Independent Auditor's Report

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Century Next Bank 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise of the statement of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution, or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

- The information in the accompanying financial statements related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Century Next Bank 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Century Next Bank 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

CENTURY NEXT BANK 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2023 AND 2022

1. Description of Plan

Effective July 1, 2010, Bank of Ruston (the Employer) established the Bank of Ruston 401(k) Plan. Effective December 18, 2019, Bank of Ruston 401(k) Plan was restated to change the Employer name to Century Next Financial Corporation (the Company) and the Plan name to Century Next Bank 401(k) Plan (the Plan).

The following description of the Plan provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

- (a) *General.* The Plan is a defined contribution plan covering substantially all of the employees of the Company. Employees are eligible to participate in the Plan once they have completed one month of service. The Plan provides for normal retirement, disability retirement and death benefits, and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended, ("ERISA").
- (b) *Contributions.* The plan is funded through participant and Company contributions. Participants may elect to contribute a percentage of their pretax annual compensation, as defined in the Plan document, up to the maximum allowable under the Internal Revenue Code (the IRC). The Company may contribute a discretionary match each plan year. All contributions are invested according to the fund allocation percentage specified by the participant.
- (c) *Participant's Account.* Each participant's account is credited with the participant's contribution and an allocation of (1) the Company's contribution, (2) Plan earnings or losses, and (3) forfeitures of terminated participants' non-vested accounts and charged with an allocation of administrative expenses. Allocations are based on participant's earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.
- (d) *Vesting.* Participants are fully vested in their voluntary contributions, plus actual earnings or losses thereon. Vesting in the employer's matching contribution portion of their account plus actual earnings or losses thereon is based on years of continuous service.

<u>Years of Service</u>	<u>Vested Percentage</u>
1	0%
2	0%
3	100%

- (e) *Payment of Benefits.* If employees terminate before rendering three years of service, they forfeit the right to receive all of the benefits they have accumulated at the date of termination. Employees may elect to receive the current value of their accumulated benefits as a lump-sum distribution upon retirement or early termination, or they may elect to receive cash payments in annual or more frequent installments, over the life of the employee or beneficiary.
 - (f) *Forfeited Accounts.* At December 31, 2023 and 2022, forfeited non-vested accounts totaled \$2,092 and \$12,361, respectively. These accounts are being used to reduce employer contributions.
 - (g) *Notes Receivable from Participants.* Under the terms of the Plan, participants may borrow from the accounts up to \$50,000 or 50%, whichever is less, of their vested account balance.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

All outstanding loan balances will become due and payable in their entirety upon severance of employment unless directed rolled over to another employer's plan. Loans generally have terms of one to five years. Loans will be granted an interest rate of the prime interest rate plus 1%.

- (h) *Voting Rights.* All shares of Company stock held by the Plan are voted in such manner as the Trustee determines. Each participant may direct the Trustee as to the manner in which Company stock allocated to the participant's account is to be voted on any corporate matter involving mergers, recapitalization, reclassification, liquidation, dissolution, sale of substantially all assets or similar transaction included in Treasury regulations.
- (i) *Plan Restatement.* The Plan was restated effective January 1, 2022 to include the provisions for regulatory changes.

2. Significant Accounting Policies

- (a) *Basis of Accounting.* The financial statements of the Plan are prepared on the accrual basis of accounting.
- (b) *Investment Valuation and Income Recognition.* The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for further discussion of fair value investments.

Purchases and sales of securities are recorded on a trade-date basis. Interest income (loss) is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

- (c) *Payment of Benefits.* Benefits are recorded when paid.

Under the provisions of the Plan, any Company stock that is distributed to participants may be subject to a right of first refusal by the Company and may be subject to a put option for any distributed Company stock that cannot be readily sold.
- (d) *Use of Estimates.* The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.
- (e) *Notes Receivable from Participants.* Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 or 2022.
- (f) *Administrative expenses.* The Plan's expenses are paid either by the Plan or the Company, as provided by the Plan document. Expenses that are paid directly by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statement of changes in net assets available for benefits. In addition, certain investment related expenses are included in net appreciation (depreciation) of fair value of investments presented in the accompanying statement of changes in net assets available for benefits.

3. Information Certified by the Plan's Trustee

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Investments held at December 31, 2023, and investment income for the year ended December 31, 2023, that is disclosed in the accompanying financial statements and supplemental schedule, was obtained or derived from information supplied to the plan administrator and certified by Hand Benefits & Trust Company as complete and accurate.

4. Fair Value Measurements

FASB ASC #820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC #820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds held by the Plan are deemed to be actively traded.

Employer stock: Valued at the daily closing market price as reported for the stock in the 401k plan.

Stable Value Fund: The MetLife Stable Value Fund is a collective trust that is composed primarily of fully benefit-responsive investment contracts that are valued at the net asset value of units of the collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily.

DECEMBER 31, 2023 AND 2022

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022:

Assets at Fair Value as of December 31, 2023

5. Plan Termination

Although it has not expressed any intent to do so, the Company has reserved the right to terminate the Plan or reduce or cease contributions at the discretion of the Board of Trustees, or to amend the Plan at any time and in any respect. However, no such action may deprive any participant or beneficiary under the Plan of any vested right.

6. Plan's Tax Status

The IRS has determined and informed the Plan sponsor by a letter dated June 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The plan administrator believes the Plan is currently designed and being operated in compliance with applicable requirements of the IRC and has no income subject to unrelated business income tax.

7. Related-Party Transactions

The Plan invests in Company common stock and has indebtedness guaranteed by the Company. These are related party and party in interest transactions. The Plan has a number of service providers. Such providers are parties in interest under ERISA.

8. Subsequent Events

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through August 21, 2024, which is the date the financial statements were available to be issued noting no such issues.
