business day on or following their eligibility date. The Plan provides for automatic enrollment by eligible employees of the Company who have not elected to participate, with compensation deferral at a rate of 3% of each such employee's pretax compensation, with 1% increases per year up to a maximum automatic contribution of 6% of pretax compensation. The automatic enrollment provisions are subject to an employee's right to opt out.

Contributions

Each year, non-highly compensated employees (“NHCEs”) may contribute, on a pretax basis, up to 75% of their annual compensation, as defined by the Plan, subject to annual limitations defined by the Internal Revenue Code (the “Code”). Highly compensated employees (“HCEs”), as defined in the Plan, are limited to pretax contributions equal to 17% of compensation, also subject to annual limits of the Code. Additionally, NHCEs and HCEs may defer up to 75% and 17% of their aftertax compensation to the Plan as Roth contributions, respectively, subject to combined pretax and after-tax Roth limits of 75% and 17% of compensation, respectively. Lastly, NHCEs and HCEs may make traditional (non-Roth) after-tax contributions, subject to limits of 75% and 17% of compensation, respectively. Combined Roth and non-Roth after-tax contributions are also subject to the above described after-tax contribution and Code limits.

Participants may also contribute eligible amounts representing distributions from other qualified defined benefit or defined contribution plans. In addition, participants 50 years of age or older may make pretax catch-up contributions subject to annual Code limits. The Plan allows in-plan Roth conversions which gives participants the option of converting certain eligible assets in their accounts to Roth 401(k) assets.

MIC employees are eligible for employer contributions from the Company. The Company can make discretionary contributions to its employees participants of up to 6% of participants' eligible compensation. MIC funded an employer contribution equal to 3% of each of its employees' eligible compensation in the aggregate cash amounts of \$55,863 for the 2023 plan year.

Participants direct the investment of their contributions and employer contributions from among various investment options made available by the Company. The employer contributions to the Plan for the 2023 plan years were invested based on the participants' investment directions. If no direction was given by a participant with respect to either the participant's or the employer contributions, they were invested in the Plan's default investment for the account of the participant. The Plan's default investment election is the Merrill Lynch Advice Access Personal Manager, a service provided by the Plan trustee that invests contributions among various investment alternatives made available by the Plan, taking into account various factors, including the age and anticipated retirement date of the participant.

Participant Accounts

Each participant's account is credited with the participant's contributions, Company matching contributions and an allocation of the Plan's earnings (losses). Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions and the Company's contributions plus actual earnings thereon.

Notes Receivable From Participants

Participants are allowed to obtain up to two loans at a time from their Plan accounts, provided at least one of the two loans is for the purchase of a home. Participants may borrow from their Plan accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. Loan terms may not exceed five years (or 10 years for home purchase loans) and are due earlier in the event of participants' separation from service. The loans are secured by the balance in the participants' accounts and bear an interest rate equal to the prime rate published in The Wall Street Journal plus 1%. Principal and interest are paid ratably through payroll deductions. Principal and interest payments are credited to participants' accounts when received. There were no Plan loans outstanding as of December 31, 2023 and 2022.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, or installment payments as provided in the plan document. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution. In addition, the Plan allows for hardship distributions if certain criteria are met.

2. Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared using the modified cash basis of accounting which is a basis of accounting other than accounting principles generally accepted in the United States of America ("U.S. GAAP"). Accordingly, additions are included in the year in which they are collected and deductions are included in the year in which they are disbursed; however, earnings on investments include adjustments to fair value.

Use of Estimates

The preparation of financial statements in accordance with the modified cash basis of accounting requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value or net asset value ("NAV"), which approximates fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investment committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company, as applicable. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest and dividend income is recorded when received. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

A portion of investment management fees are credited to the Plan revenue holding account. Any excess recordkeeping fees and other Plan administrative expenses not offset by the cash balance in the Plan revenue holding account will be allocated to Plan participants on a pro-rata basis based on the market value of their accounts in relation to the market value of the entire trust. Loan origination fees associated with notes receivable from participants are paid by participants.

The Plan Sponsor pays for the fees charged by Merrill Lynch for fiduciary services to the Plan.

Subsequent Events

The Plan's management evaluated events that occurred after December 31, 2023 through August 20, 2024, the date when the financial statements were available to be issued.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurement*, are described as follows:

Level 1 - Inputs to the valuation technique are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation technique include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation technique are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation techniques used for assets measured at fair value. There have been no changes in the techniques used as of December 31, 2023 and 2022.

Money Market Funds: Valued at the daily closing price as reported by the fund. Money market funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Registered Investment Companies: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/collective Trusts: The fair values of participation units held in collective trusts are based on the net asset values per unit as reported by the fund managers.

The investment objectives of the collective trusts vary. Each common collective trust held directly by the Plan provides for daily redemptions by the Plan at reported net asset values per share, with no advance notice requirement.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its evaluation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022:

December 31, 2023	Level 1	Level 2	Level 3	
Money market funds	\$ 3,887,116	\$ -	\$ -	\$ 3,887,116
Registered investment companies	28,375,388	-	-	28,375,388
Total assets in the fair value hierarchy	32,262,504	-	-	32,262,504
Investments measured at NAV (a)	-	-	-	4,200,960
Total assets at fair value	<u>\$ 32,262,504</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 36,463,464</u>

December 31, 2022	Level 1	Level 2	Level 3	Total
Money market funds	\$ 4,220,452	\$ -	\$ -	\$ 4,220,452
Registered investment companies	27,407,475	-	-	27,407,475
Total assets in the fair value hierarchy	31,627,927	-	-	31,627,927
Investments measured at NAV (a)	-	-	-	4,187,525
Total assets at fair value	<u>\$ 31,627,927</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 35,815,452</u>

(a) In accordance with FASB ASC 820, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

4. Related-Party and Party-in-Interest Transactions

A portion of investment management fees are credited to the Plan revenue holding account. Any excess recordkeeping fees and other Plan administrative expenses not offset by the cash balance in the Plan revenue holding account will be allocated to Plan participants on a pro-rata basis based on the market value of their accounts in relation to the market value of the entire trust. The fees charged by Merrill Lynch for fiduciary services to the Plan are paid by the Company.

Additionally, the Plan issues loans to participants, which are secured by the participants' account balances. These transactions qualify as party-in-interest transactions.

Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

5. Information Certified by Trustee

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for 2023 and 2022. Accordingly, Bank of America, N.A., the Trustee of the Plan, has certified to the completeness and accuracy of all investments and notes receivable from participants reported in the accompanying statements of net assets available for benefits—Modified Cash Basis as of December 31, 2023 and 2022, and the supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year)—Modified Cash Basis as of December 31, 2023, and the related investment activity reported in the statement of changes in net assets available for benefits—Modified Cash Basis for the year ended December 31, 2023.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

7. Tax Status

The Plan adopted a pre-approved plan offered by Merrill Lynch Pierce Fenner & Smith Inc. The pre-approved plan received an IRS Opinion Letter dated June 30, 2020, that the Plan and related trust are designed in accordance with the applicable sections of the Internal Revenue Code ("IRC"). The plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC, and, therefore believes that the Plan is qualified, and the related trust is tax exempt.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
