INDEPENDENT AUDITORS' REPORT

To the Administrative Committee of
the Ko-Kwel Enterprises 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Ko-Kwel Enterprises 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Ko-Kwel Enterprises 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and as of December 31, 2023 and 2022 and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Ko-Kwel Enterprises 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Ko-Kwel Enterprises 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Ko-Kwel Enterprises 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Ko-Kwel Enterprises 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedule of Schedule of Assets Held and Schedule of Delinquent Participant Contributions are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Ko-Kwel Enterprises 401(k) Plan Notes to Financial Statements

Year Ended December 31, 2023

1. Description of Plan

The following brief description of the Ko-Kwel Enterprises 401(k) Plan (the "Plan"), formerly known as Coquille Economic Development Corporation 401k Plan, is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution Safe Harbor plan and trust covering employees of Mith-uh-Kwuh, Cedars, and Coquille Economic Development Corporation (the "Plan Sponsor") who have completed one year of service and are age eighteen or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The effective date of the plan is June 1, 1997. The Plan administrative committee is responsible for oversight of the Plan and determines the appropriateness of the Plan's investment offerings and monitoring investment performance.

Custodian and Administration of the Plan

The record-keeper of the Plan is Principal Life Insurance Company. The administrator of the Plan is the Plan Sponsor.

Principal Life Insurance Company (the "Custodian") held the assets of the Plan and acts as the Custodian and Trustee.

Contributions and Participant Accounts

Each year, participants may contribute up to 100% of their annual compensation, as defined in the Plan, subject to certain IRS regulations. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans ("rollovers"). Participant contributions may not exceed the limits established by Internal Revenue Service guidelines which was \$22,500 for 2023. Participants who are at least age 50 or will attain age 50 before the end of the calendar year are eligible to defer additional amounts ("catch-up contribution") to the Plan. The maximum catch-up contribution that an eligible participant can make was \$7,500 in 2023. Participants direct the investment of their contributions into the various investment options offered by the Plan.

The Plan Sponsor provides a matching contribution of 100% of the first 4% of the employee's contribution to the Plan. The total employer match in 2023 was \$616,068.

An account is maintained for each participant. The participant's account is credited with the participant's contribution, the Plan Sponsor's matching contribution, and the participant's plan earnings and losses. Each participant directs employee and employer contributions to his or her account in mutual funds, pooled separate accounts or a guaranteed option contract.

Payment of Benefits

On termination of employment, a participant may elect to receive a distribution of the vested portion of the account balance in a lump sum distribution, a straight life annuity, single life annuity, fixed period annuity, or fixed payment installments. If the participant dies, the employers' match is automatically vested 100% and the account balance will be paid to the designated beneficiary or beneficiaries.

Ko-Kwel Enterprises 401(k) Plan Notes to Financial Statements

Year Ended December 31, 2023

1. Description of Plan (continued)

Vesting

Participants are immediately 100% vested in their contributions and the employer safe harbor matching contributions plus investment results. Vesting nonelective contributions and earnings of is based on years of continuous service. A participant is 100% vested after six years of credited service, 20% each year beginning in year two. A participant is 100% vested at normal retirement age (age 65), or in the event of disability or death. There were no nonelective contributions as of December 31, 2023.

Forfeitures

If a participant terminates employment before being fully vested, then the non-vested portion of the terminated participant's account balance remains in the Plan and is called a forfeiture. Due to the nature of the Plan and employer contributions being safe harbor, there were no material forfeiture balances as of December 31, 2023 and 2022 nor were any forfeitures used.

Notes Receivable from Participants

Participants may borrow from their participant accounts a minimum of \$1,000 to a maximum of the lesser of \$50,000 or 50% of their vested balance. The notes are secured by the balance in the participant's account and bear interest at rates ranging from 5.25% to 9%, which are commensurate with local prevailing rates as determined quarterly by the Plan administrator. Principal and interest is paid ratably through monthly payroll deductions. Loans to participants are classified as receivables from participants, measured at their unpaid principal balance plus any accrued interest and net of any allowance. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the plan document. As of December 31, 2023 and 2022, the notes receivable from participants had a balance of \$466,482 and \$440,988 respectively.

Administration Expenses

Certain expenses of operating the Plan were paid directly by the Sponsor, Ko-Kwel Enterprises (CEDCO), including administrative and audit fees of \$12,879 in 2023, and are excluded from these financial statements. During 2023, the Plan paid expenses of \$47,817 and \$33,978 to Principal, the third-party Plan administrator and Merrill Lynch, the financial advisor, respectively, which are included in these financial statements. Fees related to the administration of notes receivable from participants and distributions are charged directly to the participant's account and are included in administrative expenses. Certain investment related expenses are included in net appreciation of fair value of investments.

2. Significant Accounting Policies

Basis of Presentation & Use of Estimates

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting and present the net assets available for plan benefits and the changes in those net assets in accordance with accounting principles accepted in the United States of America. The preparation of financial statements in conformity with generally accepted accounting principles

Ko-Kwel Enterprises 401(k) Plan Notes to Financial Statements

Year Ended December 31, 2023

2. Significant Accounting Policies (continued)

in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of income and expenses during the reporting period. Actual results could differ from those estimates and assumptions.

Investment Valuation and Income Recognition

Investments at fair value consist of investments in mutual funds and pooled separate accounts. Quoted market prices are used to value these registered company shares. Investments in Pooled Separate accounts are measured at net asset value of shares held by the Plan at year-end, which has a readily determinable fair value. Investments at contract value consist of investments in a guaranteed investment contract. See Note 4 for further discussion of fair value measurements.

Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts. Contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income and dividends are recorded on the ex-dividend date on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

3. Information Prepared and Certified by Custodian

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified as complete and accurate by Principal Life Insurance Company:

- a. Total investments as shown in the accompanying Statements of Net Assets Available for Plan Benefits of \$14,970,373 and \$12,687,190 as of December 31, 2023 and 2022, respectively.
- b. Net investment Income as shown in the accompanying Statement of Changes in Net Assets Available for Plan Benefits of \$1,555,175 for the year ended December 31, 2023.

Investment information is also included in the Schedule H. Schedule of Assets (Held at End of Year) – December 31, 2023. The Plan Sponsor has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As such, the Plan's independent accountants did not perform any auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Year Ended December 31, 2023

4. Fair Value Measurements

As noted in Note 2 above, the accompanying Statements of Net Assets Available for Plan Benefits report the Plan's investments at fair value or contract value. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The framework for measuring fair value establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly. Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds: Reported at fair value based on daily quoted market price of the fund and classified within Level 1 of the valuation hierarchy, as of December 31, 2023. Mutual funds held by the Plan are open end mutual funds that are registered with the Securities and Exchange Commission. The mutual funds held by the Plan are deemed to be actively traded.

4. Fair Value Measurements (continued)

Pooled separate accounts: Valued using the published daily value of underlying assets. These investments are determined to have a readily determinable fair value and are classified within Level 2 of the valuation hierarchy as of December 31, 2023.

The following sets forth by level, within the fair value hierarchy, the Plan's assets at fair value at December 31, 2023.

	Level 1	Level 2	Level 3	Total

5. Principal Guaranteed Option Contract

In 2019, the Plan entered into a fully benefit-responsive guaranteed investment contract with Principal Life Insurance Company (Principal). This contract meets the fully benefit-responsive investment contract criteria and is therefore reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts, because these are the amounts received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract values represent contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses.

5. Principal Guaranteed Option Contract (continued)

The contract issuers are contractually obligated to repay the principal and interest at specified interest rates that are guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuers, but may not be less than one percent. The crediting rates are reviewed on an annual basis for resetting or more frequently, as appropriate. The contract cannot be terminated before the scheduled maturity dates.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include- (1) breach of contract (2) amendments to the plan, (3) if the plan sponsor retains a record keeper other than Principal Life Insurance Company and it is determined that the recordkeeper has misrepresented information (4) failure to provide information which is reasonably requested to perform the contracts obligations (5) communications to participants from an employer, plan sponsor, plan fiduciary, or person acting on behalf or pursuant to an understanding or agreement with the Plan Sponsor or Plan fiduciary that influence Participants to withdraw or transfer all or a portion of Participants' Interests. The Plan administrator believes that no events that would limit the Plan's ability to transact at contract value with participants are probable of occurring.

As of December 31, 2023 and 2022, the contract value of the guaranteed investment was \$3,462,247 and \$3,316,129, respectively.

6. Related-Party and Party-In-Interest Transactions

All Plan investments are managed by the Custodian and, therefore, qualify as party-in-interest transactions.

7. Tax and Plan Status

The Plan is based on a prototype plan of Principal Life Insurance Co. Principal obtained an opinion letter, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. Although the Plan has been amended since receiving the opinion letter, the Plan Administrator and Principal's tax counsel believe that the Plan is designed, and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believe that the Plan is qualified and the related trust is tax-exempt.

8. Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provision of ERISA. In the event of plan termination, participants will have a 100% vested interest in their accounts. The plan administrator will facilitate distribution of account balances in single lump sum payments in accordance with Plan provisions.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

10. Delinquent Participant Contributions

As reported on Schedule H, line 4a, Schedule of Delinquent Participant Contributions for the year ended December 31, 2023, certain participant contributions were not remitted timely to the trust, thus constituting nonexempt transactions between the Plan and the Company. The contributions and lost earnings on the delinquent participant contributions were remitted in June 2023 and September 2023. The Plan Sponsor is in the process of filing IRS Form 5330 to report and pay any excise tax with respect to the 2023 late remittances as required pursuant to Section 4975 of the Code.

11. Subsequent Events

The Plan evaluated all events or transactions that occurred after December 31, 2023 through August 20, 2024, the date these financial statements were available to be issued.
