Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Marin Community Clinics 403(b) Savings & Investment Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Marin Community Clinics 403(b) Savings & Investment Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the years then ended, stating that the certified investment information, as described in *Note 3* to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the "Auditor's Responsibilities for the Audit of the Financial Statements" section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the "Auditor's Responsibilities for the Audit of the Financial Statements" section of our report. We are required to be independent of Marin Community Clinics 403(b) Savings & Investment Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Marin Community Clinics 403(b) Savings & Investment Plan's ability to continue as a going concern within one year after the date that these financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Marin Community Clinics 403(b) Savings & Investment Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Marin Community Clinics 403(b) Savings & Investment Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule listed in the table of contents is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Marin Community Clinics 403(b) Savings & Investment Plan
Notes to Financial Statements
December 31, 2023 and 2022

Note 1. Description of the Plan

General

The following description of Marin Community Clinics 403(b) Savings & Investment Plan (Plan) provides only general information. Participants should refer to the plan document and Summary Plan Description for a more complete description of the Plan's provisions, which are available from the plan administrator.

The Plan is a defined contribution plan according to Code Section 403(b) sponsored by Marin Community Clinics (Clinic) for the benefit of its employees. All employees are immediately eligible to participate in the Plan as a contributing participant upon commencement of employment with the Clinic. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA).

Mid Atlantic Trust Company served as plan custodian from January 1, 2023 through June 30, 2023. Empower Trust Company, LLC (Empower Trust) and Empower Annuity Insurance Company of America (EAIC) served as plan custodians from July 1, 2023 through December 31, 2023.

Contributions

The Plan permits eligible employees through a salary deferral election to have the Clinic make annual contributions of up to the maximum allowed by the Internal Revenue Code. Employee rollover and age 50 catch-up contributions are also permitted. The Plan also allows for special code Section 403(b) catch-up contributions for those participants with 15 years of service.

For participants who have attained age 21, have one year of service, and normally work 20 hours or more per week (excluding per diem and temporary employees), the Clinic makes matching contributions of 50 percent of employees' salary deferral amounts on the first 6 percent of employees' compensation. Contributions are subject to certain limitations.

Participant Investment Account Options

Investment account options available include various funds. Participants have the option of directing their contributions into any of the separate investment account options selected by the Clinic and may change the allocation daily.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Clinic's contribution, and plan earnings and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions plus earnings thereon. Vesting in the Clinic's contribution portion of their accounts plus earnings thereon is based on years of credited service. A participant is fully vested after five years of credited service.

Notes Receivable from Participants

The plan document includes provisions authorizing loans from the Plan to active eligible participants. Loans are made to any eligible participant. The minimum amount of a loan shall be \$1,000 and only one loan may be outstanding at one time. The maximum amount of a participant's loan is determined by the available loan balance

Marin Community Clinics 403(b) Savings & Investment Plan
Notes to Financial Statements
December 31, 2023 and 2022

restricted to the lesser of \$50,000 or 50 percent of the participant's vested account balance. All loans are covered by promissory notes and are repayable over a period not to exceed five years (except loans for the purchase of a principal residence) through payroll withholdings unless the participant is paying the loan in full. Interest on the loan is fixed at 1 percent above the prime rate, as defined.

Payment of Benefits

Upon termination of service, participants with account balances of \$1,000 or less receive a mandatory distribution of that balance without consent. Balances greater than \$1,000 but less than or equal to \$5,000 are to be rolled over to an individual retirement account as designated by the administrator, absent an election by the participant for distribution. Participants whose vested benefit exceeds \$5,000 may elect to receive either a lump-sum amount equal to the value of his account or have the balance rolled into an IRA or other qualified plan.

Forfeited Accounts

At December 31, 2023 and 2022, forfeited nonvested accounts totaled \$7,946 and \$2,993, respectively. These accounts will be used to pay plan administrative expenses or to reduce future employer contributions. For the years ended December 31, 2023 and 2022, employer contributions were reduced by \$5,548 and \$48,555, respectively, from forfeited nonvested accounts.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets and changes in net assets and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Quoted market prices, if available, are used to value investments. Mutual funds are valued at the net asset value (NAV) of shares held by the Plan at year-end.

Fully benefit-responsive investment contracts are valued at contract value. Contract value represents contributions made under the contract, plus interest at the contract rate, less participant withdrawals and administration expenses.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Marin Community Clinics 403(b) Savings & Investment Plan
Notes to Financial Statements
December 31, 2023 and 2022

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. A loan is considered to be in default if any scheduled payment remains unpaid beyond the last day of the calendar quarter following the calendar quarter in which the participant missed the scheduled payment. A default will initially be treated as a deemed distribution, which is a taxable event under the terms of the Plan. The Plan will not offset the participant's account to discharge the loan unless the participant also has incurred a distributable event under the Plan. Pending final discharge of the note, the participant remains obligated for any unpaid principal and accrued interest.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Administrative expenses may be paid by the Clinic or the Plan, at the Clinic's discretion.

The Plan has a nonallocated expense budget account held in a fixed annuity account. The purpose of this account is to pay necessary and reasonable plan related expense in accordance with the Department of Labor's guidance. The Clinic is responsible for determining what expenses the third-party administrator will reimburse from the account. Funds utilized from this account include fund asset fees which are included in net investment income on the statement of changes in net assets available for benefits and fees paid to manage the Plan's investments which are included in administrative expenses on the statement of changes in net assets for benefits. Additions to the expense budget account were \$417 and \$0 for 2023 and 2022, respectively. Expense budget account funds utilized amounted to \$250 and \$0 during 2023 and 2022, respectively. The account's balance at December 31, 2023 and 2022, was \$167 and \$0, respectively.

Note 3. Certification of Plan Custodian

The plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Mid Atlantic Trust Company, Empower Trust, and EAIC, all qualified institutions, have certified the following investment information included in the accompanying financial statements and the ERISA-required supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2023.
- Investments as shown in the statements of net assets available for benefits as of December 31, 2022.
- Investment income (loss) and interest income from notes receivable from participants as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2023.
- Investment income (loss) from participants as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2022.
- Investment information included in the accompanying schedule of assets (held at year-end) as of December 31, 2023.

Marin Community Clinics 403(b) Savings & Investment Plan
Notes to Financial Statements
December 31, 2023 and 2022

The Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and the ERISA-required supplemental schedule.

Note 4. Plan Document Restatement and Change in Custodian

Effective June 23, 2023, the Plan was restated and Empower Trust Company, LLC (Empower Trust), was appointed as the Plan's new custodian and Empower Retirement, LLC, was appointed as the Plan's recordkeeper. In connection with the change in service providers, the Plan was restated effective June 23, 2023, and the Plan's assets were transferred from Mid Atlantic Trust Company to Empower Trust. Plan assets transferred to the new custodian were transferred into funds comparable to those offered by the previous custodian. The conversion initiated a "Black Out" period beginning June 16, 2023, that continued through the week of July 27, 2023. During this period, funds could not be diversified or withdrawn from the Plan until the recordkeeper had time to accurately complete the conversion. During this period, employee contributions continued to be made through payroll deductions and the contributions were deposited based upon existing investment elections. At the end of the Black Out period, participants were able to access their accounts. In addition, the Plan was amended to permit Roth contributions starting January 1, 2024.

Note 5. Plan Amendment

Effective January 1, 2023, the Plan was amended to remove the exclusion of per diem and temporary employees from employer matching contribution participation, and to change the entry date timing for employer matching contribution participation from the first pay date following completion of eligibility requirements to the first day of the plan year coinciding with or next following completion of eligibility requirements.

Note 6. Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50 percent or more of such an employer or employee association, or relatives of such persons.

Certain fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment.

The Plan paid \$19,399 and \$11,191 in direct administrative fees to plan record keepers, for the years ended December 31, 2023 and 2022, respectively. Benefit Consulting Group served as the third-party administrator through June 23, 2023. Empower Retirement, LLC served as the third-party administrator began serving as third-party administrator from June 23, 2023, and thereafter. Certain legal and accounting fees and certain other administrative expenses relating to the Plan are paid by the Clinic. In addition, the Clinic provides certain administrative services at no cost to the Plan.

Note 7. Disclosures about Fair Value of Plan Assets

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. The hierarchy comprises three levels of inputs that may be used to measure fair value:

- Level 1** Quoted prices in active markets for identical assets or liabilities.
- Level 2** Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.
- Level 3** Unobservable inputs supported by little or no market activity and are significant to the fair value of the assets or liabilities.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022. The Plan had no liabilities measured at fair value.

- *Mutual funds:* Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table presents the fair value measurements of assets recognized in the accompanying statements of net assets available for benefits measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at December 31, 2023 and 2022:

	Fair Value	Fair Value Measurements Using		
		Level 1	Level 2	Level 3
December 31, 2023				
Mutual funds	\$ 22,926,482	\$ 22,926,482	\$ -	\$ -
December 31, 2022				
Mutual funds	\$ 18,780,560	\$ 18,780,560	\$ -	\$ -

Note 8. Investment Contracts with Insurance Companies

Horace Mann Life Insurance Company

In May 2022, the Plan entered into a fully benefit-responsive investment contract, Horace Mann Stable Value Solution (HMSVS), with Horace Mann Life Insurance Company (Horace Mann). Horace Mann maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Horace Mann is contractually obligated to repay the principal and a specified interest rate guaranteed to the Plan.

Marin Community Clinics 403(b) Savings & Investment Plan
Notes to Financial Statements
December 31, 2023 and 2022

The HMSVS contract is fully benefit-responsive; therefore, contract value is the relevant measurement. Contract value, as reported to the Plan by Horace Mann, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against the contract value for credit risk of the contract issuer or otherwise.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the plan to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The contract was terminated effective June 30, 2023.

Empower Annuity Insurance Company of America

In July 2023, the Plan entered into a fully benefit-responsive deferred annuity investment contract with Empower Annuity Insurance Company of America (EAIC). EAIC maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. At the end of the year, a renewal interest rate is established. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate guaranteed to the Plan.

The fixed annuity account is fully benefit-responsive; therefore, contract value is the relevant measurement. Contract value, as reported to the Plan by Great-West, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against the contract value for credit risk of the contract issuer or otherwise. Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) employer initiated events (including complete or partial plan termination or merger with another plan, spin-offs, or layoff of at least 20 percent of the work force in any 12-month period), (2) changes to the Plan's prohibition on competing investment options unless mutually agreed upon by Great-West and plan sponsor, or (3) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemptions under ERISA. The plan administrator does not believe the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The fixed annuity account does permit the insurance company or the Plan to terminate the agreement with 75 days' notice.

Note 9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

Notes to Financial Statements
December 31, 2023 and 2022

Note 10. Plan Termination

Although it has not expressed an intention to do so, the Clinic has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100 percent vested in their employer contributions.

Note 11. Tax Status

Prior to July 1, 2023, the Plan operated under a volume submitter 403(b) plan sponsored by FIS Business System LLC. This volume submitter plan document has been filed with the appropriate agency. The Plan has not requested or obtained a determination letter. However, the plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and not subject to tax.

Effective July 1, 2023, the Plan operates under a volume submitter 403(b) plan sponsored by Empower Retirement, LLC. This volume submitter plan document has been filed with the appropriate agency. The Plan has not requested or obtained a determination letter. However, the plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and not subject to tax.
