Independent Auditor's Report

**To the Retirement and Benefits Committee
The Association of University Physicians Tax Deferred Annuity Plan
Seattle, Washington**

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of The Association of University Physicians Tax Deferred Annuity Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from qualified institutions as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).

clarknuber.com

- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplementary information, as listed in the accompanying table of contents, is presented for purposes of additional analysis and is not a required part of the financial statements but is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplementary information, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplementary information that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplementary information, we evaluated whether the supplementary information, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplementary information, other than the information in the supplementary information that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplementary information agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

THE ASSOCIATION OF UNIVERSITY PHYSICIANS TAX DEFERRED ANNUITY PLAN

Notes to Financial Statements For the Year Ended December 31, 2023

Note 1 - Plan Description

The following description of The Association of University Physicians Tax Deferred Annuity Plan (the Plan) is provided for general information purposes only. More complete information regarding the Plan's provisions may be found in the plan document.

General - The Plan is a defined contribution plan established by The Association of University Physicians (AUP) under the provisions of Section 403(b) of the Internal Revenue Code (the IRC), which includes a qualified cash or deferred arrangement, for the benefit of eligible employees of AUP. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Eligibility - All employees are eligible to participate in the Plan upon date of hire.

Plan Administration - AUP is the Plan's designated plan administrator. The Board of Trustees of AUP has delegated certain of the plan administrator responsibilities to the Retirement and Benefits Committee, which includes certain employees of AUP. The Committee also includes employees of The Association of CHRMC and University Physicians and University of Washington.

Contributions - Participants may elect to contribute pre-tax and/or Roth elective deferrals up to 90% of eligible compensation, as defined by the Plan, subject to certain limitations under the IRC. Eligible participants who have attained age 50 may elect an additional catch-up contribution, subject to certain limitations under the IRC. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Employer contributions are not allowed.

Participant Accounts - Each participant's account is credited with deferral contributions and an allocation of Plan earnings and losses. Allocations are based on participant earnings or account balances, as defined.

Investment Options - Participants may direct their account balance into investment options offered under the Plan in 1% increments. Participants may also direct contributions toward a self-directed brokerage account window. Effective July 1, 2013, all new investments are required to be directed to investment options held by Fidelity.

Vesting - Participants are fully vested in their contributions and earnings thereon.

Benefit Payments - Upon termination of service, death, or disability, a participant or beneficiary may elect to receive either a lump-sum distribution, installments over a fixed period not exceeding the life expectancy of the participant and designated beneficiary, or an annuity. Participants who have attained age 59 ½ may also elect to receive a distribution of all or any portion of their account prior to termination of employment (in-service withdrawals). Participants may also elect to receive in-service withdrawals from balances rolled into the Plan.

Hardship Withdrawals - Under certain conditions, participants, while still employed by AUP, are permitted to withdraw, in a single sum, the employee contribution portion of their account balance. These conditions include unreimbursed medical expenses, the purchase of the participant's principal residence, the payment of postsecondary education tuition, the payment of burial or funeral costs of immediate family members, the payment of natural disaster clean-up on the participant's principal residence, to prevent eviction or foreclosure from the participant's principal residence, or expenses and losses incurred on account of a disaster declared by FEMA.

Note 1 - Continued

Investment Fees and Administrative Expenses - Several of the investment fund options are subject to investment fees based on a percentage of invested assets, as disclosed in the fund's prospectus. All such fees are charged directly against the funds' investment performance and, therefore, are not separately disclosed in the accompanying financial statements. Certain transaction-based fees are charged directly to participant accounts. AUP may elect to pay other expenses related to the Plan's administration to the extent they are not covered by offsetting revenue sharing income and/or forfeitures. Fees associated with the brokerage window are paid by participants using that service.

Party-in-Interest Transactions - Certain Plan investments are shares of mutual funds managed by Fidelity and fixed and variable annuity contracts issued by TIAA and CREF. Fidelity and TIAA are recordkeepers for the Plan and, therefore, transactions with these investments and fees paid from the Plan to Fidelity and TIAA qualify as party-in-interest transactions.

Note 2 - Significant Accounting Policies

Basis of Accounting - The financial statements of the Plan are presented on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. See Note 4 for discussion of fully benefit-responsive investment contracts.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (US GAAP) requires the Plan's management to use estimates and assumptions that affect the accompanying financial statements and disclosures. Actual results could differ from those estimates.

Investment Valuation - Investments are reported at fair value except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Income Recognition - Purchases and sales are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net realized gains and losses and the change in unrealized appreciation or depreciation from one period to the next are included in the statement of changes in net assets available for plan benefits as net appreciation or depreciation in fair value of investments.

Payment of Benefits - Benefits are recorded when paid.

THE ASSOCIATION OF UNIVERSITY PHYSICIANS TAX DEFERRED ANNUITY PLAN

Note 3 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The Plan's sponsor has various processes and controls in place to ensure that fair value is reasonably estimated including 1) comparing price changes between periods to current market conditions, 2) comparing trade prices to fair value estimates, and 3) performing ongoing due diligence on parameters for valuation. Valuation approaches are reviewed on an ongoing basis and revised as necessary based on changing market conditions to ensure values represent a reasonable exit price. The following is a description of the valuation methodologies used for assets measured at fair value at December 31, 2023 and 2022.

Mutual Funds - Valued at the daily closing prices as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Variable Annuity Accounts - College Retirement Equities Fund (CREF) is a registered investment company and consists of eight accounts which fund variable annuity contracts issued by CREF. The fair values of accumulation units held in CREF accounts are based on each account's daily published NAV. NAV is based on the market value of its underlying securities determined by market quotations or prices obtained from independent pricing sources. The CREF Money Market Account is valued at amortized cost, which approximates fair value. Accumulation units in CREF accounts are available for transactions at the closing accumulation unit value on any day the New York Stock Exchange (NYSE) is open for business.

Note 3 - Continued

Self-Directed Brokerage Accounts - These accounts primarily consist of mutual funds which are valued as previously described.

Pooled Separate Account - The TIAA Real Estate Account (REA) is a pooled separate account which funds variable annuity contracts issued by TIAA. The fair value of accumulation units held in the REA is published daily and based on market values of the underlying real estate properties determined by external appraisal which are estimates of property values based on a professional's opinion. The REA may also hold real estate-related marketable securities which are valued using independent pricing sources. Accumulation units in the REA are available for transactions at the closing accumulation unit value on any day the NYSE is open for business. Transfers out of the REA are limited to one per calendar quarter.

Fixed Annuity Contracts - The TIAA Traditional Annuity are fixed annuity contracts (guaranteed investment contracts) that are fully and unconditionally guaranteed by TIAA. The TIAA Traditional Annuity that is not fully-benefit responsive is offered through the Retirement Annuity (RA) contracts. Under the RA contracts, participant initiated withdrawals or transfer may be subject to certain liquidity restriction and/or fees. RA contracts are reported at contract value which is the aggregation of contributions, plus interest, less any withdrawals. Contract value approximates a discounted cash flow value (fair value) calculated using an appropriate risk-adjusted market discount rate which correlates closely with historically crediting rates for these contracts. Fair value is determined annually for financial statement reporting purposes. When participants choose to allocate a portion of their retirement savings to the TIAA Traditional Annuity during the accumulation phase of the contract, their contributions purchase a specific amount of lifetime income based on the contractual rate schedule in effect at the time the premium is paid. The participant's principal plus a specified minimum rate of interest, is guaranteed by TIAA's claims paying ability. The TIAA Traditional Annuity also provides the potential for additional interest if declared by TIAA's Board of Trustees. Additional interest, when declared, remains in effect for the declaration year, which begins each March 1 for accumulating annuities, and January 1 for lifetime payout annuities. Additional interest is not guaranteed for future years. Together, the guaranteed minimum and additional amounts make up the crediting interest rate.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	Fair Value Measurements as of December 31, 2023			
	Level 1	Level 2	Level 3	Total

Note 4 - Fully Benefit-Responsive Investment Contracts

The TIAA Traditional Annuity are guaranteed fixed annuity contracts available as an investment option to Plan participants. Each contract is fully and unconditionally guaranteed by TIAA-CREF. The Traditional Annuity is offered through a variety of contract types, including Group Supplemental Retirement Annuities (GSRA), Supplemental Retirement Annuity (SRA) and Retirement Choice Plus (RCP) contract types. The type of contract through which a participant invests in the TIAA Traditional Annuity determines the applicability of certain account features, such as the guaranteed minimum interest rate, additional interest declarations, the degree of liquidity of the participant's account, and the options for receiving income upon retirement.

When participants choose to allocate a portion of their retirement savings to the TIAA Traditional Annuity during the accumulation phase of the contract, their contributions purchase a specific amount of lifetime income based on the contractual rate schedule in effect at the time the premium is paid. The participant's principal, plus a specified minimum rate of interest, are guaranteed by TIAA's claims-paying ability. The TIAA Traditional Annuity also provides the potential for additional interest if declared by TIAA's Board of Trustees. Additional interest, when declared, remains in effect for the declaration year, which begins each March 1 for accumulating annuities, and January 1 for lifetime payout annuities. Additional interest is not guaranteed for future years. Together, the guaranteed minimum and additional amounts make up the crediting interest rate.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with TIAA and that would limit the ability of the Plan to transact at contract value with participants for the Plan's GSRA, SRA and RCP contracts.

The Standard Stable Asset Fund is a group annuity product currently available to Plan participants. This fund is designed to provide plan participants with a guaranteed return of principal, along with competitive crediting rates and 100% liquidity backed by the financial strength of Standard Insurance Company. The Plan receives a direct guarantee of principal and accrued interest from Standard Insurance Company. The crediting rate is based on a formula established by The Standard which will never be below 1.0% annually. The rate is reviewed on a quarterly basis for resetting.

THE ASSOCIATION OF UNIVERSITY PHYSICIANS TAX DEFERRED ANNUITY PLAN

Notes to Financial Statements For the Year Ended December 31, 2023

Note 4 - Continued

Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Therefore, the contract is considered to be fully benefit-responsive and is reported at contract value. Certain events may limit the ability of the Plan to transact at contract value. Such events include termination of the contract, spin-offs, divestitures, layoffs, corporate relations, partial or total plan termination, retirement incentive programs, and the liberalization of plan withdrawal or transfer rules. Upon occurrence of any of these events, a market adjustment or other withdrawal restrictions may apply. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with The Standard and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow The Standard to terminate the contract with the Plan and settle an amount different from contract value. Examples of such events include the Plan sponsor's failure to abide by state or federal law, failure to render performance necessary to comply with the terms of the contract, failure to maintain assets of at least \$25,000, plan disqualification, and failure to adopt the Plan in a reasonable period of time.

Note 5 - Certified Investments

The following information included in the financial statements and supplemental schedule was provided and certified by Fidelity Management Trust Company and TIAA and CREF as being complete and accurate:

- Investments at fair value, except for insurance contracts which are certified at contract value;
- Interest income;
- Dividend income;
- Net appreciation or depreciation in fair value of investments;
- Investment information included in Note 3 (excluding leveling); and
- Schedule of assets (held at end of year).

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplementary information.

Note 6 - Tax Status

AUP adopted a Fidelity Workplace Services LLC 403(b) volume submitter plan document. Fidelity Workplace Services LLC received an advisory letter from the IRS dated August 7, 2017, which states that the 403(b) volume submitter plan document satisfies the applicable provisions of Section 403(b) of the IRC. The Plan's management believes that the Plan is currently designed and being operated in a manner that would not jeopardize the tax benefits associated with these arrangements.

US GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2023 and 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

THE ASSOCIATION OF UNIVERSITY PHYSICIANS TAX DEFERRED ANNUITY PLAN

Notes to Financial Statements For the Year Ended December 31, 2023

Note 7 - Plan Termination

Although it has not expressed any intent to do so, AUP has the right under the Plan to terminate the Plan subject to the provisions of ERISA.

Note 8 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9 - Subsequent Events

Management has evaluated subsequent events through August 13, 2024, the date the financial statements were available to be issued.
