Independent Auditors' Report

To the Trustees of the
Otterstedt Agency 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2023 Financial Statements

We have performed an audit of the financial statements of Otterstedt Agency 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2023, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2023 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2023 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion on the 2023 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2023 Financial Statements section

- the amounts and disclosures in the accompanying 2023 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

To the Trustees of
Otterstedt Agency 401(k) Plan

- the information in the accompanying 2023 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2023 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2023 Financial Statements section of our report. We are required to be independent of Otterstedt Agency 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2023 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Otterstedt Agency 401(k) Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2023 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2023 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

To the Trustees of
Otterstedt Agency 401(k) Plan

In performing an audit in accordance with GAAS, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Otterstedt Agency 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Otterstedt Agency 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2023 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2023 Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

To the Trustees of
Otterstedt Agency 401(k) Plan

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2022 Financial Statements

The 2022 financial statements of Otterstedt Agency 401(k) Plan were audited by predecessor auditors whose report dated October 16, 2023, expressed an unmodified opinion on those financial statements and included an other-matter paragraph that provided an opinion that the information in the 2022 supplemental schedules were fairly stated in all material respects in relation to the financial statements as a whole.

1. Plan Description

Otterstedt Insurance Agency, Inc. (the “Company”) established a 401(k) plan effective July 1, 1995, known as Otterstedt Agency 401(k) Plan (the “Plan”) for the exclusive benefit of its eligible employees. The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

The following description of the Plan provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

Administration of the Plan

The Company is the Plan administrator and is responsible for day-to-day administration and operation of the Plan. Nationwide Trust Company, FSB, and Nationwide Life Insurance Company (collectively, “Nationwide”), and Pruco Life Insurance Company (“Prudential”), hold the Plan’s investments and execute investment transactions. FuturePlan Administrative Services LLC (formerly Intac Actuarial Services, Inc.) is the Plan’s recordkeeper.

Eligibility

Employees of the Company and certain affiliated entities are eligible to participate in the Plan, except for those covered by a collective bargaining agreement and nonresident aliens. Eligible employees are able to participate in the Plan once they are at least twenty-one years of age and complete 83.33 hours within the first 3 months of eligible service.

Participant Accounts

Each participant’s account is credited with the participant’s contributions, employer matching contributions, their respective share of interest and dividend income earned, and appreciation (depreciation) of the Plan investments. The participant’s account is reduced by withdrawals, depreciation on investments, fees, and any forfeitures. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Contributions

Participants can contribute a portion of their compensation as pre-tax and Roth deferrals, up to the Internal Revenue Service (“IRS”) maximum allowance. Certain participants (age 50 or older), are also permitted to make catch-up contributions subject to IRS limitations.

The Company has the option to contribute discretionary matching contributions to participants with salary deferrals during the year. For the years ended December 31, 2023 and 2022, the Company made a discretionary contribution in the amount of \$150,000 and \$144,954, respectively.

Investment Options

Participants direct their contributions and Company contributions to any of the investment options offered by the Plan. Participants may change their investment elections among these various investment options at any time.

Payment of Benefits

Distributions are permitted from the Plan upon the participant's retirement at or after attaining retirement age, death, total disability, or termination of employment prior to retirement age. Participants may also request in-service distributions upon attaining age 59 1/2 or for certain hardships. A participant or his or her beneficiary is entitled to receive the vested amount allocated to the participant's account as a lump sum distribution as soon as administratively feasible. Vested balances under \$5,000 are automatically distributed upon a participant's severance of employment.

Vesting and Forfeitures

Participants are immediately vested, in full, in their elective deferrals, Roth deferrals, rollover contributions and actual earnings and losses thereon. Participants are fully vested in Company contributions upon completion of five years of service, based on the vesting schedule below.

<u>Years of Service</u>	<u>Vested Percentage</u>
1	20%
2	40%
3	60%
4	80%
5 or more years	100%

Unvested Company contributions shall be forfeited after a five-year break in service, or upon the distribution of the entire vested portion of a former participant's account if earlier. Forfeitures can be used to reduce Company contributions or pay Plan administrative expenses. At December 31, 2023 and 2022, balances in the forfeiture account amounted to \$854 and \$5,046, respectively. \$5,046 was used to reduce Company matching contributions during 2023.

Notes Receivable from Participants

Participants may borrow from their account a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested balance. The loans bear interest at 1% above the prime rate at the time of the loan, and principal and interest are repaid ratably through payroll deductions. The maximum repayment period is five years with the exception of loans to purchase a home, which have a repayment period of up to ten years. The interest rate on notes receivable from participants ranged from 4.25% to 9.50% at December 31, 2023, maturing at various dates through 2028.

Administrative Expenses

Certain expenses incurred in connection with the administration of the Plan are paid by the Company and are not reflected in these financial statements. Additionally, certain investment-related fees are reflected as an offset of net investment income (loss).

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements are prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP"). The accompanying financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest. Interest income from notes receivable is recorded when earned. No allowance for losses is deemed necessary by Plan management as principal and interest are repaid through payroll deductions. A note receivable is considered to be in default if no payment is made by the end of the calendar quarter following the calendar quarter in which the loan payment is due, at which point the defaulted note receivable is considered to be a distribution to the participant, and the note would be removed from the Plan's assets.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the relevant measure for the portion of the net assets available for benefits attributable to fully- benefit responsive investment contracts, as contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. See Note 4 for a discussion of investment contracts and Note 3 for further discussion of fair value measurements. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded when earned. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the Plan year.

Payment of Benefits

Benefits to participants are recorded when paid.

Subsequent Events

The Plan has evaluated subsequent events occurring after the date of the financial statements through August 15, 2024, which is the date the financial statements were available to be issued. Based upon that evaluation, the Plan has determined that no subsequent events have occurred which require adjustment to, or disclosure in the financial statements.

3. Fair Value Measurements

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the most observable level of any input that is significant to the fair value measurement. The valuation techniques used by the Plan maximized the use of observable inputs and minimized the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual Funds: Valued at the closing prices of the mutual fund shares held by the Plan as reported on the active market on which the funds are traded. As such, the mutual funds are valued using Level 1 measurements.

Variable Annuity Contracts: These contracts are considered Level 3 investments, as they are not available for sale or transfer on any securities exchange and, accordingly, transactions in similar investment instruments are not observable. The contracts are valued based on the investment performances of the participants' individual fund allocations (and reallocations as required to meet the projected benefit of the contract) less applicable fees. There was no transfer into or out of Level 3 investments during the year ended December 31, 2023.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value, on a recurring basis as of December 31:

	2023		
	Level 1	Level 2	Level 3
Mutual Funds	\$ 9,729,909		
Variable annuity contracts			\$ 970,201
Investments at fair value	<u>\$ 9,729,909</u>	<u></u>	<u>\$ 970,201</u>
			<u>\$10,700,110</u>

	2022		
	Level 1	Level 2	Level 3
Mutual Funds	\$ 8,818,215		
Variable annuity contracts			\$ 868,923
Investments at fair value	<u>\$ 8,818,215</u>	<u></u>	<u>\$ 868,923</u>
			<u>\$ 9,687,138</u>

4. Fully Benefit - Responsive Investment Contracts

The Plan participates in the Nationwide Fixed Select Contract, which is guaranteed by Nationwide Life Insurance Company. The contract is an insurance company issued general account-backed group annuity contract ("GAC").

The Plan also holds a Guaranteed Principal Annuity ("GPA") contract, which is guaranteed by Nationwide Life and Annuity. The contract is a principal protected annuity account that bases gains and losses on the underlying investment index. The contract value resets on a three-year cycle and the term of the contract is on a nine-year surrender schedule.

The GAC and GPA meet the fully benefit-responsive investment contract criteria and therefore are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals and administrative expenses. The total contract value for all fully benefit-responsive investments at December 31, 2023 and 2022 is \$539,359 and \$530,429, respectively.

For the GAC, the contract issuer is contractually obligated to repay the principal and interest at the specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer. The minimum guaranteed rate of interest may not be less than 0.5%. The crediting rate is reviewed on a quarterly basis for resetting. The contract continues in force until all assets have been distributed, or no further payments are due.

Certain events limit the ability of the Plan to transact at contract value with the issuers. Such events include the following: (1) amendments to the Plan documents, (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transactions exemption under ERISA. The Plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

5. Information Certified by the Custodian

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedule, including investments held and notes receivable from participants at December 31, 2023 and 2022, and net appreciation (depreciation) in fair value of investments and interest and dividends for the years ended December 31, 2023 and 2022, were obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Nationwide Trust Company (the custodian of the Plan) are as follows:

	2023	2022
Statement of Net Assets Available for Benefits:		
Investments at fair value	\$ 9,729,909	\$ 8,818,215
Investments at contract value	139,359	130,429
Notes receivable from participants	284,436	238,329
Statement of changes in net assets available for benefits		
Net appreciation (depreciation) of investments	\$ 1,071,771	\$(1,198,888)
Interest and dividends	2,573	
Interest income from notes receivable from participants	13,233	12,695

Prudential Retirements, another custodian of the Plan, has not supplied the Plan administrator with a certification as to the completeness and accuracy of certain investment information reflected on the accompanying financial statements and supplemental schedule of assets held. As of and for the years ended December 31, 2023 and 2022, investment values are as follows:

	2023	2022
Investments at fair value	\$ 970,201	\$ 868,923
Investments at contract value	400,000	400,000
Net appreciation (depreciation) of investments	\$ 101,278	\$ (183,590)

6. Party-in-Interest Transactions

Certain Plan investments are issued/managed by affiliates of Nationwide and Prudential, the Plan's custodians. Investment management and recordkeeping fees are paid from Plan earnings. Certain fees and expenses of the Plan are paid by the Company. Notes receivable from participants also qualify as party-in- interest transactions. All such transactions are exempt transactions pursuant to ERISA.

7. Tax Status

The Plan adopted a volume submitter defined contribution plan which obtained its latest advisory letter dated June 30, 2020, in which the Internal Revenue Service ("IRS") stated that the Plan, as then designed, was in compliance with the applicable sections of the Internal Revenue Code. The Plan has been amended since receiving the opinion letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRS. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America, require the Plan's management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS.

The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023 and 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. In addition, there have been no tax- related interest or penalties for periods presented in these financial statements

8. Plan Termination

Although it has not expressed any intent to do so, the Plan sponsor has the right under the Plan to terminate the Plan subject to the provisions of ERISA. Whole or partial termination of the Plan shall result in the full and immediate vesting of employer profit sharing contributions and earnings thereon. Each participant is entitled to full distribution of such amounts.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities in general are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
